REPORT ON STATE MISSIONS.

The Board of State Missions is doing a grand work in our beloved State. Sixty-five Missionaries are employed, and faithfully toiling, at many important places, to build up the cause of our Redeemer. More men are receiving help from the Board than at any time in its history. Some of our best ministers are engaged in this work. The results thus far are encouraging in the highest degree. New and promising fields are constantly calling for help to make them self-sustaining. Meetings of great power have been held at many of the mission stations, and large accessions have been made to our churches. There are twenty or more new meeting houses going up on our mission fields. This, of itself, speaks volumes for this work. But, while all this is true, the Board is pressed for funds. Owing to the increasd amount of work to be done, and the failure of some of the churches

to come up to the full measure of their responsibility, the Missionaries have not been paid as promptly as they should have been. There is a debt at present which must be met by the churches before the Convention. Let all our pastors and churches see to it that our whole duty is done in the great work of planting the Gospel in every destitute portion of our State. Respectfully submitted,

H. A. BROWN, } Com.
M. J. CREWS. }

REPORT OF EXECUTIVE COMMITTEE.

Your Committee beg leave to make the following report:

Owing to the confusion incident to the formation of a new Association, we did not get to work until the 1st of January. The Missionaries employed by us are to labor until the Baptist State Convention for the sums specified.

We have appointed Elder C. C. Haymore to preach at Peter's Creek one Sunday and Saturday before in each month; for which we agree to pay him $75, as a supplement to the amount raised by the church. Brother Haymore makes the following statements in reference to his work at that point: "Weeks of labor performed, 5; sermons preached, 21; churches supplied, 1; families visited, 20; baptized, 3; protracted meetings held, 1; professed conversions, 6; received for support, $8.50. They have a good Sunday school."

We also appointed Elder W. H. Wilson to labor at Mt. Hermon, Rockingham county, and agreed to pay him $25, as a supplement to the amount paid by that church. Brother Wilson gives the following encouraging report: "Baptized 17, and 8 others are received for baptism; 38 sermons have been preached; 8 have been added by letter; total number added, 34; they have raised $15 for Missions and $10 for Education; they have a good Sunday school; the field is self-sustaining; the brethren are to be congratulated."

Elder J. H. Caudle was instructed to preach at Brown Mountain Chapel, for which he is to receive $30 from the Association.

Elder N. J. Matthews was appointed to preacher at four destitute points in Surry and Stokes counties. The amount appropriated to him was $50. The following is a summing up of his work: He has preached 20 sermons; the people are anxious to have a house of worship at each of the points at which he preaches; thinks the prospects for building up the cause good.

At the Union Meeting, in May, we agreed to appropriate $25 to Elder P. Oliver to preach at a point about 4 miles north-east of Danbury, Stokes county.

It is with pleasure that we report several new houses of worship erected and in process of erection. The demand for more men and more means among us is urgent. There are a dozen points in our Association now where the prospect is good for Baptist churches to be formed at an early day. Now, in the beginning of our existence as an Association, we must make larger sacrifices than heretofore that we may supply the destitution in our own bounds. We urge our pastors and Missionaries to instruct their people in regard to their duty at this point, and give them repeated opportunities of

showing their faith by their works. The outlook is full of promise. May the Lord help us to rise up to the full measure of our responsibility and privilege. Respecfully submitted,

H. A. BROWN,
T. J. VALENTINE,
E. W. CULLER,
C. C. HAYMORE,
C. R. ORRENDER. } Executive Com.

The Association then adjourned until 1:30 p. m.

AFTERNOON SESSION.

After singing "Nearer My God, to Thee," and prayer by Rev. J. H. Caudle, the Association was called to order by the Moderator.

The Report on Periodicals was read by Rev. C. C. Haymore, and discussed by the following brethren:

C. S. Farriss, S. F. Conrad, W. R. Gwaltney, Robert Gourley, J. E. Ray, J. H. Caudle, H. A. Brown and S. H. Thompson, and adopted.

REPORT ON PERIODICALS.

As a Christian's growth and stability depend largely upon his knowledge, we heartily recommend the *Biblical Recorder*, as an instructor in doctrines, an advocate of benevolence, and a bold defender of the Truth as it is in Christ Jesus. Only a few of the members of the Baptist churches, comparatively speaking, take the *Recorder;* it is indispensable to the general development of the Baptists of North Carolina.

The importance of the Foreign Mission work is not understood by our people, therefore we urge every Baptist to take the *Foreign Mission Journal.*

Sabbath schools cannot select a better help than *Kind Words.*

Knowledge is power, therefore every Baptist ought to read their own literature. Respectfully submitted,

C. C. HAYMORE,
W. M. BENNETT. } Committee.

Brother E. W. Culler then read the Report on Temperance, which was discussed by brethren W. R. Gwaltney, W. M. Bennett, T. J. Valentine, C. C. Haymore, P. Oliver, C. A. Jenkins and S. F. Conrad, and adopted.

REPORT ON TEMPERANCE.

We, the Committee on Temperance, submit the following report:

We have, in the bounds of our Association, and even in our churches, seen and felt this most grievous sin of intemperance. The

manufacture and traffic of liquor has, in the past, abounded extensively in our midst, and brought many poor women and children to want. We are gratified to say that this long-felt and grievous sin of intemperance has somewhat subsided amongst our people. We are thankful to say that our ministers, and even some of the lay members, have already made powerful efforts to remove this evil from us.

We recommend that the pastors of each church in Pilot Mountain Association urge upon their churches that they withdraw themselves entirely from the use of this poisonous fluid; that if any member of the Church be engaged in the manufacture or sale of liquor, the pastor shall make it a special duty to visit that member and prevail with him to abandon that part of his business.

Humbly submitted,

E. W. CULLER, J. H. BOYLES. } Committee.

On motion of Rev. H. A. Brown, the regular order of business was suspended, and Rev. S. F. Conrad made a report for the Presbytery, which was adopted.

REPORT OF PRESBYTERY.

A Presbytery, consisting of Elders W. H. Beamer, T. D. Castephens and S. F. Conrad, met with the church at Westfield, in Stokes county, in October last, 1885, and, after examination by prayer and the imposition of hands, set apart Brother N. J. Matthews to the full work of the Gospel ministry, and do recommend him to the confidence of the churches and brethren wherever his lot may be cast. S. F. CONRAD, Chairman of Committee.

The Committee on Time, Place and Preachers for Next Association, made the following Report, which was adopted:

TIME—Thursday before the first Sunday in August, 1887.
PLACE—Mt. Hermon church, 7 miles from Leaksville.
INTRODUCTORY SERMON—Rev. S. F. Conrad.
ALTERNATE—Rev. P. Oliver.

On motion, the Association adjourned until 9 o'clock a. m., Saturday, July 31st, 1886.

THIRD DAY—MORNING SESSION.

SATURDAY, July 31, 1886.

After religious exercises, conducted by Rev. S. H. Thompson, the Association was called to order by the Moderator.

The minutes of the day before were read and approved.

The roll of delegates was called and corrected.

Rev. S. F. Conrad then read the Report on Education, which was discussed by the following brethren:

Prof. W. L. Poteat, of Wake Forest College; Rev. J. N. Stallings, of Thomasville Female College; Rev. C. A. Jenkins, of Oxford Female Seminary; Rev. S. F. Conrad; Prof. B. W. Ray, of Leaksville High School; Rev. C. C. Haymore; Rev. W. H. Wilson, and Rev. H. A. Brown.

REPORT ON EDUCATION.

Within the last few years the Baptists have made great advances in Education.

The endowment of Wake Forest College, now amounting to ($113,000) one hundred and thirteen thousand dollars, has put it upon a permanent basis, and we are gratified to learn since the endowment the patronage is much larger. The catalogue of 1885–'86 shows that 180 students were enrolled.

Many high schools have sprung up all over the State, and a very large number of these are led by Wake Forest students.

We heartily recommend the North Carolina Baptist Student's Aid Association, the object of which is to aid young men without means through college.

Our Female Colleges are in a prosperous condition; and we refer with pleasure to Thomasville, Judson, Oxford and Murfreesboro schools, all led by educators of unsurpassed qualifications.

But there is still great neglect among our people in educating their sons and daughters. We have in this Association two high schools in successful operation: One at Leaksville, under the leadership of Professor B. W. Ray; also one at Westfield, under Professor W. C. Riddick.

There seems to be a dropping off on the part of our people in their support of Ministerial Education, while the demand for an educated ministry increases daily. We have 35 young men at our College preparing for the work of the Gospel, 29 of whom are being aided by the Board of Education. It should be a source of gratification to us that young men aided by our Board are filling many of the most responsible positions in the land.

Respectfully submitted, S. F. CONRAD, I. W. DURHAM. } Com.

The Report was then adopted, and the Association adjourned until 1:30 p. m.

AFTERNOON SESSION.

After prayer, by Rev. C. A. Jenkins, the Association was called to order by the Moderator.

Brother D. F. King then read a Report on the Baptist Orphanage, which was discussed by Rev. C. S. Farriss, Rev. H. A. Brown, and adopted.

REPORT ON BAPTIST ORPHANAGE.

We rejoice in the fact that the spirit of God is graciously stirring the hearts of our people, and that the love for the Master is moving them to greater activity in this department of Christian work than ever before. The Baptist Orphanage Association has been organized less than two years, and already about ten thousand dollars have been invested in land and buildings, and about forty orphans admitted. Belonging, as it does, to the Baptists of North Carolina, the Orphanage should have the prayers, the sympathy and regular contributions of every member of our churches. We believe the care of the poor to be the imperative duty of the Church of Christ, therefore, to this end, we recommend that the pastors of churches, within the bounds of the Pilot Mountain Association, urge upon the membership of all their churches the claims of this branch of Christian work. Respectfully submitted,

D. F. KING, D. M. MOORE. } Com.

Rev. H. A. Brown offered the following resolution, which was adopted:

Resolved, That we commend the Baptist Orphanage to all our churches, and urge them to contribute statedly to defray the current expenses of that institution.

The Report on Foreign Missions was read by Rev. S. F. Conrad, and discussed by Brother J. E. Ray, Prof. W. L. Poteat and Rev. H. A. Brown, and, on motion of Rev. P. Oliver, was adopted.

REPORT ON FOREIGN MISSIONS.

The work of Missions in foreign fields seems slow when compared to the large numbers which are being gathered in at home, but notwithstanding the apparent slow progress, the work is constantly growing, accessions are being made and new fields are being entered. We are now doing work through our Foreign Mission Board in China, Brazil, Italy, Mexico and Africa. The work in these fields is mostly foundation work, as it is paving the way for grand results in the future. Languages must be understood, and the Bible printed in their own tongues, before we can expect to reap large and permanent results: But the past will always serve as an inspiration to the future, when we remember that just the same obstacles and difficulties we are encountering now have been conquered by the Gospel. Some of our Missionaries report many accessions by baptism, and others assure us that the prospect is bright and hopeful.

We now have native and foreign laborers in foreign fields, 127. Twenty-five in Mexico, twelve in Brazil, fourteen in Italy, twelve in Africa and sixty-four in China.

During the last conventional year of the Southern Baptist Convention, $135,563.20 were raised and expended in the Foreign work. We have in our Southern Baptist Convention 1,039,600 white Baptists, and if our people would contribute to the Foreign work one cent per week per head we would have the handsome sum of $540,792.00.

Respectfully submitted, C. R. ORRENDER.

The Moderator then appointed the following Committees:

On Education—P. Oliver and T. M. Baker.

On Periodicals—S. F. Conrad and C. R. Orrender.

On State Missions—D. F. King and M. J. Crews.

Brother T. M. Baker read the Report on Sunday schools. The Report was adopted, the discussion being deferred until Sunday morning.

REPORT ON SUNDAY SCHOOLS.

The Committee on Sunday schools beg leave to make the following Report:

We deem it self-evident that every Baptist church should have a Sunday school, for there is no better way to bring up our children in the way they should go, and for developing our churches it is a great factor. We find from reading the church letters that a large majority of the churches within the bounds of this Association have flourishing Sunday schools, with 1229 scholars and teachers, with an average attendance of about 54, and contributions amounting to $479.44, which is good, as far as it goes, but there are many waste places in the Association which should be supplied with Baptist Sunday schools, and we urge the brethren to occupy them at once.

Respectfully submitted,

T. J. VALENTINE,
T. M. BAKER. } Com.

The Committee appointed to recommend a new Executive Committee reported, and their Report was adopted:

We recommend the following brethren to serve as our Executive Committee for next year: H. A. Brown, Jackson Guthrie, D. F. King, T. M. Baker, R. L. Haymore.

S. F. CONRAD. } Committee.

Rev. S. F. Conrad offered the following resolution, which was adopted:

Resolved, That a public collection be taken up to-morrow for State Mission work, and that Brother Ray be requested to make some remarks upon the pressing needs of the State Mission Board.

The following resolution was offered by Rev. S. F. Conrad, and adopted:

Resolved, That the Clerk be paid $10 for his services in getting up and printing the Minutes, and that distribution be made to the churches according to the number of members reported in the Minutes. Also, that the Clerk be instructed to procure and send with the Minutes to the churches one or more blank church letters.

Prof. W. L. Poteat offered the following resolution, which was unanimously adopted:

Resolved, That the thanks of the Pilot Mountain Association are due, and are hereby expressed, to the members of Friendship church and the community at large, for the generous hospitality extended to it and its visitors during the present session.

After singing the "Sweet By and By," the Association adjourned to meet at Mt. Hermon, on Thursday before the first Sunday in August, 1887.

REPORT ON HOME MISSIONS.

The success of this department of our work for the past few years has been most remarkable. The number of missionaries has steadily increased until last year more than 250 were engaged in carrying the gospel to the destitute portions of our southern land, and thousands of souls were added to the churchs. A dozen or more of these missionaries have been laboring in Western N. C., and their efforts have been graciously blessed.

In all the other States and Territories, where these missionaries have been employed, most encouraging results have followed.

REPORT OF THE COMMITTEE ON EXECUTIVE BOARD.

Rev. S. F. Conrad read the Report of the Committee to nominate Executive Board:

We deem it necessary to make some changes in the Board, as some of the old Board have failed to be actively connected with the meetings of the Board which are very necessary to the progress of our Associational work. We then recommend the following brethren for members of this board:

Elder H. A. Brown, Chairman.
T. M. Baker, Clerk.
C. R. Orrender.
D. F. King.
M. J. Crews.

Respectfully submitted,

R. J. LEWELLYN, } COM.
D. F. KING.

The report was adopted.

Bro. Conrad then read the Report on Periodicals, which was discussed by Rev. C. S. Farriss and Dr. J. D. Hufham.

The time having arrived for intermission, the Association adjourned till 1:30 p. m.

AFTERNOON SESSION.

After the singing of "Jesus, Lover of My Soul," the Moderator called the Association to order.

The Report on Periodicals was then taken up and adopted.

REPORT ON PERIODICALS.

As a christian's growth and stability depend largely upon his knowledge, we heartily recommend the "Biblical Recorder." as an instructor in doctrines, an advocate of benevolence, and a bold defender of the Truth as it is in Christ Jesus. Only a few of the Baptist churches, comparatively speaking, take the Recorder; itis indispensable to the general development of the Baptists of North Carolina.

The importance of the Foreign mission work is not understood by our people, therefore we urge every Baptist to take the Foreign Mission Journal.

Sabbath Schools cannot select a better help than Kind Words. Knowledge is power, therefore every Baptist ought to read their own literature.

Respectfully submitted.

REPORT ON STATE MISSIONS.

Every Baptist in North Carolina should rejoice in the work now being done by the Baptists of the State through the State Mission Board. We, as a denomination, owe more to this agency for our wonderful success than to any other instrumentality which the Lord has been pleased to bless for the extension of His kingdom. We now have eighty-one missionaries laboring in destitute parts of the State, and the future of this work is full of promise. Up to this time only about fifty of the missionaries have made a report of the work done. These reports show that since the meeting of the State Convention, four hundred and thirty-two members have been added to the Mission churches; five houses of worship have been completed, thirty more are being built; four churches and thirty-two Sunday schools have been organized;—for all of which we should thank God and take courage. But when we remember how little we have done compared to what the Lord has given us the ability and opportunity to do, and the great destitution unprovided for, as well as our unpaid missionaries, our joy is mingled with sorrow; and in view of these facts your committee would recommend that the Pastor and Finance Committee of each church introduce such measures as will secure a contribution from each member of the churches and that these contributions be sent up at least quarterly, that our work may be enlarged and our missionaries paid promptly.

Respectfully submitted,

D. F. KING.

REPORT OF EXECUTIVE COMMITTEE.

Since our last meeting we have had three brethren employed in supplying the destitute within our bounds. There have been many

difficulties to overcome as nearly all the points supplied were new. Eld. P. Oliver has been preaching over a month at Peters Creek. We agreed to continue the appropriation of $75 to that point. They are building a house of worship. Congregations are good. In connection with this point Bro. P. Oliver preaches at Mabes School House. He was instructed to preach at Neal's School House a destitute point not far from Danbury. He preached at Vaughns School House, in the afternoon of the same day. We appropriated $40 for this work.

Bro. Oliver reports 27 sermons preached, one lecture on Baptist history delivered, 49 religious visits made. He thinks the outlook good. He reports $11 collected on his field. Eld. J. H. Conrad was instructed to preach at Brown Mountain for which we agreed to appropriate $50. He also preached at Flat Shoals. A church of 15 members has been constituted at Brown Mountain. Congregations are good at both points. Bro. Caudle reports 37 sermons preached, five families visited.

Eld. N. J. Mathews has been laboring at three important points. Preparations are being made to build a house of worship at one or two points. He reports 45 sermons preached, 1 person baptised, and one Sunday School organized. He reports large congregations and great interest manifested in the work.

Eld. W. B. Harrell was not appointed by the Board but was encouraged by the Chairman to preach at two destitute points in Forsyth Co. He has preached at Crew's School House, and at Jack's Temple. He reports the outlook at the latter place as most hopeful. He has preached at other points. It is for the Board to say what appropriation if any shall be allowed for this work The harvest truly is great and the laborers are few. Inviting fields are opening for men who are willing to endure the hardships to build up the Master's Kingdom.

No less than a dozen points should be occupied without delay. May an enlarged benevolence characterize the future work of our churches.

The Association convened at the usual hour, and was called to order by the moderator.

The report on Ministerial Education was taken up, and on motion of Rev. H. A. Brown was adopted.

REPORT ON EDUCATION.

We are glad to be able to report a large awakening among our people upon the subject of education. Still there is much to be done before all our people will realize fully their duty and responsibility

upon this subject There are doubtless young men and young women, boys and girls in the bounds of our association, who have capacity to receive a liberal education, whose parents are able to send them to school, if they would only consent to try. There is wanting on the part of many, an interest upon this subject. How is that interest to be awakened, while our people attach so much importance to their property? If parents and guardians could only realize that money spent on the mind, is the most valuable investment for the young, their habits would soon change in this respect. A want of general intelligence, hinders our success in church work, in many respects. If there was more intelligence among our members, there would be more liberality. If there was more intelligence of the great body of our people, we would have less opposition as a denomination. Those who have labored in certain localities, can fully realize this thought. But we must not dwell u on this part of the subject. We rejoice in the prosperity of Wake Forest College. The present endowment is more than one hundred and sixty thousand dollars. This will largely increase the usefulness of the college. God's blessing seems to rest upon the efforts of Prest. Taylor. He is the right man, in the right place. There never was a time, perhaps, when the united efforts of our people were more needed in favor of ministerial education. A knowledge of the past is a sufficient guarantee for the future upon this subject. Think of the good men who have, and are still occupying important fields of usefulness who would never have been known to the baptist or to the world to any extent, but for this Heaven honore l work. We would call special attention to the Westfield and Leaksvile High Schools in our own Association. Respectfully submitted.

Rev. H. A. Brown offered the following resolution, which was adopted:

Resolved, *That this Association make an effort to raise* $250 *towards the* $10,000, *which the Baptists of North Carolina are asked to give for the enlarged usefulness of the Baptist Orphanage.*

REPORT ON THE BAPTIST ORPHANAGE.

Our orphanage at Thomasville, N. C., under the superintendency of Bro. J. H. Mills has made gratifying progress during the year. A neat chapel for the moral and religious instruction for the children, another building for the boys, besides the improvements for the wealth and comfort of all, have been provided, and the farm greatly improved. Seventy orphans have been received since Nov. 1885, fifty-eight are now present and in a healthy condition. Only one child has been sick enough during the year to require the presence of a physician. The visiting committee have asked Rev. J. D. Hufham to try to raise $10 for the orphanage. A dwelling house for the superintendent, other buildings for the children and a home for aged members are needed now. All our people should be encouraged to visit the orphanage to see for themselves what a blessed work is being done. We recommend that this association extend to Bro. Hufham our hearty co-operation in his efforts to raise funds for the increased efficiency of the orphanage. We also recommend that our pastors preach at least one sermon during the year on charity, explain the work of the orphanage and give their congregations and sabbath schools an opportunity to make a contribution to defray the missionary expenses of the Institution.

Rev. C C. Haymore then read the report on Foreign Missions, which was discussed by Dr. G. W. Manly, Rev. G. P. Bostick, and Dr. J. D. Hufham, and was then adopted.

REPORT ON FOREIGN MISSIONS.

This gospel must first be preached among all nations for a witness: so said our Lord when He was on the earth. Steadily our King has moved forward through all the ages to the fulfillment of His prophecy and the accomplishment of His purposes. In our own day He has wonderfully quickened the march of his host, and opened the gates of the nations to receive them. Even the wonders of Pentecost have hardly surpassed some things which have come to pass within sight and hearing of the men of this generation. In this blessed quickening our own missionaries have shared with others. In China it is a matter for thankfulness that our brother Yates, after more than forty years of arduous and exhausting labor, has been restored to health and strength. Bro. Herring, who went out to join Bro. Yates less than two years ago, is already speaking and preaching to the people. At the date of the last advices four had been baptized, and the church at Shanghai was enjoying a gracious season of revival. In Mexico, from the first, preaching of the gospel by our missionaries, has been attended with a success which makes the story of it read like a chapter from the Acts of the Apostles. In Rome and Italy our work is making steady progress, but not so rapidly as in other years. Bro. George B. Taylor our veteran missionary, who has been in this country for several years to recruit his health, is now sufficiently restored to return. It is hoped his presence on the field will be marked by the presence and power of the spirit. In South America the prosperity of missions has been less marked in consequence of the return of one of the missionaries by reason of ill health. He is about to go back with reinforcements and we may expect that the work will receive a quickening impulse therefrom. In Africa Bro. David is doing grandly. He stands at his place in the spirit and manner of the apostles, and awaiting reinforcements. One thing is suggested by this hasty review: That God calls on our people to liberality, and more earnest prayer in behalf of foreign missions.

Bro. T. M. Baker read the report on Sunday Schools. On motion of Bro. D. F. King, the report was adopted, and the discussion deferred until Sunday morning. Rev. H. A. Brown offered the following resolution:

Resolved, That our Sunday School Board be requested to undertake, as soon as practicable, a system of colportage.

The resolution was adopted.

REPORT ON SUNDAY SCHOOLS.

We think it very important that every Baptist church should have a Sunday School, for a sunday school rightly conducted by christian men and women in church or neighborhood, will elevate the standard of its piety and morals, and act as a great steam plough in rooting out its evils. You may leave any church or neighborhood without a sunday school, and it soon becomes a great tangle of thorns and briars, but when sensible christian men and women meet together on the Lord's day, and call the people together, men, women children and strangers, and teach them the word of God. The change in a little while is wonderful. We find from the church letters that the most of the churches in our Association have sunday schools with about 1100 attendance; but there a few churches within our bounds that have none, and we would urge upon them to have a Sunday school.

R. W. CREWS.

The following committees were appointed by the Moderator:

On Education—H. A. Brown and T. M. Sarles.
On State Missions—J. B. Richardson and D. F. King.
On Periodicals—W. H. Wilson and E. W. Culler.

On Baptist Orphanage—S F. Conrad and M. J. Crews.
On Sunday Schools—W. B. Harrell and C. R. Orrender.
On Temperance—W. S Watkins and W. M. Bennett.

On motion of Rev. S F. Conrad, it was ordered that the Clerk be paid $1.00 for his services, and that he expend the remainder of the minute fund for printing minutes.

Rev. S. F. Conrad moved that a public collection be taken up at both services on Sunday for State Mission work. The motion was carried.

On motion of Rev. H. A. Brown, the following resolution was adopted:

Resolved, That the thanks of the Pilot Mountain Association are due, and are hereby expressed, to the members of Mt. Hermon church and the community at large, for the generous hospitality extended to it and its visitors during the present session.

After singing the "Sweet Bye and Bye," the Association adjourned to meet at Westfield Baptist Church, on Thursday before the first Sunday in August, 1888.

REPORT ON HOME MISSIONS.

This Board occupies the destitution among our Southern and Western States, among the Indians and in Cuba. This is its field. The Board is located at Atlanta, Ga., and publishes as its organ *Our Home Field*, a most excellent paper.

Last year it reports 287 Missionaries employed (of these 18 in Western N. C.), 4,857 baptized and $178,953 expended in building churches in destitute neighborhoods. And for preaching as among the Indians, it reports a church for every 1,000 people. This work is growing in usefulness.

In Cuba, God has wonderfully blessed us, and this Isle of the Sea seems rapidly turning to God. Some two years ago, the first church was organized; now we number over 1,100 baptized. From every State in the South comes good news from our Home Missionaries; conversions, baptizings and church buildings follow their efforts. The work of this Board is nearer the hearts of God's people than ever before, and it appeals most strongly for our sympathy and our support.

Respectfully submitted,

C. C. HAYMORE.

The Report on State Missions was read, after which Rev. H. A. Brown read the report of the Executive Committee, and the report of the Treasurer of the Executive Committee. The Missionaries employed by the Board then gave a brief account of the work done in their respective fields, after which these reports were discussed by C. Durham and H. A. Brown and adopted:

REPORT ON STATE MISSIONS.

Our State Mission Board now has 81 Missionaries laboring within the bounds of our Convention. Their pay is about $10,000 per year, or a little over $100 per Missionary. Three-quarters of the Conventional year is gone and they have received only $1,800. Over $5,000 are now due them. Many of them are greatly needing their pay that they may live. The blessings of God are signally attending their labors. The openings of Providence in the material development of our State—in railroads, factories, new towns, and all public enterprises, are loudly calling us to greater efforts in giving our people the pure Gospel. We dare not ignore them. It is needful that our contributions be at least quarterly. Our Missionaries cannot and ought not to wait till the end of the year for their pay. We must work more by the Bible plan for giving, I Cor. 16: 2. We should remember what God says in I Cor. 9: 14. Our Churches need more fully to be taught what the Word says in Prov. 3: 9, 10. We all need to hear and obey the command of Jesus, Mark 16: 15. And then we should never forget the inevitable results of not coming up to this great work, Judges 5: 23.

J. B. RICHARDSON,
D. F. KING,
Committee.

REPORT OF EXECUTIVE COMMITTEE.

Your Committee report that seven Missionaries have been laboring during the year at destitute points in our Association. There are

eleven stations occupied by these men. At some of them the prospect is good for a Church organization and a house of worship at an early day. Elder N. J. Matthews has occupied three points. He has baptized 28 persons. He reports two good Sunday Schools. At one of these points a house of worship will be erected before long. Elder P. Oliver preaches at two points in Stokes County. He reports 49 sermons preached, 42 families visited. His congregations are good. He finds much opposition to our views, but a willingness to be taught. He thinks the field one of promise. Elder S. F. Conrad preaches at two points in Forsyth County. He has also preached ten sermons at the Valley Church. Salem Chapel School House is one of the points supplied by him. This point is rather too near Mt. Tabor Church for a permanent organization and the Board would suggest that a more suitable point be selected if the appropriation is to be continued long. He also preaches at Rural Hall. A Sabbath School has been organized and the general outlook is encouraging. Elder C. C. Haymore preaches at Germanton and Pilot Mountain, two stations on the C. F. & Y. V. Railroad. Congregations large and steps are being taken to erect houses of worship.

The Board agrees to pay 50 dollars each to the four brethren named above.

Elder W. H. Wilson preaches at Providence Church in Rockingham County. He reports 38 sermons preached, 6 persons baptized, $35.50 raised for different objects of the Association, $80.00 for building, &c. The Church is in good condition and does not ask for help in the future. Elder Robt. Gourley preached two or three times at Valley Church, but he discontinued and Elder J. T. Vernon was authorized to preach. We have not his report. Elder D. G. Taylor has been preaching at Peter's Creek since January. His congregations are good. Their house of worship is not yet completed. The outlook is full of promise if aid can be continued a while longer.

The Board allowed $25 for Providence, $25 for Valley Church and $40 for Peter's Creek.

Several of the Missionaries have not yet held their protracted meetings. We would recommend enlargement of our work. Many points are calling for help. We would also recommend that the colportage work be continued, and that our Missionaries be encouraged to do all in their power in the way of scattering information among their people by means of tracts, &c.

AFTERNOON SESSION.

After singing "Jesus Lover of My Soul," and prayer by Rev. J. H. Lewellyn, the Association was called to order by the Moderator.

On motion of Rev. H. A. Brown, the regular order of business was suspended, and the letter from Oak Ridge read, and the delegates enrolled.

An opportunity was then given for the reception of new churches, when Brown Mountain presented an application for membership in this Association. After the reading of the application and the letter, the church was received, and the right hand of fellowship extended to the delegates by the Moderator.

The Moderator then extended an invitation to visiting brethren from other Associations to seats in this Association. Brother W. J. Satterfield, from the Yadkin Association, accepted the invitation.

Rev. W. H. Wilson read the Report on Periodicals, which was discussed by brethren E. F. Tatum, C. Durham, W. B. Wingate, C. C. Haymore and Dr. John Mitchell, and then adopted:

REPORT ON PERIODICALS.

As the *Biblical Recorder* is a great educator in doctrines and furnishes food for the Christian, we recommend it to the patronage of every North Carolina Baptist.

In order that our people may be alive to the great work of Foreign Missions, we earnestly request them to read the *Foreign Mission Journal.*

As the State and Home Mission work is at the foundation of all our missionary enterprises, we urge upon every Baptist to read the *Gospel Herald.*

The Apostle James tells us what pure religion and undefiled before God and the Father is, and in order that it may be kept before our minds and impressed upon our hearts, we should read *Charity and Children.*

For our Sunday Schools, we recommend *Kind Words, The Kind Words Teacher,* and the *Kind Words Quarterlies,* published at Atlanta, Ga., by our Home Mission Board.

These are our own publications, and they are as good as the very best.

We also recommend *Our Home Field.*

W. H. WILSON,
E. W. CULLER,
Committee.

The Report on Sunday Schools was read, and Rev. H. A. Brown offered the following resolution:

Resolved, That it is the sense of this Association that there should be a Sunday School Association organized in our bounds at an early day.

The Report and the resolution were discussed by brethren H. A. Brown, C. Durham and Henry Sheets.

On motion of Rev. S. F. Conrad the Report was amended, and then, with the resolution, was adopted:

REPORT ON SABBATH SCHOOLS.

We fully endorse the Sabbath School work when properly conducted and believe that all the members of our Churches, when possible, should be engaged in this work. We further believe that it is the duty of all the members of the Church to aid in buying all necessary books, Sunday School helps and papers that will promote the interest of the school. We believe that where a Sabbath School is properly conducted, it is a great help to the pastor in his work. The Sunday School is the place where we can gather up all the little boys and girls in a neighborhood and teach them the word of God. Many of them have no one to teach them the Bible. We think that it is a duty we owe to the rising generation to keep up a Sunday School in every Baptist Church. We believe that it promotes the interest of the Church and morals of the neighborhood wherever it is properly conducted. Respectfully submitted,

C. R. ORRENDER,
W. B. HARRELL,
Committee.

The Association then adjourned until 9 o'clock Saturday morning, Aug. 4, 1888.

THIRD DAY—MORNING SESSION.

SATURDAY, Aug. 4, 1888.

After religious exercises conducted by Rev. W. B. Wingate, the Association was called to order by the Moderator.

The minutes of the previous day were read and adopted.

The Report on the Orphanage was read by Rev. S. F. Conrad, and discussed by brethren J. W. Oliver, Henry Sheets, Dr. John Mitchell, B. W. Ray, S. F. Conrad, C. Durham, C. C. Haymore and C. R. Orrender, after which a collection was taken up for the Orphanage. The Report was then adopted:

REPORT ON BAPTIST ORPHANAGE.

The work of the N. C. Baptist Orphanage is steadily advancing. During the past year 92 children have been cared for. A printing office has been provided in first-class order and supplied with all necessary conveniences for the publication of *Charity and Children*. This little paper should be circulated in all of our Churches and Sunday Schools. It has already entered many homes and its fruits are seen in an enlarged interest in the Orphanage and the work of charity. During the year nearly seven thousand dollars have been received and expended in current expenses, buildings, salaries, &c. Considering all these, the cost of each child has been only about five dollars.

Needs.—The Association is now about three hundred dollars in debt. The Briggs building is now in process of erection and will be

completed early this fall, provided the money can be spared from current expenses. The Mt. Zion Eating House is very much needed and will be built as soon as possible. A small building, containing office for General Manager and rooms for others connected with the institution, is a necessity. Other improvements are much needed, but cannot be made because of a lack of the means.

There are 1,200 orphans in the State who ought to be cared for by Christian people. Only 230 can be cared for at Oxford. This leaves more than eight hundred upon a cold and pitiless world. The Baptists of the State are now committed to this work, and are in duty bound to go forward. We must open wider the doors to take in these motherless and fatherless, and often homeless ones.

The Churches of this Association need to resort to more regular and systematic methods in helping this institution. There should be those in every Church to act as a committee to receive food, clothing and money so that the necessities of the Orphanage may be regularly supplied.

Respectfully submitted,

S. F. CONRAD,
M. J. CREWS,
Committee.

AFTERNOON SESSION.

The Association convened at the usual hour, and was called to order by the Moderator.

The Report on Education was taken up and discussed by Rev. J. N. Stallings and Prof. B. W. Ray, and was then adopted:

REPORT ON EDUCATION.

There is no one among us at this day who calls in question the importance of education. The position our children are to take in society, the success they are to win in business and the good they are to wield for the benefit of humanity largely depend on the education they receive. No parent can afford to be indifferent to this question. To withhold this blessing from our children is to deprive them of their rights and subject them to humiliation through life. We have many good schools within easy reach of our children. We call attention to Leaksville and Westfield Academies. No better female schools are to be found than these controlled by our people in this State. Our schools at Thomasville, Oxford, Murfreesboro and Shelby are all in a prosperous condition. If possible, we should send our daughters to one of these schools. No College in the South supplies better facilities for thorough training than Wake Forest College. It is the pride and joy of N. C. Baptists. Let us encourage our young men to go there and equip themselves for the duties and responsibilities of their respective stations. Last session there were 39 young ministers aided by the Board of Education. These young men give promise of large usefulness to the cause of Christ. At least one dozen others are asking for help. The number to be received will depend upon the contributions sent up by the Churches. Although there is a debt on the Board, it is hoped and believed that the contributions will meet all demands and enable the Board to extend help to those who are earnestly seeking their aid. Let all the Churches pay for our young ministers and give of their means that they may be prepared for their life-work.

H. A. BROWN,
T. L. SARLES,
Committee.

Rev. R. W. Crews read the Report on Foreign Missions, which was discussed by brethren E. F. Tatum, W. B. Wingate and W. H. Wilson, and was then adopted:

REPORT ON FOREIGN MISSIONS.

When Christ finished his course here on earth among men, He told His followers to go into all the world and preach the Gospel to every creature, baptizing those that believe, and we are glad to know that a greater effort has been made during the past year to advance the work of Foreign Missions than ever before in our history.

We rejoice to note the hopeful tone in which our Missionaries speak of their work in the different countries. We may be sure that the blessed word of God is a world-wide message, fitting the wants of the people wherever they are found, for wherever it has been carried people receive it gladly.

We are glad to see that God has opened the doors of the world

to the Gospel, and everything seems auspicious for an advance move in that line, for more men and women have offered their services to the Lord this year than was ever known any year before.

The cry comes from all quarters, more consecrated men and more money, and the world is ours for Christ.

Let us pray the Lord of the harvest to give us both.

R. W. CREWS,
T. M. BAKER,
Committee.

Brother W. S. Watkins read the Report on Temperance. On motion of Rev. H. A. Brown, the Report was adopted:

REPORT ON TEMPERANCE.

We, knowing the evils of intemperance, urge the pastors and members of the Churches within our bounds to do all they can to banish it from our land. Respectfully submitted,

W. S. WATKINS,
W. M. BENNETT,
Committee.

Rev. S. F. Conrad read the Report on Obituaries. On motion of Rev. P. Oliver, the Report was adopted:

REPORT ON OBITUARIES.

Since our last session, we have been called to lose from our number the worthy Moderator of our Association, Brother T. J. Valentine, who was for many years an honorable leader in the old Beulah Association, and from the beginning was thoroughly identified with our Association in all of its work. Brother Valentine was a man of strong convictions and sometimes differed from his warmest friends, but he was kind and tender hearted and was always identified with Baptist principles and the interests of the denomination. He was the warm friend of Missions, Education and the work of Charity. He was mindful of his end and met his suffering and death with unwavering devotion and trust in God. We miss his presence and councils in our meetings, and, in submission to the will of God, would say peace be to his remains, and for him let us hope a glorious resurrection and a blessed immortality.

Respectfully submitted,

S. F. CONRAD,
H. A. BROWN,
Committee.

Brother J. Q. Hutchins read the following report on Home Missions:

REPORT ON HOME MISSIONS.

Our State Mission work reaches the State, our Foreign Mission work the world, and our Home Mission work reaches our own Southern land, the Indians and Cuba. This Board is doing an aggressive work, and Southern Baptists are awakening to a heartier appreciation, and a more liberal support of its work. The Board has 328 missionaries employed this year, an increase of 45 over last year. Number of baptisms last year, 4,837; number added by letter, 3,565; the total increase, 8,402; number of churches organized, 328, and of houses built for worship, 58; number of Sunday Schools organized, 343, in which there are 10,170, teachers and pupils. These facts show that in many a destitute community stands the Missionaries of this Board, telling of Jesus and his love. Among the Indians a blessed work of grace has been done, making them sober, peaceful christians. In Cuba, who can tell of the wonderful good news that comes to us. The Island seems rapidly turning to God. Number of Missionaries working and preaching the gospel to the Cubans, 20; Churches and Stations supplied, 27; Baptisms, 300; Sunday Schools, 26; Teachers and Pupils, 2,228; total membership of the churches, 1,493; money collected by the churches, $2,255.70.

For this great work much money is needed. Thank God for the willing souls that have responded; yet it is only partly, that the great work is done. The Board will need this year $100,000 to do the work that is needed, and must be done. This year let every Baptist pray for, and give to the blessed work of our Home Mission Board.

C. C. HAYMORE,
J. Q. HUTCHINS, } Committee.

After discussion by J. C. Stowell and others Elder C. Durham moved to amend by inserting the names of the following Brothers and Sisters to take charge of the Home Mission work in their respective churches:

Beck's—J. Q. Hutchins, Bethania.

The report, as amended, was adopted.

Upon motion of Elder H. A. Brown the Association then went into permanent organization by electing Elder P. Oliver Moderator and J. W. McCurry, Clerk.

The report on Periodicals was presented by the Chairman, Rev. P. Oliver, and read by Rev. H. A. Brown, as follows:

REPORT ON PERIODICALS.

The *Biblical Recorder* is devoted to the best interest of the Baptists of North Carolina. We recommend it to the patronage of every member of the denomination in the State. It is an important factor in our State and Foreign work. It is a weekly preacher coming regularly to our doors at the low price of two dollars a year. A Baptist family without the *Recorder* is not well equipped for church work, Pastors, to succeed, must exert themselves to circulate our family organ. People to be interested in any work must be informed as to its condition and needs in every department. We recommend our people to take and read the *Foreign Mission Journal*, *Our Home Field*, *Charity and Children* and *Kind Words*, which was discussed by Rev. J. A. Speight, Rev. S. F. Conrad, J. W. McCurry, Rev. H. A. Brown, C. Durham, P. H. Pernell, Dr. John Mitchell and Rev. J. C. Stowell, after which the report was adopted.

Adjourned to meet at half past one.

AFTERNOON SESSION.

The Moderator, Elder P. Oliver, called the Association to order.

Elder H. A. Brown read the report on Foreign Missions as follows:

REPORT ON FOREIGN MISSIONS.

The Southern Baptist Convention has Missions in China, Africa, South America, Mexico and Italy. There are forty-five regular stations, besides a large number of out stations where the gospel is preached to those who live in heathen lands. Besides the Missionaries sent out there are many native helpers who are working with zeal to build up the Master's Kingdom in their midst. More than two hundred persons were baptized last year. It is gratifying to report that a larger amount of money was raised last year than ever before in the history of the Convention. But the largely increased force of Missionaries will make it necessary to largely increase our contributions. Nearly all our Missionaries have been reinforced by young and effective workers. North Carolina Baptists have been signally honored of God in being permitted to furnish so many laborers for the foreign fields. Should not those of us who are at home interpret this as an evidence that God would have us make large sacrifices for the spread of the gospel in these fields occupied by our brethren. We recommend that our ministers give their people the needed information in regard to the work. That our sisters be encouraged to form missionary societies in our churches and thus become a large committee to increase the zeal and contributions of all the members. That missionary information be scattered by means of proper tracts, &c., and lastly that we ponder well our Saviour's last command and study the Acts of the Apostles to see how the early Christians carried it out.

After discussion by Dr. John Mitchell, Elder H. A. Brown, Elder C. Durham, Elder P. H. Pernell and Elder J. A. Speight, the motion to adopt was unanimously carried.

The report on Orphanage was then read by Brother T. M. Baker, and upon motion to adopt a motion was made by Elder S. F. Conrad to postpone the discussion until to-morrow morning 10 o'clock and that State Missions be called at 11 o'clock, which motion was carried.

The committee to nominate an Executive Board made the following report: Elder H. A. Brown, M. J. Crews, D. F. King, T. M. Baker and W. J. Slate, which was unanimously adopted.

Elder S. F. Conrad offered the following resolution which was unanimously adopted:

Resolved, That the Executive Board be requested to correspond with the churches not represented in the Association and receive the letters and contributions, also their pledges for the coming year.

Upon motion the Association adjourned until 9½ o'clock, Saturday morning, August 3rd, 1889.

THIRD DAY—MORNING SESSION.

SATURDAY, August 3rd, 1889.

After devotional exercises, conducted by Dr. John Mitchell, the Moderator, Elder P. Oliver, called the Association to order.

The minutes of the previous day were read and approved. The roll of churches and delegates was then called. Westfield answered to the call for the first time during the session by letter and delegates. The Moderotor extended an invitation to visiting brethren to seats among us. Rev. J. N. Stallings, of Liberty Association, Principal of the High Point Female College, and Brother J. H. Mills, of the Thomasville Orphanage, accepted the invitation.

The hour of 10 having arrived, the report on the Thomasville Orphanage was again read as follows:

REPORT ON BAPTIST ORPHANAGE.

The Baptist Orphanage at Thomasville, of 105 poor children, the pet institution of the Baptists of the State, is doing much needed good and should have the hearty co-operation and support of every Baptist Church and Sunday School in the Pilot Mountain Association. Respectfully Submitted,

T. M. BAKER.

The report was discussed by Rev. C. Durham and J. M. Mills and Rev. H. A. Brown, after which the report was adopted.

Elder S. F. Conrad read the report on State Missions and Elder H. A. Brown read the report of Executive Committee of Pilot Mountain Association. Upon motion to adopt both reports they were discussed by Elders C. Durham and H. A. Brown. Upon motion of Elder C. Durham a hat collection for State Missions was taken, amounting to $8.85, after which the motion to adopt was unanimously carried.

The report on State Missions was as follows:

REPORT ON STATE MISSIONS.

The State Mission work has wonderfully grown in proportions and interests among the Baptists of North Carolina. A love and zeal has been awakened for this work within the past ten or twelve years which has hardly a parallel among all the States of the Union; and in no work which we, as a denomination, have undertaken, have we had more abundant tokens of the divine favor and blessing. As we have enlarged the work the work has grown—and we have now more Missionaries in the field than at any previous time of our history There are now 84 Missionaries under appointment by the Board of Missions. Our obligations to these amounts to $12,500. Up to date about $2,000 of this amount has been collected and paid, which is about $400 in advance of the collections at this time last year. We also have 14 Colporteurs engaged in the work of distrib-

uting Bibles and Tracts and visiting from house to house and preaching the word as opportunity presents.

Our denominational growth in the State astonishes those who have not kept pace with our methods and work. We have now in the State 86 Associations—52 white and 34 colored. In these there are 1,345 white churches and 1,013 colored. The statistics of these churches give us a white membership of 139,445, and a colored membership of 105,880, making a total of 245,325 Baptists of our way of thinking in the State. Should our ratio of increase continue in the future as in the past, North Carolina will soon stand in the front rank as one of the largest and most aggressive Baptist States in the Union, and as the Pilot Mountain Association is the first in the State to meet let us endeavor to make her first in all the great enterprises for Christ and his Kingdom.

S. F. CONRAD.

The report of the Executive Committee was as follows:

REPORT OF EXECUTIVE COMMITTEE.

Your Committee report eight mission stations occupied by our missionaries during the year. Besides preaching regularly at these stations they have held services frequently in other destitute localities. Elder P. Oliver has preached at Bethel and Vaughn's school house in Stokes county. At Bethel a beautiful house of worship has been erected which will be ready for use in a short time. Considering the difficulties in the way, this is very gratifying indeed. He has preached 34 sermons, made 41 family visits, baptized 4 persons, collected for Missions, $4.83; for Orphanage, $4.00. He reports one Sunday or Bible School and thinks the outlook encouraging. It may be well to organize a church at Bethel soon.

An appropriation of sixty dollars was made by the committe to Brother Oliver.

Elder C. C. Haymore was appointed by the Committee to occupy Pilot Mountain and Germanton, two stations on the C. F. & Y. V. R. R. At Pilot Mountain Station there are many obstacles to be overcome. The work is hard and at times discouraging. Bro. Haymore reports 28 sermons preached, 50 religious visits made, 5 conversions and two received by baptism. Arrangements are being made to build a house of worship at this point. The prospect is brighter than ever before. A meeting of days was recently held which made a lasting impression on the community. At Germanton he has preached 10 sermons and made 40 visits. An attractive house of worship, 50x30, will soon be enclosed. The work is now being pushed to completion. About $500 has been subscribed and in part collected. The house will cost $1,000 or more. The congregations are large and the indications are all of the most hopeful character. $150 was allowed Brother Haymore for these points, less the amount collected in field.

Elder N. J. Matthews reports as follows: I have baptized at my mission points 11 persons, received one by letter, visited 50 families, preached 72 sermons and have two Sunday schools. This is a promising field for our people. Your Committee allowed $60 for points occupied by Brother Matthews.

Elder S. F. Conrad has been laboring at Salem Chapel school house. He has preached 15 sermons—held a meeting last Fall that

was attended with considerable interest. His congregations are good but there is much opposition and patience is necessary. He is offered a beautiful lot at Dennis free, and thinks several hundred dollars can be raised there for building a house and making the cause permanent. He wishes instruction from the Board.

For reasons known to the Committee no appropriation was made for Valley Mission. So soon as satisfactory arrangements can be made this point should be helped.

We make the following recommendations:

1. That we enlarge our work as rapidly as we can. There are many points within our territory now destitute and they should be occupied just as soon as the contributions of the churches shall make it possible.

2. That no money be appropriated for points at which the cause cannot be permanently established by the erection of a house of worship in the near future.

3. That the Executive Committee of this Association be authorized to co-operate with the Executive Committee of the Pilot Mountain Sunday School Association in organizing and developing the Colportage work in our bounds.

4. As the Sunday Schools of our Association have undertaken to raise $125 for Colportage, we recommend that the churches designate some suitable amount to be added to this, as a basis for the future operation of these committees. And that the combined committee make an annual report to this Association.

AFTERNOON SESSION.

After singing the Association was called to order by the Moderator, Elder P. Oliver, and was lead in prayer by Elder J. N. Stallings. The report on education was called for. There being no one of the committee present, Elder H. A. Brown moved that Elder P. H. Pernell be designated to prepare a suitable report to be inserted in the minutes and that we proceed at once to the discussion of the subject, which notice was adopted. REPORT ON EDUCATION.

The position our children are to take in society, the success they are to win in business and the good they are to wield for the benefit of humanity largely depend on the education they receive. We have many good schools within easy reach of our children. We call attention to Leaksville and Westfield Academies. No better female schools are to be found than these controlled by our people in this State. Our schools at High Point, Oxford, Murfreesboro and Shelby are all in a prosperous condition. If possible, we should send our daughters to one of these schools. No College in the South supplies better facilities for thorough training than Wake Forest College. It is the pride and joy of North Carolina Baptists. Let us encourage our young men to go there and equip themselves for the duties and responsibilities of their respective stations. Last session there were over 40 young ministers aided by the Board of Education. These

young men give promise of large usefulness to the cause of Christ. At least one dozen others are asking for help. The number to be received will depend upon the contributions sent up by the Churches. Let all the Churches pay for our young ministers and give of their means that they may be prepared for their life-work.

P. H. PERNELL, Committee.

There being no report on Temperance, no one of the committee being present, owing to the press of business before the Association, it was moved and carried to pass over the subject.

Your Committee would respectfully submit as their report that in view of so many churches failing to be represented on account of the late freshets and there being but one application for the Association, we would respectfully ask that the question of Place and Preachers be left to the Executive Board.

S. F. CONRAD,

J. E. SLATE,
} Committee.

Upon motion the report was adopted.

REPORT ON PERIODICALS.

The present age is truly a reading age, and newspapers are in our

day the most powerful agencies for good or evil among us. No organization of any kind whether religious or otherwise which desires to propagate and spread its principles can do without the printing press and newspapers. While the Baptist have always been in the front rank in the use of all enterprises and instrumentalities for the Master's Kingdom and glory Yet in this State they are sadly deficient in receiving and supporting the newspapers which have for their purpose the dissemmination and defense of the principles which distinguishes them from other religious sects and orders.

The *Biblical Recorder* which is known in journalism as the organ of the Baptists of the State, has not more than 5,000 regular subscribers while it is claimed we have near one hundred and fifty thousand white Baptists in the State.

Why this great disparity between members and subscribers. Does not the nature of the question demand that the matter should be looked into and urgent steps taken to change this order of things With these facts before us, is the *Recorder* meeting the emergencies of the case, and if not is there no remedy?

Your committee most cordially recommends the *Biblical Recorder* as a faithful exponent of our principles and as being worthy of a place in every Baptist home. We feel that it belongs to us and that it should in every way be the leader and supporter in every cause belonging to the Baptist Brotherhood of the State. We believe its columns should be open to a full and free discussion of all vital questions belonging to the denomination.

We also most heartily recommend *Charity and Children* as the representative of the Baptist Orphanage located at Thomasville, and Wake Forest *Student* as representing our College.

Respectfully submitted,

S. F. CONRAD.

REPORT ON HOME MISSIONS.

The Home Mission Board is doing faithful work in the Southern States, among the Indians and in Cuba. Encouraging reports come to us from all over this large field.

Between three and four hundred Missionaries are laboring under the directions of this Board, and eternity alone can reveal the good they are doing, "But what are these among so many?"

From all parts of the field come the sad cry: "Destitution!" The need for more men and money to carry on this work is greater than ever before.

The rapid increase of our population, the incoming flood of Foreign emigration, the powerful efforts of the Catholics to overthrow Christianity, and the hundreds and thousands of unsaved business men who go from our country to Foreign lands, and who are confirming the heathen in their wickedness, all demand that we should put on new strength and put forth greater efforts in this department of the Master's work than ever before.

Let each of us seek for a stronger love to God and to our fellowman, and we will go on to victory.

REPORT ON FOREIGN MISSIONS.

In the neighborhood of a hundred years ago the first Missionary Society was organized to send the Gospel to the Heathen. Now there are many doing work in different parts of the heathern world.

A few years ago we were asking the Lord for admission, now the whole world seems to be open to the Gospel.

Not long ago we were praying to the Lord for workers. Now there are more volunteers than we can send, and if they could be sent, the laborers would be few in comparison with the harvest to be gathered.

The world is the field for the Christian to work in. The field is large and much is the work to be done, and for this great work much money is needed, and our people should have the needful information in regard to the work.

Our Pastors should preach it from the pulpit and talk in the family circle, and Missionary tracts should be scattered, and our people urged upon to give that the blessed work may go on.

R. W. CREWS.

Elder S. F. Conrad made some remarks about the work at Walnut Cove.

The hour for adjourning having arrived, Association adjourned. Benediction by Elder C. C. Haymore.

The report on Education was next read by Elder H. A. Brown, and the subject was discussed by Elders H. A. Brown, J. B. Carlyle, J. W. McCown, C. Durham and B. W. Ray, and adopted.

REPORT ON EDUCATION.

During the last session 29 young Ministers were aided in securing an Education at Wake Forest College by the Board of Education. It is gratifying to be able to report that many of these young men give promise of large usefulness in the future work of the Churches. They are making heroic sacrifices to reduce the expenses of the Board to the lowest figures. They are entitled to the confidence and support of all our people. The Board is dependent upon the contributions of the churches in carrying on this department of our denominational work. A number of young men are asking for aid. It should not be crippled in its efforts to advance the cause by indebtedness incurred by a lack of interest on our part. We urge our people to larger interest in general education. We must help create a sentiment that will demand better schools for all the children. There are Academies in our own bounds that are worthy of our support. No better College can be found anywhere than Wake Forest for the training of our young men for their life-work. It is *our* College and better adapted to the needs of our sons than any other institution *can* be. High Point, Murfreesboro and Oxford are all good schools for the education of our daughters. We are in sympathy with any movement that looks to the establishment of a College, or University, for the higher education of our girls.

Respectfully submitted,

H. A. BROWN.

On motion of Elder H. A. Brown, speeches were limited to ten minutes. Brothers T. M. Baker, P. Oliver, J. W. McCur-

ry, W. H. Wilson and D. F. King addressed the Association and the report adopted.

REPORT ON STATE MISSIONS.

Our Board of Missions and Sunday Schools have charge of the Mission Colportage and Sunday School work in our State. A large and blessed work has been done in each of these departments. The work was larger last year than ever before. We then had many Missionaries and Colporters, and, in addition to these, there were built more than one hundred houses of worship. This year the number of missionaries and Colporters, and, too, the number of houses of worship to be built, are larger than in any year of our history.

We did our State Mission work last year on a financial basis of $12,614.87, but at Henderson, last November, the Convention said: "We ought to trust the Lord to guide, and the churches to come to our aid, and undertake greater things than ever before;" and recommended that we arrange our work for this year on the basis of Fifteen Thousand Dollars.

Changes, too, have been made since the year's work was arranged: some have resigned and others have changed their fields, and hence the names of some appear who are not now Missionaries of the Board, and the names of two appear twice. Some weak churches in important centres and some on Mission fields are being aided, but the Board is occupying the *real destitution* as rapidly as possible. Our Missionaries have been greatly blessed this year.

Our churches gave the past year, over any preceding year, to Foreign Missions $1,400, and to Home Missions $1,050. This increase, as we believe, was largely due to the fact that the Board urged the churches to unitedly use the time from our Convention to May in special efforts for these objects, and did not in any way confuse them by asking collections for the other departments. We now ask the pastors and churches to give special attention, from August 1st to the Convention, to collections for State Missions, Colportage and Sunday Schools. On August 1st, 1889, there had been acknowledged by our Treasurer, J. D. Boushall, for State Missions, $2,397.80; and on August 1st, 1890, he has acknowledged for the same work $3,956.56—an advance on last year's work at this date of $1,558.96. The crops now promise to be abundant; can we not, therefore, reasonably ask *every Pastor* and *Church* to see to it that more liberal collections than have ever been made be now, and on to November 1st, made for (1) State Missions, (2) Colportage, (3) Sunday Schools. These are separate and entirely distinct departments, and money given for one of these objects cannot be used for either of the others.

The last Convention said of Colportage: "We need for this work next year at least $5,000." What part of that amount will you send to our Treasurer, J. D. Boushall? Our Colporters are at work in fifteen Associations. They are doing an important work. Our Sunday School Mission work is large, and for this we are in much need. Please help us in all of these departments with *at least one collection.*

The Board has had, since the last Convention, many urgent applications from important and hopeful destitute fields to appoint Missionaries and Colporters which it was compelled to decline for the lack of means. We believe if the Pastors and churches could see

these opportunities to extend the Master's Kingdom as they really exist, the means would be furnished to do the work. The Lord will give us the ability to do all that is our duty to do in this great work, if, unitedly for His glory, and led by His Spirit, we, with faith, undertake it and falter not. Phil. iv., 13; Numbers vi., 24, 25 and 26 Hopefully your servant in the Lord's work,

T. M. BAKER, Com.

The report of the Executive Committee was as follows:

REPORT OF EXECUTIVE COMMITTEE, PILOT MOUNTAIN ASSOCIATION.

The Executive Committee of the Pilot Mountain Association made the following appropriations for the present conventional year:

To preaching at Valley	$25.00
" " " Bethel	50.00
" " " Pilot Mountain	75.00
" " " Germanton	50.00
" " " Brown Mt.	20.00
" " " George's School House	35.00
" " " Peter's Creek	25.00
" " " Vennis	40.00

We can make only a partial report of the year's work as our Mis-

sionaries have not yet held their protracted meetings. We are glad to report progress all along the line. Elder P. Oliver, who labors at Valley and at Bethel, makes encouraging statements. At Valley he has prerched 12 sermons, made 19 visits, received $8.55. The house of worship has been ceiled and other substantial improvements have been made. At Bethel he has preached 32 sermons, made about 40 visits, collected $19.50. A church has been organized at this point and will make application at this session for membership in the Association. 2 received by letter and 1 by experience. The house of worship has been completed and arrangements are making for a pool and dressing rooms for baptismal purposes. Congregations increasing and outlook hopeful.

Elder C. C. Haymore, who labors at Pilot Mountain and Germanton, reports that he has preached 24 sermons at Pilot Mountain, made 75 visits, and collected $19.00. He has secured a beautiful lot in the center of the village and is arranging to build a good house of worship. He has received in cash and pledges nearly $300.00 for this purpose. The house will cost $80.00 and perhaps more. This point is in the midst of a remarkably destitute region. There is no house of worship within several miles of the place. It has been difficult to cultivate this point but the prospect grows brighter. The people are kind, industrious and thrifty. At Germanton he has preached 12 sermons, made 50 visits, organized a Sunday School numbering about 50, organized a church of 12 members which will apply for membership in this Association. A good lot has been secured, a neat house of worship has been erected 50x36 with 18 feet pitch. The house cost about $1100. He hopes soon to have a self-sustaining church at this point. Germanton is a pleasant village surrounded by a prosperous community. Elder N. J. Matthews has three stations, viz.: Brown Mountain, George's School house and Peter's Creek. At Brown Mountain he has preached 14 sermons, baptised one, has a good Sunday School and has collected $5.00 for State Missions. At Peter's Creek he has preached 13 sermons and collected $4.00 for State Missions. At George's School house he has preaced 9 sermons. He has secured the land for a meeting house and between three and five hundred dollars in subscriptions for the same. The house will be commenced and pushed through to completion at an early day. He reports five Sunday schools in his field of labor. He has given away 18 Bibles and 4 Testaments.

At Dennis, a station on the Roanoke and Southern railroad, Elder S. F. Conrad has labored. He reports 12 sermons preached, 8 families visited. He has the promise of a lot for a house and a subscription of $200. The outlook is not flattering, but success is certain with continued effort. Your committee beg leave to report further that in accordance with instructions received at last Associaiion we have co-operated with the Executive Committee of the Pilot Mountain Sunday School Association in developing the Colportage work in our midst. About $35.00 worth of books are on hand and about $83.00 in the hands of Elder S. F. Conrad. Besides, we have pledges from the Sunday Schools for about $125.00. It remains for the Association to decide how this work shall be pushed in the future. There are large possibilities in the vigorous prosecution of this department of Christian activity. We reccommend enlarged contributions from our churches to meet the growing

demands of our cause in the bounds of our Association and the entire State. We reccommend further that the Missionaries be requested to meet the Executive Committee at all our Union Meetings that they may make their reports and so continue and sustain the interest all through the year.

Bro. D. F. King read a report on Orphanage which was discussed by Bro. J. H. Mills and H. A. Brown and a collection was taken for the Orphanage which amounted to $31.45.

REPORT ON BAPTIST ORPHANAGE.

The Baptist Orphanage at Thomasville, N. C., is doing a good and much needed work. This institution is yet in its infancy but already five substantial buildings have been erected and one hundred and

twenty seven little boys and girls are being cared for. Belonging as it does the Baptist of North Carolina the Orphanage should have the prayers, the sympathy and regular contributions of each member of our churches. We believe that the care for the poor is the imperative duty of the Church of Christ; therefore to this end, we recommend that the sustor of churches within the boundp of the Pilot Mountain Association urge upon the membership of all their churches the claims of this branch of Christian work.

REPORT ON PERIODICALS.

The present age is truly a reading age, and newspapers are in our

day the most powerful agencies for good or evil among us. No organization of any kind whether religious or otherwise which desires to propagate and spread its principles can do without the printing press and newspapers. While the Baptist have always been in the front rank in the use of all enterprises and instrumentalities for the Master's Kingdom and glory Yet in this State they are sadly deficient in receiving and supporting the newspapers which have for their purpose the dissemmination and defense of the principles which distinguishes them from other religious sects and orders.

The *Biblical Recorder* which is known in journalism as the organ of the Baptists of the State, has not more than 5,000 regular subscribers while it is claimed we have near one hundred and fifty thousand white Baptists in the State.

Why this great disparity between members and subscribers. Does not the nature of the question demand that the matter should be looked into and urgent steps taken to change this order of things With these facts before us, is the *Recorder* meeting the emergencies of the case, and if not is there no remedy?

Your committee most cordially recommends the *Biblical Recorder* as a faithful exponent of our principles and as being worthy of a place in every Baptist home. We feel that it belongs to us and that it should in every way be the leader and supporter in every cause belonging to the Baptist Brotherhood of the State. We believe its columns should be open to a full and free discussion of all vital questions belonging to the denomination.

We also most heartily recommend *Charity and Children* as the representative of the Baptist Orphanage located at Thomasville, and Wake Forest *Student* as representing our College.

Respectfully submitted,

S. F. CONRAD.

Elder W. H. Wilson read the report on Home Missions, but, on motion of Brother J. W. McCurry, further remarks on the subject were postponed until Friday morning.

On motion the Association adjourned. Benediction by Elder L. R. Pruett.

FRIDAY, August 1, 1890.

The proceedings of yesterday were read and adopted.

The Committee of Arrangements offered their report which was adopted.

The subject of Home Missions was again taken up and discussed by Elders J. W. McCown, C. C. Haymore, J. A. Speight, J. B. Carlyle and H. A. Brown.

REPORT ON HOME MISSIONS.

The Home Mission Board is doing faithful work in the Southern States, among the Indians and in Cuba. Encouraging reports come to us from all over this large field.

Between three and four hundred Missionaries are laboring under the directions of this Board, and eternity alone can reveal the good they are doing, "But what are these among so many?"

From all parts of the field come the sad cry: "Destitution!" The need for more men and money to carry on this work is greater than ever before.

The rapid increase of our population, the incoming flood of Foreign emigration, the powerful efforts of the Catholics to overthrow Christianity, and the hundreds and thousands of unsaved business men who go from our country to Foreign lands, and who are confirming the heathen in their wickedness, all demand that we should put on new strength and put forth greater efforts in this department of the Master's work than ever before.

Let each of us seek for a stronger love to God and to our fellowman, and we will go on to victory.

W. H. WILSON,
R. A. WOMMACK, } Committee.

REPORT ON FOREIGN MISSIONS.

In the neighborhood of a hundred years ago the first Missionary Society was organized to send the Gospel to the Heathen. Now there are many doing work in different parts of the heathern world.

A few years ago we were asking the Lord for admission, now the whole world seems to be open to the Gospel.

Not long ago we were praying to the Lord for workers. Now there are more volunteers than we can send, and if they could be sent, the laborers would be few in comparison with the harvest to be gathered.

The world is the field for the Christian to work in. The field is large and much is the work to be done, and for this great work much money is needed, and our people should have the needful information in regard to the work.

Our Pastors should preach it from the pulpit and talk in the family circle, and Missionary tracts should be scattered, and our people urged upon to give that the blessed work may go on.

R. W. CREWS.

Elder S. F. Conrad made some remarks about the work at Walnut Cove.

The hour for adjourning having arrived, Association adjourned. Benediction by Elder C. C. Haymore.

AFTERNOON SESSION.

Prayer by Elder C. Durham. The Moderator called the body to order.

The report on Education was next read by Elder H. A. Brown, and the subject was discussed by Elders H. A. Brown, J. B. Carlyle, J. W. McCown, C. Durham and B. W. Ray, and adopted.

REPORT ON EDUCATION.

During the last session 29 young Ministers were aided in securing an Education at Wake Forest College by the Board of Education. It is gratifying to be able to report that many of these young men give promise of large usefulness in the future work of the Churches. They are making heroic sacrifices to reduce the expenses of the Board to the lowest figures. They are entitled to the confidence and support of all our people. The Board is dependent upon the contributions of the churches in carrying on this department of our denominational work. A number of young men are asking for aid. It should not be crippled in its efforts to advance the cause by indebtedness incurred by a lack of interest on our part. We urge our people to larger interest in general education. We must help create a sentiment that will demand better schools for all the children. There are Academies in our own bounds that are worthy of our support. No better College can be found anywhere than Wake Forest for the training of our young men for their life-work. It is *our* College and better adapted to the needs of our sons than any other institution *can* be. High Point, Murfreesboro and Oxford are all good schools for the education of our daughters. We are in sympathy with any movement that looks to the establishment of a College, or University, for the higher education of our girls.

Respectfully submitted,

H. A. BROWN.

SATURDAY, August 2, 1890.

On motion of Elder H. A. Brown, speeches were limited to ten minutes. Brothers T. M. Baker, P. Oliver, J. W. McCur-

ry, W. H. Wilson and D. F. King addressed the Association and the report adopted.

REPORT ON STATE MISSIONS.

Our Board of Missions and Sunday Schools have charge of the Mission Colportage and Sunday School work in our State. A large and blessed work has been done in each of these departments. The work was larger last year than ever before. We then had many Missionaries and Colporters, and, in addition to these, there were built more than one hundred houses of worship. This year the number of missionaries and Colporters, and, too, the number of houses of worship to be built, are larger than in any year of our history.

We did our State Mission work last year on a financial basis of $12,614.87, but at Henderson, last November, the Convention said: "We ought to trust the Lord to guide, and the churches to come to our aid, and undertake greater things than ever before;" and recommended that we arrange our work for this year on the basis of Fifteen Thousand Dollars.

Changes, too, have been made since the year's work was arranged: some have resigned and others have changed their fields, and hence the names of some appear who are not now Missionaries of the Board, and the names of two appear twice. Some weak churches in important centres and some on Mission fields are being aided, but the Board is occupying the *real destitution* as rapidly as possible. Our Missionaries have been greatly blessed this year.

Our churches gave the past year, over any preceding year, to Foreign Missions $1,400, and to Home Missions $1,050. This increase, as we believe, was largely due to the fact that the Board urged the churches to unitedly use the time from our Convention to May in special efforts for these objects, and did not in any way confuse them by asking collections for the other departments. We now ask the pastors and churches to give special attention, from August 1st to the Convention, to collections for State Missions, Colportage and Sunday Schools. On August 1st, 1889, there had been acknowledged by our Treasurer, J. D. Boushall, for State Missions, $2,397.80; and on August 1st, 1890, he has acknowledged for the same work $3,956.56—an advance on last year's work at this date of $1,558.96. The crops now promise to be abundant; can we not, therefore, reasonably ask *every Pastor* and *Church* to see to it that more liberal collections than have ever been made be now, and on to November 1st, made for (1) State Missions, (2) Colportage, (3) Sunday Schools. These are separate and entirely distinct departments, and money given for one of these objects cannot be used for either of the others.

The last Convention said of Colportage: "We need for this work next year at least $5,000." What part of that amount will you send to our Treasurer, J. D. Boushall? Our Colporters are at work in fifteen Associations. They are doing an important work. Our Sunday School Mission work is large, and for this we are in much need. Please help us in all of these departments with *at least one collection.*

The Board has had, since the last Convention, many urgent applications from important and hopeful destitute fields to appoint Missionaries and Colporters which it was compelled to decline for the lack of means. We believe if the Pastors and churches could see

these opportunities to extend the Master's Kingdom as they really exist, the means would be furnished to do the work. The Lord will give us the ability to do all that is our duty to do in this great work, if, unitedly for His glory, and led by His Spirit, we, with faith, undertake it and falter not. Phil. iv., 13; Numbers vi., 24, 25 and 26 Hopefully your servant in the Lord's work,

T. M. BAKER, Com.

The report of the Executive Committee was as follows:

REPORT OF EXECUTIVE COMMITTEE, PILOT MOUNTAIN ASSOCIATION.

The Executive Committee of the Pilot Mountain Association made the following appropriations for the present conventional year:

To preaching at Valley	$25.00
" " " Bethel	50.00
" " " Pilot Mountain	75.00
" " " Germanton	50.00
" " " Brown Mt.	20.00
" " " George's School House	35.00
" " " Peter's Creek	25.00
" " " Vennis	40.00

We can make only a partial report of the year's work as our Mis-

sionaries have not yet held their protracted meetings. We are glad to report progress all along the line. Elder P. Oliver, who labors at Valley and at Bethel, makes encouraging statements. At Valley he has prerched 12 sermons, made 19 visits, received $8.55. The house of worship has been ceiled and other substantial improvements have been made. At Bethel he has preached 32 sermons, made about 40 visits, collected $19.50. A church has been organized at this point and will make application at this session for membership in the Association, 2 received by letter and 1 by experience. The house of worship has been completed and arrangements are making for a pool and dressing rooms for baptismal purposes. Congregations increasing and outlook hopeful.

Elder C. C. Haymore, who labors at Pilot Mountain and Germanton, reports that he has preached 24 sermons at Pilot Mountain, made 75 visits, and collected $19.00. He has secured a beautiful lot in the center of the village and is arranging to build a good house of worship. He has received in cash and pledges nearly $300.00 for this purpose. The house will cost $80.00 and perhaps more. This point is in the midst of a remarkably destitute region. There is no house of worship within several miles of the place. It has been difficult to cultivate this point but the prospect grows brighter. The people are kind, industrious and thrifty. At Germanton he has preached 12 sermons, made 50 visits, organized a Sunday School numbering about 50, organized a church of 12 members which will apply for membership in this Association. A good lot has been secured, a neat house of worship has been erected 50x36 with 18 feet pitch. The house cost about $1100. He hopes soon to have a self-sustaining church at this point. Germanton is a pleasant village surrounded by a prosperous community. Elder N. J. Matthews has three stations, viz.: Brown Mountain, George's School house and Peter's Creek. At Brown Mountain he has preached 14 sermons, baptised one, has a good Sunday School and has collected $5.00 for State Missions. At Peter's Creek he has preached 13 sermons and collected $4.00 for State Missions. At George's School house he has preaced 9 sermons. He has secured the land for a meeting house and between three and five hundred dollars in subscriptions for the same. The house will be commenced and pushed through to completion at an early day. He reports five Sunday schools in his field of labor. He has given away 18 Bibles and 4 Testaments.

At Dennis, a station on the Roanoke and Southern railroad, Elder S. F. Conrad has labored. He reports 12 sermons preached, 8 families visited. He has the promise of a lot for a house and a subscription of $200. The outlook is not flattering, but success is certain with continued effort. Your committee beg leave to report further that in accordance with instructions received at last Associaiion we have co-operated with the Executive Committee of the Pilot Mountain Sunday School Association in developing the Colportage work in our midst. About $35.00 worth of books are on hand and about $83.00 in the hands of Elder S. F. Conrad. Besides, we have pledges from the Sunday Schools for about $125.00. It remains for the Association to decide how this work shall be pushed in the future. There are large possibilities in the vigorous prosecution of this department of Christian activity. We reccommend enlarged contributions from our churches to meet the growing

demands of our cause in the bounds of our Association and the entire State. We reccommend further that the Missionaries be requested to meet the Executive Committee at all our Union Meetings that they may make their reports and so continue and sustain the interest all through the year.

Respectfully submitted,

Bro. D. F. King read a report on Orphanage which was discussed by Bro. J. H. Mills and H. A. Brown and a collection was taken for the Orphanage which amounted to $31.45.

REPORT ON BAPTIST ORPHANAGE.

The Baptist Orphanage at Thomasville, N. C., is doing a good and much needed work. This institution is yet in its infancy but already five substantial buildings have been erected and one hundred and

twenty seven little boys and girls are being cared for. Belonging as it does the Baptist of North Carolina the Orphanage should have the prayers, the sympathy and regular contributions of each member of our churches. We believe that the care for the poor is the imperative duty of the Church of Christ; therefore to this end, we recommend that the s stor of churches within the boundp of the Pilot Mountain Associ tion urge upon the membership of all their churches the claims of this branch of Christian work.

Respectfully submitted,

REPORT ON PERIODICALS.

Our people greatly need Baptist Literature. Not one-third of our own Baptist people take a religious paper, and I do not suppose that more that half of our stronger members, financially take their own church paper. The time has come for Baptists to inform themselves as never before. There are various orders, and organizations, some of them claiming to be religious in character, working to do away with some of the essential doctrine of the Bible. As we Baptists claim to have the truth, therefore we must prepare to defend the truth at any sacrifice. We therefore heartily recommend to our people the *Biblical Recorder*. A paper worthy of our patronage and support, and one that will help us in the study of God's word. We advise all of our people to take *Charity and Children*. In this way we can help the orphan and orphanage, and ourselves also.

Respectfully submitted, C. C. HAYMORE,
R. W. CREWS.

Pending the adoption of the report, Elder J. C. Caddell, C. C. Haymore, J. W. McCurry, E. J. Edwards, W. G. Brown, S. F. Conrad, C. Durham, H. A. Brown, addressed the Association and the report was adopted.

Elder H. A. Brown read the Report on Education.

REPORT ON EDUCATION.

There were thirty-five young men aided by the Board of Education last year, at Wake Forest College. These young men are full of promise. The future of our churches will be largely in the hands of these now receiving their Education. The Board is taking great pains that only deserving young men shall be aided. Many of the young Preachers are boarding in clubs so as to reduce the expense to the very lowest point possible. Already 37 have been received for next session and others are desiring to come. The Board is entirely dependent upon the churches for the funds necessary to carry on this work. Let every Church send a good contribution to this cause. Our people should take greater interest in general education. Wake Forest College furnishes the best facilities for thorough training in all departments of instruction. We have good preparatory schools within our bounds worthy of our support. At Thomasville, Murfresboro, and Oxford we have good schools for the education of our daughters. Let us not fail to do our whole duty in the matter of giving our daughters a fair chance for an education.

H. A. BROWN.

Elder C. Durham addressed the Association.

The hour having arrived for dinner, the benediction was pronounced by Elder W. G. BROWN.

EVENING SESSION.

Elder P. Oliver read a report on the Baptist Orphanage. Pending the adoption of the report Bro. J. H. Mills addressed the Association, and a collection was taken up, amounting to $28.57. Also Bro. D. F. King and A. Stamy made some remarks on the subject, and the report adopted, including Elder H. A. Brown's resolution.

REPORT ON BAPTIST ORPHANAGE.

The Baptist Orphanage, located in January, 1885, at Thomasville, N. C., with its 306 acres of land, 14 brick and 7 wooden buildings, and 124 orphan children. The necessary Officers and Teachers deserve the sympathy, the prayers and the hearty support of the denomination throughout the State.

"He that hath pity on the poor, lendeth to the Lord; and that which he hath given, will he pay him again." Prov. 19:17.

"The poor always ye have with you." John 12:8.

Opportunities for doing good are numerous, the wants of many are pressing, and our time for work will soon be gone. We should heed Solomon's admonition in Ecc. 9:10, "Whatsoever thy hand findeth to do, do it with thy might; for there is no work, nor device, nor knowledge, nor wisdom in the grave, whither thou goest.

ELDER P. OLIVER.

RESOLUTION.

Resolved, That the Pilot Mountain Association request every Church in her bounds to take one special collection during the year for the Baptist Orphanage. H. A. BROWN.

Elder H. A. Brown moved that the Association adjourn.

The benediction was pronounced by Elder C. Durham.

THIRD DAY—MORNING SESSION.

SATURDAY, August 1st, 1891.

Religious exercises were conducted by Elder C. Durham, after which the Moderator called the Association to order.

Letter from Mount Olive church was handed in and read.

Elder H. A. Brown read the report on Sunday Schools:

REPORT ON SUNDAY SCHOOLS.

Your committee beg leave to report, that we have a Sunday School Association in successful operation within our bounds. This Sunday School Association has charge of the Colportage work. Considerable

work has already been done, and we have a Colporteur in the field. One hundred and fifty six dollars and fifty cents were pledged to aid in pushing this department. The churches within our bounds were asked to give a collection, to be used with the amounts given by the Schools for this work. It is earnestly hoped that all our schools and churches will soon co-operate fully with the Sunday School Association in pushing the distribution of religious literature among our people. We have about twenty five Sunday Schools. Some of them are in a flourishing condition, while others are small yet, and do not contiue through the winter months. Several other schools should be organized during the year. Our new Secretary, Rev. U. L. Hester, should have the earnest support and co-operation of Pastors and Sunday School workers. Our schools can get all the supplies necessary from the supply store at Raleigh, N. C. We reccommend increased efforts to organize new schools and to sustain and enlarge those already in existence. We urge all schools to increase their contributions for Sunday School purposes. We recommend the publications of our own Board at Atlanta, Ga , as worthy of a place in all our schools.

H. A. BROWN, }
M. J. CREWS. } Com.

Pending its adoption, Elder H. A. Brown, C. Durham, C. C. Haymore, addressed the association and the report was adopted.

Elder H. A. Brown read the report of the Executive Committee and also the Treasurer's report of the Executive Committee.

REPORT OF EXECUTIVE COMMITTEE.

We, the Executive Committee of the Pilot Mountain Association beg leave to report that 7 stations have been supplied during the year, and appropriations made as follows:

To C. C. Haymore, for Germanton,.....	$ 50.00
To C. C. Haymore, for Pilot Mountain.....	100.00
To P. Oliver, George's S. H.....	75.00
To P. Oliver, Bethel,.....	40.00
To J. T. Jenkins, Dennis,.....	40.00
To N. J. Matthews, Peter's Creek,.....	25.00
To N. J. Matthews, Brown Mountain,..	15.00

As our association meets so early, it is impossible to report results fully. Our Missionaries have not held their meetings yet. Elder P. Oliver, who labors at Bethel and George's S. H., reports 25 sermons and 27 visits in connection with the work at Bethel. This is a church recently organized, and in the midst of much destitution. The truth is finding its way, and the outlook is hopeful. At George's S. H. he has preached 7 sermons, made 18 family visits, and had good congregations. This is an important field for us. We have no church near. The people of the vicinity are kind and willing to aid. A subscription is being circulated, and a house of worship will be erected as early as possible.

Bro. N. J. Matthews, who preaches a Peter's Creek and Brown Mountain, reports 84 sermons preached, 23 persons baptized, 43 families visited, 3 Sunday Schools on his field, and collections taken at

the different points for State Missions. At all the points occupied by Bro. Matthews, the cause is weak, but there are signs of growth which are encouraging.

At Dennis, Bro. S. F. Conrad preached three months, and then Bro. J. T. Jenkins took charge. Fifteen sermons have been preached, six families visited, and several persons have made profession of faith in Christ. This is a hard field but it is in the midst of a good community, and we should not relax our efforts there until the cause is firmly established by the erection of a good house of worship, and the organization of a good working membership.

Elder C. C. Haymore has labored during the year at Pilot Mountain and Germanton. He has preached, at Pilot Mountain 14 sermons, and visited 25 families. The outlook at this point is decidedly hopeful. A beautiful, well located house of worship is now in process of erection. The congregations are good. At Germanton, he has preached 25 sermons and visited 25 families. They have a good Sunday School and large congregations.

The Committee has co-operated with the Executive Committee of the Sunday School Association, in pushing the Colportage work in our bounds. For further information you are referred to their report.

We recommend a systematic effort to raise money for the State Mission work. We also earnestly urge our people to aid as far as they can in building houses of worship on the various mission points where as yet there are no houses. Let our Pastors and Missionaries and other Brethren, continue to attend our Union Meetings, for it is largely through this instrumentality that the Mission Work is to be kept constantly before our people.

RESOLUTION.

WHEREAS, The Walnut Cove Church having become a member of this Association, and having appealed to us for aid in removing the debt of seven hundred dollars, incurred in the erection of their house of worship, at that place, and,

WHEREAS, That it is known that Rev. S. F. Conrad, their Pastor, is carrying this debt individually, be it

Resolved, That their appeal to us for three hundred dollars of this amount, be commended to the favorable consideration of the churches. H. A. BROWN.

Benediction by Elder E. J. Edwards.

EVENING SESSION.

Singing, "Nearer my God to Thee."

Elder C. Durham read the report on Foreign Missions.

REPORT ON FOREIGN MISSIONS.

The Foreign Mission Board of the Southern Baptist Convention, has under their appointment, 45 missions in China, 15 in Africa, 9 in Italy, 21 in Brazil, 32 in Mexico, and six in Japan. Of this Missionary force in China, 16 are from North Carolina, and in Mexico, two are from this State. On July 18th, six new Missionaries sailed from Newport News for Brazil, and on Sept. 26th, it is expected that 10 new Missionaries will sail from San Francisco for China. Prof. G. W. Greene, of Wake Forest College, and wife, will be among this latter number. This is our practical effort to obey the command of our Lord, to "Preach the Gospel to every creature." In this all can take part. Some can go and do the work, while others remain, and offer earnest prayers, and give their means to support those who have gone to the heathen.

This effort of the Lord's people to give the Gospel to the heathen, has been carried forward for almost one hundred years. The Lord has greatly blessed it.

A larger number of men and women have gone from the Baptist churches of North Carolina to the heathen, than from any other State in the Southern Baptist Convention. This should influence us to larger gifts to the Foreign Missions.

In view of the next years work we reccommend the following, viz:

WHEREAS, The Missionary Centenial is to be emphasized by the Baptists of the world, and especially by the Southern Baptist Convention, during 1892, therefore,

Resolved, 1*st*, That this Association add one extra day to its session next year.

Resolved, 2*nd*. That a Committee of three be appointed to arrange for appropriate services for the extra day referred to above.

C. DURHAM, Ch. Com.

Pending the adoption of the report, speeches were made by Elders C. Durham, H. A. Brown, and P. Oliver, and the report adopted.

Bro. T. M. Baker read the report on Temperance.

REPORT ON TEMPERNCE.

While organizations have been multiplied for the supression of the Whiskey Traffic and Liquor drinking, there is apparently little or no diminution of intemperance. Many of our churches have been troubled by this evil, and there is, in some of them, those who are drinking whisky in secret places. This is to be deplored. We do not believe any one can maintain a pure Christian character who drinks liquor for its influence and effect as a beaverage. A lack of discipline has emboldened some to persist in this evil. We believe there should be a higher standard raised in our churches than does now exist.

T. M. BAKER,
E. J. STYERS.

REPORT ON PERIODICALS.

As a Christian's growth and practice largely depends upon his information, we recommend the *Biblical Recorder* as worthy a place in every home; *Charity and Children*, that we may be brought into active sympathy with the Orphanage work; *Foreign Mission Journal*, that we may be brought to see and feel our responsibility to the brethren; *Wake Forest Student*, for information about the College work; *Home Field*, for information as to the work done by the Southern Baptist Convention; *Kind Words*, for Sunday Schools.

Respectfully submitted,

W. H. WILSON.

C. C. Haymore read a report on State Missions.

REPORT ON STATE MISSIONS.

Our State Mission work, directed by the Board, was enlarged and greatly blessed of the Lord during the past year, and we believe that great good was accomplished throughout the entire State. The number of missionaries employed by the Board was about 130; sermons preached, 10,672; persons baptized, 1,028; houses of worship building and finished, 125; churches organized, 90; number of Sunday Schools, 5,094; number of scholars, 18,728; number of new schools, 112; amount of money collected from the churches for the support of the missionaries, $15,000. These facts and figures show that the work done during the past year was larger than ever before; yet it seems that we have only made a beginning. About 400 weak churches and out stations have been supplied and furnished with the Gospel regularly; and yet there are at least five hundred fields of great destitution, saying: "Come over and help us." There has never been such an opening for mission work and such a demand for preachers of the Word as there is at the present day. Therefore, we recommend that the churches greatly increase their contributions; that the number of missionaries may be increased and the work within the bounds of the Pilot Mountain Association enlarged during the coming year.

Respectfully submitted, C. C. HAYMORE, R. M. LOFTIS, } Committee.

EVENING SESSION.

The Moderator called the Association to order.

H. A. Brown read the report on Centennial of Missions, which was discussed by D. W. Herring from China.

REPORT OF CENTENNIAL COMMITTEE.

We arranged for a campaign of the churches last spring, but after consultation, we decided to postpone it for awhile. Centennial speeches have been made in Winston at the Sunday School Convention; in Mt. Airy at the Sunday School Association, and perhaps at other places in our bounds. We have arranged for special addresses at this session of the Association.

Rev. C. Durham will speak on "The progress of Missions for One Hundred Years." Rev. D. W. Herring will speak of "The Needs of the Foreign Field." Rev. C. E. Taylor will preach on "The Spirit of Missions," and Rev. L. G. Broughton will speak on "How to Utilize the Centennial in our Associotion."

We recommend that the Committee prepare for a meeting in every church in the Association.

We recommend further that the chapel card be explained fully, and all our Sunday Schools and Woman's Mission Societies be urged to take hold of it and raise what they can.

We recommend that, at this meeting, pledges be taken for the great work before us.

Respectfully submitted,

H. A. BROWN,
L. R. PRUITT,
D. F. KING,
} Committee.

L. R. Pruitt read a report on Foreign Missions. Pending the Adoption of the report, speeches were made by L. R. Pruitt, C. Durham, and D. F. King. The report was adopted.

REPORT ON FOREIGN MISSIONS.

The Churches of the Southern Baptist Convention have reason for praise and thanksgiving to God for his fostering hand in their

Foreign missionary movement. The efforts put forth by the Board have been attended by the blessing and benediction of God. With such marvelous results and hopeful signs, the policy of the Foreign Mission Board, all the State organizations, and should be the ambition of the Pilot Mountain Association to extend the radius of their Foreign circumference, and thereby preach the gospel to the nations of the earth. "Preach the word," is the command of God. The command is obligatory and the field is inviting. The heathen world is now throwing open its portals and assuming a friendly attitude to the strange missionary. The Macedonian cry is echoing and re-echoing along the shores of the benighted lands. Oh, may the church—the living church—march forth as a mighty crusade and greet the cry with the Gospel of peace!

Under the enthusiasm of this, the "Centennial year of Modern Missions," there is an opportunity presented to the Baptists of America for greater usefulness and the enlargement of plans for an increase of contributions to the work of the Boards, and for augmenting the number of missionaries on the field. The harvest is great, but the laborers are few.

Living under the inspiration of this Centennial year, let us have an advanced movement along all the lines and in all departments of our Mission work. One hundred years ago the Foreign Missionary spirit formed a hopeful advocate in the unwavering faith and profound wisdom of William Carey. During the exits of all these years that have expired, the ball put in motion by this great missionary has rolled through the century in marked haste, gathering momentum and strength as it advanced. May it roll on with increased acceleration until it shall become as mighty in its revolutions as the globe in its orbit around the sun—revolving around Jesus Christ, the Son of Righteousness, the center and motive power of the spiritual universe. In this important day in the history of the Foreigh Mission Board, we recommend a trustful reliance upon the Holy Spirit, in wisdom and power.

Respectfully submitted,

L. R. PRUITT, Committee

On motion of N. L. Shaw, a special prayer was offered for D. W. Herrring and wife by L. G. Broughton.

F. P. Hobgood reporting himself from Oxford Female Seminary, and W. R. Gwaltney, representing the Board of Education, accepted seats in the Association, after which the Association adjourned.

Benediction by W. R. Gwaltney.

NIGHT SESSION.

Sermon by L. G. Broughton, from John 11:44. "And he that was dead came forth bound hand and foot with grave clothes on, and his face was bound about with a napkin. Jesus said unto them, loose him and let him go."

Benediction by L. G. Broughton.

THIRD DAY—MORNING SESSION.

SATURDAY, August 6, 1892.

The Association met this morning as usual. Devotional exercises by J. F. Lancaster. Prayer by D. F. King.

On motion of H. A. Brown, a committee was appointed to nominate an Executive Committe, which nominated P. Oliver, R. W. Crews and J. A. Vernon on that committee. The committee appointed to nominate a Minister's Relief Board, nominated L. G. Broughton, J. B. Ellington, J. F. Lancaster.

On motion of P. Oliver, a collection was taken up for J. H. Caudle, amounting to $13.52.

H. A. Brown offered a resolution in behalf of J. H. Caudle, which was adopted.

WHEREAS, It has come to our knowledge that Elder J. H. Caudle, the oldest minister among us, is in feeble health and in almost destitute circumstances; therefore,

Resolved, 1. That we tender him our sympathy in this time of suffering.

Resolved, 2. That we commend his case to the favorable consideration of all the churches and ask them to help him out of the abundance God has given them.

His address is Salem Chapel, N. C.

On motion of L. G. Broughton, the report on Home Missions was read by P. Oliver. Pending the adoption of the report, the Association was addressed by P. Oliver, W. L. Poteat and C. Durham. The report was adopted.

REPORT ON HOME MISSIONS.

Your committee to whom was referred the subject of Home Missions beg leave to state that during the last Coventional year, ending May 1, 1892, the number of missionaries under the direction of the Home Mission Board were 365, distributed as follows: Alabama, 4; Arkansas, 28; Cuba, 21; Florida, 33; Georgia, 17; Indian Territory, 16; Kentucky, 5; Louisiana, 27; Maryland, 2; Missouri, 6; Oklahoma, 6; Tennessee, 6; Texas, 143; Virginia, 1; Western North Carolina, 17; Western Arkansas and Indian Territory, 26; West Virginia, 2; Texas Sunday School Convention, 5. Total, 365.

The results of the work are as follows: Weeks of Labor, 10,640; Churches and Stations, 1,324; Sermons and Addresses, 46,866; Prayer Meetings, 14,042; Baptisms, 5,274; Received by Letter, 5,973; Total Additions, 11,247; Sunday Schools Organized, 342; Teachers and Pupils, 17,785; Religious Visits, 54,336; Churches constituted, 179; Houses of Worship built, 80; Bibles and Testaments distributed, 4,304; Pages of Tracts distributed, 919,472.

Even this report is not complete, because the reports of several missionaries could not be obtained in time to be embodied in it. Thus we see, dear brethren, the Lord's blessing upon the efforts of his people as they go forth in obedience to the last command: Matthew 28:19, 20. Our home mission work is the more interesting

and encouraging as it lies at the foundation of our Foreign Mission work. The man who fails to cultivate his own farm, will not be able to help his neighbors who may be in distress.

REPORT ON EDUCATION.

The Board of Education has aided during the year forty-two young men who are preparing for the work of the Gospel ministry. It has beeen a very hard year on all the boards, and the receipts of

the Education Board have not been as large as we hoped. At the close of the last session there was a debt of several hundred dollars. This can be liquidated easily if all the churches will help liberally in the near future. Quite a number of young men are now asking for aid for the next year. Shall these young men be turned away when there is such great need among our churches for a trained, consecrated ministry?

The Board will be compelled to decline many applications unless the churches come to the rescue. Great care has been taken in the past and we hope still greater care will be taken in the future that only worthy and promising young men receive the support from the churches. All our people should send their sons, if possible, to Wake Forest. It is one of the best colleges in the South, and is the joy of every true Baptist in our Commonwealth. We have good schools for our daughters at Oxford and Murfreesboro. We also have good preparatory schools within our bounds at Pinnacle and Leaksville.

REPORT ON MINISTERS' RELIEF BOARD.

WHEREAS, The Ministers' Relief Board at Durham, N. C., was endorsed by our last State Convention at Goldsboro; and, whereas, the Board reports a need of funds at this time to meet the present necessities of our aged and helpless brethren who have spent their lives in the Master's cause, and who are not now able to care for their temporal needs; therefore, be it

Resolved, 1. That this Association endorse this Board and its work.

Resolved, 2. That all the churches represented in this body be requested to take at least one collection annually for this object.

L. G. BROUGHTON,
J. F. LANCASTER,
E. P. ELLINGTON, } Committee.

L. R. Pruitt read the report on Baptist Orphanage, which was adopted.

REPORT ON BAPTIST ORPHANAGE.

The aim of the Orphanage work is to place the helpless ones—the fatherless children—where they will be sure of food, clothing, shelter, and moral and intellectual training.

At Thomasville, this morning, one hundred and twenty-five orphans took breakfast, and no one but God could tell what would be the condition of many of these children if they were not fed and clothed and sheltered and trained by the good people.

God, first of all, provides means for the sixteen hundred millions of people that are here, and among this number are many orphans, and God has made it a duty, in all our professions and occupations, to cultivate the good habit of helping the needy.

We may have hard work at home to get bread for our children; hard work to clothe and shelter them from the storm, but we must make sacrifices to help the orphans. It will pay, and bye and bye we shall reap.

R. W. CREWS,
T. M. BAKER, } Committee.

T. S. Sprinkler read the report on Sunday Schools. Pending the adoption of the report, T. S. Sprinkle, H. A. Brown, L. G. Broughton, J. M. Lindsey, W. L. Poteat, F. P. Hobgood, J. C. Olive, T. M. Baker, W. H. Case addrssed the Association on the subject, after which the report was adopted.

REPORT ON SUNDAY SCHOOLS.

We, your Committee on Sunday Schools, after a careful examination of the letter sent the Association, are unable to make a full report of statistical information. This, however, we understand, is found in the Minutes of the Sunday School Association. We urge the importance of all our ministers and all lay members also to give more time and attention to the preparation for and in the Sunday School work.

We commend to the Schools the Southern Baptist Convention series of Sunday School Helps. These can be secured at publishers' prices through our Supply Store at Raleigh.

Respectfully submitted,

T. S. SPRINKLE, Committee.

T. S. Sprinkle read the report on Temperance, which was discussed by L. G. Broughton, S. F. Conrad and C. Durham. Report adopted.

REPORT ON TEMPERANCE.

We find that all the organizations and statutes now in force have done not all the good that we would like to be done in suppressing or casting out this vile, ruinous habit of whiskey-drinking. It seems that many of our churches are cursed with it. Some are using this monster of sin as a beverage. Some are manufacturers of it. We think this great evil should be more carefully looked after in our discipline. We, therefore, most earnestly beg that all our brethren should act boldly in trying to erace this curse from our midst. And may all now be brought under the influence of our Lord and Saviour Jesus Christ, which we believe to be the only way of meeting this and blotting it out of our midst.

Respectfully submitted.

P. Oliver offered the report as the Executive Committee:

We recommend for Executive Committee H. A Brown, Chairman; T. M. Baker, M. J. Crews, D. F. King and E. W. Culler.

REPORT ON PERIODICALS.

One of our greatest needs, as a denomination, is more information in reference to our history, our principles and our ever-widening work. There are persons who know and fail to do; but there are more who fail to do because they do not *know*. A good religious newspaper in every home is indispensable. Better fail to give our children the best of clothing than fail to place within their reach such information as will tend to develop their characters and deepen their interest in the progress of the Lord's Kingdom in the earth. For more than fifty years the *Biblical Recorder* has been recognized by our people as a true exponent of our views. It is worthy of our confidence and hearty support. In its columns from week to week may be found carefully prepared editorials, articles on many subjects of great importance to our people, letters from our missionaries at home and abroad, and personal items of great interest.

The *Foreign Mission Journal* is the organ of the Foreign Mission Board of the Southern Baptist Convention; it is a monthly paper full of missionary information; it is published in Richmond, Va., at the small cost of 50 cents a year, and less if taken in clubs. The *Home Field* is a valuable paper for information concerning mission work in this country and the island of Cuba. The Sabbath School helps published by the Board of the Southern Baptist Convention are, in every respect, worthy of our patronage and should be used by our schools.

For references to *Charity and Children*, and the *Wake Forest Student*, see reports on the Baptist Orphanage and Education.

Respectfully submitted,

H. A. BROWN,
P. OLIVER, } Committee.

L. G. Broughton read the report on Education. Pending its adoption the Association was addressed by L. G. Broughton, J. C. Caddell, W. H. Wilson, C. C. Haymore, E. T. Parham, C. T. Bell, F. A. Slate and C. Durham.

REPORT ON EDUCATION.

To the Pilot Mountain Association:

Your Committee on Education submits the following report:

The education of the masses has always been a matter of great concern to us as Baptist. We have always been found in the front ranks with those who are seeking for the intellectual advancement of the people without regard to rank or distinction. Our money, our time, our brain and our prayers have ever been enlisted in the great cause of Education. Realizing that the future hope of the Church depends in no small degree upon the intellectual development of the present and future generations, we have been stimulated to put forth more zeal and consecrated enthusiasm in the establishment of such systems of education as will best meet the conditions and needs of the people, and accomplish the greatest good in the end to the cause of Christ. We have ever advocated what is known to-day as "Christian Education," believing that hand in hand with the education of the head should go the education of the heart.

FREE SCHOOLS AND UNIVERSITIES.

We have been, and are to-day, strong advocates of the "Free School System" as conducted by our State Department. We have ever been among the strongest advocates of the very highest University education, and the strongest and most foremost advocates of the right of the State to own, control and operate such institutions of learning, for both male and female. But we are unconditionally opposed to the owning and operation of such institutions of learning by the State as will in any sense come in contact with such institutions as are owned and operated by the various religious denominations in our land and country.

WAKE FOREST COLLEGE.

The pride and glory of North Carolina Baptist is Wake Forest College, for the education of boys. For many years this grand old institution, the sole property of the Baptist of the State, has been growing in efficiency and favor among the people of the State. Within the past few years she has greatly lengthened her cords and overleaped the bounds of our own State, and made her impress upon others, far and near. Her Board of Managers, composed of the wisest and most aggressive element of our State, have ever been upon the watch-tower, and have left undone nothing which would add to her usefulness. Her buildings are spacious, her grounds beautiful, her course of study and apparatus for work is equal if not superior to that of any college in the South. Again we affirm our unbounded confidence in Wake Forest College, and most earnestly recommend our Baptist boys, who are looking out for an opportunity

to equip themselves for the duties of life by the education of the mind and heart, to *stand by Wake Forest College*, promising them not only such advantages as they need, but also an opportunity to help on the work of that great denomination whose principles are so near and dear to them, and in connection with Wake Forest College we recommend *Wake Forest Student* a place in every home.

FEMALE EDUCATION.

Not only have we, as Baptist, been foremost in the education of our boys, but we have, while not with equal vigilance, yet with much earnestness, watched carefully the education of our girls. The Oxford Female College, located at Oxford, N. C., and the Chowan Baptist Female College, located at Murfreesboro, N. C., are institutions of learning of which every Baptist in North Carolina should feel specially proud. We most gratefully recommend either of these to our girls who are seeking education.

PREPARATORY SCHOOLS AND ACADEMIES.

For the past few years also as Baptist, realizing the efficiency of preparatory schools and academies in moulding and shaping the minds and characters of those who cannot attend our colleges and better preparing those who can attend them, our efforts have been to plant well-regulated High Schools in the various sections of our State; and to-day, dotted all over North Carolina, we have well-equipped and well-mastered Academies. Even in the bounds of our own Association we have in the Pinnacle, the Leaksville and the Madison High Schools, and the Mountain View Institute, institutions of this character which we most cheerfully recommend.

EDUCATION OF YOUNG MINISTERS.

And now, in concluding this report, we beg to say a word concerning the education of young ministers. There is no work which has paid so well as the education of young men called of God to preach the Gospel. The Lord has seen fit to call to the work of the gospel ministry largely poor men. It has ever been his plan. Even when He was upon the earth this was His plan. As our people grow in intelligence, so grows the need of educating the preacher who is to go in and out before them. In order that this may be done the Baptist of our State, through their Board of Education, provided for the education at Wake Forest such young men as are called of God and yet are without means. This expense is met by voluntary contributions of the churches. We have now at Wake Forest about 40 young men. They have been selected with more than usual care. Our Board is in need of funds, there being at present $1,400 debt upon them. If this work is to go on our churches and pastors must enlist more in this great work. We do therefore recommend that our pastors press more earnestly this work upon the churches, and that an immediate effort be put forth to help on this department of our work which is in so much need.

LEN. G. BROUGHTON,
N. J. MATHEWS, } Committee.

On motion of L. G. Broughton, the report on Education was deferred until Saturday at 11 o'clock.

After which the Association adjourned.

Benediction by C. Durham.

EVENING SESSION.

The Association met according to appointment, singing "All hail the power of Jesus name." Prayer by S. F. Conrad. The Moderator called the Association to order.

W. H. Wilson read the report on Home Missions. Pending its adoption the following brethren spake on the report: W. H. Wilson, R. T. Bryant and C. Durham, and adopted.

REPORT ON HOME MISSIONS.

On account of the political excitement and the great financial pressure, the work of the Home Mission Board is not altogether as flattering this year as it was last. But the results have been sufficiently larger to call forth universal thanksgiving.

The number of missionaries employed during the year has been, in

Alabama	1.
Arkansas	24.
Cuba	20.
Florida	42.
District of Columbia	4.
Georgia	19.
Indian Territory	16.
Kentucky	9.
Louisiana	22.
Maryland	3.
Missouri	7.
Oklahoma	8.
Tennessee	6.
Texas	127.
Virginia	2.
West Arkansas and Indian Territory	38.
West North Carolina	20.
West Virginia	2.
Total	368.

Missinaries, 368; Weeks of Labor, 14,014; Churches and Stations, 1,482; Sermons and Addresses, 38,007; Prayer Meetings, 12,594; Baptisms, 5,111; Received by Letter, 4,493; Total Additions, 9,604; Sunday Schools Organized, 412; Teachers and Pupils, 16,611; Churches Constituted, 155; Houses of Worship Built, 92; Bibles and Testaments, 1,748.

The Board is out of debt, and the amount available this year for the regular work is $70,947.76, an excess of $3,014.36 over that of last year. Success has crowned the efforts of the Home Mission

Board, both in the United States and Cuba, but there is a growing necessity for more men and money to do the God-given and most needed work.

Respectfully submitted,

W. H. WILSON,
E. P. ELLINGTON, } Committee.

T. S. Sprinkle read the report on State Missions.

REPORT ON STATE MISSIONS.

We thank God for the great success with which He has crowned the efforts of the Baptist within the boundaries of our State through all our different boards. The most important of these perhaps is the Board of State Missions. Through the agency of this Board the churches at more than one hundred towns have been helped. Among those are some in the Pilot Mountain Association, viz.: Winston, Mt. Airy, Walnut Cove and Germanton. In addition to the one hundred towns, more than three hundred country churches have been helped. All these, in both town and country, have been either started or aided; many, of course, both. Notwithstanding the great work already accomplished, we are not satisfied. We know that there is a large number of Baptist in Pedo-Baptist churches to-day, and a great many other people, who would be Baptist could they but have the opportunity of hearing the gospel preached as we Baptist understand the teachings of the Bible. With regard to Baptist churches, many sections of North Carolina are destitute. Many thousands of people cannot conveniently attend Baptist preaching. We urge that this department of the work be so pushed that many now here may live to eee a self-sustaining Baptist church in easy reach of every man, woman and child in North Carolina. Then, and not till then, should the great Baptist brotherhood of North Carolina be satisfied. Then, and not till then, will we have done our duty.

Respectfully submitted,

T. S. SPRINKLE,
D. S. REID, } Committee.

Pending the adoption of the above, H. A. Brown read the report of the Executive Committee and also the Treasurer's report.

The Association was then addressed by C. Durham and H. A. Brown, and the reports adopted.

REPORT OF THE EXECUTIVE COMMITTEE OF PILOT MOUNTAIN ASSOCIATION.

Since our last Convention the following brethren have been laboring as Missionaries of the State Board under the appointment of your committee, viz.: J. H. Lewellen, at Pilot Mountain Station; R. M. Loftis, at Brown Mountain church; C. C. Haymore, at Germanton and vicinity; C. W. Glidewell, in the vicinity of old Kay Fork Church, in Stokes county; P. Oliver, at Bethel Church, and N. J. Matthews, at Valley Church.

Brother Lewellen reports as follows: Sermons preached 38, persons

baptized 10. A weekly prayer meeting is conducted in the church, and a good Sunday School of fifty pupils is in successful operation. The membership has nearly doubled within twelve months.

Brother R. M. Loftis reports 38 sermons preached, 46 visits made, 7 persons baptized, and $8.32 collected for various objects of benevolence.

Brother C. C. Haymore reports good congregations at Germanton. There a few persons have professed faith in Christ. Steps have been taken to liquidate the debt on the house of worship at that place. They have a mission Sunday School about 2 miles away, which is largely attended; Brother Haymore preaches there also, and regards it a point of much promise.

Brother P. Oliver reports congregations improving. He has preached 34 sermons and made 30 visits. The Church Letter will show the additions made to the church and the funds contributed. The outlook for this church is encouraging. We have had a hard struggle, but success is assured.

Brother Glidewell has been laboring in a field of great destitution. He reports 18 sermons preached, 23 visits made, and one person baptized. Congregations are good. A good site has been secured for a church house, in a good community. Arrangements have been made for the building of the house. The house is to be 32x45 feet. It is confidently believed that the work will be finished in the near future. By careful attention this promises to be a centre for great usefulness in our Master's cause.

Brother N. J. Matthews has preached during the year at Valley church. He reports 32 sermons, 12 religious visits, collected five dollars for State Missions. Two have joined the church.

Your Committee would recommend:

(1.) That our churches be urged to increase their contributions to this cause that all the destitution in our bounds may be removed.

(2.) That our pastors be asked to supply destitute neighborhoods which they can reach from their churches.

(3.) That points like Stoneville and other centers of population where we have, at present, no houses of worship, be looked after as early as possible.

(4.) That the Fifty Dollars loaned by the Pilot Mountain Sunday School Association to this Committee to relieve the State Board of indebtedness, be refunded.

Bryant, returned Missionaries from China; F. P. Hobgood, of Oxford Female Seminary; W. R. Gwaltney, Board of Education.

T. M. Baker read the report on Foreign Missions. Pending

the adoption of the report, the Association was addressed on the great subject of Foreign Missions by D. W. Herring, R. T. Bryan and C. Durham. The report was adopted:

REPORT ON FOREIGN MISSIONS.

We have missions, conducted by our Foreign Mission Board, in China, Africa, Italy, Brazil, Japan and Mexico. In all these countries the people are bound in chains of superstition, but religious liberty is allowed, and our missionaries are making progress, gathering members and organizing churches. In the last conventional year our missionaries baptized 434 persons. The world is now accessible to the Gospel, and the man who is not a friend to missions is blind to the signs of the times in which he lives, and in opposition to the greatest work of the nineteenth century. God is fulfilling that Scripture in our day, that his Son should have the heathen for his inheritance, and the uttermost parts of the earth for His possession. The nations are hearing the word, and knowledge is covering the earth as the waters cover the sea. God seems now, as never before, to be stirring up His people, and many young men and women are rising up, and are ready to go! and thousands are giving of their means; and the time has come when all Christians should rise up in one mighty army and take the field for Christ. EVENING SESSION.

C. J. Watkins read the report on Sunday Schools. Pending the adoption of the report, C. J. Watkins and C. Durham spake on the subject. The report was adopted:

REPORT ON SUNDAY SCHOOLS.

The Committee on Sunday Schools find that while the Churches within what is now the bounds of the Pilot Mountain Association have increased during the past twenty years from 6 to 33, there has been a corresponding increase in the number of Sunday Schools, and, so far as we know, all the Churches have Sabbath Schools a part of the year. While we have at least one school in the Association whose number exceeds the membership of the Church, it is sad to note the indifference among some of our Churches in regard to the Sunday School work. Believing, as we do, that the Sunday School is of vital importance to the Church, we request all our Pastors to urge their Churches to keep open at least one Sunday School or more 12 months in each year and make a full report of the same to the annual meeting of our Associrtion. We further recommend the Baptist Sunday School Chatauqua which is to be held this year at Mt. Vernon Springs. Respectfully submitted,

J. F. LANCASTER,
C. J. WATKINS, } Committee.

On motion of H. A. Brown, the regular order of business, was suspended, and F. P. Hobgood made some remarks about Oxford Female Seminary.

J. D. Hollister read the report on Temperance. Pending its adoption the following brethren spake on the report: J. D. Hollister, H. A. Brown, R. T. Bryant, H. Sheets, D. F. King, W. R. Gwaltney, T. S. Sprinkle, C. Durham, F. P. Hobgood, C. C. Haymore, L. R. Pruett and T. M. Baker. Report adopted.

REPORT ON TEMPERANCE.

This Association, by giving Temperance a place in tts regular order or business, has recognized it as legitimate Church-work, and, as such, it should be more earnestly dealt with than has been done heretofore. Your Committee believes that it is full time that some

more decisive action should be taken to effectually deal with the Arch enemy of the Church of Christ, Intemperance.

We do not assume to formulate a plan, but to bring the matter before the Association, and we submit the following:

Resolved, 1st. That we call upon every individual member of the churches of this Association to put themselves unmistakably on the side of Temperance Reform in the eyes of the public, that they may exert a corrective influence against the great sin of intemperance.

2nd. That, in our opinion, it is the duty of the churches of this Association to withdraw fellowship from any member who, after admonition by the church, persists in making or selling intoxicating drinks, and also to discipline any member who habitually uses the same.

3rd. That the Pastors of this Association be requested to preach more on the subject of Temperance, and that, where practicable, the young people be organized for training in Temperance principles and work.

4th. That a Committee be appointed, whose duties it shall be, to encourage and promote the provisions of this resolution. To collect statistics as to the status of the Temperance sentiment in our Churches, and to report to this Association the progress of the work together with such recommendations as developments may suggest.

J. D. HOLLISTER,

REPORT ON PERIODICALS.

There has never been a time in the history of the Baptist of North Carolina when they needed information more than they do now. The Biblical Recorder is a means of furnishing this needed information. We recommend it to every member of the denomination. It is an important factor in our State and Foreign work. It is a preacher that comes regularly to our homes every week, at the low price of two dollars a year. No Baptist family can be well equipped for church work without the Recorder, and yet less than one-third in the State take it. People, to be interested in any work, must be informed as to its condition and needs in every department. We recommend our people to take and read the Foreign Mission Journal, Our Home Field, Charity and Children. These papers are all useful in their sphere, and ought to be read by all.

C. C. HAYMORE.

REPORT ON EDUCATION.

There are three special departments in education in which we should be interested.

1st. Board of Ministerial Education at Wake Forest. This Board aids indigent young preachers in securing a collegiate education. The past year the Board aided 38 such young men. The churches are asked to furnish the means to the Board by which it may do this work for the denomination.

2nd. Our Schools—WakeForest College, Oxford Female Seminary and Chowan Baptist Female Institute—offer the best opportunities for our young men and young women to secure a liberal education.

3rd. General Education—The common schools—is at present of more than usual interest to our people. Dr. C. E. Taylor has prepared and published some articles—"How far Should a State Undertake to Educate?"—which are wise and just. We commend them to the thoughtful study of all our people

RESOLVED, That in our opinion the State ought to provide for at least a four months public school in each and every school district in this State.

RESOLVED, That, in our opinion, in the present condition of educational development of North Carolina, no appropriations of the taxes of the people ought to be made for higher education.

REPORT ON HOME MISSIONS.

The Home Mission Board employs missionaries, who preach at churches and stations, organize Sunday Schools, constitute churches and build houses of worship. Its work is among the Southern States and Cuba, and among our foreign population, Indians and colored people. Much and great is the work that this Board has done, and the field at present is broader than at any time before in its history, and we should give liberally to its support. R. W. CREWS.

W. A. Cooper read the report on State Missions. Also H. A. Brown read the report of Executive Committee and Treasurer's report. Pending the adoption, the Association was addressed by C. Durham, Rufus Ford, C. M. Billings, D. F. King, J. B. Richardson, N. J. Matthews, S. F. Conrad, C. C. Haymore and H. A. Brown, and report adopted, and the following pledges taken for State Missions:

REPORT ON STATE MISSIONS.

At the last session of the Baptist State Convention the Board was in debt, on the State Mission work, three thousand dollars. A united and successful effort was made to secure this amount in ninety days, and by April 1st the debt was paid. The Convention instructed the Board to arrange its work this year on such a basis as would enable it to close the year without debt. This it has endeavored to do. At the present there are eighty-five missionaries. These preach at more than three hundred destitute places. They have been greatly blessed in their work. Among them are some of the most consecrated and successful preachers in the State. The work was never, we think, in better condition or more successfully done. W. A. COOPER.

REPORT OF EXECUTIVE COMMITTEE.

The following brethren have been laboring during the year under the direction of the Executive Committee, viz: N. J. Matthews, at Valley and Good Will churches and vicinity; C. C. Haymore, at Germanton; C. W. Glidewell, at Mitchell's School House; P. Oliver, at Bethel; R. M. Loftis, at Brown Mountain, and S. F. Conrad, as general missionary in connection with Sunday School and Colportage work. The Committee arranged for the following appropriations: To N. J. Matthews, $65.00; to C. C. Haymore, $25.00; to C. W. Glidewell, $50.00; to R. M. Loftis, $25.00; to S. F. Conrad, for time given, at the rate of $100.00 per year.

Much earnest and faithful work has been done by these brethren in their respective fields. As their time does not expire until December, they have not held meetings at all the points.

Brother Loftis reports, from Brown Mountain, 26 received by baptism, one by letter and one by restoration. He has collected on the field, $5.00 for State Missions and $2.00 for the orphanage. He has been preaching at Walnut Cove with great acceptance and success, but your committee made no appropriation as the State Board has until recently been aiding at that point. It is an important point, and should be looked after by our committee if the State Board can no longer give help there.

Brother Glidewell reports having preached 38 sermons, made 42 religious visits and baptized 8 persons. A lot has been secured and timber has been taken to the mill for the erection of a new house of worship. The outlook is encouraging.

The following summary of work done by S. F. Conrad is given: 44 sermons preached, 10 Sunday School addresses made. Protracted meetings were held at Stoneville and Walkertown, He reached several points and held services, to-wit: Centerville Pleasant Fork, South Salem, Alspaugh's, Walkertown, Good Will, Providence, Stoneville, Macedonia, Five Forks, Holly Springs and Bug Hill. A church has been organized at Walkertown as an outgrowth of the work done and a good Sunday School at Five Forks.

Brother N. J. Matthews reports 30 sermons preached at Valley, six persons baptized and fifteen visits made. He has preached 42 sermons at Good Will, received five by experience, one by letter and 11 by baptism. He has made 42 visits. He has collected on the field $10.25 for State Missions. Brother Matthews has been preaching at Walkertown, and recently baptized three persons at that place. The outlook is encouraging on this field.

Brother P. Oliver makes the following statements: He has baptized 5 persons, preached 34 sermons and made 30 visits. There are signs of improvement in many directions. A good Sunday School is kept up.

Brother C. C. Haymore reports from Germanton:

During the year I have preached 22 sermons. Baptized two. Congragations are good. The work seems to be growing in interest. The church has raised and paid on the church debt (two hundred dollars) fifty dollars. In connection with this work I have been preaching at a half-way point up railroad, between Germanton and Rural Hall. At this point congregations are very large, and the interest good. The people are very anxious to have regular preaching.

Your Committee are gratified to report that much voluntary mission work has been done by our pastors. At some of these points Sunday Schools have been organized and houses of worship erected. A good house has been built in the territory of the Madison Baptist Church, and largely by the members of that church. Arrangements are being made to build a good mission house in North Winston by the First Baptist Church and other brethren.

Much needs to be done; but the contributions from the churches must be increased if the needs of field are supplied. May the Lord give us larger views and grace sufficient to rise up to the full measure of our responsibility.

EVENING SESSION.

After singing "Jesus, lover of my soul," the Moderator called the Association to order.

P. Oliver read the report on Orphanage. Pending the adoption of the report, P. Oliver, S. J. Montague, John Mitchell and H. A. Brown, spoke on the report; after which it was adopted.

REPORT ON BAPTIST ORPHANAGE.

This is an important work. The Master has made it our special duty to look after the poor of this world; and reminds us that there will be work of this character while time continues. We are glad to report that our orphanage, with the 125 children, is doing fairly well. We would respectfully recommend,

1st. That our pastors preach at least one sermon each year, before their respective churches, with reference to this work.

2nd. That each family, connected with our churches, take Charity and Children, our orphanage paper, from which they will learn weekly the needs and progress of the institution.

3rd. That our churches make regular collection for this, as for other objects; and that monthly collections for this work be encouraged in our Sunday Schools.

P. OLIVER,
T. M. BAKER. } Committee.

W. A. Cooper read the report on Time and Place of Next Meeting, which was adopted.

REPORT ON TIME AND PLACE.

Your committee on place of holding next Association beg leave to report that in their opinion, as we have no invitation, it would be wiser and perhaps give more satisfaction by leaving the matter in the hands of the Executive Committee; and in the meantime the delegates can consult their respective churches, and if they see fit can send invitation to the Chairman Executive Committee in time to have their dicision recorded in the minutes.

Respectfully submitted,

W. A. COOPER,
E. J. STYERS,
C. W. GLIDEWELL. } Committee.

H. A. Brown read the report on Foreign Missions. Pending the adoption, W. H. Wilson and W. H. Sledge spoke on the report, and report adopted.

REPORT ON FOREIGN MISSIONS.

The Foreign Mission Board is simply a committee of our wisest and best brethren who prayerfully, and without pecuniary consideration, give time and thought to the best interests of the Foreign Mission work done by the churches of the Southern Baptist Convention. This committee makes their annual report to the Convention and through the Convention to the churches. From this we gather some facts as follows:

The Italian Mission has 15 stations, 54 out stations, 16 missionaries, 372 members, of whom 38 were baptized last year, and the cost of the work was $18,161.08.

In China the work is divided into North, South, and Central. These districts together have 9 stations, 48 out stations, 42 missionaries and ordained helpers, 1,137 members, of whom 122 were baptized last year, the work costing $33,167.95. The South China Mission contributed $1,164.52.

In Africa we have 15 stations, 54 out stations, 16 missionaries and ornained helpers, 3 churches with 372 members, 38 being baptized last year. The expenses were $6,966.80.

Brazil is devided into four principal missions, with 20 stations and out stations, 17 missionaries and ordained helpers, 11 churches, 529 members, 159 baptisms; expenses, $25,270.11.

The Mexico Mission reported 39 stations and out stations, 30 missionaries and ordained helpers, 37 churches, 1,163 members. The expenses were $28,448.42. The churches in this mission contributed $2,600.25 to all purposes.

The Japan Mission is the yougest of our missions. Two main stations are occupied and 4 missionaries carry on the work. One church nas been organized with 31 members, 9 of whom were baptized last year. The expense was $4.490.

Our brethren need information in reference to the work of our missionaries. Our papers, and especially the Foreign Mission Journal, will give this information. Our pastors should hold mission meetings where the people can be informed. When the people know the facts and follow the leadership of consecrated pastors and workers the contributions will not be wanting. The women in our churches contributed last year $25,514.99 to Foreign Missions. Let ALL our women be encouraged to go forward in

this God-given work. Let our prayers and our contributions go up as memorials before God. Let no church, however weak, fail to do something for Foreign Missions. To fail is to be disloyal to Him who said, "Go ye into all the world and preach the gospel to every creature; he that believeth and is baptized shall be saved, and he that believeth not shall be damned."

S. F. Conrad read the report on Sunday Schools, and the report was laid on the table until Sunday morning.

D. V. Carroll read the report on Temperance. Pending the adoption of the report C. M. Billings and C Durham spoke on the report, and adopted.

REPORT ON TEMPERANCE.

Your committee finds that while the liquor traffic still exists to a deplorable extent, that there has been, more especially in the rural districts, a marked improvement along the line of temperance. That in our opinion the laws, enacted for its suppression, are restraining it within certain limits, but they are not, neither indeed can be, sufficient to entirely eradicate it. We suggest that the solution of this grave problem lies within the home circle, and we earnestly recommend that the principle of "Touch not, taste not, handle not the unclean thing," be proclaimed from all our pulpits, and emphasized in all our homes. In this matter the hand of the woman is mightier than the arm of the law; and we further recommend that the women in our churches be urged to take a bold stand against this their peculiar enemy, whensover, wheresover and in whomsoever it may appear.

Respectfully submitted,

E. T. PARHAM, D. V. CARROLL. } Committee.

On motion of H. A. Brown the Association to pay over $100 to C. Durham for State Missions.

P. Oliver read the following resolution, which was adopted:

WHEREAS, We, the Pilot Mountain Association, believe that the intercollegiate sport and exercise, consisting in foot ball and base ball, have assumed a spirit and an attitude, and is being conducted in a way that is injurious to the students, both financially, morally and mentally, therefore be it

RESOLVED, 1st. That the faculty and trustees of Wake Forest College use such means as may be necessary to stop intercollegiate games, both of foot ball and base ball.

2nd. That these resolutions be sent to the Biblical Recorder for publication, and that we request all our sister associations to act with us in this matter.

W. H. Wilson read the following resolution, which was adopted:

RESOLVED, That the thanks of this Association are hereby tendered the Mt. Olive church and entire community for their kind hospitality, generous and royal entertainment of the delegates and strangers in attendance upon the ninth annual session of the Pilot Mountain Association.

FOURTH DAY—MORNING SESSION.

SUNDAY, August 5, 1894.

Religious exercises conducted by W. H. Wilson.

After which the Sunday School work was discussed by T. M. Baker, C. M. Billings, D. F. King, W. H. Sledge, J. R. Kallam, J. B. Richardson and C. Durham, and the report adopted.

REPORT ON SUNDAY SCHOOLS.

At the first session of the Association in 1886, thirteen Sunday Schools were reported in the church letters, with an aggregate of 1,054 scholars. At the last session, held at Waughtown, 27 Sunday Schools were reported in the letters with an aggregate of 2,077 scholars. While this seems a creditable showing there is a wide discrepency between the membership of some of the churches and the number of scholars reported in the Sunday Schools. One church reports 199 church members and 30 scholars in the Sunday School. Another reports 190 church members and 38 in the Sunday School. Another 133 members and 30 in the Sunday School. From the figures it is very evident that there is a wrong somewhere. At the last session of this body, 2,808 church members were reported in the letters, while the same letters reported only 2,077 Sunday School scholars. A large majority of the churches report more church members than Sunday School scholars, while it seems evident that it ought to be the reverse. We are manifestly not doing our duty in this department of work. Your committee are of the opinion that these discrepancies are largely due to the pastors. A live, active pastor will not be satisfied with a dull, inactive Sunday School. We desire, therefore to recommend that where destitution exists and churches are not doing their duty as to this work, that some special efforts be made by the pastors and churches to enlist and awaken a deeper interest in this work

SAYINGS OF THE BRETHREN.

C. C. Haymore: We can't, as Baptist, do without the *Recorder*.

J. C. Caddell: We have never had but one first-class secular paper in North Carolina. We have more subscribers to the *Recorder* to-day than ever before. Can't be an intelligent Baptist without the *Recorder*.

S. F. Conrad: As soon as I could remember my father was taking the *Recorder*, and I have been taking it ever since. I have never found the *Recorder* unsound in its doctrine. It has never deserted its colors.

H. A Brown: The *Recorder* is a better paper to-day than it ever has been. The *Recorder* does me more good than any other paper I take.

T. M. Baker: If it had not been for the *Recorder* I don't know whether I wou'd have been a Baptist or not. I am a Baptist from feet up and head down. You can tell every member that takes the *Recorder* in my church on pay day.

S. F. Conrad: If we don't go forward and occupy the field, it will be occupied by some one else.

T. W. Bickett: Wake Forest is a bank in which we draw out men.

C. Durham: The men that are willing to go out into the high ways and hedges, are the men that give most to Missions.

H. A. Brown: I want W. L. Poteat to instruct the students at the college about the locusts, so the next generation will not have so many questions asked them.

SECOND DAY—MORNING SESSION.

FRIDAY, AUG. 2, 1895.

The Association convened this morning with Religious exercises conducted by R. VanDeventer. Prayer by H. A. Brown, after which the Moderator called the Association to order, the proceedings read and adopted. R. W. Crews read

the report on arrangements, which was adopted. J. A. Wray read the report on perodicals, pending the adoption of the report, J. A. Wray spoke on the report, which was adopted:

REPORT ON PERIODICALS.

One of the greatest needs of our denomination in this State is cultivation—that cultivation which will be best brought about by the informatian gained through our denominational literature. First and above all we recommend to every one the organ of our denomination in this State, the *Biblical Recorder*. The *Recorder* is found among the members of our best and most active churches. It should serve as an assistant pastor in every church and as a general messenger, going weekly in every home, telling the condition and needs of every department of our work.

After this we would recommend to our people the *Foreign Mission Journal*, *Our Home Field* and *Charity and Children*. J. A. WRAY.

C. C. Haymore read the report on Foreign Missions, pending its adoption, C. C. Haymore, R. VanDeventer, W. H. Wilson, J. H. Lambeth, D. F. King and H. A. Brown spoke on the report after which the report was adopted with H. A. Brown's resolution:

Resolved 1st, That we earnestly request all our pastors to present the cause of Foreign Missions to their churches during the year. Literature for the information of all our people can be easily furnished and should be widely scattered.

Resolved 2nd, That we will make a vigorous effort to raise the $300 as asked by the Board in accordance with the suggestion made by the special committee appointed by the Southern Baptist Convention. H. A. BROWN.

REPORT ON FOREIGN MISSIONS.

The Southern Baptist Convention was organized in Augusta, Ga., 1845. At that meeting the Foreign Mission Board was appointed. During the fifty years of its existence 310 missionaries have been sent out and $1,814,800 given for the work. Missionaries are now sustained in China, Africa, Italy, Brazil, Mexico and Japan. In all these fields our missionaries have permanently planted and located the cause of Christ, and the reports that came up from these fields to the last Convention, which met in Washington, May 10th, 1895, was very encouraging.

The Board sent out last year only a few missionaries and the support of these was especially provided for. New fields are opening; many are saying, come over and help us, and in answer to this call many are saying to the Board, send us, send us, but the Board thinks it best not to enlarge the work just now. The contributions for the last year was $130,000, this by far the largest amount ever given for the regular work. The Board is carrying a debt of about $20,000, yet this is considerably less than last year.

Of all the funds received during the past year, ninety-two cents on the dollar went to the missionaries, and only 8 cents on the dollar was used for all expenses here, this includes interest also. Sta-

tistics and other facts in connection with the work show that there has been a moving forward all along the line, and notwithstand the unparalled depression all over the country, we have received larger contributions than ever before. With these facts before us, I would say to the brethren representing the churches, composing the Pilot Mountain Association, turn your faces to the future, and with thankful hearts and renewed hopes, join hand in hand and say: God being our helper we will go forward. C. C. HAYMORE.

W. H. Wilson read the report on Education, the subject was discussed by I. Royal, Jno. Mitchel, C. C. Haymore and W. H. Wilson, and the names of churches called and the following pledges taken for Education:

W. Blanchard and C. C. Haymore, after which the report was adopted:

REPORT ON EDUCATION.

It is with delight that your committee are able to report that more interest is now taken in all branches of education than at any previous time in our history, and that more students are in our schools and colleges than ever before.

Our own college at Wake Forest is in a most prosperous condition. Twenty-three young men graduated at the last commencement and have gone forth to try and bring the world to Christ. The prospects for the coming session are hopeful.

As the college belongs to the Baptists of the State, it should have the prayers, the sympathy and the hearty co-operation of every member of all the churches.

The Board of Education aided 36 young men last session. The amount allowed them was $9.00 per month. The Board exercises great precaution in giving aid to the poor young men, and it makes but few mistakes, and when the mistakes are discovered the young man is dropped at once.

We recommend the Southern Baptist Teachers Seminary to our ministers. No young minister can well afford to miss the advantages offered them there. It is our own Seminary and we should stand by it.

Ample provision has been made for our daughters in the colleges at Oxford, Murfreesboro and in the Baptist Female University at Raleigh. All the colleges are cordially recommended to the patronage of our people. W. H. WILSON.

Summerfield Church asked for a letter to join Piedmont Association which was granted.

P. Oliver read the report on Home Missions and the Association was addressed by P. Oliver and C. Durhrm and report adopted.

REPORT ON HOME MISSIONS.

What the State Mission Board does for North Carolina, the Home Mission Board is trying to do for the territory covered by the Southern Baptist Convention. Its missionaries are at work in nearly all the Southern States, the Island of Cuba, and Indian Territory. The number of missionaries employed last year was 381, 14 of which labored in North Carolina.

The work done by these men has been wonderfully blessed, and great good has been accomplished. We are under special obligation to sustain this Board. It is manifest that the better we cultivate the Home field, the better prepared we will be to help in foreign lands.

Many of our strongest churches in North Carolina were helped by the Home Board, when they were unable to help themselves. This Board is and has been doing much to better the condition of the colored people in the South.

This is our work, and we would respectfully urge our churches to take greater interest in this department of our labor than they have done in the past.

P. OLIVER,
D. V. CARROLL, } Committee.

The Association adjourned.

Benediction by J. B. Richerson.

THIRD DAY—MORNING SESSION.

SATURDAY, AUG. 3, 1895.

The Association met this morning as usual, devotional exercises were conducted by W. L. Poteat. Prayer by J. H. Vernon, after which the Moderator called the Association to order. The minutes read and adopted.

S. F. Conrad was appointed a delegate to the Southern Baptist Convention, C. C. Haymore, Alternate. W. H. Wilson, J. T. Valentine and J. A. Wray were appointed as delegates to the Baptist State Convention.

T. M. Baker read the report on Baptist Orphanage and remarks were made by J. B. Richerson and S. F. Conrad and report adopted.

REPORT ON BAPTIST ORPHANAGE.

Your committee make the following report:

During the last 12 months much good work has been done at the Orphanage. Feeling the need of a steam engine and having no money to buy one, the General Manager, J. H. Mills, by direction and endorsement of the Executive Committee, went out among the people and got contributions to the amount of $600.00 and bought an 8-horse power steam engine, which has been put in place and covered over with an iron shed. By this means much useful work is done at the Miller Building—such as sawing wood, pumping water, turning machines, beating bread, dough and other things not yet completed. A carpet loom has been put in this house and beautiful and good carpets are now made from rags. Other occupations to help girls earn an honest living will be introduced as means permit.

Charity and Children with 1,100 bona fide circulation has been published at a profit to the Orphanage of nearly $200. We ought to get a copy of this in every Baptist home in North Carolina. It is purposed to greatly increase its interest to children.

At the last meeting of the Board of Trustees of the Orphanage, Brother J. H. Mills was not elected to the position which he has so successfully held since the organization. While we regret this action of the Trustees, we will continue to pray for and contribute of our means to the support of the Institution.

We urge all our churches and Sunday Schools to make increased contributions that the work can be increased. Men may come and men may go, but the cause of the Orphanage must not be neglected.

S. J. Montague, T. M. Baker, } Committee.

H. A. Brown read the following Resolution.

Resolved, That we, the Pilot Mountain Association, regret the removal of Brother J. H. Mills as manager of the Baptist Orphanage at Thomasville.

That we have unbounded confidence in his christian character and his ability for the educational and religious training of the children placed in his care.

J. B. Richerson, R. A. Wommack, H. A. Brown. } Committee.

H. A. Brown read tee report on State Missions, also Executive and Treasurer's report. Pending the adoption, the Association listened to the following brethren on State Missions. C. Durham, W. H. Wilson, C. W. Glidewell, N. J. Mathews, R. M. Lo'tis, C. C. Haymore, S. F. Conrad, D. F. King and H. A. Brown after which the Churches called and pledges taken for State Missions.

Report on State Missions, also Executive and Treasurer's reports were adopted:

REPORT ON STATE MISSIONS.

The work of State Missions has been greatly blessed during the year. Notwithstanding the cry of "Hard Times"—the pressure of the financial situation—our people have felt that the Lord's work must not be neglected. We have 92 missionaries laboring under the appointment of the Board, and these men of God have occupied 397 churches and stations. Twelve churches have been organized on mission fields during the year. Ten houses of worship have been dedicated and 47 others are now in process of erection. We greatly need more system in the matter of collecting money for this department of our Master's work. Let each church have a committee on State Missions who shall be in communication with the Secretary and thus be able to furnish information and assistance in increasing the contributions for this cause.

H. A. BROWN,
Committee.

REPPORT OF EXECUTIVE COMMITTEE.

The Executive Committee of the Pilot Mountain Association make the following report:

The following appointments and appropriations have been made: N. J. Matthews, at Valley and Walkertown, appropriation, $75.00; C. W. Glidewell, Oak Grove and vicinity, appropriation, $50.00; W. H. Wilson, Stoneville, Elliston and other points, appropriation, $50.00; R. M. Loftis, Walnut Cove, appropriation, $50.00.

Brother C. C. Haymore has continued to labor at Germanton and also at a school house in the vicinity. Congregations good and the field one that needs attention and help. He was also asked by the Committee to make a trip into a destitute region in Stokes county with a view of locating a mission point. No appropriation has been made for this work done by him. If thought proper the committee may consider the matter and recommend. An appropriation of $25.00 allowed.

W. H. Wilson makes a very encouraging report. He has preached at Stoneville, Barn's School House, Elisbow, Ball Hill School House and Cracy Spring School House. He has preached 90 sermons and received 53 persons by experience and baptism. They propose to build houses of worship at Ball Hill and Ellisbow, near spring. He has held special meetings at all the points except one, done a large amount of visiting during the year and distributed Bibles, Testaments and religious literature throughout the field.

Brother N. J. Matthews reports that he has preached 24 sermons

at Walkertown. Five have joined the church. The lumber is being prepared for the new house of worship which the brethren hope to erect at an early day. He has preached 16 sermons at Valley and 3 have joined the church there. He thinks the outlook on the field is hopeful

Brother R. M. Loftis has preached regularly at Walnut Cove. Congregations have been good and attentive. He has preached 47 sermons, made 62 visits, baptized 13 persons and received 1 by letter. They have a good Sunday School.

Brother C. W. Glidewell reports 32 sermons preached, 65 religious visits made and 13 persons received into the church, 7 by baptism and 6 by letter. A good, comfortable, convenient house of worship has been completed in a good locality. The congregations are good and the future seems full of promise.

At the last session of the Pilot Mountain Sunday School Association, Brother W. A. Cooper, treasurer of that body, made his report showing a balance in his hands of $60.73. By a vote of the Association this amount was ordered to be paid to the treasurer of this Committee. Up to this date the amount has not been turned over, but remains with Brother Cooper. An itemized report is in the hands of the Committee.

There is much destitution now in our bounds. The Macedonian cry of "Come over and help us" is coming from many neighborhoods. Your committee cannot make appropriations and meet them without the hearty co-operation of the churches in the way of money sent up for this purpose. Shall we not go forward?

The fields are white to the harvest and the Lord has blessed us with the ability to do a great work in building up the "waste places." Again we ask, shall we not go forward?

EVENING SESSION.

After singing "Am I a Soldier of the Cross," prayer by I. Royal. The Moderator called the Association to order.

R. M. Loftis read the report on Sunday Schools. C. Durham, I. Royal, W. L. Poteat spoke on the report, after which it was adopted.

REPORT ON SUNDAY SCHOOLS.

While there is an increasing interest in the Sunday School work in this Association, and while this is the only Association in the State reporting last year more Sunday Schools than churches, yet there are a few churches that have no Sunday School. But on the other hand some of the live, active churches are trying to carry out the Lord's command, and have gone out into the highways and hedges and are bringing them in. They have organized seven, and are conducting mission Sunday Schools with good results.

We see from the reports that as a rule the churches that have good Sunday Schools are the churches that are making the greatest progress, therefore the committee recommends that all the pastors see to it that all the churches have Sunday Schools and that we continue to reach out, and where destitution exists that some special efforts be made to enlist and awaken a deeper interest in the great work.

May we awake to the responsibilities that are resting upon us, and the opportunities that are before us. R. M. Loftis.

J. T. Valentine offered the following Resolution:

Resolved, That the thanks of this Association are hereby tendered the Beaver Island Church and entire community for their kind hospitality and a royal entertainment of the delegates and strangers in attendance during this session of the Pilot Mountain Association.

J. T. Valentine.

FOURTH DAY—MORNING SESSION.

SUNDAY, AUGUST 4, 1895.

Devotional exercises conducted by J. H. Vernon, prayer by same. W. L. Poteat conducted the Sunday School class:

H. A. Brown preached in the house at 11 o'clock from Cor. 3—12. Prayer by E. P. Ellington.

Benediction by H. A. Brown.

SAYINGS OF THE BRETHREN.

C. W. Blanchard: The last thing that the late J. S. Purefoy did was to make a contribution to Wake Forest College.

C. Durham: If we had $75,000 to spend in new houses we could do it without the loss of one dollar. The Gospel is the only thing the people need. In the church of which I was a member, in the country, during the space of 60, years sent out 11 men to preach the Gospel in different parts of the State.

C. C. Haymore: I am stopping at the place where my Father Minister was raised, J. H. Lewellen.

H. A. Brown: 24 years ago I came here my first time as a missionary. This is the first house I ever had anything to do with in building.

R. VanDeventer: We need the Holy Spirit to select the the right kind of men to lead us. I believe when God selects a man and sends him out into the field he will succeed. We need the Holy Spirit to revive us in giving.

J. H. Lambeth: We ought to come up to this point of acquainting ourselves with the great need of sending the Gospel to the heathen. If we could wake up as a denomination as to our duty in giving. God has provided the Gospel to cover this whole world and given us the privilege to carry it to the end of earth. The heathen cannot be saved without the Gospel.

The Committee on Arrangements made their report, which was adopted.

The report on Education was read by I. Royal. Pending the adoption of the report, John Mitchell spoke to the report, and that part of the report on Ministerial Education was adopted.

REPORT ON EDUCATION.

There is great need that the subject of education be fully and thoroughly brought before our people and all people everywhere.

The young who are to take the places of honor and trust should have the advantages of every offer that our Schools, Academies and Colleges afford. This Association has several good schools within its borders conducted by Baptists, but it has no associational school under its direction and control. Would it not be wise for this

session of the Association to take the initiatory steps towards establishing a school of high grade at some central and accessible point to be controlled by a board of trustees appointed for that purpose? This would give an opportunity of procuring an education to all of our boys and girls.

It is gratifying to know that the last session of Wake Forest was the most prosperous of any session in the history of the institution. Two hundred and sixty-one (261) students were registered, of whom about 60 were young Baptist ministers.

The amount needed to secure the pledge of the American Baptist Educational Society for the Royal Chair has been subscribed, and about one-third paid.

The Trustees have just inaugurated the teaching of the Bible as a regular college study, and Rev. W. R Cullom has been chosen as instructor for next session. In order to make this department a complete success, it must be endowed. This work has been committed to Rev. C. W. Blanchard, and he should receive the active co-operation of every Baptist in the State. Wake Forest belongs to the Baptists of North Carolina. It offers as good facilities as any college in the South. We ought to see to it that the faces of all our young men who desire a college education shall be turned thither. Dr. B. H. Carroll, of Texas, recently said that it was his conviction that Wake Forest is the best college in the world under Baptist control. But we should not be satisfied. In order to make it still better, we should pray, contribute money and solicit students for it, while we should protect it from all unfriendly aggressions.

Chowan Baptist Female Collegiate Institute and Oxford Female Seminary both offer peculiar advantages for the education of girls, and we heartily commend them to all persons having daughters to educate as safe institutions of learning worthy of patronage.

With all these advantages, nothing hinders our boys and girls from receiving a thorough training, suitable for all the duties of life.

Respectfully submitted,

ISHAM ROYAL.

REPORT ON STATE MISSIONS.

Since our last session the denomination has been called to mourn the death of Bro. C. Durham, so long the beloved Secretary of our

State Mission Board. At our last Convention Bro. John E. White was elected to fill the vacancy caused by Bro. Durham's departure. We commend him to the confidence and affection of all our brethren. We urge that during the year we shall heed his appeals and keep constantly in mind the work which God in His providence has committed to him. A hearty co-operation means assured success.

The State Mission work lies at the basis of our denominational enterprises in North Carolina. If this prospers, then all the others may; if this falters, all the others surely will. Much of our growth and prosperity in the past have been a direct result of the State Mission work. There is still very much land to be possessed. The need of more consecrated men to occupy fields white unto the harvest is urgent. The appropriations made for the work in the State are larger than usual, the time in which to raise them shorter. This is a bugle call for enlarged interest in all our churches along this line. We recommend that our pastors preach on the subject during the year, call attention to the articles published by our Secretary in the papers, and give the people frequent opportunity to contribute.

Respectfully submitted,

H. A. BROWN,
J. T. VALENTINE, } Committee.

REPORT OF EXECUTIVE COMMITTEE.

Your Committee make the following report:

We recommended Bro. R. A. Loftis as missionary at Walnut Cove and agreed to pay him forty dollars He makes a good report. Sermons preached, 46. Visits made, 80. Number baptized, 10. He writes that they have a weekly prayer-meeting, a flourishing Sunday School and fine congregations.

Bro. Henry Sheets was asked to become pastor at Valley, and we agreed to allow $12.50 as a supplement to his salary. He has preached 26 sermons, baptized 2 persons, visited 10 families, secured collections for the different objects of the Convention. He is greatly beloved by the people, and the prospect is very good. He is encouraged to believe that the church will do yet more and more.

Bro. W. H. Wilson occupies the following points under appointment of the Executive Committee, viz.: Ellisboro, Bald Hill, Stoneville and Germanton. He has preached regularly at all these places, and makes an encouraging report. He has preached 40 sermons at the three points first mentioned. He has baptized 4 persons, though he has not yet held any special meetings. He hopes for a large in-gathering at an early day. Under his wise management, a house of worship, worth more than $600, has been completed at Ellisboro and is free from debt. A lot has been secured for a house at Bald Hill, and work will begin on the building in the Fall and Winter. At Germanton he has preached 13 sermons and baptized 2 persons. He thinks the prospects good if the debt which has been on the church for several years could be removed The Committee promised to pay him $75.00 for all the points.

Bro. C. W. Glidewell has continued his work at Oak Grove. Six persons have been added, 36 sermons have been preached

and 40 religious visits made. They have a prosperous Sunday School, in which the people are taking great interest. The amount appropriated for this point was $35.00. Bro. Glidewell thinks the indications point, under the guidance of the Holy Spirit, to gracious results in the near future.

The cause at Walkertown has been served by Bro. N. J. Matthews. Your Committee appropriated $50.00 for that point up to Nov., 1896. Bro. Matthews has met his appointments. They are hoping to build a house of worship at that point. It is a great necessity for the success of the work there. Little can be done in the way of gathering a congregation or increasing the membership until the house is completed. He reports sermons preached, 18; visits made, 12.

Bro. C. C. Haymore was asked to cultivate the fields at Rural Hall and King's Cabin, and an appropriation of $50.00 was allowed. But Bro. Haymore found that he could not do the work, and he yielded to Bro. S. F. Conrad, who has been preaching at both points. He has preached 16 sermons and organized a Sunday School at King's Cabin with about 75 scholars. Congregations have been good. The work at King's Cabin is especially encouraging. At Rural Hall we are handicapped by a suitable leader to take hold of the Sunday School work. We have used the Academy as a place of worship.

There are many points in the bounds of our Association which ought to be occupied. Some of the places now receiving aid will have to be helped for some time to come in order to make the cause self-sustaining. One or two points will have to be especially looked after or what has been done will be lost. The Chairman of your Committee told Bro. Wall that we would make a small appropriation to Dan Valley, if possible, to help sustain Bro. C. C. Haymore. He is doing good work there, and we have decided to allow him $12.50 if the amounts sent up by the churches will permit it. Mention was made in our report of last year that a balance of more than $60.00 from the Sunday School Association was ordered to be turned over to this Committee. The Committee have not been able to secure the amount, but the former Treasurer of the Sunday School Associan assures us that it shall be paid. We would call attention to the fact that the missionary work of our Association may be greatly aided by a punctual attendance on the part of the missionaries at our union meetings. The Committee greatly needs the information they can give from time to time. We recommend that in the future no money be appropriated to a missionary who is unwilling to attend the 5th Sunday meetings and make a report of his work.

Let our motto be, in the future, as in the past, "Onward and Upward." Let all our churches gradually increase their contributions to State Missions until all the waste places shall be supplied, and "From the mountains to the sea" there shall not be a locality that is not blessed with a well-organized and well-equipped Baptist church and Sunday School.

EVENING SESSION.

The Association met at 2 p. m. and the Association joined in singing "Praise Him" Prayer by J. B. Boone, after which the Moderator called the Association to order and appointed the following brethren to nominate an Executive Committee: J. B. Richardson, W. H. Wilson and P. Oliver.

P. Oliver read the report on Baptist Orphanage. Pending the adoption of the report, J. B. Boone and H. A. Brown spoke to the report, and adopted.

REPORT ON THE ORPHANAGE.

Under existing circumstances, the past has been a prosperous year with the Baptist Orphanage at Thomasville. Since the first of last September, there has been 178 children in the orphanage; 12

have been discharged, having arrived at the age of 16 years, 10 under 16 years old have obtained good homes, a few have died, five boys have run away. The year closed with 144. The buildings are being increased and improved. The farm is being worked to greater advantage than formerly, having raised this year 155 bushels of good wheat, a good crop of corn and vegetables. The farm is now well stocked with hogs, cows and mules. This will aid very much in supporting the institution. We consider the foundation of this noble institution well laid, and a little effort on the part of the churches and Sunday Schools will keep it running, and eternity alone will reveal the good that has and remains to be done. We advise all who wish to lay up treasure in Heaven to take stock in this good work. Respectfully submitted,

P. OLIVER,
R. M. LOFTIS, } Committee.

J. C. Caddell read the report on Sunday Schools. B. W. Spilmon spoke to the report and adopted.

SUNDAY SCHOOL REPORT.

Men and women were made for business, activity and employment. God made them for his glory and designed that they should do a work, fill a place and bear a part through life. Now, to fill the place for which they were made, they must be trained, and the Sunday School gives the right kind of training to be effectual and permanent. Not only are the young benefited by the spiritual help that comes from the Sunday School, but they are thereby influenced for all their future life, because people act, to some degree, in accordance to former training. Our best workers in the church are those who were early trained in Sunday School. Their powers were developed while young, and among them stand our great and good men and women, bright and shining lights in God's vineyard. This truth calls for effort on the part of all God's people in this great work. R. W. CREWS.

After which the Association adjourned.

Benediction by B. W. Spilmon.

NIGHT SESSION.

The Association re-assembled at 8 p. m. and heard J. C. Caddell on Wake Forest College.

B. P. Smith offered the following resolution, which was unanimously adopted:

Resolved, That we re-affirm our unalterable convictions that the bestowment of State aid for higher education is wrong in principle, unjust to many institutions of learning in our land and dangerous in its tendency.

J. E. White addressed the Association on the subject of General Education.

After which the Association adjourned.

Benediction by J. E. White.

THIRD DAY—MORNING SESSION.

SATURDAY, AUG. 1, 1896.

The Association re-assembled this morning and joined in singing "Jesus, Lover of My Soul." Prayer by B. W. Spilmon. N. S. Jones conducted religious exercises, after which the Moderator called the Association to order.

The subject of Foreign Missions was again taken up and discussed by J. E. White, W. H. Wilson, N. S. Jones, D. F. King, C. C. Haymore, P. Oliver, C. W. Glidewell, T. M. Baker and I. Royal.

P. Oliver offered the following resolution:

Resolved, That we request the churches to instruct their messengers as to the amounts they are willing to pledge for each of the objects before us, namely, State, Home and Foreign Missions, Ministerial Education, and Orphanage. P. OLIVER.

After which the report was adopted.

REPORT ON FOREIGN MISSONS.

We are sorry to have to make a discouraging report of the Foreign Mission work, especially of the decreased contributions. The expenses of the Board have been reduced, and still the collections have not met the demands. We know it has been a year of great financial pressure, but is it right for us to economize on the Lord's work and not on our own personal gratifications? Shall we call the missionaries on the field home and close our ears against the cry of the perishing millions? Shall we not say no, and work more earnestly and give more liberally for the extension of the Master's Kingdom? It is a matter for lamentation that multitudes of our people are utterly indifferent to our Lord's great command and are doing absolutely nothing, either by word or deed, for the evangelization of the world. "To him that knoweth to do good and doeth it not, to him it is sin." We live in a missionary age. By His wonder-working providence God is opening innumerable doors for the entrance of His truth and calling upon us to possess the land in Christ's name. Perhaps he is calling some of us to go in person with the message of salvation to the perishing heathen, and all of us by our labors, prayers and gifts, to hasten the discipling of the nations.

On motion of J. B. Richardson, P. Oliver was asked to write a sketch of the life of J. H. Caudle.

ELDER JOHN H. CAUDLE.

Elder John Henry Caudle was born and brought up in Halifax county, Va. He professed faith in Christ in early life. His early advantages in the way of education were quite limited. He married in Virginia while young; moved to Stokes county, N. C., in early life. When he came to Stokes, there was comparatively little religious influence in the county, and most of that little was exerted by the anti-mission Baptists. Hence he was a pioneer of this section. Realizing the great need of better literary training, he went to school a short time in Mt. Airy, N. C., to Elder West, who taught in that place for a few years. With a growing and dependent family, he felt that he must return home and provide for their wants. He preached for several years as a licentiate. He was ordained to the full

work of the gospel ministry in 1851 at Good Will church in Forsyth county. J. J. James, Stephen Pleasants, John Robertson and E. Dodson were members of the Presbytery. He was in the pastoral work regularly until a few years before his death. Traveled as far as 100 miles monthly to serve a church. His labors were connected with the rise of Mt. Olive, Friendship, Red Bank, Good Will, Brown Mountain, Macedonia, Bean Shoals and perhaps other churches. He was a warm friend of ministerial education, always advised young preachers to improve their minds, not only in literary training, but to go to the theological seminary if possible. For his chance in life, he was considered a strong preacher. Was a decided Baptist. He had no compromise to make with what he regarded as error. Brother Caudle was very industrious, though not a successful manager of business, labored hard to support his family, and preached to the best advantage he could.

Being unfortunate in business, the last few years of his life he was dependent in part upon the charity of the brethren. The Friendship church, of which he was a member, with perhaps a little outside help, furnished him a home and supplied his wants.

After a short illness he passed away on Saturday, May 16, at 12 p. m. He loved the Sabbath, and enjoyed the glorious privilege of entering Heaven on Sunday morning. He leaves one daughter, two sons, a number of grandchildren and a host of friends to mourn their loss. He was about 80 years old. His labors will follow him. P. Oliver.

B. P. Smith, of the Committee on Time and Place, recommended Oak Ridge church, in Stokes county, as the place for the next meeting of the Pilot Mountain Association, N. S. Jones, of Winston, to preach the sermon; W. H. Wilson, alternate.

REPORT ON PERIODICALS.

More and more we realize the necessity for more general information concerning all of our denominational work. Our people will respond to the needs of our cause in proportion as they learn about our enterprises. Realizing that the religious press is an important factor in giving out this information, we would urge our people to take and read all the good literature possible. We would especially urge that as many of our people as possible take the *Biblical Recorder*, the organ of North Carolina Baptists, and which for more than 60 years has been a faithful exponent of Baptist principle and Baptist progress. We also recommend the *North Carolina Baptist* as worthy of the patronage of our people. We desire that our people should become better acquainted with the work of our Orphanage, at Thomasville, and to this end we would recommend that as many as can take *Charity and Children*, a paper printed at the Orphanage. The *Foreign Mission Journal*, printed by the Foreign Mission Board, contains valuable information concerning the work in the foreign field.

J. H. LAMBETH,
C. C. HAYMORE, } Committee.

EVENING SESSION.

The Association re-assembled at 1:30 and was called to order by the Moderator.

The committee that was appointed to nominate an Executive Committee recommended the following brethren: H. A. Brown, D. F. King, M. J. Crews, T. M. Baker and W. H. Wilson.

The Association was addressed by O. L. Stringfield on Female Education.

J. B. Richardson read the report on Home Missions. Pending its adoption, J. E. White, D. F. King and T. M. Baker spoke to the report and report adopted.

REPORT ON HOME MISSIONS.

As Jesus taught and commanded his disciples to begin at Jerusalem in preaching the Gospel to the world, so it becometh his people in all ages to work on this plan. The Home Mission field covers our own Southland with our near neighbor Cuba. Our 410 missionaries are now in the field. Their labors are much blessed. There were 617 baptisms last year. At least 1000 missionaries ought to be in this work. The Bible is the only hope of our civil and religious liberties. By its truth we are to drive out and keep back the great "perils" impending our nation and destroying the souls of men. Our Board is now in pressing need of money. We must do our best to meet the necessity.

J. B. RICHARDSON.

R. J. Lewellen read the report on Finance, and report adopted.

The report on Periodicals was first in order. J. C. Caddell and J. W. Cobb spoke on the subject.

REPORT ON PERIODICALS.

More and more we realize the necessity for more general information concerning all of our denominational work. Our people will respond to the needs of our cause in proportion as they learn about our enterprises. Realizing that the religious press is an important factor in giving out this information, we would urge our people to take and read all the good literature possible. We would especially urge that as many of our people as possible take the *Biblical Recorder*, the organ of North Carolina Baptist, and which for more than sixty years has been a faithful exponent of Baptist principles and Baptist progress. We also recommend the *North Carolina Baptist* as worthy of the patronage of our people. We desire that our people should become better acquainted with the work of our Orphanage, at Thomasville, and to this end we would recommend that as many as can take *Charity and Children*, a paper printed at the

Orphanage. The *Foreign Mission Journal*, printed by the Foreign Mission Board, contains valuable information concerning the work in the foreign field.

Respectfully submitted.

The hour for preaching having arrived, Dr. John Mitchell preached the Ordination sermon of J. B. Johnson and J. L. Vipperman, from Romans, 1st chapter, 16-17-18 verses. Prayer was offered by R. M. Loftis. H. A. Brown delivered the charge. P. Oliver delivered the Bible.

After which the Association adjourned.

Benediction by J. L. Vipperman.

J. H. McKaughn preached at the Old Church, from Hebrews, 2d chapter and 3d verse.

EVENING SESSION.

The Association re-assembled at the hour appointed.

R. W. Crews read the report on Baptist Orphanage, and J. B. Boone spoke to the report.

H. A. Brown offered the following resolution:

Resolved, That it is the sense of this Association that every Pastor ought to have at least one collection during the year in every church for the Orphanage; also, that all our Sunday schools be encouraged to make frequent offerings to this object.

REPORT ON THE ORPHANAGE.

We have at Thomasville 156 fatherless children to be cared for, and all should take shares in this company.

The Lord says: "He that hath pity for the poor lendeth unto the Lord." So this work is the work of the Lord; then we should give to it liberally, because it is not a clear gift; it is a loan, and to one of the best paymasters, for He renders double, yea, a hundredfold, in this life, to say nothing of the life to come.

R. W. CREWS.

Dr. John Mitchell read the report on Ministerial Education. Pending its adoption, Dr. John Mitchell addressed the Association, and the churches called and pledges taken for education:

REPORT ON MINISTERIAL EDUCATION.

Your committee on Ministerial Education would call attention to the following extracts from the North Carolina Baptist State Convention, viz.:

"The primary objects of the Convention shall be to educate young men called of God to the ministry, and approved by the churches to which they belong."

"The Education Board shall, as far as it is able, assist promising and indigent young ministers seeking to prepare themselves for the more efficient preaching of the Gospel."

This has been from the first one of the most important objects of the Convention, and *never* more important and pressing than *now*.

Much has been done, and *more* remains to be done. The Board has been signally blessed in its work. The men aided by the Board and the work done by them furnish an unanswerable argument to the value of the system and the wisdom of the methods of the Board. The number of young ministers needing help is increasing constantly, and the great and good work is earnestly commended to your sympathy and prayers and substantial help. Brethren, let us, for the Master's sake, help His poor young ministers in their worthy and noble efforts to pre-

pare themselves for the great work to which He has called them.

Respectfully submitted.

A. J. Hunt read the report on General Education, and J. E. White addressed the Association on the subject.

REPORT ON GENERAL EDUCATION.

The cause of education demands at the hands of Baptist everywhere the most loyal devotion.

No people need education more than Baptist.

No people are more committed to universal education than are Baptist, by the very nature of their polity and church government.

No people can educate as broadly and as truly as Baptist, from the fact that the mind cannot receive its highest culture except in the atmosphere of freedom.

As Baptist in North Carolina have improved their educational facilities, enlarged and endowed the College at Wake Forest, built and supported academies in the different associations, it is a notable fact that we have made progress in missions and denominational strength.

Every North Carolina Baptist should honor and support Wake Forest College. During its last session it enrolled the largest number of students in its history.

Your committee also recommends that the Pilot Mountain Association give hearty support and sympathy to the High School at Pinnacle, within its own bounds, now under the excellent management of Prof. Boyles.

I. Royal offered the following resolution :

Resolved, That the Pilot Mountain Association appoint a committee, to report at next session, on the advisability of establishing an associational school, and if they deem it advisable, to report a suitable site for such a school.

I. ROYAL.

The Moderator appointed the following brethren to nominate an Executive Committee: W. H. Wilson, R. W. Crews, A. J. Hunt, I. Royal and T. B. Lindsay.

After which the Association adjourned.

Benediction by J. E. White.

R. W. Crews preached at the Old Church, from Hebrews, 6th chapter and 12th verse.

THIRD DAY—MORNING SESSION.

SATURDAY, JULY 31, 1897.

The Association met this morning as usual. J. H. McKaughn conducted religious exercises. Prayer by

J. E. White and H. A. Brown, after which the Moderator called the Association to order.

H. A. Brown read the report on State Missions, and also the Executive Committee and Treasurer's reports.

Pending the adoption of the reports, J. E. White addressed the Association, followed by H. A. Brown, W. H. Wilson, C. C. Haymore, R. M. Loftis, W. A. Ayers, J. H. McKaughn and J. H. Vipperman, and the reports adopted, and the churches called and the following pledges taken for State Missions:

REPORT ON STATE MISSIONS.

There are 88 missionaries now at work under the direction of

the State Mission Board in North Carolina. These beloved brethren are toiling in 58 counties of our State. Within the last six months 2,900 sermons have been preached, 262 churches have been supplied, 165 out stations have been filled, 6,000 visits have been made and 380 persons have been baptized. Four hundred and eighty-two conversions have been reported, 11 church houses have been finished, and 87 others are in process of erection. These are wonderfully cheering statements, and reveal to us God's great willingness to bless our missionaries. But many of these men have not been paid the small amounts promised them. The contributions from the churches for this work have not been sufficient thus far to remove all the indebtedness of last year. The collections for Foreign and Home Missions have had the right of way, and this accounts in part for the present condition of things. Let every church send up its full amount for State Missions *now*, and there will be no lack. Let every Pastor and Missionary come to the rescue between this and the meeting of our Convention.

No kind of effort, under the blessing of God, is capable of larger returns than the effort to give the Gospel to all the people.

H. A. BROWN, }
R. M. LOFTIS, } Committee.

REPORT OF EXECUTIVE COMMITTEE.

In the fall of 1896 your committee made the following arrangements for the mission work in our bounds:

We selected Bro. W. H. Wilson to occupy three points, viz.: Germanton, Ellisboro and Bald Hill, and for these points we appropriated $60.00. We also agreed that provided Bro. Wilson could succeed in erecting a house of worship at Walkertown we would allow $80.00 to that point in connection with his work there. We decided to allow $30.00 to Bro. Ayers for Donnaha, and provided that if he should give up the work a portion of the appropriation should be given to his successor.

To the mission work at King's Cabin and Rural Hall we set apart $50.00. The missionary is Rev. C. C. Haymore. We decided to pay Rev. R. M. Loftis $25.00 to aid him in his work at Walnut Cove. We also promised $20.00 to Bro. C. C. Arrington for the work at Indian Grove church in the Chestnut Ridges.

An application was made by the brethren at Ayersville for assistance in building a house of worship. The committee are not authorized to appropriate money to aid in the erection of houses. The chairman of the committee wrote the brethren that it might be possible that a small amount could be paid to aid in the support of the brother who is laboring among them. Bro. J. H. Vipperman has done faithful work and the committee decide that the $50.00 paid him by Shiloh church is all that can be given to that point at present.

Bro. W. A. Ayers preached at Donnaha until March, 1897, since that time Bro. T. C. Ayers has had charge. A good report comes from that field. Large congregations hear the word. There are 19 members and there are three awaiting baptism. They have finished their house of worship, except seats and paint. They have a Sunday School with 60 in attendance.

Bro. C. C. Haymore reports as follows for King's Cabin and Rural Hall: Sermons preached 17, families visited 26, money raised in the field $2. He preaches at Kings on Saturday at 4 p. m., and 11 o'clock on Sunday, and Rural Hall in the afternoon. The attendance at both places is encouraging. It is a hard field and will require time and patience and hard work to develop it. He has not held special meetings at either place but hopes to do so soon with gracious results.

Bro. C. C. Arrington reports for Indian Grove as follows: Sermons preached 40, baptized 9 and received 1 by letter. They have a Sunday School of thirty scholars.

Bro. R. M. Loftis at Walnut Cove reports: Sermons preached 48, out stations 1, visits made 92, baptisms 6, added by letter 4, Protracted meetings 1, collection for education 50c, for State Missions $5.04, Foreign Missions $5.32, Orphanage $12.35. Congregations good.

Bro. W. H. Wilson makes the following cheerful report, at Walkertown: Sermons preached 16, a new house of worship built worth $600.00, collection for State Missions $5.00, collection for Foreign Missions $2.00, Orphanage $3.00. The new house of worship is all paid for except $25.00.

At Germanton: Sermons preached 36, paid on church debt $150.00, collected for State Missions $5.00, Home Missions 50c, for education $3.00 and for Orphanage $13.00. 12 members have been added to the church.

At Ellisboro: Sermons preached 35, paid on house of worship $60.00, baptized 10 persons. He also made colletions for the different objects.

At Bald Hill: Sermons preached 15. A house of worship will soon be erected at this point. He has not held special meetings at Bald Hill and Walkertown yet, but will do so soon. Bro. Wilson reports large congregations at all the points he occupies. There is a good Sunday School at every place mentioned in his report. There are a number of other points being cultivated by our pastors with special manifestations of the Divine blessing, but no mention is made of them in above statements. There are still a few points within our bounds which should become centers for missionary effort. These will be occupied as fast as possible. One of the chief things before us now is to strengthen the things which remain. Some points will need to be looked after for some time to come that we may not lose what we have already gained.

Mention is made in our report of 1895 that a balance of more than $60.00 from the Sunday School Association was ordered to be turned over to this committee. Bro. W. H. Wilson, one of our number, corresponded with Bro. W. A. Cooper, of Raleigh, N. C., former treasurer of the Sunday School Association in reference to this deficit. He sent our treasurer the sum of $15.00, an acknowledgment of which is made in his report. There is still a balance of $45.00 due from the former treasurer of the S. S. Association.

Your committee report with delight that they have had the hearty co-operation of all our pastors during the year. Let all our churches do more and more for State Missions until the wilderness and the solitary place shall be glad and the desert

shall blossom like the rose and the smile of our God shall rest on all our land.

COMMITTEE—H. A. Brown, W. H. Wilson, D. F. King, T. M. Baker and S. F. Boyles.

W. H. Wilson read the report on Foreign Missions. Pending its adoption, the following brethren spoke on the report: W. H. Wilson, P. Oliver, J. E. White, C. C. Haymore, J. C. Caddell and H. A. Brown. The report was adopted.

REPORT ON FOREIGN MISSIONS.

The past year has been full of the blessings of our Heavenly Father in the work which he has entrusted to us in foreign lands. While in some respects it has been a year of great difficulties and trials, yet the Lord has prospered us continually.

China, as a result of the war with Japan, seems eager, as never before, to listen to the missionaries, and the reports from our workers in that country are very encouraging.

The work in Brazil during the past year has been very prosperous, even though our forces in that country have been greatly reduced. Bro. McCollum, our oldest missionary in Japan, reports the last year as one of the best in our work in that mission.

In Mexico, while there have not been so many additions as in some former years, there has been considerable development of the churches in the work of supporting their own pastors and building their own houses of worship.

In Italy, the work shows good advancement, though this is one of our most difficult fields.

In Africa, the awful climate has driven again some of our missionaries from the field, but the work goes prosperously on, and needs reinforcements as soon as possible.

We have cause for thanksgiving to God that the lives of all our missionaries have been spared during the past year. While several have been near to death's door, God has in mercy spared them, and they are all partially or entirely restored to health.

Some of our best missionaries are at home, anxious to return to their work as soon as the finances of the Board will warrant sending them.

The schools connected with our missions are doing a noble work. In some of these schools teachers and preachers are being trained. Missionaries must begin the work, but the nations are eventually to be brought to Christ, in large measure, through men reared among them.

Let us redouble our efforts and multiply our gifts, and plead with God until the nations of the earth shall be brought to Christ. Respectfully submitted,

W. H. WILSON,
Committee.

P. S. We recommend that our churches encourage our sisters to do all in their power to help the cause.

The Moderator appointed the following committees:

ON EDUCATION—J. B. Richardson, S. F. Boyles.
STATE MISSIONS—H. A. Brown, C. C. Haymore.
PERIODICALS—R. W. Crews, S. F. Conrad.
FOREIGN MISSIONS—W. H. Wilson, J. L. Vipperman.
HOME HISSIONS—P. Oliver, T. B. Lindsay.
ORPHANAGE—R. M. Loftis, J. H. Vipperman.
SUNDAY SCHOOLS—F. N. Day, J. M. Martin.
TEMPERANCE—C. W. Glidewell, J. B. Johnson.

J. E. White read the report on Home Missions. He also spoke to the report, and the report adopted.

REPORT ON HOME MISSIONS.

The Home Mission work of the Southern Baptist is of far reaching importance, and appeals to the sympathy and liberality of all of us who are interested in the salvation of souls and the building up of Christ's truth in the world.

Since its organization fifty years ago the Home Mission Board has had at work on mission fields 5,639 missionaries. The work of these missionaries has resulted in 123,191 additions to Baptist churches. They have organized 2,342 churches and erected 1,154 houses of worship.

During its existence the Board has established about one-eighth of all the white churches in the Southern Baptist Convention.

There are vast fields of destitution to occupy and the opportunity will pass from the Baptist unless we come up to the help of the Lord more vigorously in this work.

On our Western frontier, in Texas, Indian Territory and Oklahoma. Among the Foreign population in our Southern Territory.

In Cuba—where God has richly blessed our efforts.

In the mountains of Tennessee, Georgia, Kentucky, Virginia, West Virginia and North Carolina, and in other states and in our large cities. Among the negroes and Indians—here we have a tremendous opportunity to do the work of the Master through Home Missions.

The Home Mission Board has helped us here in North Carolina when we could not help ourselves. At most important places our cause was suffering and this board came to the rescue.

And even now during this year the Home Mission Board is giving us $1,650 for our work in North Carolina.

We are asked in North Carolina to give $5,000 for Home Missions this year. Let all our churches hear the call. There

are ten million people under the influence of Baptist churches. These we must give the gospel or they will probably never receive it. We must not fail to do our part in the effort our Home Mission board is making to reach them with the gospel.

ISHAM ROYAL, Committee.

P. Oliver read the report on Temperance, and P. Oliver and A. J. Hunt made some remarks on the subject, and report adopted.

REPORT ON TEMPERANCE.

It is indeed gratifying to learn, from the best statistics we can get, that the principles of temperance are gaining ground in our State, and, indeed, throughout the United States. The best and most influential temperance society we know of is a well organized and consistent Christian church. The most powerful weapon with which to fight intemperance is moral suasion. If all who profess to be Christians were consistent on this subject, temperance principles would gain ground much faster. It is believed that many church members not only wink at the manufacture and sale of spirits, but furnish material to make, buy and drink it themselves. If this be true, it is wrong. We are taught by Paul to abstain even from the appearance of evil. No one, in view of the evils of intemperance, can justify himself in selling grain or fruit to be converted into spirits. It is the opinion of your committee that no church should allow her members to give any aid or comfort to the manufacture or sale of liquor, or use it as a beverage. "Withdraw thyself from every brother that walketh disorderly." It is much better for a church to decrease in membership than to hold in fellowship members who are accustomed to drink, and thus by example encourage intemperance. When every man becomes a law unto himself, and governs himself properly, then temperance will prevail.

P. OLIVER,
T. M. BAKER, } Committee.

R. M. Loftis read the report on Sunday Schools, and the report was laid on the table until Sunday morning.

H. A. Brown was appointed a Delegate to the Southern Baptist Convention.

P. Oliver, C. W. Glidewell and C. C. Haymore were appointed as Delegates to the Baptist State Convention.

J. C. Caddell read the following resolution :

Resolved, that the thanks of this body is hereby tendered to the brethren and friends of this community for their kind and bountiful hospitality to the delegates and visitors who have attended the Association.

After which the Association adjourned to meet at Walnut Cove on Thursday before the first Sunday in August, 1898.

D. F. KING, MODERATOR.

J. T. VALENTINE, CLERK.

FOURTH DAY.

Sunday Morning, August 1, 1897.

The Association met this morning in Sunday School Mass Meeting, singing "Jesus, Lover of My Soul." Prayer by Dr. Mitchell. R. M. Loftis, S. F. Boyles, J. C. Caddell and A. J. Hunt spoke on the Sunday School work, and report adopted.

REPORT ON SUNDAY SCHOOLS.

There is no department of work in our churches more important than the Sunday School work. Its objects are first to lead the young to Christ; second to train them for a life of usefulness. As a rule the best workers in our churches are those who were early trained in the Sunday School. Their powers were developed while young, and among them stand our great and good men and women, bright and shining lights in God's vineyard. This truth should stimulate us to go forth and do more in this great work than we have done in the past. We recommend that the Sunday Schools of the Pilot Mountain Association order their supplies through the Baptist Book Store, Raleigh, N. C., as they will cost us no more and will be of benefit to the cause of Christ in North Carolina.

Respectfully submitted.

R. M. Loftis.

The Moderator appointed the following brethren as a committee to report at our next session of the Pilot Mountain Association on the advisability of establishing an Associational School: S. F. Boyles, I. Royal, and B. W. Ray.

J. E. White preached in the church from Rev., 3d chapter and 8th verse.

H. A. Brown preached at the old church at the same hour.

REPORT ON PERIODICALS.

It is chiefly through the papers that we get the thoughts of our best thinkers, and this invaluable means of information is in the reach of all.

As reading spreads and expands the mind, the mind of the one that does not read is necessarily stunted and dwarfish, and short-sighted, and observes the things only that come under the limited range of its own sphere; but the mind of the one that does read is spread and expands, and there is strength, and might, and power, and the eye sees things in proportion to their true importance.

Everybody should read, and every Baptist family in the State should take the *Recorder* or *Baptist and Charity*, and every Sunday School the literature of their own church, then our people would have sound views and opinions of the doctrine and work of our denomination. R. W. Crews.

H. A. Brown read the report on State Missions, and also Executive and Treasurers report. Pending its adoption, the Association was addressed by P. Oliver, C. W. Glidewell, C. C. Arrington, C. C. REPORT ON STATE MISSIONS.

Our State Mission work lies at the basis of all our denominational enterprises. The history of our people reveals the fact that when we have failed to cultivate the destitute places, our churches have waned. Our zeal for missions is the standard by which the success of our churches is to be measured. Our State Mission Board now has a larger number of Missionaries than ever before. These men are doing faithful work and their labors have been blessed in the conversion of souls, in the establishing of Sunday Schools and the organization of churches. Many of these men are laboring on very small salaries, and the importance of paying them promptly cannot be overestimated. The churches must supply the funds necessary to do this. We also have a large force of volunteer Mission workers in the State.

These men of God are holding meetings in many destitute regions for which they receive no remuneration. The Convention,

which is the servant of the churches, instructed the Mission Board to operate on a basis of $15,000. The receipts thus far have not been as large as many hoped they would be. The urgent appeals for other objects and the excitement incident to the war have somewhat interfered, but there is time enough yet for us to more than meet the demands upon us. Let every church do its full share and success will crown our efforts and God will be glorified throughout our State and the world.

REPORT OF EX-COMMITTEE OF PILOT MOUNTAIN ASSOCIATION.

There are thirteen points within the limits of our Association now being cultivated by our Missionaries. The amount of work being done and the appropriations made by your Committee are larger than at any time in the history of our Association.

The following appropriations were recommended by the Committee:

To W. H. Wilson for work at Walkertown, Bald Hill and Ellisboro	$100 00
To C. C. Haymore for work at Kings, Rural Hall and Mayodan	70 00
To R. M. Loftis for Missionary work at Walnut Cove	25 00
To C. C. Arrington for work at Indian Grove	12 50
To P. Oliver for work at Brim's	20 00
To C. W. Glidewell for work at Shady Grove and at a point near Moore's Springs	35 00
To Pastor of Valley Church	10 00
To J. B. Richardson for Missionary work at Spray (under the direction of the Leaksville Church	100 00

Brother P. Oliver reports 15 Sermons preached at Brim's School House, 17 visits made, a deed for a church lot secured and recorded. His congregations are encouraging, and steps are being taken to erect a house of worship at that point. He is also doing considerable vlounteer mission work.

Brother C. W. Glidewell has been preacing at Hartman's School House. This is new work; but the outlook is encouraging. He has preached three sermons and made seven religious visits. The congregations are good and attentive. Brother Glidewell thinks we can easily establish our cause at that point. He hopes to hold a meeting of days before long and wishes us to pray for a great blessing from the Lord.

At the point near Moore's Springs he has preached three times and made six visits. The congregations are good, but there are some difficulties to be surmounted.

Brother C. C. Arrington makes the following report of his work at Indian Grove: Sermons preached 40, received by Baptism 13, by letter 4. They have a good Sunday School. The house of worship is commenced, but not yet finished. Some of the inside work yet remains to be done. They have expended thus far two hundred and thirty-five dollars and seventy cents.

Brother Arrington has made a great many visits during the year among the people living in the community.

Brother C. C. Haymore reports his work at Kings: Sermons preached 30, visits made 60, Baptized 6, professed faith in Christ 15.

A church has been organized with 17 members. Collected for State Missions $2.00. The congregations are large. They will begin to arrange for a house of worship in the fall. At Rural Hall he has preached 11 sermons and made 12 visits. The congregations are encouraging. He will hold a protracted meeting in the near future. At Mayodan he has preached 4 sermons. There are 25 or 30 Baptist living in that village but they have no house

of worship. If we had a suitable house we could easily effect an organization. It is an important place for us.

Brother R. M. Loftis sends the following report of his work at Walnut Cove: Sermons preached 47, visits made 70, collected for State Missions $10.21, Baptisms 4. Brother Loftis takes monthly collections for missions and hence has no difficulty in raising the amount promised. This example is worthy of imitation. The people need the opportunity to give for the spread of the Gospel of Christ.

Brother J. B. Richardson has been laboring at Spray since January, 1898. He sends up an exceedingly good report: Sermons preached 42, talks made 40, Baptisms 30, religious visits made 300, money raised for the Chapel $568.00, for organ $37.50, for bell $25.00, for church and Sabbath School expenses $25.00. Total $655.50.

They have a Sunday School numbering 240. He was aided in a good meeting during the year by brethren F. N. Day and W. B. Hege. The outlook is decidedly encouraging.

Brother W. H. Wilson preached 37 sermons at Walkertown, added 12 members to the church, took good collections. His congregations are large and the prospect is bright.

At Ellisboro he has preached 40 sermons, 6 members have been received. He has just closed a precious revival there, and 12 or 15 persons await the ordinance of Baptism. He regards this as a very hopeful mission.

At Bald Hill he has preached 26 sermons, nine members have been received, a new house of worship has been completed and paid for. Good Sunday Schools at all his mission points.

Our Missionary at Valley reports:

There are a number of books and denominational tracts, &c., in the hands of the Committee turned over by Rev. S. F. Conrad who was at one time in charge of Sunday School and Colportage work in the Associotion. The Committee would like to have instruction as to the best disposition to be made of these publications.

The Committee are grateful for the co-operation given by the pastors and churches. With stronger faith in God, larger consecrations to His service and his blessings upon our efforts, we may walk without fainting and run without weariness and mount up on wings as eagles. Let our motto be: "Work for the Night is Coming."

EVENING SESSION.

After singing "Nearer My God to Thee," and Prayer, by R. D. Haymore, after which the Moderator called the Association to order, Dr. Mitchell read the report on Ministerial Education.

Dr. Mitchell spoke on the report and it was adopted.

REPORT ON MINISTERIAL EDUCATION.

The cause of education demands at the hands of Baptist everywhere to most loyal devotion. No people need education more than Baptist. No people are more committed to universal education than are Baptist, by the very nature of their polity and church government. No people can educate as broadly and as truly as Baptist, from the fact that the mind cannot receive its highest culture except in the atmosphere of freedom. As Baptist in North Carolina have improved their educational facilities enlarged and endowed the College at Wake Forest, built and suported Academis in the different Associations, it is a notable fact that we have made progress in Missions, and denominational strength.

Every North Carolina Baptist should honor and support Wake Forest College. During its last session it enrolled the largest number of students in its history. Your committee also recommends that the Pilot Mountain Association give heartv support and sympathy to the High School at Pinnacle, within its own bound, now under the excellent management of Prof. Boyles.

And the churches pledged themselves to try and raise the following amount:

P. Oliver, J. C. Caddell, W. L. Poteat, J. E. White, W. H. Wilson, H. Sheets and D. F. King spoke on the repor, and it was adopted.

REPORT ON HOME MISSIONS.

The work of the Home Mission Board has been wonderfully blessed in past years. Its aim has been to supply the most destitute and promising places. In a wide field which it has occupied during the last Conventional year, a good work was done.

Missionaries employed, 467; weeks of labor, 11,407; churches and stations supplied, 1,960; sermons and addresses, 49,306; prayer meetings, 10.369; religious visits, 59,841; baptisms, 4,739; received by letter, 4,770; total additions, 9,509; churches constituted, 103; houses of worship built, 45; houses of worship improved, 68; amount expended on houses of worship, $59,629; Sunday Schools organized, 297; teachers and pupils, 7,710; Bibles and Testaments distributed, 4,668; pages of tracts distributed, 1,580,741. While so

much has been done, much remains to be accomplished. The field is large and white for the harvest. The churches in the bounds of the Southern Baptist Convention can and should supply the means to occupy this vast and inviting field. Your Committee would respectfully urge the churches in our Association, to increase as much as possible, their contributions, in this department of our work.

P. OLIVER, Com.

The following report was also handed in from the Woman's Missionary Societies of the Pilot Mountain Association:

REPORT OF WOMAN'S MISSIONARY SOCIETIES TO PILOT MOUNTAIN ASSOCIATION.

It is with pleasure that the Woman's Central Committee of Missions for our State reports to you the ever growing work of the Woman's Missionary Societies. This work, began a little more than eleven years ago by order of the Baptist State Convention, has made steady and remarkable progress from the first. The annual gifts of the Societies have increased from $500.00 to more than $6,000.00, and the number of Societies contributing from fourteen to nearly four hundred. In the eleven years of the Committee's work the Societies have reported to Home, Foreign and State Missions the large sum of $37,771. In a number of the Associations, Associational Vice-Presidents have given untiring effort to the orgrnization and maintenance of Societies. In no Association, however, have as many Societies been organized as we would wish, and in none has our aim—a Woman's Missionary Society in every church and every woman a member of it—been realized. While gratefully acknowledging the assistance of many of our most influential ministers in the past, we would earnestly ask the aid of *every* minister and layman for the woman's missionary work of the future. The great blessings that God has seen fit to bestow upon our efforts is an assurance that this work is from Him.

Rejoicing in the progress we have made, and again asking your sympathy and aid in the work we are endeavoring to do, I am,

NIGHT SESSION.

The Association met in mass meeting, and the report on General Education was read by Prof. Royal, and discussed by J. E. White, Dr. J. H. Gorrell, F. P. Hobgood and W. L. Poteat. Report adopted.

REPORT ON GENERAL EDUCATION.

Your Committee beg to submit the following Report on the *advisability* of our Associational School :

While our Association is making progress in every other line of work condusive to light and liberty to our people and hastening

the extension of God's Kingdom, they are not forgetful of the mportance of education. Within our bounds are different good schools, patronized by our people. But to attain the best and most satisfactory results we think it best, and recommend that our Association institute *an Associational School*—which school shall be controlled and supported by the Association.

We recommend that a committee of five be appointed to select the most suitable location within our bounds.

Respectfully,

S. F. BOYLES, I. ROYAL. } Committee.

After which the Association adjourned.

Benediction by Dr. Mitchell.

SATURDAY MORNING.

AUGUST 6, 1898.

The Association re-assembled this morning as usual. Religious services were held by F. N. Day. Prayer by C. C. Arrington and J. B. Richardson. After which, the Association came to order.

R. M. Loftis read the report on Baptist Orphanage. J. B. Boone, Dr. Mitchell, F. P. Hobgood and H. A. Brown spoke on the report, and it was adopted.

REPORT ON ORPHANAGE.

Our Orphanage at Thomasville, N. C., under the Superintendency of Rev. J. B. Boone, has made gratifying progress during the year. We have now in the Orphanage 165 orphans, have had during the year, 196. The cost of taking care of the orphans, according to the Treasurer's books, is $4.66⅔ per month each. The indebtedness for current expenses at the end of the year was $1,250, a little less than last year, though the number have increased. The General Manager's house is nearing completion and will be ready to be occupied by the 1st of September next.

The Orphanage is ours, and is dependent upon us for a support. It is one of the grandest and noblest of our institutions, of which we should be proud and thankful, and for which we should earnestly pray, and to which we should contribute liberally of our means.

Respectfully submitted,

R. M. LOFTIS, J. H. VIPPERMAN, } Committee.

W. H. Wilson read the report on Foreign Missions. Pending its adoption, W. H. Wilson, J. E. White, J. W. McCurry and T. S. Sprinkle spoke on the report, and it was adopted.

REPORT ON FOREIGN MISSIONS.

The report made by the Foreign Mission Board is, perhaps, the best in the history of the Convention. The business of the Board

has been wisely managed. The Board is out of debt, and money in the treasury. Let every church and every Baptist strive to keep it out of debt, and save the heavy expense of borrowing money to meet the monthly expenses of the Board.

The results of the work in most of the Foreign fields have been very gratifying during the past year. In China the workers have been refreshed and encouraged as they have seen large numbers added to the churches. In the South China Mission showers of blessings have made glad the hearts of the faithful missionaries. The outlook in South China is encouraging. Some churches are self-supporting, and are doing mission work, and are supporting schools. In Japan and in Africa there has been much progress. The work all along the line is as encouraging as the promises of God. We would encourage all of our churches to spend much time previous to the collections in praying for, and talking about missions.

We have noticed that the churches which do this, make the most liberal contributions to missions. Just as churches pray and talk, they are going to do and give.

We hope the present war may result in opening new doors for missionary work. Let us embrace every opportunity to save the world, that the Lord's Kingdom may come and his will be done on earth as it is done in Heaven.

Respectfully submitted, W. H. WILSON.

A collection was taken up for State Missions, amounting to $12.29, after which the Association adjourned.

Benediction by J. E. White.

B. PRESLEY SMITH,
S. W. BLACKBURN,
T. L. VERNON,
} Committee.

J. B. Johnson read the report on Temperance. The Association was addressd by C. W. Glidewell, T. S. Sprinkle, D. F. King and C. L. Haymore, after which report was adopted.

REPORT ON TEMPERANCE.

The subject of intemperance, or the drinking of alcoholic liquors as a beverage, has engaged the attention of the best minds of the last three-quarters of a century, devising if they could, the

way and means by which the monster intemperance could be stopped in its onward course. Appeal after appeal has been made from the pulpit and the press in thunder tones, that men might see the danger and escape ere it be too late. Yet in the face of all that has been said and done to abate the evil of intemperance, still drunkenness prevails to an alarming extent. Men will drink, christian men drink, and thus, by their example, add power and force to a bad habit, injurious to all and from which the church of Christ is made to suffer in untold instances. We, as your committee, would not exagerate in this matter, but simply ask if these things are not so? and if such be the condition of our churches and people, then how important that our ministers be up to the work before them, That our deacons use their influence in the right direction, and that our members, one and all, be tetotal abstainers from the use of intoxicating liquors, in any form, that they may lead public sentiment to an entire change upon the subject of drinking.

J. B. JOHNSON, }
C. W. GLIDEWELL, } Commmittee.

W. H. Wilson reported to nominate an Executive Committee:

H. A. Brown, W. H. Wilson, D. F. King, M. J. Crews and F. M. Baker.

P. Oliver, D. F. King and T. S. Sprinkle were appointed as delegates to the Baptist State Convention.

W. H. Wilson was appointed a delegate to the Southern Baptist Convention.

F. N. Day read the report on Sunday Schools, and the report was deferred until Sunday morning.

J. C. Caddell offered the resolution of thanks, after which the Association adjourned to meet at Mount Airy on Thursday before the first Sunday in August, Eighteen Hundred and Ninety-nine.

RESOLUTION OF THANKS.

Resolved, That the thanks of this Association are hereby tendered to the brethren and citizens of this town and community for their kind and bountiful hospitality to the Delegates and visitors, who have attended this delightful session of the Pilot Mountain Association.

Also we would express our appreciation for the reduced Railroad rates given by the C. F. & Y. V. and Norfolk & Western Railroads.

J. C. C.

D. F. KING, MODERATOR.

J. T. VALENTINE, CLERK.

Sunday Morning.

The Association met to-day in Sunday School mass meeting.

REPORT ON SUNDAY SCHOOLS.

One of the Boards connected with the Southern Baptist Convention is the Sunday School Board. It is located in the city of Nashville, Tennessee. It is engaged in the work of publishing and scattering copies of the Scriptures, tracts, religious subjects, papers and periodicals to be used in our Schools. For many reasons we should patronize our own publications. They are among the best, and they convey information that our churches and our missions and Sunday Schools that all our young people need to know. The supplies of our Southern Board may be obtained from our supply store in Raleigh, N. C. The Miuutes of our Association show that we have some churches which do not conduct a Sunday School. This ought not to be. The object of the Sunday School is to study the Bible, and by means of Bible instruction, lead the minds of all in attendance to accept Christ. None should ever get too old to attent the Sunday School, and study the Word of God.

Brother B. W. Spilman who has charge of Sunday School work in our State has held a number of Institutes in various sections. Much valuable help has been rendered through this means to the Superintendents and teachers of our Schools. We hope to have one or more of these Institutes in our Association in the near future. As many of our teachers as can do so, would do well to attend the Sunday School Chatauqua each year for the study of the Bible and the best methods of Sunday School work.

Respectfully Submitted,

F. N. Day,
J. M. Martin, } Committee.

Prayer by J. W. McCurry.

F. P. Hobgood, Y. F. Baldwin and Dr. F. G. Taylor made Sunday School speeches, and a collection was taken for Sunday School Library amounting to $3.08.

J. E. White preached at eleven o'clock from 3rd chapter, 2nd Thes., fifth verse.

Prayer by C. W. Glidewell. A collection for Baptist Orphanage amounting to $11.68 was taken.

J. B. Richardson preached at Stokesburg M. E. Church at eleven o'clock.

Benediction by J. E. White.

REPORT ON PERIODICALS.

One of greatest needs, as demonstrated, is more information in reference to our principles and our ever-widening work. There are persons who know and fail to do, but there are more who fail to do because they do not know. A good religious newspaper ought to go into every home. There are between forty and fifty thousand Baptist families in the State of North Carolina and not more than one fourth of them take the *Recorder* or the *North Carolina Baptist.* Between six and seven thousand take the *Recorder*, and between four and five thousand take the *North Carolina Baptist.*

For more than sixty years the *Biblical Recorder* has been recognized by our people as a true exponent of their views and as their chosen organ. It ought to go into every Baptist home.

The *North Carolina Baptist* is a good paper and ought to be read with the *Recorder*.

The Foreign Mission Journal and *The Home Field* ought to be taken by every individual Baptist. The price is twenty-five and thirty cents per year. We especially recommend *Charity and Children*. Our people need to know more about the Orphanage and its needs.

C. C. HAYMORE.

REPORT ON ORPHANAGE.

Our Orphanage at Thomasville, N. C., under the management of Rev. J. B. Boone, is in good condition, with all bills paid up.

The work of the general manager last year is thoroughly gratifying. The sanitary condition of the orphans is good.

We have now 175 children in the institution well cared for, and we hope during this year there may be 200 cared for. We do most earnestly urge upon every Baptist family in North Carolina to take the Orphanage paper, *Charity and Children*, as it will bring to our firesides the condition and needs of the Orphanage as nothing else can. The Orphanage is one of our grandest and noblest institutions, one that we should be proud of, one that should have the most conspicuous place in our hearts, one for which our most earnest prayers should be offered, one to which our liberal contributions should go.

Respectfully submitted,
J. B. JOHNSON,
J. H. VIPPERMAN, } Committee.

REPORT ON STATE MISSIONS.

We have in the field one hundred regular missionaries preaching the gospel at 323 destitute points in fifty six counties. In addition to this our Volunteer Missionary Corps, numbering 120 of our strongest and ablest pastors are reinforcing them on the most difficult fields where the Baptist cause is weakest. Too much attention cannot be called to the fact that the willingness and enthusiasm of these volunteer brethren, and the faithfulness and the self-surrendered spirit of our regular State missionary, should strike a chord of sympathy and encouragement in the heart of the denomination all over the State. The volumn of State Mission work this year is nearly twice as large as it was ten years ago, and while the glorious results achieved in State Missions up to that time has never been paralleled in any State in the world, or by any similar effort by Christian people, still the opening years of a new century, and the surrounding issues of new opportunities, invite us to believe that we are just beginng a new era. It may be called "*The period of establishment*," establisnment of our cause firmly, establishment beyond the power of shock or dislocation.

While our methods remain the same, our policies are slowly changing from the extensive to the extensive. When the Convention was organized, the duty and the policy in State Missions was clearly to preach the Gospel into the ear of North Carolina; now there seems to be an equally clear demand that we shall preach it into the heart of North Carolina.

Our State Mission work is now in such a condition as to make this year a crucial year. The enlargement of the work and the increase of appropriations made necessary by the addition of our Western territory involve us all in an obligation to do more than

we heretofore thought it possible to do. Attention is pointedly called to this fact that this enlargement and increase of appropriations by the Board were entered into after the Associations had held their meetings and the pledges had been made by the churches for the support of the work this year. It is supposable that the Board could expect without any extraordinry effort the same support it received last year, and that if we had continued the work on a $15,000 basis we would have come to the Convention at Asheville without debt. But the pledges of the churches not made with a view to enlargement, even if they all send up the amount pledged, will lack just five thousand dollars of meeting the obligation which the Board assumed in increasing our obligations to $20,000. So we have a serious situation. Nothing but united and loyal efforts to increase the contributions from each church and from individuals twenty five per cent. will bring us out this year without a debt.

In Western North Carolina every sign encourages us. Today we contemplate in Western North Carolina in every Association, a work just as important, and even more hopeful than the Pilot Mountain Association confronted in its bounds twenty years ago. By this is not meant that there is such lack of churches or preachers, but a lack of co-operation and missionary spirit. It is significant or should be, to us that the Presbyterians regard Western North Carolina as the greatest missionary opportunity in America. It is no "scare crow" statement, but a fact of observation and common admission that if the Baptists do not stand by the missionary development in Western North Carolina by a real and vigorous support of our State Mission work, in less than twenty years a new generation will inhabit that land, the majority of which will not be Baptists.

H. A. BROWN,
F. T. BALDWIN, } Committee.

REPORT OF THE WOMAN'S CENTRAL COMMITTEE OF MISSIONS OF NORTH CARNLINA TO PILOT MOUNTAIN ASSOCIATION.

It is with great pleasure that the Central Committee reports to your Association another prosperous year in its mission work. While we regret to say there are yet many churches in which there are no Woman's Missionary Societies, the number of these organizations is constantly increasing, and testimony to their helpfulness comes from every section of our State. The aim of these societies is not only regular contributions to Home, State and Foreign Missions but also the study of the scriptures, united prayer and mission study. It is with deep thankfulness, therefore, that we can truly say we believe the societies are not only growing in gifts but in the Grace of God and the knowledge of His Word.

In the year 1897-98, ninety-six new societies were organized, and $6,893 was reported. December 1898 closed the thirteenth report of the Central Committee. This Committee was appointed by the State Board of Missions in 1896, and from a beginning of fourteen societies has risen to three hundred and fifty. In the thirteen years' work $44,664 has been reported.

We ask again, as last year, for the continued assistance of the ministers, believing that an active Woman's Missionary Society will be found to be a blessing to every branch of church work.

In 1897-98 only eight societies reported to the State Central Com-

mittee from the forty-four churches of this Association. These contributed to Home, State and Foreign Missions, as follows:

Madison	$ 5.00
Sunbeams, Madison	5.00
Mount Airy	19.20
Waughtown	52.11
First Church, Winston	139.50
Young Lodies, Winston	15.16
Leaksville	55.24
Sunbeams, Winston	11.00
Total	$302.21

Respectfully submitted,
FANNIE E. S. HECK,
President Woman's Central Committee.

TEMPERANCE

Is the habitual moderation of the appetites and passions, hence we should be temperate in all things; in eating and drinking, in labor, in sleep, in talking, &c. But in the short space allotted to this subject, we must confine ourselves to the intemperate use of spirits. There is no evil in our country today that is to be compared to this. It lies at the foundation of a very large portion of our trouble The expenses of our courts are largely from this source. The question is, how can this evil be remedied?

The principles of temperance have made wonderful progress in the last forty years. In evidence of this fact, many of our best and most faithful church members, a few years ago, were engaged in the manufacture or sale of spirits. They have seen the evil and repented. The root of the evil is with the man who furnishes the fruits or grain to make the spirits.

When the people see the evil and realize their personal responsibility, so as to withhold their products from the distillery, the evil will be worsted. From any standpoint from which we can view the subject, it behooves every man to discourage the evil.

In the light of money or gain, it is well to fight the evil, since the honest, sober, industrious man must meet the expense of much evil doing. In the light of good society and good morals, it is very important to discourage intemperence. But above all other considerations we should strive to kill King Alcohol for God's glory and the salvation of men.

P. OLIVER,
T. S. SPRINKLE, } Committee.

REPORT ON HOME MISSIONS.

What we mean by Home Missions is the work done by the Home Mission Board, within the bounds of the Southern Baptist Convention and on the Island of Cuba.

The work done by this Board last year exceeds that of any previous year. A summary of the work for the last conventional year is as follows: Missionaries, 653. Baptisms, 6,552. Total addition to churches, 12,983. Sunday schools organized, 512, with 14,768 teachers and pupils. The amount raised and expended on this field for Home Missions, is $65,818. The amount collected and expended in building houses of worship on the field is $50,050. Making a total of money raised on the field, $115,868. Twelve of

the States show an increase over previous years from $100 to $200, while only four States show a small decrease in receipts.

The Woman's Missionary Union has become a most helpful factor in the work of the Board. Their total contributions for the last conventional year have been, $36,696.73, of which $14,127.67 were cash and $22,567.06 were supplies sent to missionaries.

Cuba is now free. The restrictions imposed by the Spanish government upon the preaching of the gospel have all been removed. A great and effectual door has been opened. Everything invites us to enter and possess the land. It is gratifying to note the success of our missionaries at various stations on the Island. Cuba evangelized will become the light bearer to the whole Spanish speaking people of this western world.

There needs to be a greater liberality on the part of our people. God is raising up men and women to go up and possess the land. Let those of us whom they represent, supply them with the means.

May the success which has attended our labors in every department of the Lord's work, stimulate us to press on until we shall have taken the world for Him.

One hundred years ago our denomination aggregated about 500 churches and 70,000 members. Today we number more than four millions of baptized believers, and we are the most numerous body of Christians in America.

Let us thank God and take courage.

W. H. WILSON,
Committee.

REPORT ON EDUCATION.

Our noblest and dearest possessions are our men, women, and children. Their intellectual development is our highest study, save leading them to Christ. Realizing this, we have committed ourselves to the duty and accepted it as a task. But, thus far, we are only partially equipped for the undertaking.

In Wake Forest College, we have an institution, worthy of our greatest pride, for our young men. The enrollment last year reached two hundred and seventy-two—the largest in its history. Its efficiency, both in breadth and depth, increases with each successive year. Improvements are gradually being made in every department. A new chair of physics has recently been established—the presiding professor yet to be elected. These improvements will afford additional opportunities, but the institution will need additional funds to maintain these. Economy, though not cheapness, is the principle upon which the institution is managed.

The Baptists, believing that the leaders of Christian thought and activity ought to be educated, pledged themselves to an educated ministry, as far as possible, when the Baptist State Convention was organized. But there are many who are called into the gospel ministry who cannot meet the expense of college training. The wisdom of our fathers was equal to the emergency, and the Board of Education was created. This is dependent upon the contributions of Christian people. Last year there were fifty ministerial students at Wake Forest—thirty of whom were beneficiaries of the Board. The Board hopes to assist fortp next year, and your committee urges the churches to increase their pledges accordingly.

In the Baptist Female University for our girls, we have a worthy rival of Wake Forest for our support. Its first session will begin on September 27, of this year. A handsome building has been

erected and is being furnished; and an able faculty has been elected. But the means and support of our people are exceedingly necessary at this time.

There is an increasing number of young ministers of our State attending the Theological Seminary, at Louisville, Ky. This institution is indispensable to the efficiency of our ministry. With its new president, loyally supported by all the Baptists of our Southland, we may hope for its increasing usefulness.

These institutions are all ours, and your committee recommends that we support them heartily with our means, our patronage and our prayers.

Respectfully,
G. V. TILLEY,
Committee.

REPORT ON FOREIGN MISSIONS.

The spirit of missions is the spirit of Christ, and is the same in all departments of our work, whether State, Home, or Foreign.

In our organized system, State missions means to carry the gospel to the destitute in the bounds of our own State. Home Missions means to penetrate all neglected points within the bounds of our Southern Baptist Convention, Indian Territories and Cuba. Foreign Missions means to carry the glad tidings to the whole world. "Go ye, therefore," said Christ, "and preach the gospel to every creature:" These are the marching orders of our great host.

Your committee would recommend *enlargement* during the coming associational year in the departments of our Mission work.

Respectfully submitted,
R. D. HAYMORE.

REPORT OF EX. COMMITTEE OF PILOT MOUNTAIN ASSOCIATION.

Our missionaries have done faithful work at ten points during the year. In the early part of the Associational year the committee made the following recommendations:

To W. H. Wileon, for work at Walkertown	$ 50.00
To C. W. Glidewell, for Shady Grove	25.00
To P. Oliver, for Brim's School House	25.00
To C. C. Haymore, for King's	50.00
To Henry Sheets, for South Side	25.00
To C. C. Arrington, for Indian Grove	25.00
To J. B. Richardson, for work at Spray, under the direction of Leaksville church	100.00
To J. H. Lane, for Valley	12.50

Bro. Oliver preached 9 sermons at Brim's and made 18 visits. The congregations are good. A lot has been obtained for a church building, a subscription list is being circulated and encouragement is being given. Work will begin in the fall. Bro. Oliver is also preaching at other destitute points for which he receives no remuneration.

Bro. C. C. Arrington reports thirty-two sermons preached at Indian Grove, five persons baptized, twenty-eight visits made. They have Sunday School and have completed their house of worship.

Bro. W. H. Wilson has labored during the year at Walkertown with encouraging results. He has preached twenty-four sermons, baptized four persons, while two others await the ordinance. He took collections for all the objects of the Convention. His congregations are large and attentive. At Elisboro he delivered for-

sermons, baptized six persons and there are four others received for baptism. Collections good. Congregations large and increasing. Bro. Wilson regards this as an exceedingly encouraging point. At Bald Hill he reports twenty-two sermons, four baptisms and two others to be baptized soon. Collections and congregations good. As the Committee did not agree upon the appropriation to be made for these two points at their former meetiing, we agree to allow $35 for these points.

Bro. Henry Sheets has preached forty-one sermons at South Side, made thirty-four visits, baptized seven persons, received seven by letter, raised $160 on church debt, paid $92.77 for painting house and made good collections for the objects of the Convention which appears in their letter to the Association.

Bro. J. B. Richardson served at Spray from August until January 1, 1899. He made one hundred and fifty visits, preached fifteen sermons, held one protracted meeting in which a number professed conversion. He regards this as an exceedingly important point and thinks there ought to be services there at least three times in the month. Bro. King also regards this as one of the most promising fields in the State.

Bro. C. C. Haymore makes the following report of his labors at King's: Sermons preached, fourteen; visits made, forty; collected for State Missions, $3.22 and for Foreign Missions, $2.35. A good building lot has been secured, lumber and other material almost sufficient to enclose the house of worship paid for, and $75 raised toward putting up the building. He is now preaching under a brush arbor. The field is full of promise.

Bro. Glidewell has greached ten sermons at Shady Grove, made ten religious visits. The river has interfered with him in meeting his appointments. Congregations good and prospects encouraging. He also does voluntary mission work near Moore's Springs, in Stokes county.

Bro. J. H. Lane reports that he has preached nine sermons at Valley, made fifteen visits and received one member by letter. The church pays its pastor quarterly.

The balance due from Bro. W. A. Cooper, Ex-Treasurer of the Pilot Mountain Sunday School Association, has been paid as will be seen from the Treasurer's report.

Your Committee would again call attention to the books and tracts now in their possession, turned over by Rev. S. F. Conrad, who was at one time in charge of Sunday School and Colportage work in the Association. The Committee should be instructed as to what disposition should be made of these publications.

With gratitude in our hearts to God for great mercies received and with a growing desire for the spread of the gospel throughout the earth we turn our faces joyfully to the coming century.

REPORT ON STATE MISSIONS.

No State in the South makes use of more aggressive methods in reaching its destitute population than North Carolina. Our Baptist population are alive to the importance of this work. Our material as well as our spiritual welfare depends upon our doing all we can to give the gospel to those who have it not. We have ninety-two missionaries now at work under the supervision of our State Mission Board. Eighteen of these are laboring among our factory population. Fourteen are at work in the mountains. Thirty-three are toiling in Eastern Carolina, amid discouragements hard to enumerate; for this section is perhaps our most difficult mission field. Twenty-seven are at work in the newer towns and along the railroads in the central and Piedmont sections.

We are giving attention to Colportage and Sunday School work as far as possible. Many of our pastors have done volunteer mission work during the year. It would be hard to estimate the full results of this self-sacrificing work on the part of our worthy pastors. In the mountain section of our State we are trying to aid our people in the matter of better educational facilities. Good schools are being established, Sabbath School Institutes are being held, and missionary information is being scattered among all the people. The Convention instructed the Board to arrange for the expenditure of $20,000 during the year. This will necessitate an increase of contributions from our churches. May we all rise up to the full measure of our responsibility.

H. A. BROWN,
P. OLIVER. } Committee.

RPORT OF EXECUTIVE COMMITTEE.

Your Committee made the following appropriations for mission work within our bounds during the year:

To C. C. Arrington, for work at Indian Grove,	$25.00
To P. Oliver, at Brim's,	25.00
To C. C. Haymore, at King,	50.00
To R. M. Loftis, at Flat Rock, near Mt. Airy, (with the understanding that an effort to build a house of worship was to be made,)	25.00
To J. M. Haymore, at Deep Springs	25.00
To W. H. Wilson, at Mayodan	75.00
To Henry Sheets, at South Side	25.00

It will be seen from the above that we have made larger appropriations than usual. This grows out of the fact that factory settlements are multiplying among us and we are trying to meet the conditions.

The Leaksville church is doing a great missionary work at Spray. We give a brief statement of it. Sermons preached 62, visits made 157, baptisms 36, professions 63, funerals 10. The Shiloh church is also doing mission work, but the results are not reported to us.

Brother C. C. Arrington reports his work at Indian Grove as follows: Sermons preached 28, baptisms 8, families visited 20. They have a good Sunday school, and he has preached two sermons on missions and taken collections for that cause.

Brother Oliver has preached 13 sermons at Brim's, and made 19 visits. He has collected fifty-six dollars towards a house of worship. The building is now in process of erection, and under con-

tract to be completed by October. His congregations are increasing and he regards the prospects as cheering.

Brother R. A. Loftis reports from Flat Rock, sermons preached 10, visits made 25, baptisms 2, congregations good. Work on their new house of worship will begin at an early day.

Brother C. C. Haymore has done faithful work at King, and his report is as follows: Sermons preached 20, visits made 60, additions to church 6. Land has been obtained and a nice house of worship enclosed. Two hundred and thirty-one dollars and nineteen cents have been raised for it during the year. Collections have been taken for all objects. They have a good Sunday school, with an average attendance of 50. They are much encouraged.

Brother Henry Sheets has filled his appointments regularly at South Side. His congregations are large. The Sunday school is doing good work. Contributions are taken for all the objects. The people are being developed in the grace of giving. A detailed statement of the work done appears in the church letter. Baptisms 6, families visited 35, sermons preached 45.

Brother W. H. Wilson has labored during the year at Walkertown, with the following results: Sermons preached 24, visits made 50. Congregations good. Collections good under the circumstances. One received for baptism. Protracted meeting not yet held.

He also reports his work at Mayodan: Sermons preached 18, visits made 80. A new house of worship, costing $700 has been erected. There is a balance of $200 now due. The lot was donated by the Piedmont Land Company. A good bell has been provided for. The outlook for our cause at that point is decidedly hopeful.

Brother J. M. Haymore has been preaching at Deep Springs, in Rockingham County. A beautiful house of worship has been erected and paid for through the continuing energy and sacrifice of those who labored in the cause. A good Sunday school is kept up. A meeting of days was held with gracious results. Baptisms 28, sermons preached 16, visited everybody in community. The house of worship cost $1,000.

Your Committee would again make mention that a number of books and tracts are in their hands. They were turned over to us by a former S. S. Missionary. We urge that instructions be given us as to the best disposition to be made of these publications.

Brother M. J. Crews, one of the most valued members of our Committee, has been called away from the earth during the year. It is but true to state that his wise counsels, his practical suggestions, and his liberal contributions, have gone far towards making our Association what it is.

There are a few points of destitution within our territory that should be supplied as early as possible, and some of our weak churches must be aided a little while, until they can be self-sustaining. The outlook has never been better for us, and with growing faith in God, and confidence in ourselves as His servants, we can soon make our part of the State blossom like the rose.

REPORT ON TEMPERANCE.

We present as our report on Temperance the following quotations of scripture, which is our only and all-sufficient rule of faith

and practice, and from which there is no appeal among loyal Baptists.

1. THE EVIL.

Proverbs 20:1. "Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise."

Prov. 23:29-30. "Who hath woe? Who hath sorrow? Who hath contentions? Who hath babblings? Who hath wounds without cause? They that tarry long at the wine; they that go to seek mixed wine."

Prov. 23:20-21. "Be not among wine-bibbers; among riotous eaters of flesh: for the drunkard and the glutton shall come to poverty, and drowsiness shall clothe a man with rags."

Isa. 28:7. "But they also have erred through wine and through strong drink are out of the way: the priest and the prophet have erred through strong drink, they are swallowed up of wine, they are out of the way through strong drink; they err in vision, they stumble in judgment."

Heb. 2:15. "Woe to him that giveth his neighbor drink, that putteth thy bottle to him and maketh him drunken also, that thou mayest look on their nakedness."

Heb. 2:12. "Woe to him that buildeth a town with blood and stablisheth a city by iniquity."

2. THE REMEDY.

Prov. 23:31-32. "Look not thou upon the wine when it is red, when it giveth its color in the cup, when it moveth itself aright: at the last it biteth like a serpent and stingeth like an adder."

Dan. 1:8. "But Daniel purposed in his heart that he would not defile himself with the portion of the king's meat, nor with the wine which he drank: therefore he requested the prince of the eunuchs that he might not defile himself."

Prov. 4:14-15. "Enter not into the path of the wicked, and go not in the way of evil men. Avoid it, pass not by it, turn from it, and pass away."

3. WHAT SHOULD BE THE CHRISTIAN'S ATTITUDE TOWARD IT?

Matt. 18:7. "Woe unto the world because of offences, for it must needs be that offences come, but woe unto that man by whom the offence cometh."

Rom. 14:21. "It is good neither to eat flesh nor to drink wine nor anything whereby thy brother stumbleth or is offended or is made weak."

1 Cor. 8:13. "Wherefore if meat make my brother to offend, I will eat no flesh while the world standeth, lest I make my brother to offend."

2 John 11. "For he that biddeth him God speed is partaker of his evil deeds."

1 Tim. 5:22. "Neither be partake of other men's sins."

Jas. 4:17. "Therefore to him that knoweth to do good and doeth it not, to him it is sin."

John 13:17. "If ye know these things, happy are ye if ye do them."

Rom. 14:22. "Happy is he that condemeth not himself in that thing which he alloweth."

Eph. 5:11. "And have no fellowship with the unfruitful works of darkness, but rather reprove them."

Act 5:29. "We ought to obey God rather than men."

Respectfully Submitted,

R. E. WHITE,
T. S. SPRINKLE,
Committee.

REPORT OF WOMAN'S CENTRAL COMMITTEE OF MISSIONS.

To the Pilot Mountain Association:—It is with pleasure that the Woman's Central Committee of Missions reports to your body the most successful year in its history. For sometime past it has been our custom to take an aim and motto for the year, and to bend our energies toward fulfilling these. In 1899 the Woman's Missionary Societies of North Carolina determined to endeavor to raise $7,500. When we gathered in our annual meeting last December, we were greatly gratified to find that we had far over-shot our mark, and instead of $7,500 reported more than $8,700. Encouraged by this, the Societies have taken for their aim in 1900 the raising of $9,500 for Foreign, Home and State Missions. Our motto for the year is: Increase in Faith, Knowledge and Works. To reach our aim and fulfill our motto, we are urging upon all the Societies Bible study, the reading of Mission books, and increase in liberality. We have every reason to believe that the close of the 19th century will see this work far in advance of what we would have dared to hope for it ten years ago.

We desire to thank those brethren who have co-operated with us in making the Woman's Mission work of North Carolina what it is, and would respectfully ask the aid of all interested in the furtherance of Christ's kingdom through mission efforts.

Of the 41 churches in your Association, 9 reported through the Central Committee the following amounts:

Mt. Airy	$ 28 75
Waughtown	13 05
First Church, Winston	176 00
Young Ladies, Winston	20 20
Leaksville	41 05
Madison	7 50
Cleveland	2 25
Mission Band, Salem	6 00
Sunbeams, Mt. Airy	5 90
Total	$300 80

Constitutions and other material for the organization of Women's and Children's Mission Societies will gladly be sent free on application to MISS FANNIE E. S. HECK, Raleigh, N. C.

REPORT ON ORPHANAGE.

The year ending June 30th was the most prosperous in the history of the Orphanage. The current funds was larger and the number of children at the institution greater than ever before. The outlook is very hopeful for the year to come.

One hundred and eighty-three orphans are there at present. The average cost per capita per month for maintaining a child is about $5.00. This embraces all the expenses including the salaries of employees. The great need of the Orphanage at the present time is more room. The application from children utterly destitute are numerous and pressing. At least twenty-five cases that cannot be admitted are knocking at the doors.

The Mills Memorial building is in process of erection. About one-third of the amount necessary to its completion is in the hands of the treasurer. We commend this enterprise to the churches. It should have been established long ago.

We hope the churches of the Pilot Mountain Association will increase their contributions to meet the growing needs of the work. We would reccommend that our people subscribe for

Charity and Children, our Orphanage organ, which not only scattered important information among our brethren last year, but turned over to the Orphanage treasury, after paying all its expenses, $989.00.

Brethren, let us give to the Orphanage our earnest prayer and generous sympathy crystallized into coin.

R. W. CREWS,
C. W. GLIDEWELL.

REPORT ON SUNDAY SCHOOLS.

We remember that there is no school of sound morals open for all the people, but the church and the Sunday School. Establish Christian principles in the souls of our American youth, and you build our Republic upon a rock so that whatever storm may blow, or flood come, it will not fall until in the final catastrophe, when the earth itself is dissolved, and the kingdom of the New Jerusalem made perfect, in which all its citizens shall be princes, the younger brother of Him who sits on the right hand of the throne, the children of God himself. Neglect this duty, and there are evils finding their way through the basis of our institutions, which shall turn it, however firm it now appears, into a quicksand, when down must go the Republic, with the political hope of the world, and bury with it in deep eternal ruin, the souls of the people. As you love your country, the safety of your children's freedom, the salvation of your fellow sinners and the honor of Him who alone can make us free, cherish the Sunday School, pray for it. Go out and gather the morally destitute and bring them in. Let us not cease till every child throughout our wide territory be invited to share with us in the teachings of the meek and lowly Jesus.

M. W. ROYALL, } Com.
T. G. TAYLOR, }

REPORT ON PERIODICALS.

As our denominational work enlarges, and the membership of our churches increase, we feel more and more the necessity of increasing the circulation of our Baptist literature. Upon the circulation of our literature must depend the knowledge our people will possess of our denominational interests, and upon this knowledge must depend largely the efficiency of our efforts and the liberality of our contributions. Believing this, we would earnestly urge that as many of our people as possible can take the Biblical Recorder which for sixty-six years has been faithful to its mission to the Baptists of North Carolina.

We also recommend the North Carolina Baptist as worthy a place in every Baptist home.

Charity and Children, the organ of our Orphanage, has its own sphere of usefulness, and is doing faithful and valuable work for this institution.

The Home Field and the Foreign Mission Journal contains the needed information concerning Home and Foreign Missions. The cheapness of these valuable publications ought to insure their widest circulation.

The literature of our Sunday School Board at Nashville is as good as the best, and should be read by every Sunday School in the Southern Baptist Convention.

W. H. WILSON.

REPORT ON FOREIGN MISSIONS.

Christianity is a missionary religion. When it ceases to be missionary, it ceases to be Christ-like.

Foreign Missions is the work done from home. We rejoice to see that our people seem to be more interested in the work of giving the gospel to all the world than ever before. The advance movement ordered by the Convention last year has met with the hearty approval of the people.

Many new missionaries have been sent out, and many churches have increased their contributions. Glorious have been the success in foreign fields. Our workers have unitedly pressed forward and the results have been greatly blessed. Last year there were 845 baptisms. The largest number ever reported in the history of our work. This year we report 1,341. We resolved to increase the work 35 per cent., and the Lord increased the results in the foreign fields over 50 per cent. All the money asked for last year was given, and 16 new missionaries were sent out. The Convention is at work now on a basis of $200,000. They are acting on the advice of Cary to "Attempt great things for God and expect great things of God."

To reach this high water mark, each church and each individual member must move forward. We not only need to give more, but pray more. Pray the Lord of the harvest that He will send forth more laborers. The quota for North Carolina this year for Foreign Missions is $13,000. The men and money we send abroad are not lost to us at home. The life of Dr. Yates was worth more to North Carolina in China than if it had been spent at home. What we do for heathen will help us and the work at home. We can't afford to face God, having done nothing to rescue the lost millions of our fellow men. The time is short—

"Time is flying,
Souls are dying."

Let us pray for our missionaries and the native Christians in China—that God will spare their lives, and that the hand of persecution may be stayed and that every heart may be opened to receive the gospel.

God and the fields are ready, let us go up and possess the land.

Respectfully, W. H. WILSON, Committee.

REPORT ON EDUCATION.

The growth of the educational spirit in our State during the last few years has been marked and steady. Popular demand has secured larger appropriations to our common school fund, and has forced all political parties to promise still more in this direction.

It is pleasant to report that this demand has been created and these increased opportunities have been secured largely through the influence of our Baptist leaders.

It is also gratifying to state that this new awakening is manifest throughout the "rank and file" of our Baptist host.

Academies for boys and girls are springing up all over the State, and of these schools Baptists own and control a large and increasing number.

At Wake Forest they have invested, in buildings, equipment and endowment, the equivalent of four hundred thousand dollars. The C. B. F. Institute, at Murfreesboro, and the Oxford Female Seminary are doing excellent things for our girls, and both schools are constantly growing in patronage and efficiency.

After ten years of doubt and hope and struggle, the Baptist Female University, at Raleigh, opened its first session last fall, and during the year enrolled 220 students, who were taught by a faculty of 20 teachers. The school took its place at the beginning in the front rank of Southern Colleges for women. Its purpose is to furnish the highest culture, and, so far as possible, to put its advanges within the reach of all. One of its buildings has been turned over to those young women who are trying to work their own way through College, and during last year 40 of this class did their own work and furnished their own board at a cost of $3.50 per month.

Two needs are now pressing: First, another dormitory building; and second, the payment of the debt on the property. This latter burden must be removed quickly, that the Institution may be free to go forward, and it is earnestly urged that our brethren lay it upon their hearts to wipe out this debt during the coming year.

H. A. Brown read the Report on State Missions, and also Executive and Treasurer's Report.

REPORT ON STATE MISSIONS.

Since our last session Rev. Livingston Johnson has been chosen Corresponding Secretary of the State Mission Board. It is useless to assure him of our love for him and our willingness to co-operate with him in all efforts to give the Gospel to all the people in our State. We are confronted by new problems in our Mission Work. While the old-time prejudice against Mission methods is gradually passing away, there are many vexing issues to be met in many parts of the State. Dangerous doctrines are being industriously circulated by designing men, and this influence must be met and overcome. Our population is changing in many localities—new centres of influence are springing up—and new demands along educational lines are being made. We have a larger number of Missionaries now at work than ever before. They are toiling in the east under difficulties peculiar to that section. They are struggling through the central portion with adjustments which must be made to take care of our factory populations. They are doing effective work in the mountain sections, in stirring up a spirit of education. Many gracious meetings have been held by these godly Missionaries and many have been baptized into the fellowship of our churches. Sunday School Institutes have been held, and much colportage work has been done. Rev. T. Neil Johnson has taken the place of Bro. Spillman as a Sunday School Secretary and Missionary, and we commend him to the confidence and love of all the churches.

It will be remembered that the Convention instructed the State Board to raise $25,000 for State Missions during the year. This will necessitate an advance movement all along our lines. With faith in God and willingness to be used by Him, no difficulties can prevent our possessing the land, *in His name.*

H. A. BROWN,
FRED N. DAY, } Com.

REPORT OF THE EXECUTIVE COMMITTEE.

Since our last Association, our Mission work has moved steadily forward. Progress has been made on every field where our Missionaries have labored. Although afflictions and privations have come to some of our brethren toiling on these mission fields during the year, they have not been without the blessing of the Lord and the enlarged sympathy of their brethren. In the early part of the year your Committee made the following recommendations and appropriations:

To R. M. Loftis, at Stoneville and Deep Springs	$75.00
To W. H. Wilson, at Mayodan	75.00
To C. C. Haymore, at King	50.00
To C. C. Arrington, at Chestnut Ridge	25.00
To W. H. Wilson, at Walkertown	25.00
To P. Oliver, at Brims	25.00
To R. M. Loftis, at Flat Rock	25.00

Brother P. Oliver reports that he has preached 19 sermons at Brims and made 24 family visits. The new house of worship is now completed except the ceiling for the walls. His congregations are good and increasing. A church will be organized in the Fall and some of the best families in the community will be represented in the membership.

Brother C. C. Haymore has labored faithfully at King. He reports 25 sermons preached and 75 visits made. He has baptized 4. He thinks he has the best Sunday school in Stokes county. The ceiling for the house and the material for the wainscoting have been put in place and are now ready for finishing. The church is spiritually minded and alive to every line of work. More than $100.00 have been given during the year towards the completion of their house of worship.

Brother W. H. Wilson makes a most encouraging report of work done at Mayodan. The new house of worship is finished and paid for. It cost about $1,000.00 A church was organized with 12 members. Since that time 30 persons have been baptized and 14 have been received by letter. Sermons preached 60. Visits made 125. They have a weekly prayer meeting well attended. The Sunday school numbers about 200. The following amounts have been contributed: For State Missions $15.00, for Foreign Missions $11.00, for Orphanage $5.00. They have bought and paid for a good organ. The outlook is full of promise.

Brother C. C. Arrington sends the following report of work at Chestnut Ridge: Sermons preached 32, number of prayer meetings held 11, visits made 25—one has been baptized and one awaits the ordinance—there are 52 in the Sunday school—one dollar and sixty-two cents have been raised for State Missions. He regards the work in a hopeful condition. Will not ask help after this year.

Brother R. M. Loftis reports that he has preached 22 sermons at Stoneville—made 80 visits—congregations good and encouraging Sunday school. They have a good house of worship now in process of erection. This is a good point and should be aided by the brethren. Any contribution given towards the completion of their house of worship will be money well invested.

At Deep Springs there have been 14 sermons preached and 30 visits made. They have a good Sunday school and a good congregation. They have organized a church at that point. They have contributed to State Missions $5.00, to Foreign Missions $3.50 and $1.50 to the Orphanage.

At Flat Rock there have been 21 sermons preached and 85 visits

made. They have a Sunday school part of the year. A good lot has been secured on which to build a church building.

Brother Loftis has not held his special meetings at any of these places yet.

At Walkertown, Brother Wilson has preached 24 sermons, made 25 visits—all pledges are redeemed—congregations good—several received for baptism.

A splended mission work has been done at Spray, N. C., but it was done under the direction and supervision of the Leaksville church: Sermons preached 175, visits made 617—baptisms 59—received by letter 16—professed conversion 67.

Brother Johnson has done voluntary mission work at Ayersville and Brother J. L. Lane has worked faithfully at a point near Stokesdale where there is fine promise of a good church in the near future. It might be well for the Association to instruct the Executive Committee to allow a small appropriation to each one of these points until the Convention.

There are now only two or three great centres of destitution within our extended boundaries. It is hoped that steps will be taken soon to plant the cause in these destitute localities.

Your Committee are ready to place the books in their hands at the disposal of our missionaries to be sold or otherwise disposed of in the interest of our Association.

"Thus far the Lord has helped us." Our faces are to the front and God is on our side, we need only to keep going forward to possess the land.

Evening Session.

Religious exercises opened by singing "Must Jesus Bear the Cross Alone?" and prayer by H. C. Smith.

The Moderator then called the Association to order, and the Committee on Time and Place of Next Meeting made report:

Mayodan as the place. Thursday before the First Sunday in August, 1902, as the time. J. M. Hamrick, of Mt. Airy, to preach the Introductory Sermon, with J. M. Haymore as Alternate.

A. Johnson read the Report on Orphanage. Pending its adoption, A. Johnson, J. B Boone, F. P. Hobgood, D. F. King, T. S. Sprinkle, S. W. Hall, W. H. Wilson, and H. C. Smith, spoke on the Report, and it was adopted.

REPORT ON ORPHANAGE.

The fiscal year, which closed June 30th, was the best, in many respects, in the history of the Orphanage. A larger number of children were cared for and better work was done in the different departments than ever. The farm paid a profit of $920.00, and the paper, *Charity and Children*, made a little more than a thousand dollars for the institution. The cost of maintaining a child has been reduced to the remarkably low figure of $4.38 per month. This includes all the running expenses of the Orphanage. Within the year the Mills Memorial Machine Shop has been built, and the Biggs House, for girls, has been greatly enlarged and improved.

The urgent need of the Orphanage at the present time is money to complete the water works system. Almost enough was subscribed at the Stat Convention, but only a very small part of the subscription has been forwarded. The water works is a pressing necessity, which, physicians tell us, must be speedily completed, in order to prevent disease. We hope our churches will all make an extra offering for this object, and send it to the Treasurer without delay.

Two hundred and ten children are now in the institution, and still the applications pour in.

The outlook for the year before the Orphanage is bright and promising. Many of our Sunday Schools are becoming interested, and are giving it monthly collections, which is a great help to the work, especially through the summer season. We hope every Sunday School in the Pilot Mountain will fall in line and give the Orphanage a collection one Sunday in each month.

We are grateful for what the Orphanage has done for our people, as well as for the children committed to its care. We urge that every one of our churches shall stand loyally and faithfully by it.

R. W. Crews, }
T. M. Baker, } Com.

T. S. Sprikle read the Report on Temperance, which was discussed by T. S. Sprinkle, H. Sheets, J. A. Garrett, S. B. Wilson, W. H. Wilson, S. W. Hall, F. H. Jones, H. A. Brown, J. M. Haymore and T. M. Baker, and adopted.

The Report on Sunday Schools was postponed until Sunday morning at 10 o'clock in mass meeting.

R. B. Horn, of Yadkin Valley Institute; Joseph Aden, of Walnut Cove High School, were welcomed to seats in the Association.

After which the Association adjourned.

Benediction by R. T. Vann.

NIGHT SESSION.

After singing "At the Cross," and prayer by L. Johnson, J. W. Cobb spoke on the *Recorder*, J. M. Bennett on the *North Carolina Baptist*, and R. T. Vann on General Education.

H. A. Brown offered the following resolution:

Resolved, That we recognize the Recommendation of our Convention that during the year we raise One Thousand Dollars for Educational Purposes. We urge all our churches to formulate plans and raise the largest amount possible for this object. We recommend that Educational Mass Meetings be held in as many of our churches as possible, where the subject can be discussed and our people can be informed and aroused to do there whole duty in regard to this important question.

After which the Association adjourned for the day.

Benediction by J. W. Cobb.

THIRD DAY—MORNING SESSION.

SATURDAY, August 3, 1901.

The Association met this morning as usual.

Devotional exercises were conducted by L. Johnsou.

Prayer by J. M. Haymore.

The Moderator then called the Association to order for the consideration of business.

C. C. Haymore read the Report on Foreign Missions, which was discussed by L. Johnson, W. H. Wilson, C. C. Haymore and H. A. Brown, and adopted:

REPORT ON FOREIGN MISSIONS.

Wonderful, indeed, are the stately steppings of Jehovah on the earth. He works out his plans in ways that men cannot understand. Out of wars and tumults he gets glory to his name. As we look back to-day, it appears that the fulness of the time had come indeed, and that the world was ready for the preaching of Christianity in the first century as it has never been before, nor has

ever been since, unless it be right now. Before looking further at past and present conditions, let us remember that in this Foreign Mission work there are certain great fundamental principles which change not. God is the same unchangeable God of love. He has given his Son for a lost world. He wants that world to hear and know of this love; He has called all who love him to help let the glad tidings be known. These are truths which change not, but remain eternally the same. But there are conditions which have wonderfully changed, so much so that the Christian of to-day will find it hard to realize the true conditions of a century ago. There was then deep prejudice against Foreign Mission work. Some thought it a useless waste of life and money. Others the dream of a dreamer, or the sophistry of a mad man. Learned and unlearned scoffed at the idea.

See how wonderfully all these things have changed. Prejudice has been largely swept away. To-day the mission enterprise is understood as the very heart of the gospel. The great conference in New York in May, 1900, showed how mission work is regarded to-day. Presidents, governors, lawyers, financiers and leading men of all professions, joined with each other in honoring the missionaries and their work. The religious papers and newspapers talk missions all over the world to-day. See what has been done in gaining the nations. One hundred years ago one-third of the world was unknown, and much of the other two-thirds was closed against the gospel. Behold, what God has done; look how the doors have been thrown open. Since 1800, India, Madagascar, Turkey, Persia, China, Japan, Central Africa, Italy, Spain, Austria, South America, Mexico, Corea, Cuba, Porto Rico and the Philippines have been opened. At the beginning of this century, four-fifths of the people of the world were without the Bible. To-day, it is said, nine-tenths of the people of the globe have access to God's word.

At the beginning of last century there were only seven Missionary Societies, to day there are over five-hundred. There are 15,460 missionaries and 77,338 native assistants, and an army of over 92,000 workers. There are 11,039 churches and 1,817,684 converts in foreign lands, with the hundreds of thousands whose hearts are touched and yet have not confessed Christ. We have duly to lift up our eyes and see that God is moving for universal conquest through his people. The field is white unto harvest, and every nation under the sun is saying to the Christian world come over and help us. Shall we whose souls are lighted, the lamp of light deny?—no, but, with grateful hearts, let us move forward. May no Christian, no church, be satisfied who is not directly a co-worker with the Lord in his plans for a worlds redemptions.

C. C. HAYMORE, Com.

S. W. Hall read the Report on Education, when S. W. Hall, H. C. Smith and R. T. Vann spoke on the same and it was adopted:

REPORT ON EDUCATION.

We are living in a progressive age, and if we would keep abreast of the times we must educate our boys and girls. Every person should be trained to think, speak and act for himself, and that he is responsible to God for the life he lives. No people can educate so broadly and truly as Baptist.

We thank God for Wake Forest College. We probably owe more to her for the present condition of our denomination, and

the graat interest being manifested in all departments of our denominational work, than any other agency. Wake Forest College belongs to the Baptist, and is the place to educate baptist boys. One of the primary objects of the Baptist State Convention is to educate young men called of God to preach the Gospel. Many of our young men who are called to preach are unable to go through college. We have done a great work through our Board along this line. Its influence is felt throughout the State. We believe in an educated and consecrated ministry. We recommend that our churches increase their contributions for this noble work.

We rejoice in the reality of our Baptist Female University at Raleigh. It supplies a long-felt want in our denomination. It is only two years old, but is in the front rank of Southern Colleges for women. It is the place to educate our Baptist girls, and we believe there is no institution in the State that can do the work so well as our own University.

We call special attention to academic and primary education. This Association should have a firstclass preparatory school, and it should be patronized and dear to the hearts of the Baptist within our territory. We recommend that a Committee of Three be appointed now to take this matter in hand, and report at the next session of this Association the advisability and plan for an Associational School.

Respectfully submitted,

S. W. HALL, Com.

B. F. Ivie read the Report on Finance, which was adopted.

T. S. Sprinkle offered the following Resolution, which was adopted:

Resolved, That the Pilot Mountain Association earnestly request our Governor C. B. Aycock that he will not sell Common School Lands in order to secure the extra $100,000 for Common School Purposes, but that the $200,000 appropriated to Common Schools be paid before the extra appropriations are paid to the higher institutions.

Evening Session.

After singing, and prayer by J. A. Garrett, the Moderator appointed S. W. Hall, T. B. Lindsey, and T. S. Sprinkle, a Committee on Associational School.

L. Johnson read the Report on Home Missions, which was adopted after remarks by L. Johnson and R. T. Vann:

Report on Home Missions.

The importance of the work of Home Missions is hard to estimate too strongly. The wide-open door in Cuba, adds to the importance of the work. There is much land still to be possessed within the bounds of the Southern Baptist Convention, in which work the State Board will need the help of the Home Mission Board.

In our own State the Home Board appropriates three thousand dollars to the school work in the mountains, and pays half the salary of twenty-nine missionaries in the factory districts of the State. In addition to this, they promise to give us a thousand dollars for the general work in the State, on condition that we raise six thousand dollars, above expenses, for Home Missions. This should be a great incentive for us to make an unusual effort for Home Missions.

Our Home Mission Board is deeply grieved at the death of our very efficient Secretary, Dr. F. H. Kerfoot. Under his wise and aggressive administration the Home Mission Board was doing more than ever before in its history. Let us pray that the Lord may raise up a man of His own choosing to carry on this great work.

Respectfully Submitted,

Livingston Johnson.

The Moderator then announced the following Committees for the ensuing year:

State Missions—H. A. Brown and T. S. Sprinkle.

T. L. Vernon read the Report which nominated the following brethren as Executive Committee:

H. A. Brown, T. M. Baker, D. F. King, R. F. Joyce and E. W. Culler.

S. B. Wilson read the Report on Periodicals, which he discussed, followed by J. W. Cobb and J. M. Bennett, after which it was adopted:

REPORT ON PERIODICALS.

This is pre-eminently a day of periodicals, every kind and character of them is broadcast like autumn leaves over the land. Care and great prudence should be exercised in regard to the kind of literature that we allow to come into our homes. There never was a time, within the knowledge of your Committee, when the Baptist press was better than it is to-day.

We recommend the Biblical Recorder, which has been in existence more than half a century. It has never been as vigorous and sprightly as at present.

We also recommend Charity and Children as a medium of communication between the Orphanage and our Churches and people, by which the necessary information can be obtained concerning the operations of the Orphanage.

The North Carolina Baptist is in the field and makes a deserving appeal for your patronage and support.

The Home Field tells us of the work and needs of our great mission field within the limits of our own Southern Baptist Convention and the Island of Cuba.

The Foreign Mission Journal is an indispensable help to every lover of Foreign Missions. Through it we are made acquainted with the work of our brethren who labor in Master's harvest beyond the seas.

The Wake Forest Student is a good literary journal and gives information on things about Wake Forest College.

The Church Worker is just what it claims to be—a church worker at work.

Your Committee would recommend that our pastors use all their influence to increase the circulation of our religious papers among the churches.

F. H. JONES, Com.

J. A. Garrett offered the following resolution, which was unanimously adopted:

Resolved, That the Pilot Mountain Association return their thanks to the South Side Baptist Church and to the good people of the community for their cordial and generous hospitality during the session of the Association.

The Moderator appointed J. A. Garrett as a Delegate to the Southern Baptist Convention.

D. F. King, T. B. Lindsey, and C. C. Haymore, were appointed Delegates to the State Convention.

The business before the Association having been disposed of, after singing "Blest be the tie that binds," the Asso-

ciation adjourned to meet at Mayodan, in 1901, after a a short prayer by H. A. Brown.

D. F. KING,
Moderator.

T. J. Valentine,
Clerk.

Saturday Night.

J. M. Bennett preached from Isaiah, 35th chapter, 8th, 9th and 10th verses.

SUNDAY MORNING.

The Sunday School Mass Meeting was lead by T. L. Vernon, S. B. Wilson, and others.

H. C. Smith, of Virginia, preached at eleven o'clock.

REPORT ON PERIODICALS.

As our people advance in educational attainments, we depend more and more upon periodical literature to inform our churches and to unify them in the Master's work. To this end we com-

mend to all of our people The Biblical Recorder, our conventional organ, which has not only been a great source of information, but has been a faithful exponent of our principles for more than two-thirds of a century, and it was never better in all its history than now. The North Carolina Baptist is also a good paper and is worthy of a place in every Baptist home. Charity and Children, the organ of our Orphanage is filling its sphere splendidly and is doing faithful and valuable work for this institution. The Home Field and The Foreign Mission Journal give needed information on our mission work, in which we should all be interested, and about which we should be informed. The literature of our Sunday School Board at Nashville, Tenn., should be taken and read in every Sunday School in the Southern Baptist Convention.

Respectfully submitted,

R. M. Loftis, }
F. H. Jones, } Com.

After remarks by S. W. Cobb, C. C. Haymore, F. H. Jones, S. J. Beeker, J. B. Richardson and J. M. Hamrick the report was adopted.

REPORT ON STATE MISSIONS.

Since our last Association we have every reason to rejoice at the progress being made in giving the gospel to the destitute within the borders of our State. The report made by our beloved secretary at the last convention was full of inspiration and hope. Nearly one hundred devoted missionaries are now at work on our mission fields. Many precious meetings have been held and scores of members have been baptized into the fellowship of our churches. But there is much land still to be possessed. There are whole counties in the East where our cause is very weak. There are many factory communitles where efforts must continually be made to give the people the gospel and train them for the work of the churches. There are many weak and struggling churches that must be helped until they can become, in a measure, self sustaining. There are localities in our State where missionaries are needed to instruct the people in reference to their obligation to take care of themselves and send the gospel to the regions beyond. There are many pernicious doctrines being promulgated by designing men which must be met and overcome or many of our smaller churches will be seriously crippled. Rev. T. N. Johnson, our Sunday School Secretary, has rendered efficicient service during the year encouraging Sunday School Institutes and giving our people valuable aid along the line of Bible study. Our motto should be "a Baptist church and Sunday School in every neighborhood within the borders of our good old State." Regular and enlarged contributions should be sent up from all our churches and continuous prayer should be made that the waste places may rejoice and that the desert may blossom like the rose.

T. S SPRINKLE, } Com.

REPORT OF THE EXECUTIVE COMMITTEE OF PILOT MOUNTAIN ASSOCIATION.

Your Committee, under the blessing of God, is enabled to present, once more, a report of progress in the mission work of our Association. Quietly and faithfully our missionaries have toiled and the Lord has granted success. The few destitute centers within our boundaries are gradually being reached and taken for our blessed Master. Two or three points yet remain where churches should be planted and we urge that these places be occupied at the earliest possible time. The Committee have made the following recommendations and appropriations:

To R. M. Loftis, at Stoneville	$ 50.00
To W. H. Wilson, at Mayodan	75.00
To C. C. Haymore, at King	50.00
To S. J. Beeker, at Spray (to be paid by Leaksville)	100.00
To P. Oliver, at Brims	25.00
To J. L. Lane, at Stokesdale	35.00
To J. B. Johnson, at Ayersville	15.00

Rev. C. C. Haymore, at King, reports that the house of worship is almost complete; that $94.07 has been paid on this object during the year. Six persons have been received into the church. Seventy-five visits have been made. The church has raised for Home Missions $2.00, for Foreign Missions $2.50, for State Missions $4.00 and for other objects $7.35.

They have 85 in the Sunday School. The church is in good condition and the future seems bright.

Brother J. L. Lane has preached 24 sermons at Stokesdale Mission, made 30 visits and baptized 8. He has collected and expended on the house of worship now in proces of erection $100.00. They have a Sunday School numbering about 45. A prayer meeting is kept up regularly. This point should be carefully cultivated.

Brother J. B. Johnson has preached 23 sermons at Ayersville and made 45 visits. He has collected small amounts for the various objects of the convention. His congregations are good and the outlook is hopeful. He has not yet held the protracted meeting.

Brother P. Oliver has labored faithfully at Brims. He has preached 26 sermons, made 29 visits and baptized 2 persons. The house of worship has been completed and a church of 12 members has been organized. This church will apply for membership in this Association at this session. They have a good Suday School. With patience and faithful work this may become a strong church in the years to come.

Brother Loftis has preached 41 sermons at Stoneville and received by experience 11, by baptism 10 and by letter 1. He has made 90 visits. He has collected for State Missions $12.70 and small amounts for other objects. The church building is closed in and seated but not ceiled yet. There is a small indebtedness which they are struggling to pay. They have a good Sunday School.

Brother Wilson makes the following statements concerning the work at Mayodan. Sermons preached 50; religious visits made 100; paid on pastor's salary $65 00; for State Missions $20.00; for Foreign Missions $10.00; for Home Missions $4.00; for the University at Raleigh $2.25; for painting the church $75.00. Sixteen persons have been received by experience and baptism. The congregations are good morning and night. They have a good prayer meeting. The Sunday School makes an average of 130 and takes 40 copies of *Charity and Children*. The church is out of debt.

Brother Wilson has also preached at Fair View in Rockingham county. At this point one of the best houses in the county has been built. They have bought and paid for a $63.00 organ. Eighteen persons have been baptized and 4 others await the ordinance. He has preached 35 sermons. They have a good Sunday School and a good library. No appropriation was made but your Committee would recommend that $35.00 dollars be allowed in view of the wonderful work done. After this year they will not ask for any aid.

Brother S. J. Beeker has done a very successful work in Spray and the surrounding country. This work is done by the Leaksville church but reported through your Committee. Sermons preached 42; visits made 521; 39 persons baptized, 16 received by letter; a large and successful Sunday School numbering 225. See Leaksville church letter for full statistics.

The books and tracts left in the hands of the Committee have been sent to the missionaries, with the request that they dispose of them in the best way possible to promote the cause of Christ in our Association.

Truly the Lord has been very gracious to us during all the year. Let us recognize His guiding hand and press forward to finish the work He has given us to do.

AFTERNOON SESSION—SECOND DAY.

The devotional exercises were conducted by J. B. Richardson, R. D. Haymore led in prayer. The congregation sang "Close to Thee."

The Moderator having called the Association to order it was moved and carried that the report on State Missions be adopted.

The report on Home Missions was read and spoken to by J. M. Hamrick and Dr. C. F. James, and it was adopted.

REPORT ON HOME MISSIONS.

The wonderful success which has attended the work of the Home Mission Board and the unbounded spirit of progress which marks its every effort, constantly brings to us new demands and greater responsibilities.

It is gratifying to note an increase in contribution from all the States, except five of the oldest and strongest States, and that the actual increase in contribution from all the States last year was a little more than $12,000 over the previous year.

The Board employed last year 674 Missionaries, who report a grand total of more than 1,700 additions.

Co-operative work among the negroes is very encouraging. In this department of the Board's work, 16 Missionaries were employed and report 108 baptisms.

Among the other needs of the Board, the sum of $100,000 is needed for the extension of mission work, church building, etc.

There is much to be done in the home field in which the State Board will need the help of the Home Mission Board. In North Carolina the Home Board appropriates $3,000 to education in Western North Carolina, and appropriates fifty per cent. of the salaries of a number of our Missonaries.

In September, 1901, Rev. F. C. McConnell, D. D., was elected Corresponding Secretary to fill the vacancy caused by the death of the lamented Dr. F. H. Kerfoot, and we note with gratitude that the work of the Board goes forward as Bro. McConnell presses its claims.

Let us as a factor in this great work, rally to the needs of the Home Board.

J. M. HAMRICK, Com.

The report on the Orphanage was read by P. W. Glidewell and was spoken to by Archibald Johnson and Prof. Poteat and then adopted.

REPORT ON ORPHANAGE.

There are at the present time 213 at the Orphanage. A new dormitory for boys is now in process of erection which will accommodate forty more. This house will be completed within the year, which will run the number in the care of the Orphanage to at least 250.

The late Dennis Simmons, of Williamston, left a handsome legacy, the interest of which will be used to keep the Dennis Simmons Nursery in repair, and the surplus, if there be any, will be devoted to the general expenses of the institution.

The enlarged number of children at the Orphanage and the wider work it is doing, will call for enlarged contributions from the churches. So far from relieving us of the care of our orphan children the bequests that have been made will not care for the new orphans admitted the present year; and the number will steadily increase as additional room is provided. The crop prospects on the farm are excellent. Seasons have been very favorable and the corn promises unusually well.

The Mills Memorial Shop, it is hoped, will pay expenses next year. The shoe shop has been put in charge of a competent foreman and will be a useful feature of the work. The printing office was never so well equipped and the circulation of Charity and Children is steadily growing. Special attention is called to the reduced rates of the paper in clubs of 10 or more. This rate is 60 cents per copy per year.

The past year closing June 15th was one of the best in the history of the Orphanage. The school work was admirable, and the corps of teachers exceptionally well qualified for their work.

The contributions were good, but they ought ty be twenty-five per cent larger this year in view of the greater work to be done.

We commend to our Sunday Schools the plan of taking a monthly collection for the benefit of the Orphanage.

Respectfully submitted,

C. W. GLIDEWELL,
R. W. CREWS.

The hour having arrived for adjournment, the Association adjourned. Benediction by J. W. Cobb.

Night Session.

After singing by the congregation the Association was led in prayer by J. M. Hamrick. The subject of education was presented and spoken upon by F. W. Hancock and Prof. W. L. Poteat. Benediction by J. B. Richardson.

MORNING SESSION—Third Day.

The devotional exercises were conducted by S. W. Hall and prayer was offered by H. A. Brown.

The Moderator called the Association to order and the minutes of yesterday were read and adopted. The reading of the delayed letters.

The Committee on Time, Place and Preacher for our next session reported Thursday before first Sunday in August, 1903, with the Pilot Mountain Church, S. J. Beeker to preach the Introductory Sermon, J. Alfred Garrett, alternate. The report was adopted.

T. S. Sprinkle read and spoke to the report on Temperance.

REPORT ON TEMPERANCE.

Whereas the use of alcoholic liquors is very destructive of human life and health and happiness; and

Whereas it degrades men morally and spiritually, and makes him more like the brute and less like his Creator, in whose image he was created; and

Whereas the more the liquor traffic flourishes the more the devil's kingdom is built up and the more God's kingdom is torn down; therefore,

Resolved, That we as individuals refrain from the use or sale or manufacture of all intoxicating liquors and that we as an Association and as churches and as individuals do all in our power against the manufacture or sale or use of all intoxicating liquors.

Whereas tha habit of cicarette smoking is injurious to the health of men and boys, and especially of boys;

Resolved, That we do all we can against the manufacture, sale and use of cigarettes.

Respectfully submitted,

T. S. Sprinkle,
For the Committee.

T. M. Barber, J. E. Slate, W. H. Wilson, S. F. Conrad, Bro. Lancaster, C. C. Haymore spoke to the report, and after being amended to include cigarette smoking was adotped.

The following resolution was offered by S. J. Beeker and adopted:

Resolved, That this Association does hereby express its condemnation of the action of the officials of Greensboro in opening wide the saloon doors to the great Democratic convention, and also the Republican convention, which meets in the same town, as being detrimental to the interests of good morals, good government and the home, and as degrading to the fair name of North Carolina, and that we encouroge our people to vote for temperate men to represent us in our legislative halls.

It was moved and carried that the order of business be suspended so that the Finance Committee could make its report.

The report was read by Wm. Cummings and adopted.

W. H. Wilson read the report on Foreign Missions, which was spoken to by S. J. Beeker and W. L. Poteat and then adopted.

REPORT ON FOREIGN MISSIONS.

The Foreign Mission spirit among us is the measure of our activity, progress and life in carrying forward Christ's work. The one great problem before us is to create a deeper interest in Foreign Missions in all the churches and to get the membership to realize the individual responsibility which Christ himself placed upon each one of us in his commands concerning this work.

The broadening and developing of the Foreign Mission work will do more to quicken the life and activity of our churches than any other one thing. This must be brought about by information and organization, by missionary rallies and by bringing the membership of our churches face to face with Christ's command ond the pressing needs of the work.

While there has been a gratifying increase in our contributions to Foreign Missions, still our gifts are small compared to our membership and real ability. When we consider that Christ has commanded this work at our hands, and that upon its success depends the salvation of millions of souls as well as the coming of Christ's kingdom.

We should consult our consciences and see if we are really giving to this great work according to our ability and as God's stewards or trustees. What we have belongs to God. Lets us not rob God in this matter.

The changes which have been wrought by war in the past few years have all been favorable to Foreign Missions. This shows us unmistakably that God is opening tne way ond leading us forward.

One great incentive to effort just at present is the fact that the spirit of peace is returning to the nations of the earth. Our missionaries may all pursue their work unmolested. There is no doubt that real christian happiness comes through obedience to Cnrist and unselfish love and work for lost men and women. To do our duty toward the heathen will not only make us happier, but it will become a means of grace in making us better and larger men and women in Christ's Kingdom.

Finally, Foreign Mission work is the real life work of the Christian. Greater interest in Foreign Missions will quicken and interest the churches in every other work which the Association is attempting.

It has been wisely suggested that we increase our contributions. May we not think our work complete until the kingdoms of this earth shall become the kingdoms of Christ.

Respectfully submitted,

W. H. Wilson.

The Moderator appointed T. S. Sprinkle, T. B. Lindsay and J. M. Hamrick a committee to nominate Executive Committee.

Adjourned. Benediction by H. A. Brown.

AFTERNOON SESSION—Third Day.

Devotional services were conducted by F. N. Day. A solo was sung by Mrs. T S. Sprinkle and prayer was offered by J. M. Martin.

The Moderator then called the Association to order and announced the Standing Committees.

The report on Ministerial Education was read by J. Alfred Garrett, as follows:

REPORT ON MINISTERIAL EDUCATION.

Christianity is essentially evangelical. The spirit of Christ is the spirit of missions. Christianity is the following of Christ, both in emulating his character and example, and in obeying his commands. Jesus came to earth on a mission of self-sacrificing love and mercy, giving us an example that we should follow, and by direct command He has imposed upon His followers of all ages and nations the duty of carrying on to a glorious consummation the marvellous work which He began. He directed that this work of the world's evangelization shall be conducted by human agency, using the one divinely appointed means, and that the preaching of of the gospel. "How shall they preach except they be sent?" Manifestly, it is our God imposed duty to send men to preach the gospel, that through the foolishness of preaching the wisdom and power of God may be made manifest unto all men. But if it is our duty to send men to preach, is it not equally our duty to train and equip them for the work? No man can be effective as a soldier unless equipped with proper weapons and trained in the use of those weapons. Neither can a man be effective as a minister of Jesus Christ without the sword of the spirit and without that skill in its use which is the result of training. Some men possessed of considerable native ability, and with indomitable will and unflagging energy have under the blessing of God, by patient effort, become powerful in wielding the sword of eternal truth without the training of either college or theological seminary. But with however much of native ability a man may be possessed, and however faithful and patient his self-training, the same man with the benefits of the proper collegiate or seminary training will be more efficient in bringing men into the kingdom and in developing those brought in. Now since it is our duty to do our utmost to extend the Messiah's blessed kingdom of light and life, it is our duty also to send the most efficient men—men with the best possible training and development, both intellectual and religious, to preach unto the religiously destitute. When we look for men we

look for men we find that almost invariably the most earnest, the most consecrated, the most promising, are without the means necessary to the securing of an education. Hence, in order to secure a sufficient number of efficient men for the work we must help them to get an education. It is, therefore, our duty, as it is also our privilege, to support liberally our Education Board, whose work is the assisting of worthy young men to secure the training necessary to fit them for the highest usefulness in the evangelization of the world.

One other reason why we should help our Board: Baptists have principles—principles which our fathers loved and maintained, and for which they suffered scorn, contempt, stripes, imprisonment and even death itself. Upon the maintenance and propagation of these principles depend Baptists existence. For this work we need men of not only devoted loyalty, but of intellectual ability and ripeness of scholarship second to none. As we have already intimated, the brighest intellects, the most splendid powers, are often found among the poor. If these are ever developed it must be through the help of others. Shall we but lightly esteem our blood bought heritage? Shall we be untrue to the memory of our fathers, untrue to our convictions of truth and duty, untrue to our fellow-men, untrue to our God? No; let us then ever stand by our Board that has done and is doing such a noble work in filling our pulpits with men who believe in Baptist principles, and who are not only willing but able to defend and maintain them against all the advocates of heresy. At our last State Convention held in Winston, the following resolution was offered by Pres. C. E. Taylor, of Wake Forest, and afterwards was seconded and discussed by Dr. W. R. Gwaltney, and then it was adopted:

Resolved, 1. That the Board of Education be requested to open a separate account with each young minister to whom aid is extended.

2. That when a beneficiary leaves the College a copy of this statement be furnished him.

3. That no notes be required from beneficiaries of the Board. but that they be requested to remit to the Treasurer of the Board, as soon as they can, the amounts expended in their behalf, and that these remittances be credited to them on the books of the Board.

4. That outstanding obligations of former beneficiaries be adjusted in accordance with the above resolutions.

In adopting this resolution our State Convention assumed the same policy that has been used by our Seminary for years, and now the young men at Wake Forest College receive aid from the Education Board exactly as the young men receive help at the Seminary in Louisville. The men do not sign any note, but they agree to send cash to the Board, as soon as they can, the amounts paid out for them. The Seminary has for years been allowing contributions sent from a man's field to be placed to his credit, and our Education Board has begun the same policy, and this action was a resumption of the policy which the Board has always pursued up to about six years ago. During last conventional year the Board received and expended $2,959,53—of this amount our Association gave only $103.49. The Board had under its care fifty-three (53) young men; two of this number, W. E. Woodruff and J. M. Haymore, were from the Pilot Mountain Association. Our minutes show that only eighteen (18) out of forty-five (45) churches contributed anything to this Board. The committee would suggest that as the Board is only the representative of our State Con-

vention (1) that each church be very careful as to the character of the young men they recommend to the Board.

(2.) That our churches raise money sufficient to care for our own representatives at least, so that the Board will not have to take money raised in other Associations to care for the young men who attend Wake Forest College from the Pilot Mountain Association.

Respectfully submitted,

J. Alfred Garrett, Committee.

Johnson, Secretary of State Missions, stated that he was at home and did not need any introduction, but he wanted to introduce G. P. Harvill, representing the Orphanage.

The committee on Arrangements made their final report which, after slight changes was adopted.

The reports of "State Missions," Executive Committee and Treasurer, were read by H. A. Brown, and all of the reports were adopted. The different missionaries made reports of the condition of their work.

REPORT ON STATE MISSIONS.

More than one hundred and twenty-five Missionaries are now at work within the borders of our State. The reports that come from these men of God are full of inspiration and good cheer. Many believers have been baptized on the various mission fields. A number of good houses of worship have been erected and many Sunday Schools have heen organized.

It must not be forgotten that there is still great destitution of Baptist preaching in many parts of the State. Factory towns are springing up here and there and they require immediate and persistent effort to plant and sustain the cause. It will be necessary to raise $1500.00 or $2000.00 more than last year to meet the demands of our enlarged work. One of the pressing needs of our State work now is that greater attention be given to the distribution of religious tracts and denominational literature among our people. Others are scattering tracts that are subversive of truth and destined to disturb our churches unless counteracted. If the State Mission Board would set aside a certain amount for furnishing colportage supplies and encourage each missionary to do colportage work in his mission field much good might be accomplished. It might be well as early as possible to have some general colportage work done under the direction of the Board. Prayer should be offered in all our churches for our Secretaries and our Missionaries and constant effort should be made by our pastors to keep the work of sending the gospel to the destitute before the minds and on the hearts of all our members. We have not done our full duty until we have put forth our utmost effort to give the gospel to those who have it not. "How shall they hear without a preacher and how shall they preach except they be sent?"

H. A. BROWN,

Treas. Ex. Com.

Your Committee, under the guiding hand of the Lord, are permitted to make a report indicating faithful and efficient work accomplished by the missionaries during the year. As there are only two or three cities within our borders where a church needs to be planted in order to reach the outlying destitution, we have given attention to the work "Strengthening the Things That Remain." A number of our churches are weak and young and will need careful nursing and nurturing for awhile. We hope to reach and supply the centers still destitute in the near future. In the early part of the year we made the following recommendations:

To J. L. Lane, at Oak Grove		$ 35 00
" P. Oliver, at Brim's Grove		25 00
" R. M. Loftis, at Vade Mecum		50 00
" Spray Chapel (to be paid by Leaksville Church)		100 00
" Pastor, at Mayodan		75 00
" J. B. Johnson, at Ayersville		15 00
" C. C. Haymore, at King		50 00

As there was no pastor at Kernersville at the time the appropriations were made this point was left out. But Bro. Stanford has been doing faithful work there and we recommed that he be allowed pay for the time he has served at the same salary agreed upon for last year.

Rev. J. B. Johnson reports from the Ayersville field that large and attentive congregations hear the word at his appointments—that a flourishing Sunday School is kept up—that 21 sermons were preached by him—that 48 visits were made—that 15 persons were baptized and small amounts collected for the various objects of the Convention. He believes that a strong church will be built up there within a brief time.

Rev. J. L. Lane reports from Oak Level—number of sermons preached 22—visits made 30—persons baptized 7—received by letter 8—$93.82 has been spent on the house of worship and about 9 dollars has been raised for other objects. The house of worship is now being painted and the finishing work will be completed before the winter sets in. He has disposed of the books placed in his hands by the Convention and received for the same 4 dollars. This is a promising locality and should be cultivated with all possible care and prudence.

Bro. P. Oliver has met his appointments at Brim's. The small pox in the vicinity interfered with the attendance and the work of the church during several months of the year. He has preached 14 sermons and made 21 religious visits. He has not yet held his meeting of days. Our cause is gaining ground among the best people in this community. At the beginning of the year your committee instructed Bro. R. M. Loftis to preach at Vade Mecum Springs as often as possible, also to visit the people and receive contributions and superintend the erection of a suitable house of worship. He has preached 7 sermons and made 18 visits. This point is one of the centers of destitution in our bounds. It's a place of growing importance and every effort possible should be put forth to establish our cause at that central position.

Bro Stanford reports from Stoneville—Thirty sermons have been preached, a prayer meeting is kept up. The Sunday School numbers 45. Material is on hand for the completion of the house of worship. The congregations are good and the outlook is hopeful. Money has been raised to buy an organ. We also make an encouraging statement of the work at Mayodan. Number of sermons preached since Feb. 1st., 15—good prayer meetings are held —24 persons have been baptized. The Sunday School numbers about 140, it is full of interest. More than fifty dollars has been raised by the school for expenses and the Baptist Orphanage. This work has been full of encouragement since it was inaugurated under the leadership of Bro. W. H. Wilson.

Bro. C. C. Haymore has continued to occupy the field at King. His report is as follows:

He has met his appointments during the year. Congregations good—flourishing Sunday School—the house of worship is now about complete—it is a neat beautiful house and seats a large congregation. The church has done well for all the objects. About 65 dollars were raised last year for the church building. Money is in hand to paint the building. A meeting of days to be held immediately after association. A fine prospect is before the church. For other information see church letter.

The attention of the Association is called to the fact that the Union meetings have not been well attended during the year. We ought to make these meetings a large success or we ought to abandon them. It is especially desirable that the missionaries who labor under the direction of the Executive Committee should be present to make a report and keep in constant touch with the needs of the fields. If possible denominational tracts should be distributed by our missionaries for the edification and instruction

of our people. With confidence in God and faith in our brethren let us press forward to a large effort for the spread of the gospel throughout the world.

AFTERNOON SESSION.

After singing, the Association was led in prayer by G. P. Harrell. The Moderator called the Association to order. The letter from Mt. Olive church was read.

F. H. Jones read the report on the Orphanage as follows:

ORPHANAGE REPORT.

The Orphanage at Thomasville is a great institution. It has done a great and good work in the past, but God wills that it shall do a greater and grander work in the future. It is amazing to look back over the past eight or nine years and see how grandly the Orphanage has grown; and now standing at the beginning of

another fiscal year, we see the beginning of the most marvelous advancement in all its history. The institution has in its care at the present time about 260 children. The year's work which closed June 30 was highly satisfactory. The health of the children has been excellent. The economy with which the Orphanage is managed has always been a strong and striking feature of the work. $4.83 a month maintains a child, and this includes all the running expenses of the Orphanage, salaries and all. Where can an institution be found which can make a better showing? The general manager and his wife are known to most of us and so long as they are in charge we need have no fear that the money sent by our churches to support the Orphanage will be wasted.

Three new houses will be built in the near future, which will give room for 180 more children. These added to the 260 now at the Orphanage, will increase the number to 440. This means a large increase in current expenses. It will require unfaltering faith and heroic sacrifice to meet this increased demand for contributions on the part of the churches. To cover the probable current expenses for next year the contributions from the churches will have to be about one third more than they were last year. We urge our churches to enlarge their contributions to meet the enlarged demands. God has thrown these little ones upon us, brethren, and we must help to supply their needs. A thousand others are yet uncared for and exposed to all the snares of the evil one. They are crying to us to help them. Shall we heed their cries? "Inasmuch as ye did it not to one of these little ones, ye did it not to me."

Respectfully submitted,
F. H. JONES,
HENRY SHEETS, } Committee.

The report was spoken to by F. H. Jones and G. P. Harrell, after which the report was adopted.

C. W. Glidewell read the report on Temperance as follows:

REPORT ON TEMPERANCE.

We, your committee, beg to say that we believe that alcholic liquors are destructive and degrading to human life and happiness, and that it is dangerous to indulge in any drinking alcoholic liquors in any form whatever.

We recommend that the churches of this association take up the matter of temperance and do all that they can to get the next General Assembly to pass such laws and regulations as will put the liquor tarffic out of our State. Since your committee has seen so much suffering and sorrow come to the homes of poor women and children, we beg all people every where to rise up in their might to help poor suffering humanity, since we see that more money is annually spent for alcoholic liquors than is spent for bread. While the children beg for bread the father spends his money for liquor.

We as Christians should rise up to help these poor deluded ones.

Respectfully submitted,
J. E. SLATE,
C. W. GLIDEWELL. } Committee.

After remarks by F. H. Jones and E. L. James, it was moved that the report be amended by striking out the word Wendesday and inserting the word Tuesday. The motion was carried.

C. C. Haymore, T. M. Baker, W. H. Wilson, F. N. Day, F. H. Jones and J. M. Napier spoke to the report.

It was moved that the report be amended by striking out the work Tuesday and inserting the word Thursday. The motion was carried. The report as amended was adopted.

The report on Periodcals was read by Rev. C. C. Haymore, as follows:

REPROT ON PERIODICALS.

Our statistics show that we have one hundred and seventy-three thousand white Baptists in North Carolina. About one in five has an opportunity to read one or more of our Baptist papers, about one in seventeen is a subscriber to one or more of our periodicals, and not more than two-thirds of those who have an opportunity read these papers. These facts show the cause of our weakness. When we see this great unmarshalled host who know so little about our work, and know too, that it is all for the want of the proper information we would be glad to cry the alarm, for it is alarming, into the ears of every Baptist in all the land.

We therefore recommend most heartily, to all of our people, The Biblical Recorder, the organ of our Baptist State Convention.

This paper has been tried and found true to our cause, and we believe to God also. We earnestly ask that every family take and read the Recorder.

The North Carolina Baptist, Charity and Children, The Foriegn Mission Journal, The Home Field and the Literature of our Sunday School Board are all good and will be found helpful.

Respectfully submitted, C. C. HAYMORE.

S. F. Conrad spoke to the report. The report was adopted.

On motion the association adjourned. Benediction by C. C. Haymore.

Evening Session.

After signing, the Moderator called the Association to order. The subject of Foreign Missions being the special subject for discussion, the Moderator stated that the committee to report on Foreign Missions was absent but that subject would be discussed and that the report would be submitted later.

H. A. Brown read the report of The Woman's Central Committee on Missions:

REPORT OF THE WOMAN'S CENTRAL COMMITTEE OF MISSIONS TO THE PILOT MOUNTAIN ASSOCIATION.

Dear Brethren—It is with much pleasure that the Central Committee reports a most prosperous year's work. The Woman's Missionary Societies connected with our Baptist Churches have increased in number, knowledge and liberality.

For the year closing December, 1902, 369 societies reported $11,003.13 for Home, State and Foreign Missions, this being an increase of $1,236.74 over the previous year. This makes a total of $83,923.19 contributed through the Woman's Missionary Societies of our State since organization of the Central Committee in 1886. When we remember that there were only fourteen societies in 1886, we can appreciate what a remarkable work we have been permitted to do. We, however, believe what we have done but the beginning of the larger things reserved for us in the future.

Our monied aim for 1903 is to give $12,000 to Home, State and Foreign Missions, and the Motto of the societies for the year is "All from God, all for God—whose I am and whom I serve."

We would again ask the assistance of the ministers of this Association in the organization and encouragement of Woman's Missionary Societies in their churches, and especially call their attention to the necessity of the children being taught the great principles of missions through the Missionary Sunbeam societies. If the children are not trained now while their hearts are young and impressionable, the church of twenty years hence will utterly fail to meet the overwhelming opportunities for the extension of God's kingdom which will be thrust upon them. We have not found any church where a Sunbeam Missionary Society might not be carried on with great profit, provided one earnest woman can be found to gather and teach the children.

For the year December 1901-1902, the societies of your Association reported through the Woman's Central Committee, for Home, State and Foreign Missions $444.60.

Respectfully submitted,

Fannie E. S. Heck,

For Woman's Central Committee of Missions.

H. A. Brown, C. A. Jenkins, R. D. Haymore and W. R. Cullow spoke upon the subject of Foreign Missions.

Benediction by C. C. Haymore.

W. H. Wilson read the report on General and Ministerial Education as follows :

REPORT ON MINISTERIAL EDUCATION.

It is with pleasure that your committee are able to report an increased interest in all branches of education. During the past year more students have been in our schools and colleges than ever before. Wake Forest College is in a most prosperous condition. Every year a number of young men are sent out to try to bring the world to Christ. The Board of Education aided last session 47 young ministers and more than fifty applications are before the Board for next session. There never has been a time in the history of our denomination when our churches needed stronger, aggressive leaders more than now.

So many of our people need developing and a man can't do his best at it unless he himself has been developed. Money spent in the education of men whom God has called to preach, counts not only for education, but Foreign Missions, Home Missions, State Missions and all the rest. The Board is entirely dependent upon the churches for funds necessary to carry on this work. No church can afford not to send a good contribution to this cause. Our people should take a greater interest in general education. Wake Forest College furnishes the very best facilties for thorough training in all departments of education. We recommend the Southern Baptist Seminary to our ministers. No young minister can well afford to miss the advantages offered them there.

Ample provision has been made for our girls in the colleges at Oxford, Murfreesboro, and in the Baptist Female University at Raleigh. We most heartily recommend all the Baptist schools and colleges in the State to our people.

Respectfully submitted,

W. H. WILSON,
R. M. LOTIS, } Committee.

Rev. Livingston Johnson read the report on Home Missions as follows:

REPORT ON HOME MISSIONS.

The work of Home Missions is in better condition today than ever before. In our own State, Factory Missions, Mountain Schools, rapidly growing towns, as well as important points, have received much consideration and have made rapid progress. This help given us by the Board should be a great incentive for us to make an unusual effort for Home Missions.

The Board employed last year 671 Missionaries, who report a grand total of more than eighteen thousand additions.

Among the negroes, and on the frontier, as well as on Cuba's isle the work moves steadily forward. We are grateful and rejoice in the work already accomplished. We now turn our eyes from the past to the future with its great opportunities and enlarged possibilities. We can not carry on the work with the greatest success without co-operation and sympathy going forth from the life of the most obscure member and reaching as far as the most humble worker on the frontier. Therefore, we urge our pastors and brethren to do all in their power to interest all the members of their congregations in the great work of Home Missions.

In the resignation of Dr. McConnell as secretary to the Home Board, we have sustained a great loss Let us pray that the Lord may guide the members of the Board in the selection of a man to carry on this great work.

J. ALFRED GARRETT, }
R. B. HORN, } Committee.

Pending the adoption of the report Livingstone Johnson addressed the Association, after which the report was adopted.

T. B. Lindsay read the report on Sunday Schools as follows:

REPORT ON SUNDAY SCHOOLS.

At this time with the experience of a hundred years no one will deny the great benefits resulting from Sunday Schools. In all schools something must be taught. What shall be taught in this school? Singing. Yes! Singing is an indispensable attraction in a Sunday School. Is it to teach children decency, self respect and Christian manners? Yes! Children should be taught how to behave at the house of God. But a Sunday School should have a higher purpose that is to teach Divine Truth. God's thoughts of love and mercy toward us, and our relation and responsibility to Him.

It is difficult to determine the age at which little children may be brought to have a saving knowledge of their Redeemer. Children of five and six years old in well conducted Sunday Schools seem to understand the plan of Salvation.

Every church in the Association should have one or more Sunday Schools, and the object should be to lead the children to Christ. The very best members we have are those that have been brought up in the Sunday School, and made an early profession of religion.

Every church that neglects to have these Schools is sure to dwindle away until its candle-stick is removed. Seeing that these things cannot be successfully divided we should inquire how the

powerful arm may be still more effective by the best means of conducting Sunday Schools.

The Rev. Jeseph Cook in a lecture at Lake Bluff is quoted as saying "There is not a man of affairs, with large and level head, who does not know that in the best, and last resort, the only effective police in a Republic is the Sunday School and the Bible.

H. A. Brown read the report on State Missions, the report of the Executive Committee, and the Treasurer's report, as follows:

REPORT ON STATE MISSIONS.

The Baptists of North Carolina have every reason to congratulate themselves on the work accomplished through the Board of State Missions during last year. More money was collected and expended and more men were employed than ever before in the history of the denomination in the State. The efficient services of our Corresponding Secretary give occasion for thanksgiving on the part of all our people. Twenty-five hundred persons professed conversion in the meetings held last year on our Mission fields. Thousands of religious tracts were scattered where they were needed.

There is still much that is needed to be done. Some of our churches have grown weak by reason of removals, and territory that was once well cultivated has become missionary ground again. Railroads have made changes in location a necessity. New fields are constantly being opened. It would be well for our pastors who can do so to aid our missionaries in special meetings on their fields. We must not lose sight of the fact that under the direction of the Convention the churches are asked for enlarged contributions to meet the growing demands upon us. It will be necessary to raise $5,000 more than was raised last year.

Every missionary should make continuous efforts in his field to have Sunday Schools planted and kept up. This means much for the future growth and effectiveness of the churches established. As far as possible missionaries should act as Colporters in connection with their preaching and visitation. The leaving of a tract or a book or a good religious paper may be but the starting of an influence that shall continue to widen through the years. We have been greatly blessed in temporal things during the year that is past, let us make the year to come memorable for advanced steps all along the line of Christain activity.

H. A. BROWN,
R. B. HORN,
Committee.

REPORT OF THE EXECUTIVE COMMITTEE.

Your Committee is glad to report that the missionaries employed for the year, within the bounds of our Association, have rendered good service. For reasons which seemed good to the committee work at Vade Mecum Springs was discontinued. We could not get any brother who was willing to undertake it for the amount we were able to appropriate. The following appropriations were recommended by the Committee:

To J. L. Lane at Oak Level	$35.00
To C. C. Haymore at King	$40.00
To P. Oliver at Brims and Olive Grove	$30.00
To J. B. Johnson at Ayersville	$25.00
To J. M. Stanford at Stoneville and Mayodan	$100.00

Bro. J. L. Lane reports from Oak Level that internal troubles, which have interfered with the work of the church, have been satisfactorily adjusted that 15 sermons have been preached, 40 visits made, and 8 persons have been baptized. A good meeting has been held and the prospect is encouraging. About $14.00 has been collected on the field for State Missions, Incidentals and Colportage.

Bro. J. B. Johnson reports that the work at Ayersville is hopeful. He has preached 22 sermons, made 48 visits and collected small amounts for the various objects. The congregation is large and attentive, and the Sunday School is growing. He thinks a strong church may be built up at that point.

Bro. P. Oliver reports as follows: Sermons preached at Brims 26, visits made 27, baptized 2. Congregations good. The moral condition of the people very much improved.

Sermons preached at Olive Grove 28, visits made 34, baptized 1, congregations good. Help will be needed for awhile to make these points self supporting churches. There is much prejudice to be overcome.

Bro. J. M. Stanford reports from Stoneville: The house of worship has been completed. It has cost $1081.75. The Sunday School numbers 65. The collections have been good. A nice organ and a good library have been purchased. Prayer meetings are well at-

tended. Twelve have been added to the membership. Every family in the community has been visited.

At Mayodan he reports the work as follows: The church has been paid out of debt. An addition has been made to the church tower which greatly improves the appearance of the building. One hundred and twenty-five attend the Sunday School. The collections are good. More than $40.00 have been raised for the Orphanage above the pledges. All pledges have been met. Nearly 40 members have been added during the year. A good prayer meeting is kept up. A greater number of the families in the town have been visited and prayed with during the year.

Bro. C. C. Haymore has met his appointments at King. The house of worship is now completed and almost entirely paid for. Eight persons have been baptized and two added by letter. They have raised $8.00 for State Missions and $6.08 for Foreign Missions and $26.28 in finishing the church house. Other collections have been taken. The Sunday School is good. The congregation is large and the future will be bright if patience and prudence are exercised.

Bro. C. C. Arrington has been laboring at Hollow Springs since last fall. A new house of worship to be controlled entirely by the Baptists has been erected and will be completed in a short time. He has preached 36 sermons, baptized 33, received by letter 1, restored 7 and 8 are awaiting baptism. Your Committee did not recomend any appropriation last fall, but having looked into the situation regard the work favorably and recommend that Bro. Arrington be allowed $40.00, his work to continue until Dec. 1st next.

In view of the fact that the State Board has withdrawn its help from King, we recommend that $10.00 more be added to the amount promised that point.

We would call attention to three points of destitution within our bounds which should be supplied as early as possible. One of these points is in the vicinity of Vade Mecum Springs, the second is between Winston and Lewisville, the third is between Walkertown and Ellisboro. These are central points with no Baptist Church within 6 or 8 miles of them. We urge that our Missionaries do their utmost to establish Sunday Schools at all their preaching stations. We have had a bountiful year, rich and plenteous harvests have crowned our fields, and the smile of the Lord has rested on all our labors. We shall be unworthy stewards of the manifold grace of God if we fail to make larger contributions to the growing demands upon us for the evangelization of the whole world.

Respectfully submitted.

AFTERNOON SESSION.

After singing, the Moderator called the Association to order.

The Spray Baptist Church asked for admission into our body, which request was granted; and the right hand of fellowship was extended to the Pastor.

Letters were read from Spray and New Bethel.

B. K. Mason read the following report on Home Missions:

REPORT ON HOME MISSIONS.

The missionary spirit is the Christ spirit. The salvation of the world is the work committed to the churches, and through the Home Board we build and equip supply stations for the prosecution of this great work.

We rejoice at the increasing opportunities for work within the bounds of our Southern Baptist Convention, and the efforts of our Board to seize these opportunities and to measure up to our responsibilities.

The Board employed last year 616 missionaries, who constituted 157 new churches, built and improved 179 houses of worship, distributed 18,275 Bibles and Testaments and received into our churches by letter and baptism 16,797 souls.

We note with gratitude to God the increase in contributions to Home Missions, because it is an expression of the confidence of our people in this work, and their development in the spirit of Missions.

We commend heartily the work of the Board in co operation with State Boards, also in the Mountain section of the South, establishing schools for the training of our Baptist people, the work in Cuba, the raising of a Building and Loan Fund, and the work on the Frontier.

The work of the Home Board has the mark of Divine approval. The call for this work grows louder and louder, and the needs more pressing with each succeeding year, because of the marvelous industrial progress of the South. Therefore your committee recommend an increase in contributions to this department of our work and urge all our people to do their very best in every way for Home Missions.

Respectfully submitted.

B. K. MASON,
J. B. JOHNSON,
Committee.

The report was discussed by B. K. Mason and Livingston Johnson.

On motion the report was adopted.

B. K. Mason read the following report of The Woman's Central Committee of Missions, and addressed the Association on Woman's work.

REPORT OF THE WOMAN'S CENTRAL COMMITTEE OF MISSIONS.

It is with great pleasure that the Woman's Central Committee of Missions is enabled to report to this Association a steady and most gratifying increase in its work.

Last year (1903) 401 societies reported for Home, State and For-

eign Missions $11,322.95. Since the organization of the Woman's Central Committee of Missions in 1886, the Baptist women of the churches of North Carolina have reported through their missionary societies ninety-five thousand dollars. When we view these remarkable results it is impossible to doubt that God's hand is in this work and that therefore with great confidence commend it to your interest, thanking the pastors who already have contributed so greatly to it by their interest, and urging those in whose churches societies have not yet been established to lead their women into this work.

I would also ask both pastors and superintendents to consider the organization of societies for training the children in Missions. We have more than a hundred of these connected with our woman's work, but we should have many more; indeed no Sunday-school should be witnout such a mission training school.

In the work reported by the Central Committee the societies of your Association gave for the year 1903, $465.00.

FANNIE E. S. HECK,
Pres. Woman's Central Com. of Missions.

The report was adopted.

EVENING SESSION.

After devotional exercises, P. Oliver called the Association to order.

W. H. Wilson presented the following report on Foreign Missions. Pending its adoption, H. C. Moore, Henry Sheets, Livingston Johnson, A. L. Betts and F. W. Hancock addressed the Association.

On motion, the report was adopted.

REPORT ON FOREIGN MISSIONS.

God has graciously blessed us during the past year in our Foreign Mission work.

We sent out to the various fields sixteen new Missionaries and our contributions reached $247,629.69. God gave us 2076 by baptism. So while in the last few years we have doubled our gifts, He has tripled the number of converts. Think of twenty new churches in heathen lands with over one hundred members each, added in one year. These are a power to reach others. God was in the Convention at Nashville, and caused the brethern to decide to try to make a 25 per cent advance for our work this year, that means we are to raise about $310.00 Some churches have al-

ready decided to more than double their gifts. We hope every church will decide to make some advance. We need more Missionaries for important points and we have over thirty appointed to add to our forces. Others are applying, who will likely be appointed soon.

The Board wishes to send fifty this year. We have been praying for workers and God is giving them to us. The Harvest is great, let us continue to pray the Lord to send forth laborers, and work and pray for the means. Let our motto be, "Go forward"

W. H. WILSON,
J. M. STANFORD,
Committee.

The congregation sang "Praise God from whom all blessings flow."

Benediction by H. A. Brown.

SATURDAY.—MORNING SESSION.

After devotional exercises, conducted by A. Johnson, the Moderator called the Association to order.

The minutes of Friday were read and approved.

The Clerk read the report on Sunday Schools as follows:

REPORT ON SUNDAY SCHOOLS.

The Sunday School has been defined as the church engaged in studying and teaching the Scriptures. It has not only its basis upon, but its authority in the word of God. Its influence and power in the upbuilding of the churches and the advancement of the cause of Christ cannot be overestimated. It is one of the mightiest agencies for the promulgation of the truth and is worthy of every energy and all the heart we can put into it.

In North Carolina, we Baptists have set our hands afresh to this important work. Our Field Secretary in the office and afield is receiving every encouragement in our denominational efforts to improve the Sunday School conditions. Certainly the need is very great for more Sunday Schools, larger Sunday Schools, and better Sunday Schools. To the meeting of this need let us unite our energies in our various communities and churches, over our Association and throughout the State.

We therefore beg to suggest and urge:

That each of our churches put new life and fervor in its Sunday School work.

That in every possible way we seek to establish, maintain, and improve the Sunday Schools in our borders.

That the Association continue its custom of setting apart the spring fifth Sunday as a meeting for the consideration of Sunday School topics and the unifying of our Sunday School forces.

That a committee of three be appointed to advance the Sunday School interests of the Association and to co-operate with our State Field Secretary in his work in our bounds.

That all our Sunday Schools be requested to make one offering during the year for our Baptist Sunday School work in North Carolina.

H. C. MOORE, for the Com.

The report was adopted.

P. Oliver read the report on Periodicals as follows:

REPORT ON PERIODICALS.

It is impossible in a brief treatise to express the importance of all our people reading our best literature, in order that they may be well informed in reference to each and every department of our work. In this way the great mass of our people will become interested in and take an active part in the work.

The Biblical Recorder, the organ of the N. C. Baptists for the last seventy years, should be in every Baptist home in North Carolina. By this means we may become acquainted with each other and be prepared for co-operation in every good work.

Your Committee would recommend all our people to read not only the Recorder, but the North Carolina Baptist, Charity and Children, Foreign Mission Journal, and the Home Field.

C. C. ARRINGTON,
P. OLIVER,

T. B. Lindsay read the following report on Ministerial Education:

REPORT ON MINISTERIAL EDUCATION.

The Kingdom of Heaven, whose coming is the aim of all Christian work, enlists all our powers, and commands all the resources of our life. Education in its true sense organizes these powers, and resources, and developes them into the highest efficiency hence the vital relations between christianity and education in all its grades. It is for this reason that the Pilot Mountain observes with pleasure the awakening educational enthusiasm among our people. The Baptists of the State have recognized the important service which Education gives in the cause of Christ and distinctly on this account opened, in 1834, Wake Forest College for our boys, and in 1899, the Baptist University for our girls.

Besides, from the beginning of the Convention's history the education of young men called to the Gospel Ministry has been fostered.

The Association commends to the churches these their Institutions, together with Oxford and Murfreesboro Seminaries, and the work of Ministerial Education, upon all which the blessing of God has signally rested.

Respectfully Submitted,
T. B. LINDSAY, for the Com.

Pending the adoption of the report, J. M. Stanford, S. F. Conrad, W. L. Poteat and F. W. Hancock addressed the Association upon the subject of Education.

Pledges were taken for Ministerial Education as shown in table of pledges.

The report was adopted.

The Moderator appointed the following Standing Committees:

On State Missions.—H. A. Brown and F. T. Baldwin.
On Home Missions.—B. K. Mason and R. B. Horn.
On Foreign Missions.—W. H. Wilson and R. W. Crews.
On Ministerial Education.—J. M. Stanford and L. W. Clark.
On The Orphanage,—R. M. Loftis and J. L. Lane.
On Periodicals.—P. Oliver and C. C. Haymore.
On Sunday Schools.—A. L. Betts and E. H. Wrenn.
On Temperance.—T. B. Lindsay and T. S. Sprinkle.

The Moderator appointed A. L. Betts, T. B. Lindsay, and R. M. Roftis a committee to nominate The Executive Committee. They reported as follows:

"Your Committee to nominate an Executive Committee nominate the following: H. A. Brown, D. F. King, T. M. Baker, E. W. Culler and W. H. Wilson."

The report was adopted.

On motion of B. K. Mason, the Moderator appointed the following committee to report on the work of the Old Ministers Relief Board at the next session of the Association: P. Oliver, B. K. Mason and T. B. Lindsay.

A. L. Betts read the following report on The Orphanage:

REPORT ON THE ORPHANAGE.

The are in round numbers 300 children at the Orphanage. The Chowan Building, which is being built by the Chowan Association will accommodate from forty to fifty more, and the enlargement of the Durham and Watson houses, which is soon to be done, will increase the number in the near future to 400 children. The per capita rate per month for the support of a child is $5.00. The current fund has never yet approached the necessary amount to maintain 400 children. The only hope of the institution is in the large liberality of our Baptist churches.

At its last meeting, the board of trustees decided to enlarge the Simmons nursery to a capacity of 100 children. The interest coming from the Simmons bequest of $100,000.00 will take care of that number of Orphans through all time to come, but the 300 others must be fed and clothed by the people at large. We urge the churches, in view of the enlarging needs of the Orphanage work to enlarge their contributions in proportion. Because of our new opportunities and obligations we would recommend that the Sunday Schools of our churches take collections for this object once a month.

We heartily commend the present management of the institution and pledge it the co-operation and prayers of this Association.

A. L. BETTS,
C. C. HAYMORE,
Committee.

The report was discussed by A. Johnson and A. L. Betts.

The report was adopted.

H. A. Brown read the following resolution, which was unanimously adopted:

WHEREAS, The matter of establishing an Associational High School within our bounds has been under consideration for several years and no definite steps have thus far been taken,

Therefore, Resolved, That we recommend the starting of such a school in Leaksville, N. C., at a date as early as practical. And we hereby promise our moral support and our co-operation in the way of patronage as far as possible."

The Association adjourned for dinner.

AFTERNOON SESSION.

After singing, the Moderator called the Association to order.

T. L. Vernon read the report on Temperance as follows:

REPORT ON TEMPREANCE.

In the last eighteen months rapid progress has been made in the temperance movement in North Carolina. Anti-Saloon Leagues have been formed in all parts of the State to counteract the organized efforts of the liquor dealers. Bold spirits forced the last Legislature to declare itself on the liquor question. The Watts Act was the result. Under this act the saloons and distilleries have been driven from the rural districts and many of our towns

and cities have by a direct vote of the people declared for absolute prohibition.

We rejoice at what has been done in other sections and at the growing temperance setiment within our own bounds. Some of our best towns have recently in one way and another refused to allow liquor to be sold in them. But in our largest town, Winston, and in some of the smaller ones, liquor is still legally sold. Much remains to be done. We need to hold the ground which we have gained and to possess new territory. If any are indifferent it is high time to awake out of sleep. The liquor forces are making a supreme effort to carry the next Legislature. If they succeed we will lose all that we have gained. But if we succeed and can keep the Watts Act in force two years longer, the indications are that the liquor business will be doomed in North Carolina.

We, your committee, therefore, recommend that the pastors and delegates of our Association begin at once an active campaign in the churches against saloons and distilleries, that they do all in their power to have the members of their churches attend the primaries and conventions of their respective parties and see to it that only the firm friends of temperance are nominated for office. Our Baptist forefathers both as ministers and laymen fought out the giant political questions of their day, and as a result we have religious liberty and the freedom of the press. Shall we their sons and successors quail before the giant evil of the legalized liquor traffic and bequeath to those who come after us a curse instead of a blessing? No, we will rise in the strength which under God we have, and dispel the dark cloud which is hovering over us, and slay the monster which has its clutches upon our throats. In this great work we ask the co-operation of all Christian people.

Respectfully Submitted,
T. M. BAKER,
T. L. VERNON,
Committee.

T. L. Vernon, L. Johnson, F. W. Hancock and T. M. Baker spoke to the report, after which it was adopted.

P. Oliver read the following report on Periodicals, which was adopted:

REPORT ON PERIODICALS.

The circulation of sound religious literature has been and still is an important factor in our religious and denominational work. "The Biblical Recorder," the organ of our denominational work in North Carolina for the past seventy years, has done a work which no one can estimate. The Recorder has stood firmly for progress in each department of work, for all these years. No Baptist home is complete without the weekly visits of this valuable paper. It keeps us posted, not only on the progress of Baptist principles in our State, but to some extent throughout the world. Through the Recorder we form and cultivate the acquaintance of our own people as we could do in no other way. It should be the aim of each pastor and active member of our churches to increase the circulation of the Recorder as much as possible.

"The N. C. Baptist," originating when it did, has done and is doing a wonderful work. Its tone and general make up is good and it fills many places which had never been supplied before. We owe much to this paper for the wonderful progress made in the last few years on the subject of temperance. It is worthy of a place in every Baptist home.

"Charity and Children," the organ of our Orphanage at Thomasville, is filling an important place and filling it well. There is not an abler editor in the State than Bro. Johnson. All our people should take this paper. In doing so, we not only help ourselves, but help the Orphanage too, as a part of the subscription to the paper goes directly to the support of the institution.

In order that we may be well posted on the work of our Home and Foreign Mission Boards, all our people should take and read "The Home Field" and "The Foreign Mission Journal."

P. OLIVER,
C. C. HAYMORE,

Pending the adoption of the report, the Association heard remarks from P. Oliver, J. S. Farmer, S. F. Conrad, and A. L. Betts.

REPORT ON STATE MISSIONS.

The work of the State Mission Board may be regarded as in a healthy and hopeful condition. One hundred and twenty-four missionaries labored in 37 of our Associations. They report having baptized more than one thousand persons on their fields during the year. Fifty-nine houses of worship were erected, and sixteen new churches organized. There was an increase of 30 per cent. over the year previous in the contributions to the Board. Nine Colporters rendered efficient services during a part of the year. They visited more than three thousand families, and sold and gave away over a thousand books. Nearly all the Associations in the State are actively co-operating with the Board in its efforts to supply the destitution within our bounds. The Sunday School Field Secretary has visited many sections of the State, holding Institutes and arousing missionary enthusiasm.

There is still much which remains to be done. There are several counties in the State in which our people are weak and struggling, and greatly need our sympathy and financial aid. As long as people live and have inherited tendencies to an evil life; as long as the tide of immigration pours in upon us thousands of people who have no sympathy with the gospel; as long as centers of influence spring up among us and possibilities of doing good multiply; there will be increasing demand for aggressive efforts on the part of all of our churches to meet the obligation which God has placed upon us. Let us prayerfully and earnestly address ourselves to the work of giving the gospel to every destitute region in our beloved State.

H. A. BROWN,
FRANK T. BALDWIN,
Committee.

REPORT OF THE EXECUTIVE COMMITTEE.

Your Committee beg leave to render their annual report of work done by our Missionaries during the year. There are good reasons to rejoice at the progress that is being made and at the outlook that greets our vision. The following appropriations were recommended by the Committee:

To J. M. Stanford, at Spray	$50 00
" W. H. Wilson, at Mayodan and Ellisboro	75 00
" J. B. Johnson, at Ayersville and Bethel	50 00
" P. Oliver, at Brims and Olive Grove	30 00
" J. L. Lane, at Oak Level	30 00
" C. F. Fields, at King	50 00
" C. C. Haymore, at Flat Rock	50 00

It will be seen from the above that we are cultivating ten

mission points and appropriating $335.00 to the work, which is the largest appropriation ever made in the history of the Association. Unforeseen developments have made this a necessity.

The wonderful increase in population at Spray, in Rockingham county, and at the Rock, in Surry county, demanded that these points be looked after.

Bro. P. Oliver reports that the work at Brims Grove is in good condition. Sermons preached, 28. Visits made, 33. Baptisms, 3. An organ has been placed in the church The Sunday-school numbers 107. Congregations good.

At Olive Grove—Sermons preached, 33. Visits made, 29. A good Sunday school is kept up. The attendance at church and Sunday-school, fair.

Bro. Fields reports from King. He has preached 22 sermons and made 24 visits. He has not yet held the annual protracted meeting. They have contributed to the various objects of benevolence, $11.78. To paying debt on the house, $25.00. They have the best Sunday-school they have ever had, and the congregations are large and attentive.

Bro. J. L. Lane writes that the church house at Oak Level has been ceiled and seated and dedicated since our last Association. All debts have been paid. He has preached 10 sermons, and visited 23 families. and baptized 2 persons. He has collected for benevolence, $2.75; and about $52 00 for the completion of the house of worship. They have had a good meeting, in which Bro. W. H. Wilson did faithful and earnest preaching. The church will need assistance another year.

Bro. J. B. Johnson, who labors at Ayersville, states that he has preached 23 sermons, made 45 visits, and baptized 14 persons. A good Sunday-school is conducted, and small amounts are reported for all the objects of the Convention. They are making an effort to complete their house of worship. He think after another year the church will not need assistance.

At Bethel he has preached 18 sermons, made 30 visits. The congregations are good, but owing to removals on the part of the membership, the outlook is not encouraging.

Bro. C. C. Haymore has charge of the mission work at Flat Rock, near Mt. Airy. He has preached 12 sermons, and visited 20 families. He has succeeded in getting one of the best lots to be had in all that community, on which to build a Baptist church. A subscription is now being circulated to get money with which to build in the early fall. They have raised $12.35 for the objects of the Convention. A good Sunday-school has been organized. The congregations are good and the people enthusiastic. This is a point which needs especial attention, as it is full of promise.

Rev. W. H. Wilson reports from Mayodan that he has preached 34 sermons, made 100 religious visits, baptized 18 persons into the fellowship of the church, and received 3 by letter. The Sunday-school numbers more than 100. They have a good prayer meeting, well attended. All the pledges have been raised, and their spiritual condition is fine. Truly this is an encouraging report.

At Ellisboro, he has preached 28 sermons, made 50 visits, and received 8 candidates for baptism. A new church has been organized at this point and will ask for admission into the Association at this session. Twelve have been received by letter since the organization. The congregations are good, the Sunday school encouraging and the outlook hopeful.

Bro. J. M. Stanford has been wonderfully blessed in his labors

at Spray. He has preached regularly two sermons every Sunday, he has made 1200 visits, baptized 57 persons, and received 64 by letter, making a total increase of 121. The house in which they worship is not large enough to accommodate the Sunday school. Steps are being taken to build a $4,000 house of worship to meet the demands that are upon them. The church now numbers 202 members. The church letter will show more fully the work done. This is a most promising field, and needs to be vigorously worked in the future as it has been in the past.

We would again call attention to three points of destitution within our bounds, which should be supplied as early as possible. One of these points is in the neighborhood of Vade Mecum Springs, another is between Walkertown and Ellisbor , and another between Winston and Lewisville. These are central points, with no Baptist church within 6 or 8 miles of them. There are other points w ich might be taken with advantage to our cause.

With gratitude to God for mercies past, with consciousness of present need, and faith in His goodness for the years to come, we joyfully turn our faces to the work before us.

FRIDAY—AFTERNOON SESSION.

After prayer by J. F. Lancaster, the Moderator called the Association to order.

On motion of A. L. Betts, the regular order of business

was suspended and the Report on the Orphanage was read at this time, instead of the Report on Home Missions.

REPORT ON THE ORPHANAGE.

Twenty years ago this noble institution began its blessed work of caring for and educating the helpless orphan children of our State, and during all these years it has gone on widening the scope of possibilities for these unfortunate little ones, and winning its way into the hearts and affections of the people.

It has done a work the value of which can never be estimated in time, perhaps never in eternity. A glorious history of work well done stands as an enduring monument to commemorate the noble sacrifices of days gone by, and the names of Mills, Boone, Johnson, Mitchell, Watson, Simmons and others connected with the life of the institution have become household names throughout the length and breadth of our State, from the mountains to the sea. The present year has been one of mingled joy and sorrow. Pestilence and fire have come and gone, and left behind the footprints of desolation and death. Debt also has played its hand and rested with a heavy weight upon the shoulders of the institution. An epidemic of typhoid fever visited the Orphanage last summer and hung over the institution like a black cloud for many weeks, and two little children were taken from earth to heaven and many others hung in the balance between life and death for weeks, until at last the smiles of heaven lighted upon them, and health was restored. A destructive hail storm came and destroyed three-fourths of the crop. The barn was destroyed by fire, and entailed a loss in tools, stock and feed to the amount of about one thousand dollars.

A complete sewerage plant has been installed to promote the health of the Orphanage, and these extraordinary expenses have involved the institution in a debt of about $11,000 00, which ought to be paid this year.

Sad as these conditions are, we are not discouraged. Our support is the everlasting God, and He will not allow this noble work to fail.

R. M. LOFTIS,
J. L. LANE,
Committee.

F. P. Hobgood and A. Johnson spoke to the report, after which it was adopted.

A collection was taken for the Orphanage amounting to $12.75.

On motion of H. A. Brown, F. P. Hobgood was allowed ten minutes to speak of Oxford Female Seminary.

The letters from Mt. Hermon, Walkertown and Southside were read.

B. K. Mason read the Report on Home Missions, as follows:

REPORT ON HOME MISSIONS.

For sixty years the Home Mission Board has been doing its best

work to build up the waste places in the South and help solve the problems confronting us.

Through all these years the mark of Divine approval has been upon the work of the Home Mission Board, and our fathers and their sons have rejoiced in the matchless grace and boundless blessings of our God upon this work.

In His name, "Go forward" is our battle-cry, and "Enlargement" our key word. Last year the work of the Board was planned on a larger scale than ever before, the appropriations being 50 per cent. greater than any previous year, and the results have been in keeping with the sowing. He that soweth bountifully shall reap also bountifully, so that at Kansas City, in May, the Corresponding Secretary of the Home Mission Board gave a thrilling report of the most successful year's work in the history of the Board.

There are 718 Missionaries employed by this Board, 102 more than last year. There have been 10,551 baptisms, and 10,019 added by letter, this being an increase of 3,025 baptism and 740 by letter, over 1904.

Last year there was collected from all sources $133,558, and this year $145,705.31, an increase of $12,147.31.

Work worthy of special mention has been done in several of the larger cities. The Board agreed to give $15,000 for church building in Baltimore, if the Maryland Baptists would raise $30,000. This proposition was accepted, and the Baptists of Baltimore have $45,000 with which to do some much needed church building.

The Board spent $10,000 in Memphis, thus putting two struggling churches on their feet, with splendid church buildings.

In New Orleans, $15,000 has been given, and so in St. Louis, Galveston and other large cities aggressive work has been done.

Two new fields have been opened up—Isle of Pines and Panama. In the cities, in the mountains of the South, on the frontier, in Cuba, among the negroes, and the increase of the building and loan fund, the work has been pushed with ceaseless ardor, and has been greatly blessed of the Lord, but with all our efforts, louder is the cry for help from all these fields, and to answer this cry in our Master's name is our gracious privilege.

"Enlarge the place of thy tent and let them stretch forth the curtains of their habitations," is the Lord's command, and it is ours to obey.

We earnestly urge still larger planning in our Home Mission work, and larger investments in all this great work by all of our churches.

Respectfully submitted,

B. K. MASON,
R. B. HORN,
Committee.

B. K. Mason and L. Johnson spoke to the report, after which it was adopted.

A. L. Betts, W. H. Wilson and L. Johnson made remarks upon Woman's Work.

On motion the Association adjourned to meet at 9:30 Saturday morning. Benediction by H. A. Brown.

SATURDAY—MORNING SESSION.

The Association met Saturday morning, according to

adjournment. Devotional exercises were conducted by J. F. Lancaster.

The Moderator appointed H. A. Brown, J. F. Lancaster, and R. W. Crews, a Committee on Obituaries.

The minutes of Saturday were read and approved.

A. L. Betts read the following Report on Sunday schools, which was adopted:

REPORT ON SUNDAY SCHOOLS.

The Sunday-school should be, and is, a missionary agency of the church. It is the church at work, and is a true index of the missionary spirit of the church. To neglect, or be indifferent to this part of the church work is a sign of disintegration. Since 85 per cent. of our church members come from our Sunday-schools, the loss to any church which has no Sunday-school cannot be estimated.

Of the 48 churches of this Association, only 34 reported Sunday-schools last year. This means that nearly one-third of all our churches have never been awakened to the real need of this work, or have become indifferent to it.

We beg, therefore, and urge:

That each of our pastors and churches strive to establish and greatly improve the Sunday-school work of our Association;

That we continue our custom of devoting one fifth Sunday of each year to this work;

That we co-operate with our Sunday-school Secretary and the committee of three appointed by our Association to advance the Sunday-school interest in our borders; and request our churches to make one offering during the year to advance the Sunday-school work of our State.

A. L. BETTS, Chm'n Com.

T. M. Baker, J. F. Lancaster, W. H. Wilson, and J. L. Lane spoke to the report.

On motion of W. H. Wilson the Executive Committee was instructed to arrange for and hold meetings at destitute places and organize Sunday schools there.

T. L. Vernon read the Report on Ministerial Education, as follows:

REPORT ON MINISTERIAL EDUCATION.

This year a larger number of our young men have entered the ministry and applied to the Board for assistance than in any previous year. Sixty-one have been enrolled. The maximum amount allowed any student is $9.00 for a calendar month, but ten young men voluntarily got along with less, some with very little.

The pastors and churches are taking more interest in these brethren, who are in need of some assistance, and are sending in larger contributions. This year the total amount sent in was over $4,000.

The pastors' course has proven a great blessing to the many

who have taken it, and has now become a part of the regular curriculum. The expense of this course has never been taken out of this fund, but it should be if the contributions would justify it.

Young ministers are coming from Mars Hill, Buie's Creek and Bethel Hill, where they are given some assistance, and it must still be supplied in some measure at Wake Forest if they are to complete their education. We would earnestly request our churches of this Association to increase their contributions to this worthy object.

J. E. SMITH,
T. L. VERNON,
Committee.

J. S. Farmer, H. A. Brown, A. L. Betts, P. Oliver, and T. L. Vernon spoke to the report.

Pledges were taken for Ministerial Education as shown in table of pledges.

On motion, the report was adopted.

Letters were read from Providence and Stoneville.

On motion of A. L. Betts, the regular order of business was suspended, and D. F. King was allowed ten minutes to speak of the Leaksville-Spray Institute.

The congregation sang "Stand Up for Jesus," and was led in prayer by H. A. Brown.

W. H. Wilson read the Report on Foreign Missions, as follows:

REPORT ON FOREIGN MISSIONS.

Glorious advances have been made in the Foreign Mission work during the past year. Never in our history have the cords been so successfully lengthened and the stakes strengthened. Two thousand two hundred and thirty-one baptisms were reported during the year. A number of new churches were organized and new stations for work have been opened. The receipts in the homeland were $283,415.88, the largest in the history of the Board. For eight years in succession the Board has reported all accounts paid in full, and no debt, and this, too, after a great enlargement of the work. With largest receipts and largest number of converts, we report the largest number of missionaries ever sent out in one year. Fifty recruits have gone during the year to foreign fields. These noble, consecrated men and women represent some of the very best fruitage of our church life and will add greatly to the forces at the front. A cause for great encouragement is the manifest desire of our people in the homeland to advance. It is becoming common for churches and individuals to give the salary of a missionary ($500 or $600, according to location) and we believe it will become more common as our people see their duty to the heathen without Christ. Many individuals are giving as much as $5,000 a year. We are glad to report that there is among the missionaries a spirit of aggressiveness, strengthened by harmony and unity of purpose. Our schools-medical work—including hospital, and publishing establishments, are growing and becoming more and more efficient. One of the greatest advances we have made is in school work. We needed trained men and women to help

among their own people. They had to be taught, and for this purpose theological schools have been established and a large number are being trained in them for the Master's work. Then, again, the children of converts needed to be educated away from heathenism. Many schools have been establisbed for these. Some of these schools receive help from us, but many are self-sustaining. We also have many publishing houses in heathen lands that furnish good literature, which is doing a vast amount of good. Truly new opportunities are opening before us and they are laden with great privileges and responsibilities.

Through no agency at home is missionary information more widely disseminated than through the Woman's Missionary Societies. We heartily recommend their work to all our churches.

Respectfully submitted,

W. H. WILSON,
R. W. CREWS,
Committee.

Pending the adoption of this report the Association was addressed by W. H. Wilson, R. W. Crews, J. F. Lancaster, H. A. Brown, S. F. Conrad, and C. C. Haymore.

The report was adopted.

E. H. Wrenn read the Report on Finance, which was adopted.

The Association adjourned for dinner.

Benediction by C. C. Haymore.

SATURDAY—EVENING SESSION.

After singing, and prayer by J. S. Farmer, the Association was called to order by the Moderator.

The Moderator appointed the following Committees:

On State Missions—H. A. Brown and F. T. Baldwin.
On Home Misssons—B. K. Mason and R. B. Horn.
On Foreign Missions—W. H. Wilson and R. W. Crews.
On Ministerial Education—J. E. Smith and J. I. Belton.

On Periodicals—P. Oliver and C. C. Haymore.
On Sunday Schools—A. L. Betts and Jno. F. Reich.
On Temperance—F. N. Day and T. S. Sprinkle.

F. N. Day read the Report on Temperance, as follows:

REPORT ON TEMPERANCE.

Because the whiskey traffic and the use of all kinds of intoxicating liquors is one of the greatest evils of the world, it is incumbent upon all Christians in all places to do all in their power against it.

Much has been done in this State during the past few years toward checking this evil, and we are proud of the prominent part our Baptist editors have taken, and the lasting good they have done along this line. "May they live long and prosper."

The Watts law two years ago drove the manufacture of whiskey to the incorporated towns, and the Legislature this year drove it, or will drive it the first of January, to the larg-r towns, and so

many of these have gone "dry" that there will be comparatively few places for it to go.

If appearances are safe guides, it seems to us that the whiskey traffic and sentiment are weaker in North Carolina now than ever before, whereof we are glad. But in this, as in the individual Christian life, "When we think we stand let us take heed lest we fall." "Eternal vigilance is the price of liberty."

We would like to impress upon every preacher and every teacher, whether of public school or private school or Sunday school, and every Christian the importance of doing all in their power from the pulpit, before their classes, and in their homes and spheres, to put down the whiskey traffic in the bounds of this Association, of this State, and the whole world.

Respectfully submitted,

T. S. SPRINKLE,
For the Com.

The report was discussed by S. F. Conrad, and adopted by the Association.

P. Oliver read the following report on Old Ministers' Relief:

REPORT ON OLD MINISTERS' RELIEF.

The subject of the old ministers' relief is justly attracting the attention of our people more than in past years. It is but reasonable and fair that men who have given their lives to the work of the ministry, should be well provided for when by reason of age or infirmity they are unable to be active in preaching the gospel, and when they are called home, their dependent widows have a claim upon the denomination that should never be forgotten.

In evidence of the justice of such claims, we know, as a rule, ministers have to live on small salaries, and deny themselves the means of accumulating much of this world's goods.

It is well known that we have a Board, located at Durham, who have charge of this work. The Board, at the last meeting of our State Convention, reported twenty-four beneficiaries on its care, and that the churches were sending in a sufficient sum to meet the obligations of the Board.

Contributions for this object should be sent to Walters Durham, Treasurer, Raleigh, N. C.

It is the conviction of your committee, however, that this work can be done more equitably and more satisfactorily and with less danger of imposition, by each district Association taking care of her own dependent ones.

P. OLIVER,
For Com.

P Oliver, F. N. Day, W. H. Wilson, S. F. Conrad, D. F. King, C. C. Haymore, T. M. Baker, A. L. Betts and J. S. Farmer spoke to the report, which was adopted.

H. A. Brown introduced the following resolutions, which were adopted:

RESOLUTIONS OF RESPECT.

Whereas, God, in His inscrutable wisdom, has seen fit to call

away one of our ministers, young, talented, and well beloved, Therefore be it resolved,

First: That we recognized in Bro. John M. Stanford a minister called of God, a faithful and untiring worker, a loving and tender pastor, a tried and true friend.

Second: That we feel that our Association has lost one of its most promising young men, and our denomination at large one of its most efficient workmen.

Third: That we tender to his church and his parents our sincere sympathy, and promise to pray for them in this dark hour of their bereavement.

Fourth: That we spread these resolutions on our Minutes and ask our Clerk to forward a copy to the church and parents of the deceased.

H. A. Brown,
For the Committee.

On motion of H. A. Brown, T. L. Vernon was paid $3.95 extra expense in getting out the Minutes for the session of 1904.

S. F. Conrad offered the following resolution, which was adopted by a rising vote:

Resolved, That the hearty thanks of this Association be extended to this church and the citizens of this community for the very cordial and splendid entertainment given to us during the sessions of this body.

The Moderator appointed W. H. Wilson, C. C. Haymore, and A. L. Betts delegates to the Baptist State Convention, and H A. Brown delegate to The Southern Baptist Convention.

On motion of P. Oliver, the Clerk was allowed $10.00 for his services, and was instructed to have a sufficient number of the Minutes printed.

A. L. Betts read the following report on General Education, which was adopted:

REPORT ON GENERAL EDUCATION.

The need and demand for trained and well educated minds was never so great as now. The day has come when EDUCATION is the watchword. We need it in the pulpit and in the pew, and in every home. Ample provisions have been made in our State for the education of Baptist boys and girls at Wake Forest, Baptist University for Women, Oxford and Murfreesboro. We urge our people to patronize these institutions. Send your young men to Wake Forest, your women to the University for Women, at Raleigh, and the other schools mentioned in this report.

A new and much needed institution for our Association is now in process of erection, called the Leaksville Spray Institute, located at Leaksville. This is a Baptist school, and appeals especially to the Baptists of our Association, and we urge that our

people patronize this school, which opens the 26th of September, 1905.

H. A. BROWN,
A. L. BETTS,
Committee.

T. M. Baker offered the following Report on Time, Place and Preacher, which was adopted:

SUNDAY.

At 10 o'clock A. M. a Sunday School Mass Meeting was held. The meeting was addressed by A. L. Betts, on "The Origin and Importance of the Sunday School Work." The speaker used as a basis for his remarks, Neh. 8:1 8 and II Chron. 17:7-9.

Collection for State Missions, $11.00.

MINUTES OF THE WOMAN'S MEETING OF THE PILOT MOUNTAIN ASSOCIATION.

The Woman's Associational meeting met Friday, Aug. 4th, at 2 o'clock.

The meeting was opened by singing "Nearer My God to Thee."

Mrs. D. Rich read the 58th Psalm, and Mrs. Kreeger led in prayer.

Mrs. Betts then took charge of the meeting.

Mrs. W. J. Conrad was elected Secretary of the meeting.

The different Societies were called and the delegates responded as follows:

Mt. Airy was represented by Mrs. Wrenn, in the Woman's Missionary Socity, also Children's Band.

Mrs. H. C. Crist read the report from the Woman's Society of the First Baptist church, Winston-Salem.

Mrs. Conrad represented the Sunbeam Society of the First church, Winston-Salem.

Mrs. W. H. Wilson read the report from the Woman's Missionary Society and also Sunbeams of Madison.

Mrs. Betts reported from the new Society at Southside.

Mrs. Betts also read the report from the Woman's Missionary Society of Leaksville, no delegate being present.

No delegate being present from Deep Springs, Mrs. T. R. Johnson read the report of the Woman's Missionary Society.

Hymn "More Love to Thee O Christ" was sung.

Mrs. Springs Conrad reported for the Woman's Missionary Society of Lewisville.

A very interesting paper was read by Mrs. Wilson, of Madison, on how they doubled the membership of their Society during the year.

Mrs. Rich spoke of the Children's Mission Band of the Salem Mission.

Mrs. A. T. Hanes read the reports from the Woman's Missionary Society and also the Sunbeam Society of Broad Street church of Winston-Salem.

Mrs. Betts reported five new Societies organized during the year.

Mrs. J. J. Roddick read a very interesting and helpful paper on "The Encouragement to Missionary Work."

Mrs. Holland read a letter to the meeting from Miss Heck, which was received with appreciation.

The advisability of securing a tent and camp stools to be used by the ladies at their meetings was discussed, and a committee was appointed to bring it before the Association.

Mrs. Betts read a letter from Miss Heck, in which she suggested that a lady in each Missionary Society be appointed to assist the Central Committee in organizing new Societies. She urged that each Society send a delegate to the Convention, which will meet in Raleigh in the fall. The Societies were also advised by her to take up a special course of study.

Mrs. Rich had sample copies of "The Foreign Mission Journal" and "The Home Field," which she distributed among the ladies and took subscriptions for both.

Blanks and other literature were distributed, and the meeting adjourned with an earnest prayer by Mrs. Roddick.

REPORT ON PERIODICALS.

The Biblical Recorder recently entered upon its seventy-second year. During its whole life it has been an important factor in Baptist affairs in North Carolina. Without its agency we could not have made the progress we have in this state. It si gratifying to know that its circulation has been largely increased of late. Each one interested should push the circulation until every Baptst home in the state is supplied by its weekly visits. When this end is reached we will find it much easier to reach our people and interest them in every department of our work. The North Carolina Baptist is reaching many homes and is doing an important work jn the state. Every family will be helped very much by its week-

ly visits. Charity and Children the organ of our Orphanage at Thomasville, N. C. is filling a place that no other paper could fill, and should be in every home. Our people can not be well informed about our Home and Foreign mission work without reading "The Home Field" and "Foreign Mission Journal."

Respectfully submitted,
P. OLIVER.

After discussion by Revs. P. Oliver, C. C. Haymore, S. F. Conrad and J. S. Farmer, Bro. D. F. King spoke of the Religious Paper as an Evangilistic Agency and urged that our Denominational papers be put, not only in the homes of every Baptist, but in the homes of the unconverted people as well. After further discussion by Brethren Hall and Lancaster the report was adopted.

Brethren Geo. C. Duncan and J. E. Davenport were introduced and welcomed to seats in our midst. Bro. L. Johnson, Corresponding Secretary State Mission Board, was recognized and welcomed. Prof. Van, of Liberty Association was introduced and welcomed. On motion adjourned 'til 8 p. m.

The report on Foreign Missions being next in order was called and Bro. W. H. Wilson submitted the following which was adopted:

REPORT ON FOREIGN MISSIONS.

God loves a lost world. He gave his Son to die for the world. The work of telling those who hove never heard of his saving love has been committed to his people. Every Christian is under solemn obligations to do every thing in his power to give the gospel to all men. Our Lord commonds us to give them the gospel. We cannot expect his blessings to rest upon us if we disobey. We are too selfish, we spend too much on ourselves and far too little on the destitute fields of the world. Let us not do less at home but a great deal more for Foreign Missions. Southern Baptists give on an average of less than eighteen cents a year to this work. If we really believe in it, and would try, we might give ten times what we do. Every Church ought to raise as many dollars as it has members. Each Church ought to have a representative on the foreign field. The weakest Church ought to raise enough to pay a native Bible woman, which is $30.00. Many of our Churches are giving $100.00 each to support a native missionary and many stronger Churches and individuals give enough to support one of our own missionaries on the foreign field. The Board has now under appointment about 490 workers—190 missionaries and 300 native workers, these reported 2446 converts baptized last year. Great Changes are taking place in the foreign lands and our workers think multitudes will soon be born unto God. Great revivals are taking place in some lands. The Churches contributed last year $324.000. We ought to double that amount next year. The work is suffering for the lack of reinforcements. Many are ready to be sent but have to be turned down for the lack of means. All of our people ought to read the Foreign Mission Journal, which only costs 25 cents in clubs of ten or more. The best tracts on missions and envelopes for taking collections are furnished free to any one who will use them. Let all our Churches seek to inform themselves and push on the great work for which the Savior died and to which he has called his people.

Respectfully Submitted,
W. H. WILSON,
Com.

After discussion by W. H. Wilson, L. Johnson and W. L. Poteat. After the Benediction by Rev. J. E. Smith the meeting was adjourned until tomorrow a. m.

FRIDAY MORNING.

Session opened with devotional exercise conducted by Bro. Lancaster.

Minutes of yesterday read and approved.

The following visiting brethren were recognized and welcomed to seats in the Association: Prof. Beam of Leaksville High School; M. L. Kessler, General Manager of Baptist Orphanage at Thomasville; W. L. Poteat, President Wake Forest College.

The Constitution and Rules of Order was read by the Clerk. The Roll of Delegates was called and responded as shown in the list of Delegates.

State Missions being next in order of business was called and W. H. Wilson submitted the following report:

REPORT ON STATE MISSIONS.

The work of the State Mission Board should lie very near the heart of every true Baptist. Our wonderful growth and prosperity as a denomination within the last decades are the outgrowth of State Mission work. The great majority of our most efficient Churches were planted and sustained, for a time, by this God given agency. The great rank and file of Baptist Churches in this State are in hearty co-operation with this board in efforts to give the gospel to all the people in our bounds. There are now one hundred and thirty missionaries toiling in difficult and destitute fields for the promotion of the Masters cause in the earth. This is a larger number than has ever been at work at any one period, along this line, in the history of the state. The most encouraging reports are coming from these faithful laborers. Many new churches have been organized new, Sunday Schools have been planted, new houses of worship erected and a new interest aroused for the Orphanage, foreign missions and the cause of education, but there is still much need of mission work in our state. There are some sections almost destitute of the gospel—then on terms springing up like magic and requiring immediate attention—then an alien population landing on our shores—there are strange doctrines threatening to undermine the faith of some. It will be necessary to raise more money this year than last in order to meet the growing demands upon us. Every Baptist in every Church in all our associations should feel it a great privilege to lend a helping hand until every neighborhood in North Carolina shall have in it a well organized and well trained Baptist Church. To stop short of this is to stop short of duty. With prayer for guidance and consecration we will undertake it in our Master's name.

H. A. BROWN,
F. T. BALDWIN.

After an able discussion by our Corresponding Secretary State Mission Board and the reading of the report of Executive Committee and Treasurer by H. A. Brown:

REPORT OF EXECUTIVE COMMITTEE.

Your committee, with gratitude to God and with the co-operation of the churches, make their annual report of work done by the missionaries during the year in the hands of our Association. Our brethren have toiled through the year with manifest tokens of the divine blessing resting on their labors. The following appropriations were recommended by the committee;

To W. H. Wilson, at Mayodan and Ellisboro, $75.00
" J. B. Johnson, Ayersville, $30.00
" R. W. Crews, Oak Level, $30.00
" C. F. Fields, at King, as much as the church pays him.
" C. C. Haymore, Flat Rock, $50.00.
" P. Oliver, Brims and Olive Grove, 30.00
" C. W. Glidewell, Vade Mecum, $50.00

These appropriations aggregate something more than three hundred dollars for the work under the supervision of the Executive committee. Bro. P. Oliver reports as follows for Brims; Sermons preached 33—visits made 41—baptized 6—received letters 5. The

congregations are good and the Sunday School numbers 108. There is a good prospect of building up a self-sustaining church; but some help will be needed for awhile longer. At Olive Grove he reports congregations good. Sermons preached 30—visits made 30. They have a Sunday School numbering 42. This is a weak body and will need help for awhile. The people are not strong financially and their educational advantages have not been good. It is a place where real missionary work needs to be done with patience and faith.

Bro. C. F. Fields, our missionary at King, preached 33 sermons, baptized 2 persons, received by letter 1 and witnessed 2 conversions. The Sunday School is in good condition and numbers about 100. The church has paid him $35.25 and for State Missions $5.00, Foreign Missions $2.83, for Orphanage $4.00, Ministerial Education $1.00, Church building $2.25. He is hopeful for the future of the work at that point.

Bro. J. B. Johnson reports that he has preached 26 sermons at Ayersvjlle and made 51 visits and baptized 7 persons. His congregations are large and there is much interest among the unconverted. The Sunday School is full of interest. They have not yet held their protracted meeting but all indications point to most gracious results. A strong Church will soon be established at that place.

Bro. C. W. Glidewell was asked by the committee to preach at Vade Mecum during this year. Owing to sickness and other unavoidable hindrances he has only been able to preach 8 times. He reports the congregations small and the outlook discouraging. The proprietors of the Vade Mecum Springs property has promised to donate a beautiful lot well located just as soon as steps are taken to erect on it a suitable house of worship. This is a point that requires prompt and aggressive work if we hope to establish our cause in that locality. Bro. C. C. Arrington has preached a number of times at that point and reports a Sunday School organized and also that a church will be organized at an earlydate. It may be well to state that your committee did not askBro. Arrington to preach there or make any appropriations for him. His work was voluntary.

Bro. W. H. Wilson has preached 40 sermons at Mayodan, made a large number of religious visits and baptized 15 persons. The Sunday School and Prayer Meetings are well attended. All pledges made to the association have been met and they were in advance of last year. The spiritual condition of the membership is good. They have built two new Sunday School rooms to their Church the last year. The motto of the Church is "Go Forward."

At Ellisboro he reports 22 sermons preached, 5 persons baptized and 2 received by letter. Congregations are good. They will hold their annual protracted meeting in August. A singing school has been conducted which has greatly improved the music in Sunday School and Church. The contributions are in advance of last year. The outlook for the church is decidedly hopeful.

Bro. R. W. Crews began work at Oak Level in January. He has met all his appointments except one. He has made many visits. Congregations are encouraging. There are hopeful signs in the community and he is encouraged to believe that a good church will soon be built up in the community.

Bro. C. C. Haymore makes the following report of his work at Flat Rock. Nine have been baptized and two have been received by letter. A beautiful stone church building is now nearing completion. Eight hundred dollars has been raised and expended. The building will soon be in a condition to be used. The congregations

are good and the Sunday School full of promises. Bro. Haymore thinks there are two hundred and fifty children who may be gotten into the Sunday School when the house is finished. A series of meetings will be held in the latter part of the present month.

Owing to unexpected developements and recent changes in several neighborhoods it will be necessary for the association to participate the cultivation of some new centers of influence and the planting of our cause where heretofore there seemed to be no need. We make sorrowful mention here of the death of one of our committee during the year. Bro. T. N. Baker has labored on this committee since the organization of the association. His work is ended and he has gone home to reap the reward of long and faithful service. "He takes away his workers and carries on His work." The future before us is as bright as the promises of God.

FRIDAY AFTERNOON.

Session opened with song service at 2 p. m., followed by the report on the Orphanage which was submitted by Bro. Duncan.

REPORT ON ORPHANAGE.

For the year ending July 4, 1906, there has been in our Orphanage 356 children in all. There are at present 313.

During the fall and winter the health of the children was good, but early in the spring they had an epidemic of pneumonia which for four weeks practically turned the institute into a hospital. However, there was only one death. The cause for so much of this dread seemed to be that it was a pneumonia year, but it is believed that the trouble was greatly aggravated by improper heating, and lack of ventilation of the study rooms. This illness greatly interferred with the school work, causing it to be suspended for a month.

In order that they may better be able to ward off disease, and to care for those who are stricken, we urge our churches to increase their contributions so that the following needs suggested by the General Manager may be met.

1. That some better method of heating the dormitories, the study rooms especially, be devised.

2. That plans for a better infirmary be adopted and efforts be made to find a builder.

The year was begun with an indebtedness of $11,408. The present debt is $6,819. The expenditures for repairs, etc. have been larger than usual.

By reading the last annual report we are impressed that those who have the work in charge are trying to train the fatherless children committed to their care for lives of usefulness, and from this home boys and girls are going out to fill responsible positions in the churches and in society. Can we think of their possibilities without praying that their God given power may be developed in the highest degree, and that every one of them may be so trained that their lives will be devoted to the service of Him who has made it possible for them to receive this training.

The growing condition of the institution calls for the expenditure of ever increasing amounts of money to build other houses, furnish the ones already built, pay the manager and his assistants, and to meet all other expenses, such as food, clothing, etc.

Surely this work is of vast importance and may its claims so be laid upon our hearts that we shall realize the needs and meet them in the fear of God.

G. C. DUNCAN.

Pending the adoption of this report the claims of our Baptist Orphanage was ably presented by M. L. Kessler, the Gen. Manager. Report adopted. The report on Home Missions was next submitted by B. K. Mason and discussed by Brethren Mason, Lancaster, Glidewell, Beam and King and adopted.

REPORT ON HOME MISSIONS.

The call for help from weak and debt-laden churches from Cuba, Isle of Pines, Panama, and all over our Home Mission field, were so many and so pressing Our Home Mission Board felt that they had to enlarge their plan of operation. The convention in 1905

said to them "Go Forward," and the work for the past year was planned and has been prosecuted on a much larger scale than ever before.

The more we undertake for God the more we do for Him. The stronger our faith the greater the blessings of our God upon us. Following this forward move one of the most prosperous years in the history of Home Missions was the glad news carried up to the meeting of the Southern Baptist Convention in May of this year. One hundred and sixty-two men missionaries were put in the field during the year. There were four thousand eight hundred and eighty-five more baptisms reported than last year.

The Revival Spirit has been manifest in a large measure during the year

There was a thirty thousand dollar increase in our contributions and the response to the call of Home Missions so hearty and generous that the year closes without debt.

We praise the Lord for His blessings upon the work. We trust Him for the future. We recommend that our Association take a step forward this year in our offerings to Home Missions.

Let us not forget Jerusalem, Judea and Samaria.

The Moderator announced the following committee on time place and preacher, J. H. Martin, T. B. Lindsay and F. N. Day.

The following resolution in regard to objectionable advertisements on our S. S. Literature was offered by J. E. Smith and adopted. After benediction by W. H. Wilson adjourned 'til 8 p. m.

We deplore the carelesness of our Sunday School Board of the Southern Baptist Convention in allowing an advertisement of the Southern Home Journal to appear on the outside cover of our Sunday School Quarterlies. It is a medium of advertising much of the whiskey business in the South.

We ask that this advertisement be discontinued at once and that our religious periodicals of this State be more watchful of the advestising matter appearing in our literature.

FRIDAY EVENING SESSION.

Opened at 8 p. m. with song service by the choir and prayer by Bro. Sheets. The following report on Ministerial Education was submitted by J. E. Smith.

REPORT ON MINISTERIAL EDUCATION.

This year we had 61 young brethren at Wake Forest who are preparing themselves to preach the Gospel and who received help from the Churches through the Board of Education. Our Churches and individuals contributed about four thousand dollars this year to this object.

At Mars Hill College we had 14 studying for the ministry. Two of these finished the course of study there and three others will not return. These brethren get free tuition and enough money to cover all other expenses after the first two months. A young man

that is worth his salt is considered able if he has his health, to make money enough during the summer to buy his clothing and pay for two months board. The money is loaned them on four years time.

At Buie's Creek Academy we have 14 young men who are getting ready to go out as preachers. Some of them get $25 dollars a session, some $75 and some do not receive help at all. Just according to their needs is the rule. They had about the same number this year as last. At Wake Forest the increase was about 23 per cent. over the previous year.

At Leaksville, Spray Institute, our Associational school, we had last session, and the first session of this school, ten young men who are studying for the ministery. The enrollment of this school last session was 175 with seventy or seventy-five of them as boarders. This is a splendid record, almost wonderful when we take into consideration that the erection of the buildings for the school were not begun until the first of July a year ago. Bro. J. A. Beam is Principal of this school and we may look for results similar but possibly greater than those accomplished at Bethel Hill. Most of his pupils will become Christians and a great number of his young men will go out to preach the Gospel of the Kingdom. We should support him.

We recommend that our churches take a collection annually for ministerial education and pray for God to call more of our boys into the ministery.

We recommend that where a church is able to do so she should provide for the needs of her representative in the school or in the college.

Pending the adoption of this report, President Poteat, of Wake Forest College, delivered an address on Higher Education, after which the choir rendered a male quartette, (When the mist has rolled away.) On motion the discussion was continued 'til 10 o'clock tomorrow a. m. C. C. Haymore took occasion to thank the people for their contribution to his new church. Bro. Day urged the people to help Bro. Haymore to finish his church. Bro. Van, of Liberty Institute, made some stirring remarks on General Education. After the Doxology the Benediction was offered by Bro. Glidewell and the meeting adjourned until 9.30 tomorrow a. m.

SATURDAY MORNING SESSION.

Morning session opened with song service by the congregation and prayer by W. H. Wilson. Minutes of yesterday read and approved. Report on Obituaries

was called and Dr. H. A. Brown submitted the following report:

REPORT ON OBITUARIES.

Since our last Association three of our prominent and earnest workers have been called to their reward. We are filled with thanks to God in every rememberance of them and their unselfish work for the cause of Christ, It seldom happens that an Association is called on, in one year, to surrender three such valuable and honored members. Bro. R. M. Loftis was born and raised in Surry County. He was baptized at White Plains by Bro. C. C. Haymore, about thirty years ago. He began to preach five years afterwards. About this time he was living in Mt. Airy, and through the efforts of Bro. C. C. Haymore he was sent to school until he required a good English education. He made no pretensions at display of any kind. He was modest, gentle and anxious to do good in every way he could. He labored as pastor at East Bend, Pilot Mountain, Walnut Cove, Stoneville, Shiloh, Red Bank, Walkertown, Mt. Olive and perhaps other churches. He also served as Missionary at destitute points in our Association. He was loved and honored by his brethren in all the places where he preached the gospel. He was a good preach, biblical, clear and faithful. His character was as white as the drifted snow. His work will abide through the years and his memory will remain fresh and green in the hearts of all who knew and loved him.

Bro. Thos. M. Baker died Feb. 21, 1906, aged 69 years and five days. received a practical education at the High School in Germanton, N. C. He was married in 1860 and spent his life in Stokes county. No man ever lived in the county who shared more in the confidence of all the best people. He was baptized by Rev. R. W. Crews in 1882. He was Deacon and Clerk of Friendship church for many years. He served on the Executive Committee of the Association from its organization until the time of his death. Much of the success that has crowned the efforts of the Association was due to his wise council. He was liberal in his gifts for the spread of the Gospel at home and abroad. He was clerk of our Union Meeting and Sunday School Association and kept a record that will be valuable to the future historian of this Association. No man who has ever lived among us will be missed more. None but those who knew him well and understood his peculiarities were prepared to estimate his true worth. Kind in his family, gentle with his brethren, liberal in his church, standing for the right in private and public life, loyal to God and truth—he stood four square to every wind that blew. When the summons came he was found waiting and ready and with shining face laid down his work and entered into the courts of his Lord and Master.

Rev. John Logan Lane was born at Summerfield, N. C., Dec, 4, 1860, and died June 2. 1906. He was brought up on a farm and received an academic education at Summerfield. He was converted in a meeting held at Summerfield, in October, 1883, by F. H. Jones, H. A. Brown and W. H. Wilson and at the close of the meeting united with the church and was baptized in Haw River by W. H. Wilson, of Madison. In 1892 he was licensed to preach by the Summerfield Church. He was married to Miss Willie Case June 27, 1895, and was ordained to the full work of the Gospel Ministry the next day at South Side Mission near Reidsville, N. C., by a Presbytery composed of C. A. G. Thomas, M. A. Adams, L. Johnson and perhaps others. He was pastor at Mt. Zion, Liberty, Gib-

sonville, Summerfield, Walnut Cove, Good Will, Valley, Walkertown, Comers Chapel, Oak Level and Colfax and South Side Mission points. He built Church Houses at Gibsonville and Oak Level. He was not blessed with any children. He leaves a wife and one brother. He was a true, good man.

RESOLVED, That we tender our sympathies to the bereaved families of our deceased brethren and instruct our clerk to send a marked copy of the minutes containing this notice to their respective post office addresses.

B. K. MASON,

Pending the adoption of this report high tribute was paid to the memory of our deceased brethren in very pathetic terms by H. A. Brown, W. H. Wilson, P. Oliver and J. E. Smith. On motion of W. H. Wilson, P. Oliver and E. W. Culler were appointed as a committee to look after the needs of Bro. Loftis' mother. On motion of J. E. Smith a collection was taken for the benefit of Sister Loftis. amounting to $25.11, which amount was placed in the hands of the committee for her benefit. By request Bro. Hall sang "Saved by Grace." The report adopted, the Moderator appointed a committee to name an Executive committee, J. E Smith, B. K. Mason and F. N. Day. The time having arrived for the conclusion of the discussion on Ministerial Education it was taken up and discussed by J. E. Smith and Brethren Davenport, Duncan, King and Wilson.

T. S. Sprinkle offered the following report on Temperance:

REPORT ON TEMPERANCE,

We believe the use of intoxicating liquors is the greatest single evil that curses and blights and degrades the Christian world. Where wars, famine and pestilence destroy their thousands, strong drink destroys its tens of thousands. We have personally seen its blasting and damning effects upon large numbers of fellow men, many our neighbors and friends, some our relatives, some our brethren in the church. It is claimed, by those who ought to know, that one hundred thousand American citizens fill drunkards graves, annually. If the whole world gives in the same proportion over two million die annually. If we divide this by two over one million die yearly. This is a greater number than was killed on both sides during the whole Russo-Japanese war on sea and land, with their "far-flung" battle lines one hundred miles long and their desperate fighting. The world stood apalled at the awful carnage and slaughter. Yet more men die—one here, another there—in twelve months than were killed in this greatest of wars, and we stand by quietly, if not contentedly, and let this useless and damnable work of destruction go on. It is said that more than one billion dollars is spent in the United States annually for strong drink. This Country contains less than one-twentieth of the world's pop-

ulation. In this proportion the world spends over twenty billion a year for strong drink. If we divide this by two we have ten billion dollars spent annually for strong drink. This is more than the entire cost of the Russo-Japanese war.

These things being as they are, therefore be it

RESOLVED. That we, as an Association and as individuals, do all we can, in all the ways we can, in all the places we can, with all the people we can and just as long as we can to prevent the manufacture, sale or use of intoxicating liquors in our neighborhood, county, state, nation and world and may the great God crown our efforts with great success.

T. S. SPRINKLE.

After discussion by J. F. Lancaster, P. Oliver, H. A. Brown, T. S. Sprinkle, S. F. Leonard, W. L. Poteat, C. C. Haymore and J. E. Smith the report was adopted. Adjourned for dinner 'til 2 p. m.

Bro. John E. Wray was recognized and welcomed to a seat with us. The report on Ministerial Education was adopted and pledges for the same were taken which amounted to the sum of $186.50 as shown in the table of pledges.

SATURDAY AFTERNOON SESSION.

Opened with song service, after which A. L. Betts read the report on Sunday Schools. The report was discussed by John E. Wray, Superintendent of Institute for the blind, Raleigh, N. C., J. F. Lancaster, T. S. Sprinkle, F. W. Hancock and Dr. W. L. Poteat and adopted.

SUNDAY SCHOOL REPORT.

The Sunday School work of our churches is not second in importance to any other work of the church. Much has been done but more can and ought to be done. There is plenty sentiment and theory in favor of Sunday Schools, but a fearful dearth of activity on the part of many of our church members. Not one fourth of our church members attend Sunday School, or make any reasonable effort to get others to go. This is a sad history of a great denomination who believe in Sunday School work and evangilism. The measure of activity and sacrifice of a church member is the measure of his interest in this work. What shall we do then? We don't need more theory, but more real work and sacrifice to gain and hold the people to the Sunday School. We will never gain and hold the child, the young man and young woman, to the Sunday School until we have first won and interested the parents, young and old. If the Sunday School is a good work of our denomination, it is equally good for every member, every child, every church and every community. Let us urge, therefore, the regular attendance of all parents, and the overcoming of all obstacles in the way of attendance of children, as parents often allow trival matters to interfere with children's interest in the school, also a better equipped teaching force and the distribution of more and better Baptist literature.

A. L. BETTS, COM.

A committe was appointed to report on Ministerial Relief at next Association. H. A. Brown, A. L. Betts and P. Oliver constitute this committee. The committee on Time, Place and Preacher reported in favor of Leaksville Baptist Church, H. A. Brown to preach the Introductory Sermon, J. L. Barrett, Alternate.

The following resolution of thanks was offered and unanimously adopted.

RESOLVED, That the thanks of the Association be extended to this Church and the citizens of the community for their most cordial hospitality shown us during the sessions of this body.

G. C. DUNCAN.

Rev. C. C. Haymore was appointed on the Executive Committee to fill the vacancy caused by the death of T. M. Baker.

J.F. Lancaster, P. Oliver, and A. L. Betts were appointed Delegates to the Baptist State convention which meets in Greensboro in December. J. A. Beam was appointed as a Delegate to the Southern Baptist Convention which meets in Richmond, Va., next May. The Clerk was authorized to print and distribute the minutes, after deducting $10.00 for his service out of the minute fund. The report of the Finance committee was received and adopted as per Finance table. On motion, adjourned to meet at Leaksville, N. C., next August.

REPORT ON PERIODICALS.

We cannot unduly magnify the importance of intelligent information, whether it be as to the word of God or the practical work of his kingdom in the world. God in his wisdom has so ordained that education is a necessity in the life of every individual, which is demonstrated in, that his will to man has been put in a book to be read.

The Religious newspaper is indispensable as a medium of intelligent information as to the work of the churches and the spread of the gospel. In order that our people might be informed the Biblical Recorder was founded by our fathers and the work it has done is inestimable in the importation of light and knowledge among our people. We rejoice in its present able management and editorial work and hereby express our continued confidence and support of it as our organ and leader.

We also most heartily endorse the splendid work as done by the N. C. Baptist which has merited and won the confidence and support of the churches. Its work for temperance as well as supporting all of the enterprises of the gospel has been most hearty and commendable.

The Home Field and Foreign Mission Journal as representing our boards are indispensable and should be in every home.

Charity and Children as representing our orphanage deserves a place in every Sunday School and home among our people as a medium of information about the work of the orphanage.

The Piedmont Evangelist as represented by Rev. W. S. Hall, which, new to our people yet is most ably edited, and because of its work as a promoter of the cause of the Master and the spread of the gospel, we most heartily commend it to the confidence and patronage of our brethren.

Respectfully submitted.

C. C. HAYMORE.

After discussion by S. F. Conrad, J. S. Farmer, J. L. Kesler and S. W. Hall, the report was adopted.

On motion a Committee was appointed to visit the buildings of Leaksville-Spray Institute and report to this

C Haymore, H. A. Brown and Livingston Johnson spoke of the mission work at Flat Rock.

The outlook at the above points is very promising.

The Report on Orphanage was read by J. A. Beam.

REPORT ON ORPHANAGE.

Marvelous indeed has been the growth of our Baptist Orphanage. Through all these years, God has shown His divine approval of this department of our work for the extension of His kingdom. He has moved upon His Baptist host of N. C. until an abiding interest in the Orphanage is enthroned in the hearts of the Baptist in nearly every nook and corner of our State.

Last year's work was a glorious success for the Orphanage. The old debt was practically wiped out and the contributions were the largest in all our history. Two new buildings have been erected the past year, one of which takes the place of the old Watson building. In the near future a fine Orphanage Library building

will be erected by Dr. J. B. Richardson in memory of his father, Elder Noah Richardson.

But now the greatest need of the Orphanage is an infirmary, costing from $8,000 to $10,000. This is an imperative need, brethren, and we plead that you lend a helping hand in the erection of this building.

In conclusion, as your Committee we recommend that each S. S. of this Association take at least one collection for the Orphanage every month in the year. We urge this brethren, for the development of our children and for the assured support of our Orphanage.

Respectfully submitted.

J. A. BEAM,
G. C. DUNCAN, } Committee.

On motion to adopt, the report was spoken to by J. L. Kesler, J. B. Carlyle, A. L. Betts and H. A. Brown. Report adopted.

REPORT ON STATE MISSIONS.

Apart from the command of our blessed Savior to begin mission work at home, our love for our native State should move as to effort and sacrifice to supply the destitution at our own doors. Well directed State Mission work lies at the foundations of our material prosperity, our social elevation and our spiritual progress. Every other cause for which we stand as a denomination prospers or wanes with our State Mission work.

The pastor who fails to keep his people informed at this point and who neglects to give them frequent opportunity to give for this object fails at a most vital place. Last year was one of the most fruitful in good results we have had in the long history of Mission work in our State. Our messengers almost reached the shouting point at our last Convention under the discussion of the State Mission Report. A wave of enthusiasm almost swept us off our feet. But it requires more than enthusiasm in our annual meetings to raise the large amounts necessary to supply the needs of our Mission fields. There must be instruction, prayer, self-denial and joyous giving of our means to reach the best results. There are more than one hundred and fifty Missionaries now at work in our State. They are preaching the gospel and baptizing many people and laying the foundation for our denominational growth in many sections of our commonwealth. The convention instructed the Board to lay out the work on the basis of fifty thousand dollars. This will require an advance on anything we have done in other years. Let us not shut our eyes to the fact that we stand face to face with a crisis in our history. Let us go up at once and possess the land for we are fully able to over come it.

Respectfully Submitted.

F. T. BALDWIN.

REPORT OF EXECUTIVE COMMITTEE.

The Executive Committee of the Pilot Mountain Association, in the good providence of God, are permitted to make a favorable report of work done under their direction. In the early part of the Associational year arrangements were made as follows:

It was agreed to recommend an appropriation of 30.00 dollars to Brim's and Olive Grove; $30.00 to J. B. Johnson at Ayersville; 50.00 dollars to W. H. Wilson at Mayodan; $50.00 to C. C. Haymore at Flat Rock; 25.00 dollars to R. W. Crews at Oak Level; $50.00 to R. D. Haymore at King; $25.00 to J. A. Joyce at Bethel; $25.00 to J. B. Johnson at Rock Hill. Appropriations were also recommended for Spray and Draper, provided suitable men could be obtained to do the work.

For Ayersville Bro. Johnson reports 25 sermons preached, 42 visits made, one person baptized, Sunday School well attended, congregations encouraging. Collection taken for the various objects. He thinks the church is now able to get along without further aid from the Board.

At Rock Hill he reports 11 sermons preached, 14 visits made, the congregations good and attentive. The people are thinking about building a baptist church in that community. This is a new point and should have attention if there is a prospect of establishing a permanent work there. Bro. Johnson has not held any protracted services yet at either of his points.

Bro. R. D. Haymore reports from King. Sermons preached 17, miles traveled 275; number of conversions 12; number baptized 6.

Congregations are large and growing; Sunday School well attended. Collections for the Convention objects taken. The church is small but doing an encouraging work in the community.

At Olive Grove Bro. P. Oliver reports 23 sermons preached and 24 visits made. He thinks the prospect is not flattering to build up a strong church, but much good is being done for the people in all the surrounding country.

At Brim's Grove Bro. Oliver continued the work until January, 1907, at which time Bro. J. T. Smith became the pastor. There have been 29 sermons preached and 34 visits made; two have been baptized. The congregations are large and the Sunday School numbers over 100. Bro. Smith is expecting a large harvest in the near future. He reports this as one of the most promising fields in our association. The field will need help a little while longer and then take its place as a self sustaining church.

Bro. R. W. Crews reports from Oak Level. Baptized 28; met all his appointments. The outlook at this point is full of promise. Bro. F. N. Day aided him in a very successful meeting which left the community full of hope for the future of this church. They have a flourishing Sunday School and many of the young people came into the church during the meeting.

Bro. J. A. Joyce has been preaching at Bethel and makes the following statements: He has only been able to make 4 trips to the church thus far—has preached 4 sermons. Congregations good and Sunday School encouraging. They are expecting a gracious meeting at an early date.

At Flat Rock Bro. C. C. Haymore has done a memorable years' work. He has baptized 65 persons; received by letter 5. Completed the house of worship at a cost of about $1,500.00. The house has been dedicated and paid for. Good collections have been taken for all objects as the church letter will show. He gives half his time to this place and is baptizing the people at almost every appointment. Truly this is a happy state of things.

Bro. W. H. Wilson reports from Mayodan 40 sermons preached; 120 visits made; 27 dollars raised for State Missions. Other collections good. They have a good weekly prayer meeting and a good Sunday School. They are praying for a great awakening.

No reports have been received of work done at Draper and Spray. Such amounts will be allowed by the committee as the work done may justify.

It will be seen that several of our churches are still struggling and must be aided for a while until they can become strong enough to stand alone.

With deep and abiding gratitude to God for mercies received and with a growing faith in Him and His people, your Committee beg leave to submit this report.

NIGHT SESSION.

After singing, W. H. Wilson announced the serious illness of brethren R. W. Crews and J. L. Barrett, and asked

that the Association pray for them. Jno. E. Ray led in an earnest prayer.

W. H. Wilson made the Report on Foreign Missions.

REPORT ON FOREIGN MISSIONS.

The work of Foreign Missions started in Heaven. God so loved the world that he gave His son. That son came from Heaven to save the world. He was the world's first missionary. He said to His disciples "As the Father has sent me even so send I you." This is the greatest commission ever given to man. As an encouragement Christ promised the presence and power of the Holy Spirit in its execution. He commanded them to go into all the world and preach the gospel to every creature. This is the work to which we as christians and churches are committed. This should engage our thoughts, our purposes, our plans and our prayers. The work during the past year at home and abroad has been encouraging. Christians are talking, praying and giving for missions more than ever before. More men and women are on the Foreign field than at any time during the past. The lost condition of the Heathen and the wide open doors, should stir us to immediate action. Our contributions for last year were $403,-811.54 and this was an average of less than a half cent a week. "I gave, I gave my life for thee, what hast thou given for me." Our work has developed marvelously. We are no longer a weak band. We have 500 laborers at the front with thousands of converts. We have schools, theological seminaries, printing plants, medical dispensaries and hospitals. These are used as aids to carry Christ to the people. Our Missionaries need homes in which to live; the thousands of converts need chapels in which to worship; the medical missionaries need hospitals; our seminaries and printing houses need better equipment. We must enlarge our gifts if we would meet the obligations He has placed upon us. There is a great opportunity before us.

While we rejoice in the large gifts of our people and the 2,299 baptisms last year, we should band together for more aggressive evangelization to the uttermost parts of the earth.

We rejoice in the Laymens Movement, and praise God for what the ladies have done and are doing through their societies and unions.

Respectfully submitted,

W. H. WILSON.

9:30 a. m., T. S. Sprinkle conducted the devotional Exercises. Moderator called body to order. The Minutes of yesterday were read and approved.

Dr. J. T. Smith read the Report on Home Missions.

REPORT ON HOME MISSIONS.

Our Home Mission work embraces all the Southern States, South Western territory, and the Islands of Cuba.

Our Master gave as his last command. Go ye into all the world and preach the gospel to every creature—beginning at Jerusalem —meaning at home.

In view of the fact that our population is a mixed one, that the foreigners who are regularly flowing into our country, with all their mixed and different views concerning Christianity, and even some still disposed to worship idols, we the great Baptist denomination should be very careful and presistent in holding God's word before the people in this southland of ours. Holding up Christ and Him Crucified to dying men and women.

The great work the Home Mission Board has achieved in the past should be a stimulus to us in the future to press forward onward and upward, growing not weary in well-doing for in due season we shall reap, if we faint not. The promise is ours. Lo! I am with you always even unto the end of the world. Let us go on and reap the great harvest that is ripening so fast, to the honor and glory of our God and for the good of our fellowmen.

On motion the Report on Ministerial Education was discussed by brethren H. C. Moore and P. Oliver, and J. A. Beam who was appointed to write the report.

REPORT ON MINISTERIAL EDUCATION.

In all our history as a nation and even in the history of the world surely there never was such a demand for preachers as today

Towns springing up as if by magic demands the opening up of new mission points and the organization of new churches. Our

town and city churches are lengthening their cords and strengthening their stakes which multiplies the demand for pastors. Many country churches are tired of preaching only once a month and are calling for two Sundays instead. For all this we thank God and take courage. But our hearts grow heavy when we find we are unable to supply these calls, and our grief becomes heavier and deeper when we learn that fewer young men are now entering the ministry than in former years, regardless of this increased demand for pastors.

Oh the fields are so white and the laborers are so few. With all our rapid growth and development along all lines pertaining to our material interest there has come an absolute demand for well equipped men as our under shepherds. Business men put a great premium on educated help and the pew is demanding educated pastors. Foreigners are flooding our land and they must have the gospel. Wake Forest is a mighty instrument in the hands of God in equipping men to meet these demands. Last year the Board of Education aided 56 ministerial students at Wake Forest College. This necessitates liberal contributions from our churches. Year after year this board has been sending forth men of God, equipped in mind and heart to preach the gospel of Christ.

Now brethren in the face of our pressing needs your committee urges that every church make an increased contribution to the Board of Education at Wake Forest College for ministerial education. This is needed.

We also urge that all our churches pray the Lord of the harvest to send forth more laborers into the fields white.

Respectfully submitted,

J. A. BEAM.

On motion the resolution offered by P. Oliver to originate and start a fund to educate young ministers at Leaksville-Spray Institute was referred to a committee to report at the next annual meeting of this body. Brethren J. A. Beam, P. Oliver and W. H. Wilson were appointed on this committee.

Dr. J. T. Smith read report of committee appointed to visit Leaksville-Spray Institute.

Report of Committee to visit Leaksville-Spray Institute.

REPORT ON LEAKSVILLE-SPRAY INSTITUTE.

It is with profound gratitude to God that your Committee report as to the work of Leaksville-Spray Institute. Few, if any, buildings in the State surpass the buildings found here.

There is a commodious and well arranged dormitory that will accommodate forty girls at present, and with the third story completed there will be room for about sixty. The Principal, his noble wife, and all lady teachers live in this building. Thus the young women have their constant care and attention, and it is a real home for them.

The boys doemitory contains forty-eight rooms, and will accommodate ninety-six boys. The assistant principal rooms in this building and has constant oversight of the boys.

Both dormitories are well furnished for school purposes.

The main school building is undoubtedly one of the best in the

State. The lower floor contains two study halls, one for boys and one for girls; reading room, and all recitation rooms except for music and art. The second floor contains a most excellent assembly hall, two music rooms, two society halls, library and art room.

The location is an ideal one, the sanitary conditions excellent, the water used pure and sparkling, the air healthful and bracing.

There were enrolled last year one hundred and ninety-three students. Of this number fifteen were ministerial students.

The moral conditions that prevail here are as good as can be found in any school.

The Principal is a consecrated, God-fearing man, and he keeps before the students continually the importance of the cultivation of their spiritual natures. We know him well, and can truthfully say that he has a deep and abiding interest in the boys and girls who are placed under his care.

Besides regular church services on Sunday, which the students are required to attend, the boys and girls maintain weekly prayer meetings.

The outlook of this Institution is exceedingly encouraging. We believe it to be worthy of your patronage, and we therefore give to it our hearty support and commendation.

Afternoon Session.

After singing and prayer by H. C. Moore, T. S. Sprinkle read Report on Temperance.

REPORT ON TEMPERANCE.

When we consider the thought expressed in the Introductory sermon that Chrirst should see the travail of his soul and should be satisfied, and that when he came he actually looked through future ages and saw satan falling, we are forced to conclude that Jesus is not yet satisfied, that neither satan nor his kingdom has yet fallen.

One of the greatest hindrances to the coming of Christ's Kingdom is the liquor traffic.

We are very thankful for the work done and the good already accomplished. We are glad that Georgia recently went Prohibition and hope that North Carolina and all other States may soon follow.

Much more, however, remains to be done. With no swifter progress than we have made, many generations will yet be born before the liquor traffic acknowledges its defeat, raises the white flag and surrenders.

Since Christ has said satan's kingdom should not prevail against His Church, and that he saw satan falling, we believe the traffic will sometime be overcome.

May God give us the strength and the courage to do our whole duty in this fight and speed the good day when the liquor traffic shall be on the scaffold and Prohibition on the throne.

On motion of Bro. Oliver the report on Sunday Schools was left over until to-night.

H. A. Brown read Report on Old Ministers Relief.

REPORT ON OLD MINISTERS RELIEF.

Baptists believe that Ministers are called of God to preach. They also believe that churches are required to support those who serve them as pastors. They that preach the gospel must live of the gospel. If pastors minister to churches in Spiritual things the churches should minister to them in temporal things. And when ministers have worn down in serving and been unable to provide for old age, their brethren whom they have served should see to it that they are not allowed to suffer. This may be done in three ways.

1st. The church of which the old minister is a member should not allow him to want. "If we provide not for our own household we have denied the faith and are worse than infidels."

2nd. These churches which have shared the labors of the old preacher should render mutual help and in this way relieve his growing needs. A little effort will always bring good results when the preacher has done faithful service.

3rd. The Old Ministers Relief Board is recognized and commended to all our churches by our State Convention as an agency through which we may render needed assistance. Twenty-six

families were aided last year. Great care is taken that the funds sent by the churches shall be wisely distributed and that only the worthy and very needy shall be aided.

We recommend that all our churches in this Association give attention to this subject and give all the help they can by any or by all the ways indicated in this report.

The Report on Sunday Schools was read by T. G. Taylor.

REPORT ON SUNDAY SCHOOLS.

We rejoice at the progress the Sunday School work has made and the great good which has already been accomplished, but with the increasing tendency for the people, and especially the young people, to neglect the preaching services of the church, we feel that the Sunday School has a greater work to do than ever before in evangelizing the world and bringing people to Christ and into the church. We therefore request every church in the Association, not only to have a morning school at every regular place of worship, but that they send out some of their members to destitute communities and organize evening schools wherever possible.

T. G. TAYLOR. Committee.

After discussion by H. C. Moore, T. S. Sprinkle and J. F. Lancaster it was adopted.

Collection for Sunday Schools $5 00.

On motion the Association adjourned, to meet at Mt. Olive, Stokes County, on Thursday before the first Sunday in August, 1908. Prayer by H. C. Moore.

S. W. HALL,
Clerk.

D. F. KING,
Moderator.

The Woman's Associational Meeting of the Pilot Mountain Association met in the basement of Leaksville Baptist Church Friday morning August 2, 1907.

The devotional exercise was conducted by Mrs. D. Rich who read a portion of the third chapter of Colossians. The Words of Welcome were given by Mrs. J. A. Beam to which Mrs. Rich responded.

The Vice-President, Mrs. A. L. Betts, being absent, Mrs. Rich presided, and Mrs. Beam was elected Secretary.

Rev. M. L. Kesler, the General Manager of the Orphanage, was then introduced and addressed the meeting on the need of a new Infirmary asking that we co-operate with the ladies of the State in helping to erect this building.

Roll-call of the Societies was made, only a few replying with a letter. A letter from Miss Heck, full of her usual wisdom, piety and desire for the coming of our Lord's Kingdom, was read by Mrs. B. W. Ray, and enjoyed by all.

A personal letter from Miss Elizabeth Briggs to Mrs. Betts, was read by Miss Lottie King.

Bro. Livingston Johnson then addressed the meeting on State Missions.

Literature on all subjects of Missions was placed on the table for all who desired it.

A discussion on "How can we do larger things in our Association this year," was led by Mrs. Rich and participated in by Mrs. Lindsay, Mrs. Ray, Miss Lottie King, Mrs. Millner, Mrs. Duncan and others. Many thoughtful and helpful suggestions were made.

A splendid paper written by Mrs. Roddick of Winston, on "Facing Our Responsibilities," was read by Mrs. Rich, and after singing, "What a Friend We Have in Jesus," the meeting adjourned till 3:30 P. M.

The Afternoon Session was devoted to the Sunbeams. Mrs. G. C. Duncan led the devotional exercise, reading and commenting on the twelfth chapter 1st. Corrinthians. Rev. J. A. Beam came in for a few minutes and gave us some helpful and encouraging words. Then followed an interesting and instructive program given by the Sunbeams of Leaksville and Spray Baptist Churches, after which the meeting adjourned till the Association meets again next year at Mt. Olive.

Respectfully submitted,

MRS. D. RICH, President.

MRS. J. A. BEAM, Secretary.

REPORT ON PERIODICALS.

The Bibical Recorder the organ of the Baptist denomination of North Carolina should be in every Baptist home in our state. Indeed no Baptist home is complete without the weekly visits of this valuable paper. Without it no one can be familiar with the practical workings of our people. The knowledge and training gained by the regular and careful reading of this paper are so important, that it would be good mission work for our people to supply any of our brethren who may not be able to take the paper, with its weekly visits. The price is very reasonable, when compared with the great value of the paper.

Charity and Children, published weekly in the interest of the Thomasville Baptist Orphanage, is a valuable paper and should be taken and read in every Baptist home.

We recommend all of our people to take and read the Foreign Mission Journal and Our Home Field.

W. R Cullom, W. F. Ferrel, F. P. Hobgood, J. L. Teague and J. A. Beam spoke on the subject to the delight of all.

REPORT ON MINISTERIAL EDUCATION.

A mighty wave of education is sweeping over our state and nation. The day has come when we are forced to have an educated ministry. To fail in this, is to fail to measure up to our God-given opportunities. No longer are the educated people to be

found only in our cities and towns, but they are in our rural districts and even in our so called backwoods. Indeed, the pew has become largely educated. But in addition to education of the masses, the preacher now has sharper forces to meet and far more difficult problems to solve than in former years. Therefore it is absolutely necessary for him to be thoroughly equipped in mind and in heart that he may understand and present the word of God in power. To obtain this equipment many of our young ministers must have help in their struggles, as the Lord usually calls poor men to preach the gospel. Last year sixty were aided at Wake Forest College and twenty at the Seminary, Louisville, Ky., This requires liberal giving and we hope that this association will do more for this great cause next year.

There were twelve ministers in Leaksville Spray Institute last session several of whom were helped more or less. Brethren let us pray the Lord to call more of our young men to preach and let us do all in our power to educate those whom the Lord calls.

REPORT ON STATE MISSIONS.

The State Mission work has made gratifying progress during the last year. The report made to the Convention last fall had much in it to inspire all our people to enlarged efforts in building up all our waste places.

A larger number of missionaries are now at work in our state than at any time in the history of our convention. These men have labored in 51 of our associations and supplied 376 churches and out-stations. Many special meetings have been held and nearly 2,500 persons added to our churches through their efforts. New church buildings have been erected, Sunday Schools organized, and contributions for all objects of the Convention increased by reason of the faithful work of the missionaries. No agency at

work among us, is doing so much for a higher civilization and a wider evangelization.

Brethren Braxton Craig and W. R. Bradshaw have been chosen evangelists for the State at large. They have assisted in many meetings and visited many associations and by their prayers and counsels have greatly advanced the general work of the denomination. Our population is increasing rapidly, new fields are opening and if we are to hold our own and advance it will be necessary for us to increase from year to year our contributions to State Missions. Let it not be forgotten that this is foundation work. If we neglect it we do it at the peril of all our denominational interests. This is our Jerusalem from which influences are to go out to the uttermost parts of the earth. Let no financial stringency or political excitement retard us in giving the gospel to all the people in our beloved State.

H. A. BROWN,
F. N. DAY, } Committee.

REPORT OF EXECUTINE COMMITTEE.

The Executive Committee of the Pilot Mountain Association, deemed it expedient to recommend that a larger amount be spent in our mission fields than was spent last year. Accordidgly the following appropriations were approved :

At Draper an appropriation of $50.00 was made for preaching once a month and $25.00 was allowed for service rendered during last Associational year. This amount was voted to G. C. Duncan.

It was agreed that $50.00 should be allowed Bro C. C. Haymore for preaching at Flat "Rock" church.

For mission work at Olive Grove $25.00 was recommended to Bro. P. Oliver.

For Brim's Grove an appropriation of $50.00 was made to Bro. J. T. Smith.

$25.00 was ordered to Bro .Joyce for work at Bethel.

An appropriation of $50.00 was cotinued to Rev. R. D. Haymore at King.

$50.00 was appropriated at Mayodan, $25.00 at Bannertown to Rev C. C. Arrington. And $25.00 to Bro. R. W. Crews at Oak Level.

For Bethel, Bro. Joyce reports 21 sermons preached, 40 religious visits made and 250 miles traveled. Congregations are good—a good Sunday School has been organized. That special meetings have not been held.

From Olive Grove, Bro. Oliver reports 32 sermons preached, 33 visits made, 5 persons baptized. The attendance on Sunday is encouraging. They will still need some help.

Bro. G. C. Duncan has labored at Draper from November last until 3rd Sunday in June. He has preached about 50 sermons, baptized 18 persons, and receved 7 by letter. The Sunday School averages 100 and contributed $25.00 during the year. The prospects are bright at that point.

Bro. R. D. Haymore has met h's appoinnments regularly at King. He has preached 24 sermons, visited all the families in the village and surrounding country, baptized 2 persons. They have a flourishing Sunday School and there are indications of great good being done. Bro. Haymore is much encouraged. Their meeting will be held in August.

Bro. C. C. Arrington has preached 26 sermons at Bannertown. There have been 26 additions to the church. He has visited 30 fam-

ilies. They have a good Sunday School and a good house of worship is rapidly approaching completion.

Bro. Thos. C. Keaton reports 12 sermons preached at Mayodan, 50 families visited, 7 persons baptized, 8 received by letter, one protracted meeting held. The church has made good contributions to State Missions and the orphanage. The Sunday School is growing.

Bro. J. T. Smith makes an interesting statement. He has baptized 26 persons at Brims' Grove and received 5 by letter. He has preached 34 sermons and made 41 visits. The Sunday School numbers 154. They have painted their house of worship at a cost of $45.00 and raised good collections for all the objects of the Convention the outlook is more hopeful than it has been since the beginning. Bro Smith thinks that after one more year the church will be self-sustaining.

Bro. C. C. Haymore writes interestingly about the work at the "Rock". He Gives half his time to that point. Their house of worship is a thing of beauty and is entirely out of debt. The congregations are large and attentive. The Sunday School is inspiring. There are more than 100 babies near the church to keep the ranks of the Sunday School constantly growing. They will hold their protracted meeting at an early date. All the indications point to a meeting of great power, thirty have already been baptized. Other statistics are given in the church letter.

Bro. R. W. Crews met all his appointments at Oak Level, made 40 visits. Fourteen have been added to the church. The congregations are good and attentive. A meeting was recently held at which there was much interest. The outlook for the church is promising.

We are greatly encouraged by the reports made. Good work has been done by our missionaries. We must not forget that several of our churches are weak and struggling and will have to be aided for awhile until they grow stronger. For this we will pray and work until our hopes shall be realized. Forgetting the toils and labors of the past we will reach out for the larger things which our Master has in store for us.

Respectfully Submitted,

AFTERNOON SESSION.

After singing, led by Prof White, L. Johnson led in prayer.

W. H. Wilson read report on Foreign Missions:

REPORT ON FOREIGN MISSIONS.

Some one has said: That facts are the fuel for Missionary fires. We submit a few facts in this report to stimulate us to greater things.

Contributions.—Last year our total receipts were $402.328.16. This was an increase of about $8,000 over last year, notwithstanding the financial depression.

Workers—We have now altogether 556 workers on the field—223 missionaries and 334 native assistants. This is an increase of 56 workers during the year.

Equipment.—There are 229 churches and 469 out-stations with 14,179 members and 139 houses of worship; 226 Sunday Schools with 7, 526 scholars; and 128 day schools with 3,194 scholars. These churches with the missionaries contributed last year $34,825. All of the figures show a gratifying advance over the year before. The work is enlarging in a remarkable way.

New Recruits—Twenty-four new missionaries went out during

the year. Quite a number of others will likely be appointed in the near future.

Schools—There are now 128 schools connected with our missions with 3,194 scholars in attendance. All of these schools are training workers for the future. There are eight Theological Schools with about 150 students who will soon be a great power for evangalizing their own people. It is most important that we inrease the number and arrangements and the equipment of these schools. If the heathen are ever brought to Christ it must be done largely through the natives.

Medical Missions.—The Board now has 12 medical missionaries who treated 38,000 patients during the year, giving them healing for their bodies and teaching them of the Great Physician of their souls. Our hospitals are all overflowing, and there is great need for a number of new hospitals.

Publishing Houses.—We have now four excellent printing plants which are sending out the leaves of truth for the healing of all nations. There is one in China, one in Brazil, one in Argentina and one in Mexico. We greatly need publishing houses in all our fields.

Results.—There were 2,174 converts baptized on our fields last year. We have heard of large numbers being baptized since the beginning of the new year, but the largest results, due to the leavening power of the Gospel among the people, cannot be tabulated.

Foreign Mission Journal—Those who desire to keep informed of the progress of the work should subscribe to the Foreign Mission Journal. It is the vital means of communication between the workers on the field and the people at home.

The subscription price is 25 cents per year. The subscription list should be increased at least 20,000 at once.

The harvest is great and the laborers are so few; let us pray the Lord of the Harvest to send forth more laborers into the harvest.

One by one the laborers are being called to Heaven, others must take their places.

Let us ask ourselves what we shall render unto the Lord for all of His benefits to us. Let us increase our gifts and hasten the coming of the Master's Kingdom.

Respectfully submitted,

W. H. WILSON,

The Moderator appointed the following Committees:

To Nominate Executive Committee—G. T. Lumpkin, R. W. Crews and A. L Betts.

Time and Place—Frank Cook, E. W. Culler and J. W. Simmons.

The report on Orphanage was read by G. T. Lumpkin:

REPORT OF THE ORPHANAGE.

Measured by any standard the Thomasville Orphanage is a glorious success. From its beginning until now it has been conducted on the highest and safest business principles and the splendid success of the methods commends the institution to our consideration.

The excellent management has become an example of best methods and a constant study in wholesome economies. This superb illustration of Baptist brains consecrated to the work of God should inspire us with the greatest confidence in the institution and should appeal to every Baptist of North Carolina. The Orphanage work lies nearest the hearts of men. No other work so beautifully reveals our Master's heart of tenderness and love and is such a genuine response to the teachings of our Lord concerning the little ones. It is a splendid illustration of "pure religion and undefiled before God."

The Orphanage is the sad appeal of helplesness and need and our contributions are the measure of our response to this appeal. We therefore need the Orphanage to bring from our hearts the tender strains of sympathy and compassion.

The Orphanage commends itself to us because of its achievements. It has become one of the greatest agencies for good in the world. It is one of the greatest saving stations we possess. It has

kept from the gutter many a boy and saved him from the world. It has foiled the devils attempt to destroy many a precious soul. It has taken many a child from unfavorable and destructive environment and placed him under influences that made him every whit a man, fitted him for life, made him a credit to society, an advocate of religion and a friend of God.

It is also a training school and pre-eminently so. It not only rescues the Orphan from the curse of the evil one, but it builds in him manhood and character. It sets before him high ideals, sends him into the world by way of the Cross and prepares him to render good service to men and glory to God.

AIMS.—The aim of the Orphanage is as far as possible to find and furnish a home for every orphan and give to them the love and training that unfortunate circumstances has robbed them of. The manager and his co-workers want to give these children a home and longs to feed their little souls on love as well as clothe and feed their bodies. Who could wish less for them? These little ones precious in the sight of God.

NEEDS.—The Orphanage has needs, continual and immense. Remember there are 375 children there. To provide for these, $600.00 per week is necessary. This is $7.00 a month, but who can clothe, feed, and train and provide for for less than that?

Then there must be repairs, improvements and constant enlargement. Many are begging for admisssion. Will Baptists say them, nay?

What do they ask of us? Our sympathy, our prayers and a part of our means. Who will say I will not give?

RECOMMENDATIONS.—The Committee recommends: 1st, that every Sundoy School in the Association will subscribe to Charity and Children for distribution and make monthly contribution for this work: 2nd, that a thanksgiving offering be made by all our churches on Thanksgiving Day or thereabout for the help of the institution: 3rd, that the Committee on Orphanage for next year be instructed to write every Sunday School Superintendent and Pastor and urge upon him the importance of the above recommendations.

SATURDAY MORNING.

At 9 : 30 a. m. prayer meeting was conducted by S. F. Conrad. Minutes of yesterday were read and approved.

Report on Home Missions was read by Dr. J. T. Smith :

REPORT ON HOME MISSIONS.

It is with profound gratitude to God and our great Baptist family that we are able to bring you this message of glad tidings from our Home Field, setting forth some of the great work accomplished this year. At present our Home Board is doing but little work in North Carolina, as nearly all our Mission work done in our State is under the direction of our State Board. However our Mountain Schools are under the Home Board control and in them we are doing a great work. This year we have 85 young men in these schools preparing for the ministry, who will some day go forth as Messengers of God, having the bread of heaven in their custody to distribute to the earth's starving millions. In many of the schools revivals have been held, notably at Mars Hill College there were 126 conversions, 58 of that number were students in that school. This is a good work and should have our hearty support.

In Cuba, our work is in much better condition than ever before. A genuine spirit of harmony and unity exists between our missionaries and the native workers. Eleven new churches have been constituted. Quite a number baptized this year, and 15 new Sunday Schools were organized.

In Panama, where about 50 different languages are spoken, we have a splendid opportunity for aggressive work. The glad tidings of Salvation can be sent to the forequarters of the earth by the converts won for Christ. We were the first to enter this field and if we continue to lend hearty support to this mission, only eternity can tell the good that will be done. Our work among the Negroes is very flattering, 2270 have been baptized. Total additions to churches 4315.

The work both east and west of the Mississippi river has been marvelous this year. Our Home Evangelists have had glorious success in nearly all meetiugs held.

We are glad to report quite an increase this year over the last or any preceding years in our contributions. Total amounts received $265,335.00 an increase of $33,501 56. Had it not been for the bad effect of the panic and floods in some sections our increase would have been $50,000.00 or $75,000.00 greater. Our people are becoming more and more acquainted with Home Mission work and are delighted with the good thats being done. So we may confidently look for still greater contributions next year.

Several churches have been built by loans and gifts made by our Board, and many more will be built which will greatly enhance the work of our Missionaries in their several fields. Truly the Lord has done great things for us whereof we are glad.

Bretheren, let us go on working and praying that his message of Salvation may be heard in all the earth for his gospel must cover the earth.

Report on Sunday Schools, prepared by A. L. Betts and W. H. Sink, was read by G. T. Lumpkin:

REPORT ON SUNDAY SCHOOLS.

The value of Sunday School work in our churches is no longer a question. The good has been many times demonstrated wherever the work has been faithfully prosecuted.

With pardonable pride do we rejoice that the Old North State stands first in number of Sunday Schools in the Southern brotherhood of fifteen States.

About one half of our baptisms come from the Sunday Schools. It is the teaching and training agency of church, or the church at work. We earnestly urge the faithful attendance of all church members and a thorough preparation of the lesson. We recommend a free and diligent use of lesson helps, as published by our Sunday School Board at Nashville, Tenn., in the preparation of the lesson, and a loyal use of the Bible alone on recitation. In obtaining and holding the interest of our young men and young women, we recommend also the organization of Baraca classes for men and Philathia classes for women.

The National Lesson Committee, to select our Sunday School lessons, has formerly been composed of several denominations. Baptists, Methodists and Presbyterians, having three members each. In the recent re-election of this committee, there was undoubtedly a combination of Pedo-Baptist influence against the Baptists, which resulted in reducing our representation on the committee from three to two, and increasing the Presbyterians to four. Against this unjust treatment, we do, as an association unhesitatingly, enter our solemn protest, and express our hearty sympathy and co-operation with any movement of the Baptist members of the Committe to withdraw from the National Lesson Committee and form a Baptist Committee, who shall select and propose our own lessons and helps. That the rising generation in our churches is not versed in distinctive Baptist doctrine, is too true to be overlooked. This is due in large part to the failure of the Sunday School to give specific and systematic doctrinal instruction. The International lesson helps have led us away from the green pastures and sparkling streams of vital doctrinal truth to the sandy deserts of an unholy alliance with denominational error. We believe it is time to return to our first love and to rescue the truth "once delivered to the saints" and press it to the lips of the perishing millions.

The report on Temperance was read by P. Oliver:

REPORT ON TEMPERANCE.

While it is admitted by nerly all that intoxicating liquors as now used is one among the greatest evils that we have to contend with in the churches and homes and the country at large and yet with all the above admitted more trouble shame and disgrace is brought into our churches homes and country by its use than all other evils combined. It is a sad fact that so many of our church members use it and favor its use which would make a Japanese Christian blush to think of doing.

We have now before us the most encouraging facts that we have ever had. In view of the great majority rol ed up on the 26 of last May for Prohibition, we look forward in the near future for better churches better homes and a better country. Let us give the Lord all the praise for the great victory won and press on for truth and righteousness and an ideal church life.

The report on Old Minister's Relief was read by H. A. Brown:

REPORT ON OLD MINISTERS' RELIEF.

All true preachers who have given themselves to the work of the ministry are entitled to the consideration of the people for whom they have labored when age and infirmity unfit them for further labor. Each individual church having an aged minister in its membership should give special attention to his wants when they become known. And if an aged minister has labored for many churches a committee in each church should co-operate with the other for his special relief. The Old Minister's Relief Board is serving the Denomination well in affording help to those who are known, beyond doubt, to be deserving. There were thirry-four worthy beneficiaries helped by this board last year. The amounts given to each was small, but there are reasons to believe that it was help given in a time of real need. More and more our Baptist people in this State are becoming interested in our aged ministers, and whether we give aid through the individual church to one of its members or whether in co-operation with a group of churches or whether in co-operation through the Relief Board let us make

reports of the amount given to this object. If the State is willing to help those who have been faithful in its employ when old age comes, if great business concerns think of their worn out employees, if colleges provide for them who have borne the heat and burden of the day, our churches ought not think of forgetting those who have given their lives to build up the cause of Christ on the earth.

Report of Committee on Ministerial Aid at Leaksville-Spray Institute made the following report:

REPORT ON MINISTERIAL AID AT LEAKSVILLE-SPRAY INSTITUTE.

As your committee, appointed at the last session of this body to consider the advisibility of doing something along the line of ministerial education at Leaksville-Spray Institute, beg to say that while we are in full accord and sympathy with the education board of Wake Forest College and would be far from doing anything to cripple or diminish the contributions to this board, yet

we do feel that there is a deep need of helping the struggling young preachers in our association in their efforts to prepare themselves for Wake Forest College. We therefore recommend that individual contributions be made to this work and the principal of the school visit any of our churches as he may have opportunity wherever it is the will and pleasure of the pastor and people and that he make a complete report to the association of all funds thus collected and how expended.

REPORT ON PERIODICALS.

At this time of denominational activity and the need of definite knowledge in church work, there is no factor more potent, more helpful, and more inspiring than our literature. We succeed or fail in every good work, in proportion as we are kept in intelligent touch with that work.

We get our knowledge of the work of churches, mission boards, educational institutions, and Orphanage, largely through our denominational paper. Without this there could be no concert of action, no state wide enthusiasm, no definite results. For seventy-five years the Biblical Recorder has come into our Baptist homes. It has grown from a small sheet to one of the most ably edited and most widely read papers in the South. Its usefulness can never be measured. It stands like a mountain peak in influence and in our denominational life. It exists for the denomination. Controlled by a board of directors, unlike any in all the world, so far as we know, they have pledged the policy of the paper not to accept more than six per cent. interest on the investment. All other profits, if any, go into the paper for the benefit of the subscribers. It is a paper to love, to help by our patronage, and to place in the home of every Baptist in North Carolina. It is here to stay. It will be here when we are gone, sounding its clarion notes from every vale and hill. It infuses life into our denomination and the Baptist who fails to drink from this fountain head of religious and denominational information robs himself and his family of the vital elements of denominational life. Therefore, it becomes the duty of every Baptist to read it; and we urge that our pastors bring it before their people and secure their interest in it.

Charity and Children, the organ of our Orphanage interest at Thomasville, deserves the high place it has won in the hearts of our people, and is worthy of our patronage, love and loyal support.

The Home Field and the Foreign Mission Journal are fit exponents of our Home and Foreign Mission work and should be read by every Baptist in the South. All these we most heartily recommend to the love and patronage of our people.

ANDREW L. BETTS, Com.

FRIDAY.—MORNING SESSION.

At 9:30 a m., the devotional exercises were conducted by W. R. Cullom. The minutes of yesterday were read and approved.

The Constitution and Rules of Order were read by Clerk.

The report on State Missions was read by H. A. Brown, who also read the report of Executive Committee and Treasurer's Report:

REPORT ON STATE MISSIONS.

We cannot contemplate the work done by our State Mission Board without feelings of profound gratitude to God. Our Secretary has been indefatigable in his efforts, and at times almost overwhelmed by the pressure on his mind and heart. Our State evangelists have met many engagements and done most effective work in many needy fields. They have had more demands on them than they could meet in the limited time given. Our faithful missionaries have gone into nearly every section of our commonwealth and preached the gospel in many destitute localities. About fifty of our Associations have had missionary work done within their bounds, under the direction of our State Board. More than three thousand members were added to our churches during last year through their instrumentality. Forty-eight houses of worship were in process of erection, eleven churches were organized. Seventeen thousand visits were made and several thousand dollars raised for the various objects of the Convention on their respective fields of labor. But there is still an urgent call for more laborers. The fields are white unto the harvest. With new railroads projecting into new territory, with towns springing up at unexpected places, with factories enlarging their facilities for work, with the population increasing rapidly from year to year, we shall be unworthy sons of noble sires if we do not grasp an opportunity and rise up to the full measure of our responsibility. Whatever other cause we may chance to neglect, we never can turn a deaf ear to the demands made for enlarging our State Mission work. To do this would be to surrender in sight of victory. Respectfully submitted, H. A. BROWN.

REPORT OF EXECUTIVE COMMITTEE.

The following appropriations were allowed by the Committee for the Conventional year:

To C. C. Haymore at Rock Church $50.00, with the request that they try to stand alone. To J. T. Smith at Brim's, with the understanding that they make an effort to do without further appropriation, $50.00. To P. Oliver at Olive Grove with the request that they make a strong effort to do without further aid, $25.00. To the pastor at Oak Level, with notice that in the judgment of the Committee they should not expect help for another year, $25.00. To T. .C Keaton at Mayodan, $50.00. To Missionary at Draper, $100.00. To J. A. Joyce at Bethel, $25.00. To J. W. Simmons at Sulphur Springs, $25.00. To C. C. Arrington at Banner Town, $25.00. To pastor at King, $25.00. To A. L. Betts at Kellum School House, $25.00.

Your Committee also recommended an appropriation of $50.00 for general evangelistic work in the Association. It will be seen from this statement that we appropriated one hundred dollars more than we did last year, thus making the largest appropriation ever made by the Committee in the history of the Association.

The growing importance of Draper as a center for us made it necessary that the amount allowed for that point be increased. The urgent cry for some special evangelistic work where no Missionary is employed caused the Committee to allow 50 dollars for that work. We give below in brief detail the work done by the Missionaries:

C. C. Arrington reports for Banner Town 20 sermons preached, 25 visits made, 9 persons baptised, 3 received by letter. The Sunday School is in a prosperous condition. The congregations are good. Their house of worship is not yet completed.

P. Oliver reports work done at Olive Grove. Sermons preached 26, visits made 29, persons baptised 1. Their letter will show their financial report. The church is weak and may need further assistance.

J. T. Smith makes a report from Brim's. Sermons preached 40, visits made 38, number baptised 15. Congregations large and increasing all the time. Sunday School growing from week to week. He has also organized a Mission Sunday School at a public school house 3½ miles from the church, where he has preached several times with increasing prospects of much good being done. Owing to the death of some of the more substantial members during the year he thinks help should be extended one more year.

At Sulphur Springs J. W. Simmons has preached 19 Sermons, made 47 visits, received 2 members into the church, has kept up a good Sunday School, has taken a collection for the orphans. The congregations are large and the church is in peace.

R. P. Corum is serving as pastor at King. Sermons preached 31, persons baptized 1. The Sunday School numbers 125 with a large floating element not yet assimilated. The prospects for the church are good.

From Bethel J. A. Joyce reports sermons preached 30, visits made 30, persons baptised 1. The Sunday School is flourishing and the congregations are good.

C. C. Haymore reports work at Flat Rock. Sermons preached more than 50, a great many visits have been made, 30 persons have been baptized. A new organ has been purchased for the Sunday School. The Sunday School is in fine condition. Every indication points to a successful year. Owing to financial depression and temporary removal there was some discouragement for a while, but now the future grows bright again.

The following report is sent from Draper. About 25 sermons have been preached, the church has two prayer meetings a week. There have been 55 additions since last Association. Their church house cost $1100.00 and two Sunday School rooms cost $250.00. The Sunday School averages 400. The future is full of promise.

At Oak Level R. W. Crews has met all his appointments. His congregations are good, Sunday School encouraging. They do not ask for help next year. They will be self sustaining.

At Kellum School House A. L. Betts. Sermons preached 23, visits made 35, one protracted meeting with 3 professions of faith, large congregations about every service.

At Mayodan T. C. Keaton reports. Sermons preached 36, visits

made 90, persons baptized 15. Outlook for Sunday School good. Congregations fairly good.

Bro. W. H. Wilson has held a successful meeting at Danbury, resulting in many conversions and several baptisms. We own a lot in that villiage and it may be well for the Committee in the future to arrange for regular preaching at that point. If the 50 dollars allowed by the Committee for special evangelistic work may be utilized for special work here and in the vicinity, a church may be organized and a building begun which will give permanency to the cause in that region now largely destitute of Baptist preaching.

Faithful and earnest work has been done during the year. The prayers of many good people have been answered. But much effort must still be made to meet the urgent needs of our rapidly developing territory. Conditions have arisen which our fathers never dreamed of and we must adjust ourselves to the changing times. The attention of people from afar is being drawn to our wonderful facitilies and possibilities and we will be wise if we make our church strong that we may be able to utilize the forces to be organized among us. With our faces to the front and our loins girded about and our Master in the lead, we will do our best to take and hold the territory for Him.

The Association met with W. H. Wilson in the chair. Prayer by L. Johnson.

J. T. Smith read report on Sunday Schools:

REPORT ON SUNDAY SCHOOLS.

The Sunday School is a very important factor in the growth and development of the church. Really, it is the church at work. Since more than three-fouths of our membership comes from the Sunday Schools, it is of vast importance that every church in our Association should have a Sunday School, and also have as many

at other places where we have no churches as can be carried on successfully. Of the 50 churches in this Association, only 39 reported schools last year, which shows that we are not as alive to the work as we should be.

We urge the use of our lesson helps as published by the Sunday School Board of the Southern Baptist Convention to be studied in connection with the Bible in the preparation of the lesson.

That we become more interested in the work of training the youth of our land in the study of God's words, to the end that they may learn and know what He requires at their hands, and that they may be fitted and prepared to defend their position, with a thus saith the Lord for it.

We recommend that each Sunday School in this Association take at least one collection each year for the support of our Sunday School work; carried on by the Board of Missions and Sunday Schools; further, that a committee be appointed to cooperate with the Secretary of Sunday Schools.

Respectfully submitted,

J. THOS. SMITH, }

E. L. Middleton, Sunday School Secretary, spoke to the report. Report adopted.

H. A. Brown read report on Ministerial Education. On motion to adopt, the report was spoken to by W. R. Cullom, G. L. Lineberry, W. H. Whitehead and J. A. Beam. On motion, S. J. Beeker was appointed to write a supplement to the report.

REPORT ON MINISTERIAL EDUCATION.

The Baptists of North Carolina have been interested in Ministerial improvement for nearly one hundred years. This thought, in part, led to organization of our State Convention and the founding of Wake Forest College. Great has been the results of our efforts along this line, and yet there remains much to be done. Last year was quite a successful one in this department of our work. The Board aided 61 young men at our College, who are preparing for the ministry. We expect good results in years to come.

When God designed to deliver ancient Israel from Egyptian bondage, He prepared a leader in the person of Moses, first in the best schools the nation afforded and secondly in a valuable experience in the wilderness, in Midian.

When, according to divine prophecy, the vacancy among the twelve Apostles, caused by the sin and death of Judas, was to be filled, the brethren turned at once, for this choice, to those who had attended the School of Christ himself for three and one-half years. And, under divine approval, the lot fell upon Matthias, a trained man.—Acts 1:15–26.

When the Gospel was to be carried into the Gentile world, the Master chose Saul of Tarsus, an educated man, for the great standard bearer.

All must see the importance of a well equipped ministry in this advanced age of the world. P. OLIVER.

REPORT ON SECONDARY SCHOOLS.

As citizens of our great commonwealth, we rejoice in the wonderful advancement and development of educational facilities in our State.

As Baptists, charged with the higher mission of developing Christian citizenship, we can but view with alarm the passing of so many of our secondary denominational schools. If past experience shows us anything, it is this, that we are largely what our schools have made us. If we shall be so neglectful of these trusts committed to us as to let them pass, then we must suffer the blighting, blasting influence of an intellectual life gained from non-Christian State schools.

Our experience is that, if Baptists want their boys and girls to return from school to take their places in their church and denomination, then they must be educated in our own schools.

After years of discussion, at our last Convention in Wilson, the Secondary School men got together and elected Prof. G. E. Lineberry as Secretary of Secondary Schools. He is now in the field, stirring and stimulating our Baptist people to patronize and support their own schools.

Some of our large-hearted brethren have established the Leaksville-Spray Institute and other similar schools that appeal to us as Baptists especially.

We recommend that all loyal Baptists in the Pilot Mountain Association get behind this Institute, pray for it, talk for it, patronize it, and make what we need and want it to be.

REPORT ON FOREIGN MISSIONS.

Every enterprise is estimated by the scope of its undertaking and the success which attend its efforts. The question men ask, "Is it comprehensive and does it make good?" Measured by these

pre-requisites, Foreign Missions is an abounding success. The great enterprise is as comprehensive as the command of Jesus, "Go ye into all the world and preach the Gospel to every creature," and its efforts are crowned with triumphs that stir the hearts of God's people and make the angels sing.

The number of converts to Christianity for the amount of money and energy expended far exceeds that of the home work. And especially has God blessed Baptist efforts on foreign fields. But the success of the Foreign Mission enterprise cannot be measured by the number of converts alone. The civilizing influence of the missionary life and conduct has been an immeasurable blessing to the down trod en heathen. The missionaries have taught and practiced a humaneness and brotherly love that have changed the thought and life of these peoples. They have seen the folly and cruelty of many of their customs and have quit them. Witness the Chinese edict with regard to foot binding. But another great achievement of the Missionary is the wonderful change of thought and sentiment he has produced among the heathen people with regard to Christianity.

When the modern work began, the doors of the world were closed against Christianity. To-day the heathen welcome the Christian preacher and teacher. Once the convert was subjected to every humiliation and not infrequently death, to-day but little criticism arises over a change of faith. Once the missionary was despised, and stigmatized as devils, to-day, because of their superior knowledge and the fitness to help in sickness and distress, they are sought as angels of mercy.

Christianity is regarded by the rulers as a moral and spiritual blessing to the nation and they welcome its advocates.

Besides the Missionary has laid the foundation for stupendous conquests in the next few years. The Bible has been translated into all the important languages. Schools have been established, hospitals endowed and other preparatory work for more extensive conquest. Verily the achievements have been wonderful.

Our Foreign Missions give to the Christian people the most inspiring field for conquest and sacrifice. Here no selfish call bids us cast our bread on the water with the promise that it will return to-morrow. But the unselfish love of Christ that manifested itself on the Cross, calls us to give to Foreign Missions because this is like our Lord.

And now with this inspiring news of victory from our mission fields, what shall we do?

First, we ought to pray for our Foreign Missionaries. A definite special prayer for our forces on these far away fields should go up from our hearts each day. And we should study the Foreign Mission work—the fields and forces, the problems and prospects.

And secondly we should give to the work. Our money is needed for this great work. Every dollar of it God will bless.

And lastly, we should pray the Lord of the harvest that He send forth more laborers into the great work of Foreign Missions. Pray for men. Pray for men out of your own Church, out of your own Sunday School class, out of your own home. God wants men to cast the net in the great seas and we can have them if we pray.

SATURDAY—MORNING SESSION.

Devotional exercises were conducted by E. L. Middleton.

Minutes of yesterday were read and approved.

The Moderator appointed a Committee to nominate Executive Board, viz.: J. B. Lindsay, W. A. Sullivan, and J. M. Martin.

On motion, S. J. Beeker is requested to prepare digest of church letters for the next Association

Report on Periodicals was read and adopted.

Supplementary report on Education was read by S. J. Beeker. It was adopted by the Association.

W. H. Wilson read report on Orphanage.

REPORT ON THE ORPHANAGE.

We are glad to report the continued and marvelous success of the Thomasville Orphanage. In many respects the last year has been the best in its history. Each year develops the fact more and more that we made no mistake when we put M. L. Kesler at the head of the Institution.

During the year 56 children have been received; 26 sent to mothers and other relatives; 2 ran away; 3 died; 1 was placed in a home; and 6 went to higher schools. 429 have been in the Orphanage some time during the year. 394 are there at present. The average cost of maintaining and instructing an Orphan per month is $6.42.

SCHOOL.

The school which has been taught by ten ladies is doing well. There seems to be among the children a greater aspiration to go on to other schools. Many of them are in higher schools working their way.

THE FARM.

The general condition of the farm under the management of Mr. Averitt is much improved. The farm during the year (including the dairy) yielded a net profit of $1517.04.

CHARITY AND CHILDREN.

Charity and Children makes the best report this year that the paper has ever made. The circulation is 12,500 with a list in excellent shape. The advertising patronage has reached 1600. Editor Johnson is the right man in the right place.

We recommend that each Sunday School in the Association take a special collection for the Orphanage, one Sunday in each month.

It is with sadness we record the death of Mr. E. L. Peace the Orphanage carpenter, who struck the first lick on the Orphanage grounds April 9, 1885. In his fidelity to the Orphanage he deserves our lasting esteem.

Money given to the Orphanage is wisely spent. You invest in manhood and character. The Orphanage is a training school to fit children for the practical duties of life; and is a successful agency in leading them to Christ and to Heaven at last. The purpose of Satan has been defeated by the Orphanage in reference to many poor boys and girls.

AFTERNOON SESSION.

After singing Moderator called on Bro. Hendrix to lead in prayer.

C. C. Haymore read report on Home Missions.

REPORT ON HOME MISSIONS.

The work of the Home Mission Board has been crowned with success the past year. There were baptized 25,109 converts. If any Mission Board has ever been able to report such a large number of baptisms our search has been unable to find it. This is one person for every mile around the world. This proves to us that the Great Commission of Christ is rebounding as it is made known to men. Let us rejoice and give thanks to God as we advance on new fields and preach the Gospel in our Southland.

Southern Baptist Churches last year raised $283,436. This is an average of slightly more than thirteen cents per member. This way of stating it does injustice to thousands who do not heartily support Home Missions. As we rejoice and give thanks to God for the victory in part may they serve to us as inspiring graces to increase our efforts.

Brethren, there is much faithful toil to be done. We want to raise the average to 16 cents per member, which will mean to the much-needed work in the home field $343,500.

The cities are presenting to us the overwhelming, unsolved problems of the age. With their population a part of the 63,000 immigrants since 1907. They have planted themselves among us to bare fruit, and the only hope for us, is to save the cities, and save the farmer with them. The cities are calling to us for more loyal men.

Oklahoma and the frontiers are calling for strong men to organize and Christianize the wild west.

Cuba calls to us from her soddy superstition to (save her) show the way of life and salvation. Let him that hath an ear to hear, hear what the spirit sayeth to the churches.

And, at the very beginning of this fiscal year, let us of the Pilot Mountain Association begin to raise our proportional part of the $21,000 called for by the Southern Baptist Convention. Which will enable the Board to send an answer to the many calls for loyal men! Strong men! And men that have learned the way of life and Salvation, that stand in waiting the action of the different Associations and the individual of our several Churches.

Respectfully submitted,

S. J. Beeker spoke to report. Report adopted.

S. W. Hall read report on Old Ministers' Relief.

REPORT ON MINISTER'S RELIEF.

The Recorder says: "There are at present thirty-two beneficiaries. They receive from forty to one hundred dollars a year. Many of them need more. Some of them have no means at all of support except the amount they receive from the Board," and that "The Board is not alway able to meet their actual needs."

These old brethren have gone in front; and cleared out the way, and laid the foundation upon which many great works are now flourishing. They have given their lives to the preaching of the gospel, and now by reason of old age or physical infirmity, have become unable to be active in the work, and it is but our reasonable duty to look after them and their wives, and provide for their comforts.

Contributions should be sent to the Treasurer of the Convention.

RFPORT ON TEMPERANCE.

To all friends of Temperance there is abundant cause for rejoicing, and also cause for vigilance.

That right will ultimately prevail, that "wrong will be placed upon the scaffold and justice on the throne," we fully believe.

Ten years ago only six millions people lived in dry territory in the Uniled States. To-day thirty-eight millions enjoy or may enjoy this privilege.

More than one-half the area of the United States is dry. As a rule large cities are wet and country districts dry.

In wet territory there are many prohibitionists, and in dry territory many anti-prohibitionists.

We hope in ten years to see the entire United States dry so there will be no necessity for Congressional legislation to protect the dry territory against the wet.

Let us pray to Him who governs individuals and directs the destinies of nations to bring this to pass and do all in our power to help accomplish it.

May God forbid that North Carolina should ever retrograde from the lofty position she has taken on this subject.

Respectfully,

T. S. SPRINKLE,
Chairman of the Committee.

The following resolution of thanks was adopted unanimously.

Resolved, That the thanks of the officers, messengers and visitors in attendance at this session of the Pilot Mountain Association be tendered to the Clemmonsville Baptist Church, and to the people in this community, for the generous hospitality extended to us in entertainment, transportation, etc., during this session of the Association. May the peace of God abide with them.

J. D. HOLLISTER.

The following resolution was read and adopted.

Resolved, That the Pilot Mountain Association request all her churches to send in the names of the ministers and delegates to the clerk of the church at which the Association convenes ten days prior to the time of meeting; that each church is also requested and urged to send in all monies collected for the various objects to the proper places as early as possible, remembering to send State Mission money to Rev. H. A. Brown, Winston-Salem, N. C.

FRANK COOK,
C. C. HAYMORE.

Delegates were appointed to Baptist State Convention, viz.: Dr. J. Conrad Watkins, R. B. Horn and D. F. King.

H. A. Brown was appointed delegate to Southern Baptist Convention; S. J. Beeker, alternate.

On motion, the Clerk is allowed the usual amount for his services, and the remainder of funds to be used in printing and distribution of minutes.

On motion, H. A. Brown and C. C. Haymore were appointed to look after the obituary of Dr. R. D. Haymore.

In the passing from labor to refreshments of our beloved brother, fellow worker, and one of the heroes of our Gospel ministry, Dr. R. D. Haymore, since our last Association, we wish to place on record a fitting tribute to his memory. Therefore, we adopt as the loving expression of this body the article written by Dr. H. A. Brown in the Biblical Recorder of July 21, 1909.

REV. R. D. HAYMORE, D. D.

OBITUARY.

HAYMORE.—During the month of June, Rev. R. D. Haymore, one of our beloved ministers, was called from "labor to refreshment." He had served his generation with wonderful ability and finished his course with joy. For fifty years he had been telling the story of a crucified and risen Savior to dying men and women. He was a student under Rev. L. H. Shuck about the time of the beginning of the Civil War. He soon entered actively upon the work of the ministry. For several years he labored as pastor and missionary in Virginia and North Carolina. He traveled long

distances in these early years and preached in school houses and under bush arbors. He had the zeal of an Apollos and that sort of consecration and devotion to his work that makes successors of the Apostles. He was at one time pastor of the Baptist Church in Rocky Mount, Va., and there are persons now living in that region who speak enthusiastically of his self sacrificing labors. He also served the church in Bristol, Tenn., and during his labors there a commodious house of worship was erected. He left the impress of his life and ministry throughout all that section of Tennessee and Virginia. He was later called to the Central Church in Chattanooga, where he served a number of years. During this time, the congregations increased and the membership grew strong. Here perhaps he did his most effective work. His pulpit ability was recognized throughout the city and the surrounding country. He was frequently called on to render special service in many parts of Tennessee. But there came a time at length, when he grew tired of the drudgery and confinemet of a city pastorate. He wanted to see again the great congregations that gather in the country churches and preach to them out of the great fullness of his heart. He sighed for the home of his boyhood and the companionship of those he had known and loved so long. He wanted to live the simple life and look out on his native hills while the sun was going down. He became pastor in Mt. Airy where he preached to the delight of the listening crowds that sat under his ministry. He also served for a brief period the church in Greenville, Tenn. This he did at the earnest request of old-time friends and to hold the cause together until other arrangements could be made. For several years before his death, he was laboring as an evangelist. He possessed marked gifts for this kind of work and achieved good success everywhere he went.

It was always a joy to him to aid his brethren in their special meetings. He conducted many such meetings in Virginia, North Carolina, Tennessee, and Georgia. Hundreds of persons were converted in these seasons of revival. I never knew a man who loved his brethren in the ministry more than he. He would sit sometimes far into the night giving reminiscences of his long and eventful life. He was entirely without those little jealousies which mar the happiness of so many otherwise good and true preachers of the gospel. He loved the old gospel and preached it with strange and wondrous power under the unction of the Spirit sometimes rising to great heights of eloquence. In private life he was as simple and artless as a child. His devotion to his wife was beautiful to behold. He died in the harness. He had agreed to hold a meeting with Laurel Grove church across the Blue Ridge. In company with his beloved wife he made the journey over rough roads, fording the swollen streams until he came to the place. He entered the church where the congregation was gathered. The service began but he could not preach. He left the pulpit and went to the grove, thence to the home of a dear brother, and, in a few hours, the summons came and he went away.

Resolved, That the Moderator appoint a committee of three to consider the wisdom of further developing this idea of the Layman's Movement in our Association, and report at a subsequent meeting of this body such recommendations as they deem wise to offer, that this Association may take definite action in this regard during this session.

SUNDAY SCHOOL REPORT.

The Sunday School is growing in numbers and influence everywhere.

It has become an imperial force in God's kingdom. We owe it our full sympathy and co-operation because of what it will do for the cause in our Association.

God has told us to teach His word to men. The Sunday School is the best agency for doing this publicly.

Our Conventions and Associations are fully committed to the policy of advancing the work at every point.

The cause is growing at every point, but we must inaugurate some definite plans before our schools shall come into their fulness of power and usefulness. We recommend that we work along these lines next year:

1. Establish a Sunday School in every church and at such other places as is practicable as branch Schools.

2. Plan in each church to invite all our people to Sunday School, especially trying to get our own church members enlisted.

3. Hold a Convention next year to arouse much needed interest.

4. Conduct one or more Institutes for the training of our officers and teachers for more efficient service.

5. Encourage home study by our workers in the Convention Reading Course or Normal Course.

6. Make Sunday School Missions one of the objects to which we contribute, asking the Sunday Schools to take at least one collection for this purpose.

A. L. BETTS, Committee.

WHEREAS, Sunday School is universally recognized as one of the foremost agencies for advancing the Kingdom of God in the earth and,

WHEREAS, The Sunday School Convention of the Pilot Mountain Association is an organized effort for disseminating information and inspiration and for preparing Sunday School workers for more effective work,

Therefore Be it Resolved, First, that this Association recognize this Sunday School Convention as one of its agencies for promoting the work in the Association and give it most hearty support.

Secondly, that the Moderator of this Association will appoint a Sunday School Committee of three each year, which shall co-operate with E. L. Middleton, the Secretary of Sunday School Missions in the State, in furthering the work in the Association; shall attempt to perfect the organization of a Sunday School in each church; shall prepare the program for the Sunday School Convention; send copies of this program to each pastor and Sunday School Superintendent with an earnest request for a delegation from each school, and shall prepare the Report and lead the discussion on Sunday Schools at the Association.

FRIDAY.—Morning Session.

9:30 a. m. Religious Exercises were conducted by R. T. Vann. Many of the brethren told why they believed they were christians.

The Minutes of yesterday were read and approved.

The letter of Mt. Olive church being lost in the mails, the delegates, by motion, were admitted to seats in the body.

A. Johnson, Editor of Charity and Children, O. A. Keller, representing Wallburg School, W. E. West, new pastor at Kernersville, and G. E. Lineberry, Secretary of High Schools, were recognized by the Moderator.

W. H. Wilson read report on Periodicals. The report was adopted.

REPORT ON PERIODICALS.

As it is impossible for any one to be interested in anything about which he has but little or no knowledge, we recommend the Biblical Recorder, the organ of the Baptists of North Carolina, as a most valuable medium of information. It keeps us posted as to the work of the churches, mission boards, educational institutions and the Orphanage.

For seventy-five years the Biblical Recorder has been going into the homes of the Baptists of North Carolina and many other states, stimulating them to nobler things. No Baptist home is complete without it.

In order that we may be brought into active sympathy with the Orphanage work, we recommend Charity and Children.

We recommend the Foreign Mission Journal and Home Field that we may be brought to see and feel our responsibility to the heathen, and the work that needs to be done in the Southern Baptist Convention.

For information about the Educational work we recommend the Wake Forest Student, and The Acorn, published by the Students of Meridith College.

W. H. Wilson, Committee.

The Moderator appointed the following Committee on Time, Place, and Preacher: W. E. West, J. M. Martin, and Dr. S. J. Montague.

Dr. H. A. Brown read report on State Missions. He also read Report of Executive Committee and Treasurer's Report.

REPORT ON STATE MISSIONS.

Our State Mission work should be the joy of every loyal Baptist within our bounds. There is scarcely a section in our beloved State that has not been reached and helped by our State Mission Board within recent years. The last report of our honored Secretary shows that nearly ten thousand sermons were preached by

our Missionaries last year—that three thousand persons made profession of faith—that 2197 were added to our churches on Mission fields. Many houses of worship were completed and $3,842.81 was raised more than during the year previous. Our State evangelists were welcomed wherever they went and their labors were crowned with gratifying success. Our devoted Missionaries went into the highways and hedges and endured many privations that they might finish the work committed to their hands. But we are not to think that there is no destitution still to be supplied. There is much land yet to be possessed. Never in the history of our State have so many people from other countries and from other States and territories in our own country, been seeking homes among us. Cities are springing up like magic. New Railroads are penetrating unoccupied fields and making large towns and factories possibilities of the immediate future. Baptists should not be slow to occupy these new centers of influence and population. Our Baptist fathers were slow to occupy the growing towns and for this reason our cause has suffered irreparable loss. Our young men and young women are going to the towns and cities more and more in spite of all our protests and we should see to it that our churches are made strong and vigorous that they may not be tempted to desert the faith of their fathers.

Our Churches should be more systematic in raising their funds for State Mission work that the awful suspense and pressure which annually come in the hearts of our Secretary and the faithful Missionaries may be prevented. Many Churches need to enlarge their contributions—it would be a means of grace for them to undertake it. In view of all that our Master has done for us, and all that He has commanded us to do for Him, let us rise up and do larger things than ever before. Not to emphasize STATE MISSIONS is to invert the order of the Divine Commission.

H. A. BROWN,
T. C. SINGLETON,
Committee.

REPORT OF EXECUTIVE COMMITTEE.

The following appropriations were allowed by the Committee for the Conventional year:

To C. C. Haymore at Rock Church $50.00. To Missionary at Draper $100.00. To S. F. Morton at Mayodan $50.00. J. A. Joyce at Bethel $25.00. To Bro. Corum at King $25.00. To S. F. Morton at Banner Town $25.00. To S. F. Morton at Brim's $35.00. To J. W. Simmons at Sulphur Springs $35.00. To P. Oliver at Olive Grove $25.00.

W. H. Wilson and S. F. Morton have done general missionary work with the approval of the Committee for which an appropriation of $65.00 is recommended—$50.00 to be paid to Bro. Wilson for work at Quaker Gap and other points, and $15.00 to Bro. Morton for work at Kellum's Grove.

Bro. Haymore reports his work at the Rock in fine condition. He has baptized 18. The contributions are larger than usual. The Sunday School is flourishing—50 in the Bible Class, most of them are members of the church. Valuable additions to the church property are contemplated, which will add much to the appearance and convenience of the building.

Bro. Corum reports that he has preached 20 sermons at King—

visited many families, and baptized 1. There is a good Sunday School with a promising outlook.

Bro. Goode has preached regularly at Draper since last November. He has visited many of the people. One has been baptized and several others await the ordinance. The Sunday School enrollment is 150. He regards the outlook as decidedly hopeful.

At Olive Grove Bro. P. Oliver has preached 37 sermons—made 38 visits—baptized 1. The contributions are reported in the church letter. Much improvment is manifested in the community as a result of continued service at that point.

Bro. J. A. Joyce has preached 23 sermons at Bethel, baptized 4 persons, made 25 visits. The congregations are good and the indications point to a strong church at that point in the future years.

The following statements are made by Bro. Morton: At Banner Town, sermons preached 21—visits made 70—two received for baptism—the congregations good and increasing at every service, their meeting house has been ceiled and paid for. Their Sunday School is in good condition. Their special meeting will be held in August. At Brim's Grove he has preached 8 sermons, made 30 visits, baptized 9 persons. The congregations are large. They have a good Sunday School at the church and also a Mission Sunday School numbering one hundred or more. Their house needs some repair and they ask for help for another year.

At Mayodan he reports sermons preached 21—visits made 198—baptisms 2—Sunday School in good condition. Bro. Morton has preached regularly at Kelium's School House, about 4½ miles from Stoneville, and has reasons for saying that it is a point at which much good can be done.

Bro. W. H. Wilson has labored at Quaker Gap since last Association and reports 25 sermons preached 24 persons baptized, 10 dollars raised for State Missions—a beautiful 2 acre lot purchased at a cost of $200.00 for a church building—a church organized with 90 members and material on the ground for the erection of a splendid house of worship within a few months. At other points where he has done missionary work, he has preached 31 sermons and baptized 18 persons.

At Sulphur Springs Bro. J. W. Simmons reports as follows: Preached 40 sermons—baptized 9—Received by letter 4—made 90 visits—Solicited $400.00 in lumber and cash for a new house of worship—large crowds in attendance at every service. The new church building will be finished in September and Special Meetings will be held.

The work done during the year has been gratifying to the Committee. Many unforeseen conditions are arising and calls for missionary work are coming from unexpected sources. Our population is increasing at a rapid rate and new centers are forming where we must plant our cause in the near future if we are to meet the responsibilities which our Master has placed on our shoulders. With faith in God and in OUR OWN ABILITY TO DO THINGS we seek to adjust ourselves to the changing conditions and finish the tasks committed to our trust.

J. A. Joyce read report on Temperance. The report was spoken to by J. A. Joyce, M. L. Case, L. Johnson, G. T. Lumpkin, Sheriff Haynes of Surry County, J. W. Simmons, S. W. Hall, W. F. Hancock, Dr. Phillips, W. H. Wilson, G. L. Lineberry, A. Johnson, C. C. Haymore, S. Gibson. G. T. Lumpkin and C. C. Haymore each offered a resolution which on motion was made a part of the report. The report was unanimously adopted by a rising vote.

REPORT ON TEMPERANCE.

We believe prohibition one of the greatest steps North Carolina has ever taken to drive from her fair land, one of the greatest evils known to the human family, and we pray God the day may speedily come when intoxicating drinks may be driven entirely from our land. And that they may no longer rob the people of reason, but that schools may take the place of blind tigers. And that men may seek light rather than darkness.

Let us pray to Him who governs individuals and directs the destinies of nations to bring this to pass and do all in our power to help accomplish it.

Let us march on like a hero against this great demon, strong drink, until the victory be won for God and the right.

J. A. JOYCE.

In consideration of the marked decrease in drunkenness and crime and the decided advance in temperance and the moral development in our State under State Prohibition,

Therefore Be it Resolved, That this Association do most heartily commend the aforesaid law, and express its desires that all proper care shall be exercised for its perpetuation and its more perfect enforcement.

G. T. LUMPKIN.

Resolve Secondly, That this Association condemns the sale of Near Beer and urge the Baptists of this Association to use their influence to secure the enactment of a law by our Legislature, prohibiting the sale of Near Beer in the State of North Carolina.

C. C. HAYMORE.

The Clerk read a communication from J. M. Haymore. The Moderator was appointed to answer the letter.

The report on Orphanage was read by T. C. Keaton. On motion the report is spoken to by T. C. Keaton and A. Johnson. The report was adopted.

REPORT ON ORPHANAGE.

The Thomasville Orphanage is 25 years old. In many respects the past year has been the best of its history. The general health of the children has been good. During the year an epidemic of small pox visited the Institution, but by the grace of God it was soon averted.

During the life of the Orphanage 1,192 children have been enrolled. The present is 390. The average number during the year has been 386. To care for these, 24 women and 7 men give their entire time. The actual support of one orphan is $80 per year.

The Orphanage plant is a rich asset to our denomination. Every department of its work is in a prosperous condition. Charity and Children is doing the best work of its life in disseminating light and knowledge, and in bringing our people more in sympathy with the Institution. The capable editor sparkles with genious.

The School, which is under the care of eleven competent teachers, is finding its place educationally. Many of its students are aspiring to higher schools of learning.

The Orpanage deserves a warm place in our hearts. It is a building force in our Master's Kingdom.

We recommend that each Sunday School in our Association take a monthly collection for the Orphanage. That each Sunday School in the Association subscribe for a sufficient number of Charity and Children. And that all our churches give a liberal support to maintain and amply equip the Orphanage.

Respectfully submitted,

T. C. KEATON,
J. B. JOHNSON.

On motion, S. J. Beeker was requested to send stencils to Clerk.

Adjourned until to-night. Benediction by J. A. Joyce.

On Laymen's Movement—G. T. Lumpkin, A. L. Betts, and E. H. Wrenn.

To Nominate Executive Board—S. J. Beeker, E. W. Culler and R. W. Crews.

S. J. Beeker read report on Foreign Missions. On motion to adopt, the report is spoken to by S. J Beeker,

L. Johnson, G. T. Lumpkin, H. A. Brown and W. F. Hancock.

The report adopted.

REPORT ON FOREIGN MISSIONS.

Of all the visions of the future, that of the world wide kingdom of our Lord is the grandest and the best. It expands the mind, heart and conscience of a christian as nothing else can.

RESUME OF THE YEARS WORK.

In the home land the general growth of Missionary sentiment is gratifying. The opposition of honest doubt is giving way before the logic of splendid results, and that of ignorance and prejudice is yielding to the crusade of enlightment and information. Again it is our privilege to write of a prosperous year in our widely extended work. Like its predacessor, it has registered great ingatherings on the fields. Some new territory has been entered and that already occupied has been strengthened by re-inforcements and better equipments. Twenty-two new missionaries have been appointed during the year. The larger part of whom have already gone to the front.

We now have in our employ, 247 missionaries and 400 native helpers, a total of 647 workers. There are 259 out-stations, with 162 houses of worship, and a membership of 16576. We have 325 Sunday Schools and 10430 students. We had 2905 baptisms and a contribution of $40,287.00 from these churches last year.

SCHOOLS.

We have 128 day schools in which are enrolled 3,269 pupils; 9 boarding schools for boys, with an enrollment of 428; and 13 for girls, with an enrollment of 586 pupils; 2 colleges with 100 students; 4 training schools for women with 37 students; and 8 Theological Seminaries for the training of native ministers, with 176 students.

PRINTING PLANTS.

We have four well equipped printing plants on our Foreign Fields. These are scattering the truth broadcast in hundreds of thousands of gospel tracts, religious periodicals, books and Bibles in the Native languages.

MEDICAL MISSIONS.

We have 13 medical missionaries who are practicing the Gospel of healing while they preach the Gospel of Spiritual Salvation. For this work we have three hospitals and four dispensaries, in which during the past year 42,659 patients have been treated in body and soul.

THE OUTLOOK ON THE FIELD.

The outlook on all our fields was never more promising. The fields are bending to the sicle. The call is for more reapers. The conditions are more favorable to missionary activities than any one in his fondest dreams could have imagined a decade ago.

The Foreign Mission enterprise is no longer an experiment, but has come to be recognized as a Providential movement, world wide in its scope and irresistable in its power, revolutionizing the religious and social orders of the whole world. The splendid success which has been achieved by the agencies of our own convention should commit us to the work with firmer faith and deeper consecration.

Respectfully submitted,

S. J. BEEKER, Spray, N. C.

On motion of G. T. Lumpkin a Committee of five, consisting of two preachers and three Laymen, were appointed to arrange, in the bounds of our Association, Missionary Institutes for as many churches as wish them. The following were appointed on this Committee: Fred N. Day, G. T. Lumpkin, J. M. Hill, R. B. Horn and D. F. King.

On motion adjourned. Benediction by L. Johnson.

SATURDAY—Morning Session.

The Moderator called the Association to order at 9:30 a. m. L. Johnson conducted religious exercises.

Minutes of yesterday were read and approved.

W. E. Goode read report on Ministerial Education. On motion W. E. Goode, C. C. Haymore, D. F. King, W. D. Flynn, G. T. Lumpkin, P. Oliver and H. A. Brown spoke to report. Pledges were then taken. [See Pledges.]

Report adopted.

MINISTERIAL EDUCATION.

"God has opened a great door of opportunity to North Carolina Baptists in calling so many of our young men to preach the Gospel"—thus the last sentence, but one in the report of the Committee on Ministerial Education to the Baptist State Convention at Wadesboro. Here indeed is a great opportunity. But the efficiency of these young men called to preach and the hope of entering into full possession of all this door opens to, depends largely on the training we offer them for their work. The conditions of our time, marked as it is, by great advancement in general education, demand a well equipped ministry. And the Baptist cause must suffer just to the extent we fall short of meeting this demand. Hence the call for more loyal support of the Board of Education, in whose hands falls the work of providing this training and equipment.

Last year the Board gave aid to sixty-five young men; students in Wake Forest College, preparing for ministerial work, one medical missionary among them. In doing this the sum of more than five thousand dollars was collected and disbursed. This of course is the main feature of the Board's work. Reaching out, however, for a bigger work, the Board is giving encouragement to the idea of, and is laying plans for, vacation work among the churches by the young men to whom aid is being given in their college course. This vacation work is by no means an unimportant part of a young minister's preparation for the pastorate.

The correspondence Course has come to be a real factor in ministerial education in this State, especially for those who have been and are denied the privilege of this study in college and seminary. One hundred and twenty-one persons were last year engaged in this work. The Board met the incidental expenses of the Correspondence Course.

Verily, brethren, we are all disposed readily to admit the claim

of its Corresponding Secretary, that the Board of Education "has been through the years the silent partner in every enterprise inaugurated and fostered by the Baptist State Convention of North Carolina." Let us be more faithful in upholding the work of this "silent partner."

W. E. GOODE.

C. C. Haymore read the report on Home Missions. On motion to adopt, the report is spoken to by C. C. Haymore and G. T. Lumpkin. Report adopted.

REPORT ON HOME MISSIONS.

The Home board reports that the work committed to its hands has this year had unprecedented prosperity. It also shows an increase of 16 per cent over the contribution received from the churches last year. Receipts last year were $283.436; this year they are $329,475. The increase amounts to $46,039. The Board has been able to meet all its obligations and has a small balance of less than $2000.

Last year the Board reported 25,109 baptisms by the missionaries maintained wholly or in part through this agency. It was the largest report the Board has ever made in this respect. It showed results more than twice as large as have ever been attained by a similar agency of any denomination in America, or, as far as we can find out, in the whole world.

This year the baptisms reported are 27,325. So that there is a substantial increase even as compared with the unmatched results of last year.

There are about five thousand students in the mountain schools, an increase of more than 600 over last year. In Cuba the net increase in the membership of our churches by baptism has been 22 per cent., and five churches have been organized during the year.

In the Canal Zone the net increase during the year by baptism has been 31 per cent., and the average of the contributions per member has been $7.15, almost twice as much as the average contributions per member in the churches in the Southern Baptist Convention.

The Indian Mission work has prospered this year as never before, and the evangelistic department of the Board, while it has labored under the disadvantage of our not having a general evangelist for the larger part of the year, yet has been so blessed in its efforts that more baptisms are reported from this department than for the preceding year.

The report lays much stress on the church building loan work, and insists that the time has come when Southern Baptists must do a greater work in helping to erect houses of worship in new communities and in other places wher there is special need. It is the purpose of the board immediately to enter upon a campaign throughout the South, as it has already been instructed by the convention to do, to raise a building loan fund of $500,000.

Our Jerusalem, Judea and Samaria are in the United States. Are we doing our part to take and keep our country for Christ?

Out of 90,000,000 population in the United States, there are only about 20,000,000 members of evangelical denominations. Are we not too much neglecting our Jerusalem, Judea and Samaria?

Alien immigrants flock to our shores at the rate of a million a

year, and perhaps two million more of our own people each year are uprooted from their own environments and brought together in new relations, in new towns on the frontiers. They need the gospel and must have it. The Baptists must take a larger part in saving the lost of America. We hold the Gospel in its purity.

Your Committee recommends—

1. That our pastors make an earnest effort at least once during the year, to preach a sermon on Home Missions, and take a special collection for that object.

2. That a club of subscribers be raised in each church for the Home Field. This is an attractive monthly magazine and ought to be in every Baptist home.

The address of the Home Mission Board is 723 Anstill Building, Atlanta, Ga.

The following resolution was offered by H. A. Brown. Resolution adopted.

WHEREAS, the matter of increasing the endowment of Meridith College will be considered by our State Convention at its next meeting in Hendersonville,

Therefore Resolved, That we commend this object to our churches and urge them to a hearty co-operation that the needs of the Institution may be provided for.

Afternoon Session.

G. T. Lumpkin, W. E. Goode, F. N. Day, C. C. Hay-

more and D. F. King made speeches on Baptist High Schools. The report is as follows:

REPORT ON HIGH SCHOOLS.

The relation between education and religion is so intimate, so logical and so reciprocal that it constitutes an inseparable bond and makes each, in a large measure, dependent upon the other. A religion without the discriminating powers of a trained mind must be superstitious, onesided and undemocratic. An educational system without the spiritual dynamics of religion must produce a refined paganism, a cultured selfishness and classical scepticism and a helpless ethical system.

Education has poorly prepared the man which ignores his spiritual development, and has not instilled into him the principles of Jesus—nay, more that does not try to build upon the new life in Christ Jesus.

Only the christian scholar and trained man can best represent true democracy and the finest ideals of life.

True education takes into account Christ's value of a man, and proceeds to educate him so that this ideal may be attained. It also takes into account the end and purpose of human life. It strives to see life as Jesus saw it. It repudiates the thought that the best of life is temporal and that selfish ends are the worthiest, but it magnifies the ministry of unselfish love and service, and points man to an eternal destiny infinitely superior to the temporal.

True Education recognizes the great truth that man is capable of responding to God's call and may be developed into His likeness. It proceeds to convince the student of this glorious conseption of life, and prepares him to attain unto this. It must prepare man to become master of self, of thought, of body, of faculties, and fit him to take his place in God's world to measure up to every responsibility, and at the same time bring life into perfect obedience to Christ. Clearly the holiest and highest function of education is religious and therefore the secular education of the public institutions is imperfect and unsatisfying.

State education must forever keep clear of any attempt at religious training. It cannot attempt it without trespassing upon the consciences of men.

Therefore denominational schools are absolutely necessary and, if the holiest and truest in education is preserved, our denominational High Schools and Colleges must have a place and must receive the support of christian people.

For this reason your Committee wishes to commend most heartily, the work of the High Schools of our denomination, and urge that you send your boys and girls to these schools.

Moreover, we would urge that you make arrangements to endow these schools, so that these boys and girls may be able to secure free tuition and find it as easy to attend a denominational High School as to attend a State School.

The perpetuation of all we hold dear as a denomination and the training of all the faculties that make for noble manhood, highest virtue and deep spiritual life, calls for the support and patronage of the High Schools and Colleges of our denomination.

Respectfully submitted,

Committee.

P. Oliver read report on Old Minister's Relief. On motion P. Oliver and E. W. Culler spoke to the report. Report adopted.

OLD MINISTER'S RELIEF.

Under the Jewish law one of the twelve tribes was set apart to serve in the Priest's office. The other eleven tribes were required to pay one tenth of their income for the support of the Priests. This gave the 12th tribe some financial advantage. Under the New Testament or gospel dispensation, the Lord calls whom he will to the work of the Ministry, and calls his people, indeed all who are taught in the word to take care of his ministers as to their temporal support. Among baptists as a rule, the preacher's salary is small, about all he can do to live, while he is able to work, consequently he can not lay up anything for old age and infirmity. It is reasonable and just that those who have given their lives to the work of the ministry, should be well provided for, when by reason of age or affliction they can no longer earn a support. Our board in charge of this work, at Durham, had in charge last year 37 beneficiaries. Some of these have been called home. Naturally, others will take their places. The work will be enlarged rather than diminished. It is gratifying to know tha the churches have sent in sufficient funds to meet all the liabilities of the Board. Every member of our churches should be interested in this work.

It is true that all who are needy and worthy will not be, for some cause or other, placed in care of the Board. On this account we should look around and improve the opportunities that may come before us. "He that hath pity upon the poor lendeth unto the Lord; and that which he hath given will he pay him again." Prov. 19:17. "He that giveth unto the poor shall not lack; but he that hideth his eyes shall have many a curse." Prov. 28:27. "And whosoever shall give to drink unto one of these little ones a cup of cold water only in the name of a disciple, verily I say unto you, he shall in no wise lose his reward." Mat. 10:42

There is every needed encouragement along this line for every one to do his duty.

Respectfully submitted,

P. Oliver,
R. W. Crews,

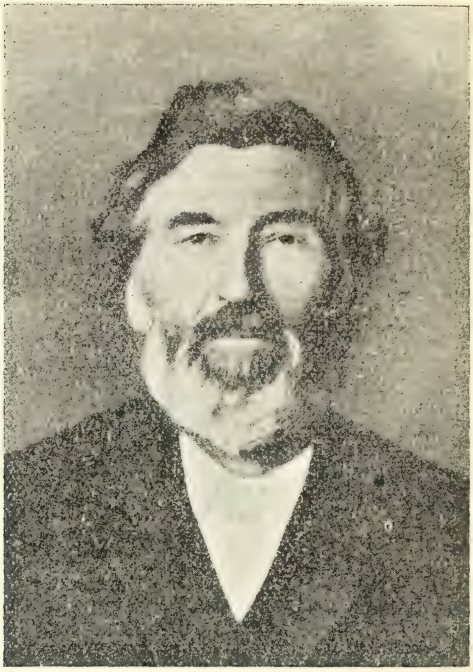
On motion a collection was taken for sister Loftis, amounting to $16.00.

On motion Bro. P. Oliver was appointed to look after the obituary of Bro. Slate, and Bro. W. H. Wilson to write obituary of Bro. Lancaster.

A TRIBUTE TO MR. JAS. F. SLATE.



James F. Slate was born July 20th, 1845. died March 17th, 1910, age 64 years, two months and 27 days, He was twice married. First, to Miss Charity F. Furgerson, Nov. 14th, 1867. To this union five children, four sons and one daughter, were born, all of whom survive him. His second marriage was to Mrs. Nancy L. Holland, sister of his first wife, Jan. 1st, 1882. She died August 23rd, 1905. He professed faith in Christ and became a member of Mt. Olive Baptist Church in early life, and continued a faithful member to his death. He was devoted to his church, to his family and to his neighbors. In his last moments, he called his children around him, exhorted them to live right and to meet him in Heaven, then breathed an earnest prayer for them and all his neighbors. He died like a hero. He lived an industrious and economical life. Was always busy in a quiet and regular way. Tried to make every hour count. He was a good and successful farmer, and accumulated a comfortable estate. His life is a practical demonstration of what a man can accomplish by "sticking to his bush." He will be much missed in our county, in his neighborhood, by his church, but especially by his children and grand children. He gave the Board of Education of Wake Forest College one thousand dollars, to be loaned to young preachers preparing for the ministry in that Institute, at four per cent interest and to be paid back to the Board in a reasonable time, after completing their course in school. Thus this work will go

on so far as we can see for all time to come. As his donation was the first to this special fund, it is and will be known as the "Slate Fund." While he was very modest and unassuming, he was proud and happy to feel that he could be instrumental in helping poor young men, called of God to the Gospel ministry, to better prepare themselves for their life work, through all future generations. It will be a pleasure to his children to think of this noble act.

He was buried from Friendship church, Elder W. H. Wilson and the writer conducting the funeral services. The large congregation of relatives and friends present, was an evidence of the estimate placed upon him. May his mantle fall upon each of his children, and may they all be prepared for a glorious reunion with father, mother, and step-mother in the upper and better world.

P. OLIVER.

THE SLATE LOAN FUND.

In January, 1904, Dr. Chas. E. Taylor, President at that time of Wake Forest College, received the following letter from Bro. Pinkney Oliver, of Stokes County, N. C.: "Bro. James F. Slate, of Mizpah, N. C., a good man, honest and industrious, who by hard work has accumulated a good living, wishes to deposit $800 with the board of Education, hoping it will work for the glory of the Master when he is gone, He first intended to give $1,000, but owing to the fact that some of his friends are hard pressed, he concludes to drop the $200 for the present. If he is pleased with the results of the $800, as reported according to his conditions inclosed, he may send the other after awhile."

The conditions to which Brother Oliver refers and which are signed with Brother Slate's own hand are the following. Bearing date of January 6, 1904, he says: "I hereby give to the Board of Education of the Baptist State Convention of North Carolina the sum of eight hundred dollars, to be used by them for the purpose of aiding young Baptist ministers in receiving their education at Wake Forest College. This sum and all income therefrom is to be used in accordance with the following conditions:

1. Aid in all cases from this fund is to be extended as a loan and not as a gift.

2. All loans shall be made at 4 per cent interest, said interest to begin to accrue from the date of loan, and to be paid annually to the Treasurer of the Board.

3. The borrower shall obligate himself to return the principal of loan or loans made to him within three years from the completion of his studies at Wake Forest College.

4. Loans shall be made to young ministers who are really in poor circumstances and who, in the judgment of the Board, will be faithful in doing the Lord's work, and to no others.

5. That the Board of Education shall report annually to Mt. Olive Church, in Pilot Mountain Association, to whom this fund is loaned and the practical results, at least for twenty years. This last item is intended as a a stimulant to others."

Along with this $800, fifty dollars given by Bro. J. E. Smith of the same church, for the same purpose, and with the same conditions. And so the State Loan Fund was begun. Several contributions to the fund have been secured since that time. A year or two ago Brother Slate sent $200 more. On the day of his death he told his children that he had laid aside $1,000 more which he wished to be sent to Wake Forest for this fund. Be it said to

their credit that without anything at all to bind them in this matter except that sense of right and reverence planted in their hearts by life-long contact with this godly father, they sent every dollar of this money to the fund in an incredibly short time after their father's departure from them. No more striking commentary on the life of the father could be found than this attitude on the part of his children.

Before this fund was established Mr. M. C. Treat, of Washington, Pa., had been aiding a good many young ministers at Wake Forest in times of emergency; but since the establishment of the Slate Loan Fund, so far as I know, all these cases have been cared for from this fund. A large number of men have been aided, the fund has grown to about $2,500, and the years to come will, no doubt, show this good man to have been one of the great benefactors in the work of the Kingdom of God.

It was my privilege to visit Brother Slate's home about two years ago. Bro. Fred N. Day was with me. As we walked with Brother Slate early in the morning and looked over a part of his fine lands, heard him tell of his struggles to get a foothold in the world, of how God had blessed his labors, and then heard him speak of his gratitude to God as he thought of all his children being earnest Christians and all settled around him and leading useful lives, I was made to think of one of the old patriarchs, and to feel in my heart that here was a man who had wrought in fellowship with God, and who, therefore, was leaving behind him something that was really worth while.

He has fallen asleep, but of him it may be said through the years to come, as was said of Abel, "He being dead yet speaketh."

W. R. CULLOM.

OBITUARY.

Elder John F. Lancaster Dec. 15, 1826—March 1, 1910.

On March first, 1910, God in his wisdom and love called to his home above brother John F. Lancaster of Kernersville, N. C. Brother Lancaster was born in Virginia, Dec. 15th, 1826 in the good old County of Bedford. At the age of 17 he gave his heart to God and sixty-seven years rendered faithful and joyful service to God. On the 27 of August 1864 he was set about to the gospel ministry. He spent many years in the ministry in Patrick and Henry counties, Virginia. About twenty years ago he moved to Oak Ridge, N. C. He served faithfully for years one church in the Piedmont Association. For many years he has been unable to render active service and has made his home with his son-in-law Dr. R. L. Carlton at Kernersville. He was a faithful member of the Kernersville church. God blessed him with a long and useful life—84 years old and 67 of these for God.

May the blessings of God abide on his loved ones and his saintly influence among us.

SUNDAY SCHOOL REPORT

The Sunday School has become an imperial force in our Master's kingdom. Our denomination is thoroughly committed to the advancement of the Master's cause. The question is how can we enlist all our membership in this great work. The fields are white to harvest. Ours is the formulating and inaugurating of some definite plan for the gathering the young life and the developing of that already in our churches.

Experience has shown that the Sunday School is the best agency for the gathering and developing the young as well as the older people in our churches. We must establish and maintain one or more schools in each of our churches and establish as many branch schools at other places as is practicable. We must plan for the arousing of interest in Bible study. This may be done by the holding of institutes and conventions in various sections of our

territory. During the past year some work has been done along this line. Four Sunday Schools have been organized. There remain four churches in our association who so far as we know do not have schools any part of the year. We recommend an effort in behalf of these churches who have no school. We would urge upon all our schools that they press the increasing of the percentage of membership of the churches in schools.

We would recommend the continuance of a committee who would press the work along these lines.

Respectfully submitted,

S. J. Beeker.

W. E. West read report on Home Missions. The report was adopted after being spoken to by G. T. Lumpkin.

REPORT ON HOME MISSIONS.

The Home Mission Board is glad to report no debt at the close of the year, (May 2, 1911). Although the increase in contributions were not as great as that of the preceding year we have many things for which to be grateful. The contributions for the year just closed were: $333,534.43, as against $329,475.00 of last year. This shows an increase of $9,059.43 as against the increase of last year over the year before of $46,039.00. The cause of this fall off in increase is due mostly to the fact that many of our churches began the monthly contribution system late in the year, which cause brought their contributions far below their average. From this cause nearly half the State fell below their gifts of last year.

The Board reports this year 20,913 baptisms, 6,294 less than that of last year. This is a great fall off, yet we can not always measure results by figures, and we hope that there has been more lasting good done this year than ever before.

THE SOUTHWEST.

The demand for workers in the Southwest is greater now than ever before. Many foreigners are going to this section to work on the farms, and many of our own people are moving there. They can be easily reaehed if we only make an effort to do so. There is also the city problem to be faced. Many cities, like St. Louis, have 140 saloons to every Baptist church. There are also hundreds of small towns that are growing into cities. If we would

hold our own in these cities, and keep pace with their growth we must begin now, and begin in earnest. There are now territories in some of these southwest states larger than some of our smaller states that have not a Baptist church, and we are completely dominated by Roman Catholicism.

THE SOUTH ATLANTIC STATES.

The inflow of the foreign element into our South Atlantic States is growing every year. They come to work in the mills and mines. It is hard to reach them in such environments. The Home Mission Board is the best channel through which they can be reached.

CUBA.

The year has not been as good as we would wish for in Cuba. Internal troubles and disasters have diverted the minds of the people. Almost the entire island was swept away by two terrific hurricanes, followed by long droughts. Political conditions have been very unsettled. Considering these disadvantages the outlook is gratifying. Many of the churches that have been helped by the Board are now helping the Board. The contributions for this year were $3,039.00 against $2,834.00 for last year, a very handsome increase, something over 17 per cent. There are now 34 missonaries supplying 22 churches and 34 stations on the island with a membership of 1,447.

PANAMA

The report shows very favorable conditions in the Canal zone. The year just closed was the best in the history of the work there. Collections for all purposes in the State were $4,493.11, an increase over last year of $773.17, or an in increase of 20 per cent. There are now in all the churches a membership of 582. Four thousand dollars worth of church property was destroyed by fire last year. This needs to be replaced as rapidly as possible.

THE NEGROES AND INDIANS.

The work among the black and the red men is very encouraging. The work among the negro is principally done in connection with the National Baptist Convention. The work is progressing very favorably. There are at present seven missionaries, and 12 co-operative workers

among the 300,000 Indians. They are doing a good work which we hope will prove the greatest blessing to us and them.

OUR MOUNTAIN SCHOOLS.

We have 27 mountain schools complete and at work. One new school ready for work. The total enrollment is 4,419, of these 65 are ministerial students. This year the Home Board expended $21,350.00 on new schools and improvements. The work now being done is very great, but the need is not yet half met. The pupils that go out from these schools are invariably home, society and church builders, wherever they settle. In this way the influence is felt in almost every section.

NEW BUILDINGS.

The Board reports the need of at least 6,500 new churches in our home field. The loan fund now amounts to $69,591.95. Through this fund a great work is being done, but it is not large enough to meet the demands.

LAYMENS' MOVEMENT AND W. M. U.

The Laymens' movement is doing a great good and needs our support. They are not strong enough to stand alone yet. The Board is now bearing one half the expenses of the executive committee. The W. M. U. contributed this year $83,850.15 to the Home Board.

As a whole the report this year is very gratifying. We have many things for which to be grateful. As one has said "Our Home Mission Board is the department of Interior." It is necessary that we look after our home land. Not only does our power to send the gospel abroad depend upon how well we enlighten our home land, but to a great extent the very heart of our Christian life at home is the Home Mission Board. If we fail to christianize the people in our midst we can not expect to evangelize the heathen.

Your committee recommends: 1. That the churches begin the monthly contribution system as early as possible. 2. That the pastors emphasize the work of the Home Board from their pulpits and among the people, and take a special collection once each year for this purpose. 3. That the pastors make an effort to place the "Home Field" in every home and also as many copies as

possible of the "Home Mission Task," a book now in press, and can be had for fifty cents per copy.

The address of the Home Mission Board is No. 723 Austille Building, Atlanta, Georgia.

The report on State Missions, also Executive Committee and Treasurer's report were read by H. A. Brown.

REPORT ON STATE MISSIONS.

The time will perhaps never come in the history of our denomination in the state when we can afford not to emphasize here and now the necessity for active efforts in the work of state missions. Our marvellous growth in the years past is but the legitimate outgrowth of a wise state mission policy inaugurated and pursued by our Baptist fathers. Our denominational schools, our religious periodicals, our Sunday school movements, our orphanage work and every forward step we have taken have been made possible and effective through the success of state missions. Whenever there has been lukewarmness in any part of our state along this line then our cause has suffered. It is only necessary to study past failures to get an incentive for future efforts. The success of state mission work during the last year is no less inspiring than in other years. Nearly ten thousand sermons were preached by our missionaries on mission fields in our state during last year. Three hundred and eighty-one churches and out stations were supplied by these faithful men of God in that period. Two thousand two hundred and twenty-seven baptisms were reported. Fourteen churches were organized on mission fields and a large number of church buildings were also completed. More than three hundred of the Sunday

schools reported on our mission fields. Our secretaries have visited nearly every section of the state and by their addresses and private counsels and stirring letters in the papers have kept our people informed and prepared for still larger advanced movements. Mission institutes and special revival meetings have been conducted by the secretaries. We must never forget that new fields are opening all the while. As new times come into existence we must be ready to give the people the gospel. Our country churches need instruction and encouragement to under take large things for Christ and themselves. A wise adjustment of churches forming compact fields would enable country pastors to do a great deal of needed missionary work. A good missionary committee in every church charged with the duty of getting the co-operation of every member in giving the gospel to every creature would solve many of the problems that confront us. Let us remember always that Jesus said, "Lo I am with you through all the days."

REPORT OF EXECUTINE COMMITTEE.

The following appropriations were recommended by the executive committee for state mission work in the Pilot Mountain Association from December 1, 1910 to December 1, 1911. :

To the Missionary at Draper	75.00
To C. C. Haymore at Flat Rock	50.00
To J. W. Simmons at Sulphur Spring	35.00
To J. A. Joyce at Bethel	25.00
To S. F. Morton at Mayodan	50.00
To S. F. Morton at Brim's	35.00
To S. F. Morton at Bannertown	25.00
To S. F. Morton at Kellum's S. H.	15.00
To P. Oliver at Olive Grove	25 00

Brother W. E. Goode remained on the field at Draper until Feb. 1st. He reports 20 sermons preached, 32 visits made, 2 persons baptized and $6.22 collected for state missions. Since Feb. the field has been supplied by Bro. D. W. Overby, who reports 6 additions, 2 by letter and 4 by baptism. Collected for state missions $5.72. The Sun-

day school numbers 175 with an average attendance of 85. The school is kept open 12 months in the year and the prospect is cheering.

Bro. J. A. Joyce reports 12 sermons preached at Bethel, one person received by letter, $4.00 collected for state missions. The house of worship has been recovered during the year. The congregations are good and the prospect for a good, strong church in the future is encouraging.

Bro. P. Oliver has preached 32 sermons at Olive Grove, made 45 visits and baptized 6. The collection for state missions is reported in the letter. There are many obstacles at this point and the work is purely missionary.

Bro. J. W. Simmons, who labors at Sulphur Springs, has preached 30 sermons, made 195 visits, baptized 32, received by letter 2 A beautiful house of worship has been erected and almost paid for. The Sunday school is good and the congregations large. The church has decided to take monthly collections for missions The work is altogether encouraging at this point.

Bro. S. F. Morton reports from Brim's Grove 34 sermons preached, 280 visits made, $14.51 received, and 22 persons baptized.

At Bannertown he has preached 36 sermons, made 478 visits, baptized 25 and two others await baptism. Collections 16.75.

At Mayodan he has baptized 15 and received 5 others for baptism, preached 37 sermons and made 610 visits and received $18.85.

At Kellum's S. H. he has preached 12 sermons, baptized 3 and visited 45 families. This is regarded as a very hopeful field for future development.

The following is a summary of Bro. Morton's work on his field: Traveled 3,692 miles, preached 110 times, made 1,396 religious visits and baptized 66. Well attended Sunday schools are kept up at all the points occupied by him.

Bro. C. C. Haymore reports as follows from Flat Rock. He has visited more than one hundred families, baptized 16 during the year, taken collections for all other objects. The Sunday school is flourishing; the house of worship will be enlarged; the congregation large. A pastor is needed for all the time. This growing church is an illus-

tration of what the state mission is doing. We have reason to thank the Lord for the success that has crowned the labors of our missionaries during the associational year. Some of these points must be aided again to enable them to become self-sustaining. There are new fields which ought to be entered. Still guided by His Spirit and sustained by His grace we will tighten our grasp on His promises and go forth to fight the battle to the finish and take the world for Him.

On motion of G. T. Lumpkin, a committee was appointed to recommend to the association the advisability of apportioning the amounts to be raised by each church. This committee to report at the next annual session of this body. The moderator appointed the following brethren on this committee—W. H. Wilson, G. T. Lumpkin and P. Oliver.

A. L. Betts read report on Periodicals. On motion the report is adopted. Benediction by L. Johnson.

REPORT ON BIBLICAL RECORDER.

For seventy-seven years the Biblical Recorder has been the organ of our denomination. Through its columns rank by rank and year by year we have kept in touch with the great heart throb of our dennomination. In every new enterprise or institution the Recorder has been the herald. In all our growth the Recorder has furnished no small part of the spiritual power and inspiration. It is our paper. We direct its policy. By it our mission work and our educational institutions are thus kept before our people. It stands by and defends our cause. It enlightens and educates our people in all the phases of our work. By the means of it our people are called to arms in the hour of danger. It is to us the man in the watch tower who rings the bell of alarm and warns us of an approaching peril. It keeps us sound in doctrine, loyal and true. Every home needs it. Every Baptist should read it. It should be invited into our association and homes, not as a beggar seeking subscriptions, but as a voice of a great denomination calling us, all of us, into a greater knowledge of our needs and opportunities, and a larger work. Since it is our organ, and since we need its uplifting influence and help, and since we need to come in closer touch with each other and KNOW each other as members of a great denomination, we recommend:

1. That the report on "periodicals" be changed to "Report on Biblical Recorder."

2. That every family in this association be urged to take and read it.

A. L. Betts,
C. C. Haymore, } Com.

AFTERNOON SESSION.

After singing and prayer by T. C. Keaton the moderator called the association to order.

The committee to nominate Executive Board recommended H. A. Brown, D. F. King, C. C. Haymore, D. V. Carroll and F. N. Day. On motion, the report was adopted and the brethren appointed.

S. J. Beeker read Report on Baptist Schools and Colleges. R. T. Vann, S. J. Beeker and G. E. Lineberry spoke to the report. The report was adopted.

REPORT ON SCHOOLS AND COLLEGES.

The relation of education to religion is so intimate, so logical, so reciprocal that it constitutes an inseparable bond and makes each in a large measure dependent upon the other. A religion without the discriminating power of a trained mind must be superstitious, one sided and undemocratic. An educational system without the spiritual dinomics of religion must produce a refined paganism, a cultured selfishness and a helpless ethical system.

That education has poorly prepared man for his highest possibilities which ignores his spiritual development and does not instill into him the principles of Jesus and the new life in Christ.

Man is not to live by bread alone and that education which looks only to the making a bread winner is beastly in its conception.

True education takes into the account Christ's value of a man, and proceeds to educate him so that the ideal of Christ may be attained. It strives to take into account the end and purposes of human life from God's viewpoint.

True education points man to an eternal destiny infinitely superior to the temporal sordid pleasures of physical life. It must teach man to become master of self, of thought, of body, of faculties, and fit him to take the place in the world that was intended by his Creator.

Then the highest and holiest functions of education is religious and therefore the secular education of the public institutions is imperfect and destructive to our higher spiritual interests.

State education must forever keep clear of any attempt at religious training. Whenever it attempts to train the heart it trespasses upon the consciences of man and makes possible a state church and the horrors of the inquisition.

Therefore, christian schools and colleges are absolutely necessary, and if the holiest and truest in education is preserved our christian schools and colleges must receive the support of christian people.

For this reason we wish to commend most heartily the work of our schools and colleges and urge that you send your boys and girls to these schools. The destiny of our denomination rests in the hands of our future leaders; if we educate them we know that our future is assured, but if some other school educates them we shudder in the thought.

COMPETITION.

Moreover, we would urge that you make arrangements to endow these schools, so that your boys and girls may be able to secure free tuition and find it as easy to attend your own associational school or college as to attend a non-christian state school.

CORELATION AND GRADE OF SCHOLARSHIP.

We would urge a corelation of all our denominational schools and a uniform system of scholarship so that a student completing work in a lower school might get credit for that work in the higher school or college.

We urge this because the perpetuation of the great principles of our denomination. This training of all the faculties of noble manhood, the highest virtues and deepest spiritual life calls for the support and patronage of our schools and colleges

The report on Orphanage was read by A. Johnson. On motion A. Johnson spoke to the report. The report was adopted.

REPORT ON ORPHANAGE.

We are glad to report the orphanage in excellent condition financially and otherwise. The treasurer's report for the year ending June 15, 1911, showed that the institution did not owe a dollar. $52,000 came into the orphanage treasury for all purposes, about $36,000 of this amount being the current fund. The same rigid economy in the administration of the orphanage still obtains. About $7.80 per month maintains a child at the institution, and this covers all the accruing expenses. The technical building has been completed at a cost of $80,000 and the West Chowan Association is building a $5,000 dormitory which, it is hoped, will be opened early next year.

Mr. B. W. Rogers, for years an employee of the Oxford Orphan Asylum, has been employed to represent the institution in the field and perform such other duties as the

general manager may direct. There are in all 34 employes at the orphanage, 27 women and 7 men.

At the recent annual meeting an alumni association was formed of the children who were at the orphanage in their childhood and who have gone out into the world's work. There were 26 charter members, and, it is hoped, a large number will enlist in this worthy movement. The object of the association, of course, is to defend the good name of the orphanage and advance its interests.

Charity and Children has moved into its new and commodious building and the prospect is bright for the best year in the history of the paper.

Between 500 and 600 Sunday schools make monthly contributions to the orphanage and these contributions now furnish about 40 per cent. of the current fund. We commend to all our Sunday schools this monthly collection plan, and urge our churches to make Thanksgiving Day our Orphanage Day.

W. R. Cullom spoke on Wake Forest College and Ministerial Education. Benediction by W. R. Cullom.

NIGHT SESSION.

After singing "Draw Me Nearer," S. F. Morton led in prayer. C. C. Haymore read report on Foreign Missions. On motion to adopt, C. C. Haymore and C. T. Willingham spoke to the report. Report adopted.

REPORT ON FOREIGN MISSIONS.

Not since our Lord commissioned his disciples to preach the gospel to all nations have the opportunities for carrying out that command been so great as they are today. Within the last two decades there have been wars in different parts of the world. God has so overruled these wars that each of them opened the doors of heathen nations more widely and the gospel has more ready access.

There is now an effort on the part of the two greatest christian nations on the earth to bring about universal peace. This will cause the message of the "Prince of Peace" to be more cordially received by those who have not as yet heard it.

In christian lands God is calling men and women to go "far hence to the gentiles." The great difficulty is to secure sufficient funds to support the missionaries on the field, and to send out an adequate number for their reinforcement. We have the means, abundant means, if they were only consecrated to the service of God.

Last year the board, following the instructions of the convention, laid out its work on a basis of $600,000. So far did the Baptists of the south fall below their duty, that the board was forced to report a debt of over eighty thousand dollars.

This debt will make it impossible for the board to send out much needed reinforcements this year. We must pay this debt as rapidly as possible and enable the board to send out other missionaries. North Carolina is asked to give $50,000 this year for foreign missions. Let us, as an association, do our part.

C. C. Haymore.

SUPPLEMENTARY REPORT ON FOREIGN MISSIONS.

Feeling that the Lord is blessing the women and children in their efforts for the furtherance of the cause of missions, both in our own and foreign lands, we, the societies of the Pilot Mountain Association, desire to submit the following report of the past year's work, March, 1910, to March, 1911:

Womens' Societies to all objects	$632.01
Young Womens' Aux. to all objects	290.10
Sunbeams to all objects	77.37
Royal Ambassadors to all objects	73.25
Total	$1,072.73

Mrs. Harvey S. Crist, Vice President

On motion of S. J. Beeker, the clerk is instructed to have the reports printed in large type.

On motion, pledges were taken for Foreign Missions.

Benediction by C. T. Willingham.

SATURDAY—MORNING SESSION—9:00 A. M.

Religious exercises were conducted by R. T. Willingham.

The minutes of yesterday were read and approved.

The moderator appointed committees to report at next session of this body.

P. Oliver read report on Old Ministers' Relief, On motion the report was spoken to by P. Oliver, T. C. Keaton, G. T. Lumpkin, C. C. Haymore and R. T. Vann. Report adopted.

OLD MINISTERS' RELIEF.

For some good reason, unknown to us, God has seen fit to leave among us old people, who have past the age of doing things for a living, and have come down to old age without a sufficient means of support; and among them some old preachers who have worn themselves out preach-

ing the gospel, and are left in this condition, in many cases, as a result of insufficient support from churches they attended.

These old men have been faithful, hardworking, self-sacrificing pastors. They felt that they must preach the gospel, pay or no pay; and they often felt the want of supplies, and the comforts of life. Yet they bore all cheerfully for the Master's sake, and now it is the business of the churches to look after them and their wives—honesty before God and man demands that their wants be supplied.

F. N. Day.
R. W. Crews, } Com.

The report on Ministerial Education was read by W. H. Wilson. On motion W. H. Wilson, C. C. Haymore and W. E. West spoke to report. Report adopted.

MINISTERIAL EDUCATION.

God has ordained that the world shall be saved by the preaching of his word. He calls men and gives them the natural qualifications to preach the gospel, but their success in the ministry largely depends upon the training we give. The advancements that are being made in general education demand a well equipped ministry, Sad will be the day when the pulpit gets below the pew in point of education.

The minister must be able to rightly divide the word of God, giving unto each one his portion in due season.

Our cause as Baptists and the general evangelization of the world will suffer to the extent of our failure to meet the demands. In proportion as we withhold our money from the Board of Education the cause of Christ must suffer. There were last year at Wake Forest sixty-four [64] young men preparing for the ministry and four preparing for the work of medical missionaries. Of this number sixty are receiving aid from the Board of Education.

The preparatory High Schools have all done well in furnishing young men to Wake Forest to be trained for the ministry, but the falling off in the number of young men giving themselves to the ministry of the gospel should cause us to heed the command of Jesus in Matt 9: 37-38, that we pray the Lord of the Harvest to send forth more laborers into the harvest.

The income of the Board for the past year has been

$5,068.61. It would mean much to the Kingdon of Christ if the State Loan Fund could be increased by men of means. Money invested in this way will bring large returns. Respectfully submitted, W. H. Wilson.

S. F. Morton read the report on Time and Place.

REPORT ON TIME AND PLACE.

Your committee recommend the next session meet with Lewisville Baptist church, Lewisville, Forsyth county, on Thursday before the first Sunday in August, 1912. Rev. G. T. Lumpkin to preach the introductory sermon, Rev. W. E. West, alternate. Rev. F. N. Day to preach at 11 o'clock a m. Sunday. Respectfully,

S. F. Morton,
D. V. Carroll, } Com.
J. S. Conrad,

On montion the report is adopted.

E. H. Wrenn read report on Finance.

On motion report is adopted.

P. Oliver, W. D. Flynn and S. J. Beeker were appointed delegates to the Baptist State Convention. D. F. King was appointed delegate to the Southern Baptist Couvention; G. T. Lumpkin, alternate.

On motion of W. H. Wilson the clerk is instructed to write the pastors of churches who did not send any minute fund.

J. D. Hollister read the following resolution:

RESOLUTION.

Whereas, the Pilot Mountain Association has been so royally entertained by the church and citizenship of Kernersville, and it has been dispensed with a spirit that has crept in and found an abiding place in our hearts, we here by desire to express our profound appreciation, and ask that God's loving kindness shall attend, and His richest blessings crown, them henceforth.

On motion resolution is adopted.

G. T. Lumpkin moved that the clerk be instructed to keep the usual amount for his services and to use the remainder in printing and distribution of minutes. Remarks by W. E. West. Song, "Waiting and Watching," was sung by R. T. Vann. The congregation then joined in singing "Where He Leads Me I Will Follow." On motion the association adjourned to meet next year with Lewisville Baptist church. H. A. Brown led in a very feeling and touching prayer.

Thus another good session of the Pilot Mountain Association passed into history.

EVENING SESSION.

After devotional exercises the Association was called to order by the Moderator.

Bro. S. F. Morton read the report on Sunday Schools as follows:

REPORT ON SUNDAY SCHOOLS JULY 31, 1912.

The Sunday School is one of the most important factors in the growth and development of the Church, it is nothing more than the

Church at work, and it is safe to say that at least three fourths of our membership comes from the Sunday Schools. It is of vast importance that every Church in our Association should have a live, wide-a-wake Sunday School, and we recommend Mission Schools where there are places convenient, where we have no Churches. We believe they will be great feeders to our churches. It is with pleasure we note that five mission schools were reported last year. We are very grateful that out of our fifty-four Churches in the Pilot Mountain Association forty-nine Sunday Schools were reported, five of our Churches had no Sunday School last year. Every Church should have an ever-green Sunday School, for we believe it is one of the greatest fields in which to work for the salvation of souls, and the glory of God, and we recommend that each Sunday School in our Association take at least one collection each year for the support of our Sunday School work carried on by the Board of Missions and Sunday Schools. We also recommend that they take Charity and Children, and that a committee be appointed to co-operate with the Secretary of Sunday Schools.

Respectfully submitted,

REV. FRED N. DAY,
REV. S. F. MORTON,
Committee.

Pending a motion to adopt this report, addresses were made by S. F. Morton and F. W. Hancock. The report was adopted.

As there was no report at hand on the Orphanage, W. E. West and J. P. Wilson were appointed a committee to prepare a report on the Orphanage. Meanwhile addresses on the Orphanage by F. B. Hamrick and T. H. King. The report follows:

REPORT ON THE ORPHANAGE.

One of the requisites of pure and undefiled religion is to care for the fatherless and the widows in their affiictions. Thomasville Orphanage may well be called one of the great spiritual reservoirs of our denomination. Since its establishment 27 years ago, it has grown until now 400 fatherless ones are receiving its protection and training.

Much credit is due to the faithful workers of the institution, for its efficiency and usefulness. The denomination has been loyal in its support; but all praise is due to our Heavenly Father whose richest blessings have been showered upon this institution through all the years. The children go out from the Orphanage well prepared to make their way in the world. They build up happy homes of their own and make useful members of society wherever they live.

The various departments of the Orphanage, the farm, the shops, the infirmary, etc., are in prosperous condition. Charity and Children has moved into its new home. The building is well equipped and up to date. Preparation has been made to do all kinds of Job printing, and we recommend it to the denomination.

We are profoundly grateful for the Kennedy gift of a fine 1200 acre farm in Lenoir County. This farm is at our disposal and we need buildings erected upon it at once.

The health of the children for the past year has been almost perfect.

The committee recommends (1) That the churches and Sunday schools begin an active campaign to build an adequate auditorium; (2) That all the churches make a Thanksgiving offering; (3) That all Sunday Schools make a monthly contribution to the

Orphanage and take Charity and Children at the club rate of 60 cents a year.

Respectfully submitted,

W. E. WEST,
J. P. WILSON,
Committee.

The report was adopted.

The Moderator appointed S. F. Morton, W. H. Grogan and P. Oliver a committee to nominate an Executive Board.

The Association adjourned. Benediction by Bro. Keaton.

FRIDAY—MORNING SESSION.

Devotional exercises were conducted by Bro. E. F. Hilliard.

The Association was called to order by the Moderator.

The Minutes of Thursday's sesions were read and approved.

Bro. T. C. Keaton read the report on The Recorder:

RECORDER REPORT.

The Recorder is the organ of our Baptist State Convention. By the music it renders our denominational life is unified, harmonized and largely energized. The editor, Rev. Hight C. Moore, is one of our most gifted, scholarly, and consecrated men. This, in a large degree, accounts for the present efficiency of the paper. The Recorder is progressive, Baptistic, and deeply spiritual. It is an effective assistant for the pastor, a disseminator of light for the layman, and a spiritual tonic for the home. We recommend that every pastor advocate its real worth and that every Baptist be a committee to help place it in our Baptist homes.

The report was adopted.

Bro. S. F. Morton offered the following report of the committee to nominate the Executive Committee:

RÉPORT OF COMMITTEE TO RECOMMEND EXECUTIVE COMMITTEE.

Your committee to recommend an Executive Committee regrets very much to relieve Brother H. A. Brown, who has served us so faithfully for 27 years; but at his own request we must relieve him and we recommend Brother G. T. Lumpkin, as chairman; and T. C. Keaton, D. F. King, F. N. Day, C. C. Haymore.

We also recommend that the Chairman of the Executive Committee be elected as Treasurer of the Association.

Respectfully submitted,

S. F. MORTON,
P. OLIVER,
W. H. GROGAN,
Committee.

The report on Temperance was as follows:

REPORT ON TEMPERANCE.

Intemperance is, perhaps, the greatest destroyer of the human race today, and has been through ancient and modern times.

Statistics show that more men die of strong drink in one year than have been killed in all the recorded wars since 2300 years B. C. About 3,500,000 of the white race die annually—about 300,000 in the United States and dependencies. This entails a loss of two billions spent for drink, two billions spent for prosecution of crimes caused by strong drink and jail and penitentiary expenses.

Each life of the 300,000 is considered worth about $7000, entailing a loss of about $2,100,000,000. In loss of efficiency about eight billions. It is estimated that in all the ways it causes a loss of about sixteen billions in the United States alone. Let us all, as individuals and churches and Sunday Schools, do all we can to mitigate this great evil.

Respectfully submitted,

T. S. HUMBLE,

For Committee.

An earnest address on Temperance was made by J. W. Simmons.

The hour having arrived for the report on State Missions, Brother Lumpkin read a tender message from Bro. H. A. Brown, announcing his resignation as chairman of the Executive Committee. Brethren Lumpkin and Haymore spoke feelingly and tenderly of Bro. Brown, and Bro. Oliver led the Association in prayer for God's richest blessings on our two retiring leaders, Brethren Brown and D. F. King.

Bro. V. M. Swaim read the following report on State Missions:

REPORT ON STATE MISSIONS.

There is no subject which should lie so near the hearts of North Carolina Baptists as their State Mission work. It is the great mud-sill of our denominational structure. Through this agency we have been able to carry the gospel to hundreds of destitute points and build in due time self-sustaining churches. But we must not be satisfied with past attainments. There is still much land to be possessed. Conditions are all the while changing and new fields are constantly opening and calling for assistance. Many new railroads are being constructed and many new towns are springing into existence in which help must be given if we hope to make our influence felt in these growing centers of population.

Our State Mission work last year was in a high degree satisfactory to our people. It is here strenuous work had to be done and a large amount of the money had to be raised in a few weeks. Our churches ought to send up their money before the last week of the constitutional year, in order to prevent the almost crushing anxiety which comes to our Secretary and many of our pastors and missionaries. Our cities are growing rapidly and many of our sons and daughters are turning their faces towards them. New and larger houses of worship are needed in many of our growing towns to take care of the increasing members who are coming.

We lost much in the early history of our denomination in this State because we did not build for the future in our towns. The following brief summary will give some idea of the work done last year: Sermons preached, 10,119; churches and outstations supplied, 351; baptisms, 1,921; added by letter, 1,427; meetings held 328; church buildings, 55; churches finished, 14; Sunday Schools or Mission fields, 257; conversions in schools, 915; newly organized, 4. Many missionary institutes were held with good attendance. Increasing interest is being manifested in Sunday School work, systematic giving and general missionary effort. Many special seasons of prayer for State Missions were observed last year. We recommend that many more of our churches observe these seasons. In this way we can get this work in the hearts of the members. We also recommend the appointment in every church of a State Mission Committee, who shall put the cause before the minds of all the members of the church.

With faith in God and in ourselves as His servants, let us ad-

dress ourselves to the large tasks before us in the coming year.

H. A. BREWER,
V. M. SWAIM.

Bro. Lumpkin read the following report of the Executive Committee:

REPORT OF EXECUTIVE COMMITTEE.

The following amounts were recommended by the Executive Committee for the mission points mentioned below for the year ending December, 1912:

To L. F. Morton at Mayodan	$ 62.50
To Missionary at Rock	50.00
To S. F. Morton at Bannertown	45.00
To N. H. Beamer at Brim's Grove	35.00
To Missionary at Draper	100.00
To J. A. Joyce at Bethel	25.00
To S. F. Morton at School House near Stoneville	15.00
To J. E. Simmons at Olive Grove	25.00
To J. W. Simmons at Sulphur Springs	35.00

Bro. J. A. Joyce reports as follows, from Bethel:

Sermons preached 19; visits made 28; money raised for State Missions, $5.00; Baptized 3. The congregations are good and the outlook promising.

Bro. R. T. Denny makes the following report for Draper: Sermons preached 32; Baptized 4; number in Sunday School 150; raised for State Missions $5.00. The cause is hopeful. Brother Denny has supplied the work since February. Brother Overby occupied the field before him.

At Brim's Grove Bro. N. W. Beamer reports 8 sermons preached; 15 visits made; 125 in Sunday School; $9.32 raised for State Missions. He is very much encouraged in his work. He began work in April, succeeding Brother Morton.

Brother J. W. Simmons reports for Sulphur Spring: Sermons preached 24; persons baptized 13; visits made on field 120; number in Sunday School 65; amount raised for State Missions $5.00. The work at this point has been greatly prospered during the year. The church raised for Foreign Missions $15.00 and $3.00 for the Orphanage. The protracted meeting has not yet been held.

Brother J. E. Simmons, missionary at Olive Grove, reports as follows: Sermons preached 10; number baptized 9; received by letter 5; visits made 75; there are 150 in Sunday School; $13.00 raised for State Missions. The outlook is encouraging.

Brother C. C. Haymore preached a few times at Rock Church in the beginning of the year. He is preaching at a mission station in Mount Airy, but he is under the appointment of the State Board and his report does not appear in this statement.

Bro. S. F. Morton makes the following statements concerning his work at Mayodan: Sermons preached 29; visits made 466; baptized 5; raised for State Missions $36.50.

At Brim's Grove—Sermons preached 24; visits made 12; baptized 2; raised for State Missions $17.00. I resigned this church in December.

At Bannertown—Sermons preached 30; visits made 349; baptized 12; raised for State Missions $17.00.

At Keler's S. H.—Sermons preached 8; visits made 210; baptized 2.

Total number of sermons 88; total number of visits 1,145; total amount for State Missions $53.50; total number baptized 21. I have held no meetings on my field this year. I have helped in meetings in which 39 were baptized. The Sunday Schools in all my churches are in a flourishing condition.

Brother C. C. Haymore gave up his work at "Rock" in the early part of the year. Bro. J. W. Simmons was elected supply until Association. He reports sermons preached 9; lectures 5; visits made 50. The church needs unity, and a pastor must be secured if the work is to prosper at this place.

Some of these points will need to be aided another year, but the time has come when the appropriations at some of the points should be reduced or discontinued for the good of the churches. There are some destitute places in our bands which should be considered by the next Executive Committee.

With thanks for co-operation in the mission work of this year past and earnest prayer for larger success in the coming year, we are encouraged to move forward.

H. A. BROWN,
D. F. KING,
C. C. HAYMORE,
D. V. CARROLL,
F. N. DAY,
Executive Committee.

A motion was made to receive this report.

Interesting talks were made by a number of missionaries.

After a stirring speech for State Missions by Bro. Livingston Johnson, pledges were taken and the report adopted.

The Association adjourned. Benediction by T. H. King.

FRIDAY—AFTERNOON SESSION.

The Association was called to order by the Moderator.

W. E. West read the report on Colleges and Schools as follows:

REPORT ON SCHOOLS AND COLLEGES.

To the Pilot Mountain Association:

Your Committee on Schools and Colleges beg to report as follows: As citizens of this commonwealth, we rejoice in the wonderful advancement of educational facilities in our State. But as Baptists, charged with the higher mission of developing a Christian citizenship, we can but view with alarm the passing of so many of our secondary schools. We are thoroughly convinced that if these go, then Wake Forest and Meredith had as well close their doors, since their sources of supply will be gone. Experience has shown us that if we want our young men and women to return from school strong, virile Christians to take their place in our church and denominational life, then we must educate them in our schools.

All praise to Wake Forest and Meredith Colleges for the great work that they are doing; but that has been made possible by the fostering care of our great Convention. Out of these have come our great laymen, preachers and missionaries.

We have been laying special stress upon help for our colleges. We have now come to the time when we must look after our secondary schools. If they are to stand the strain put upon them and do the work for which they are intended, they will have to have some kind of help. From them go the great army of young men who are to uphold our pastors and denominational leaders of tomorrow. Out of our own institute at Leaksville have come some of the best of the young men in our Association and State. They are already winning laurels for Christ and His kingdom. Already four or five young ministers have signified their intention of attending our school this year. The principal gives free tuition to these young men and we get the benefit of their lives. We ought to bear our part of that burden. The price of tuition in any course offered by the school is only $25.00 for the year. If the school has 150 students it can live. We have the boys and girls. We decide where they go. The school weathered the Whitehead shock and the drift of the local graded school the past year. Already the tide is turning our way and we need to rally to our school. This Association ought this very day to show its loyalty by starting a scholarship loan fund. Said scholarships to be loaned to needy students, the fund to be returned and reloaned year after year. This or something similar is an absolute necessity. We, therefore, recommend that an advisory committee of five be appointed to act with and advise the principal in organizing the work of soliciting funds from individuals and churches, as he may have opportunity, wherever it is the will and pleasure of the pastor and people, and that he make a complete report annually to the Association of all funds thus collected and how expended.

Very respectfully submitted,
S. J. BEEKER.

Pending a motion to adopt this report, remarks were made by W. E. West, C. C. Haymore, G. E. Linebury and G. T. Lumpkin. The report was adopted.

The following committee called for in the report was elected by the Association: T. C. Keaton, F. N. Day, T. H. King, R. B. Horne and G. T. Lumpkin.

The Clerk was directed to communicate with Dr. Brown, expressing our love and sympathy and anxiety for his speedy and perfect recovery.

The report on Home Missions was called for; no report being at hand, the Moderator recognized Bro. Kesler, representing the Home Board.

The Moderator appointed the Standing Committees.

The Committee on Time and Place reported as follows:

REPORT ON TIME AND PLACE.

The Committee on Time and Place beg to submit the following report:

Meet with the King Church on Thursday after the first Sunday in August, 1913, at 11:00 o'clock. To preach Introductionary Sermon Rev. T. H. King; Alternate, Rev. J. T. Byrum. To preach on Sunday Rev. G. T. Lumpkin.

Respectfully submitted,
C. C. HAYMORE,
SANDY SLATER,
W. D. DALTON,
Committee.

The recommendations were adopted.

On motion the churches are requested to send their church letters to the Clerk of the Association at least one week before the Association meets.

The Association adjourned with prayer.

FRIDAY—EVENING SESSION.

After devotional exercises, the Association was called to order.

Bro. W. E. West submitted the report on Old Ministers' Relief:

REPORT ON OLD MINISTERS' RELIEF.

The minister is God's "chosen vessel" to bear His name to a lost world. Feeling that this is true, the minister goes out in the field of labor and strives to fulfill his mission in the world, regardless of salary. According to the latest report the average salary of the preacher (except the one hundred and fifty large city churches) is $573. This is less than the average wage-earner, and less than it costs to live comfortably. The average church compliments itself that it barely supports its pastor. It thinks nothing of paying him for his work. Thus when the minister comes to be an old man he is lain aside as a back number. Thus when the tenure of life overlaps his tenure of service he is cast on his own resource in his declining years. What then is his resources? Want, some benevolent friend, or the alms house, unless his denomination lends a helping hand.

Prior to 1898 there was no Board for the relief of these old soldiers of the cross. Since that time there have been many helped by this Board, and at present there are 35 beneficiaries. They receive from forty to two hundred dollars a year. This is a very small sum and many of them need more. Beside these there are many applications before the Board now that, because of the lack of funds cannot be helped.

The cause is a most worthy one, and the call is urgent. Nearly three-fourths of the churches contribute nothing to the object, and nearly one-fourth of the Associations, while a number of these contributing, give almost nothing. Four of the Associations that contribute nothing have beneficiaries on the board.

The committee recommends that each pastor in the Association set a day for this object, preach a sermon on the subject, and take a special collection.

Respectfully submitted,
W. E. WEST.

Remarks were made by Brethren West and Sprinkle and the report was adopted.

Bro. T. C. Keaton read the following report on Foreign Missions:

REPORT ON FOREIGN MISSIONS.

In the first lines of his report to the Southern Baptist Convention for this year our Corresponding Secretary, Dr. Willingham, writes: "Our Heavenly Father has continued His mercies and blessings towards us, and our representatives at the front write back of more converts and baptisms than we have ever had in one year; churches have been established and thousands won to the Lord."

These wonderfully good things from our Father should summon us to greater faithfulness and inspire us with new hope. If the little faith and effort of Southern Baptists have been blessed

with such great results, what would be the Lord's response to the best we could do? Every condition in the heathen lands is an appeal to Baptists. Our principles are taking root in the thoughts of men afar off. Verily, we ought to be glad and press on. Love of freedom is stirring the souls of men and they are ready to accept the religion of Jesus. If we can convince them that His truth will make them free.

The special significance of such blessed results and the tremendous challenge of the strivings of men for liberty constrains us to praise God and multiply our efforts. For this reason your committee desires to recommend first, more systematic effort for the cultivation of interest in missions, and the spreading of information on this great phase of our work. We have come to realze that men must know the world's needs and the Master's plan of supplying this before they will be possessed with real missionary zeal.

We would further recommend, thirdly: That we undertake to raise the sum of $2,100.00, the amount asked for from this Association by the Foreign Mission Board. That the pastors of our Association preach regularly, at least once a year, on the great work of Foreign Missions and arrange each year for a canvass of the entire membership for offerings to this cause.

We further advise that during the coming year the churches arrange for missionary conferences, and special effort be made to have representatives of Foreign, Home and State Missions visit the churches and present the claims of these Boards.

Below is a brief summary of the work on the fields during last year:

Church Statistics—No. churches 342; No. out stations 826; No. houses of worship 212; No. missionaries 268; native preachers and helpers 577; No. baptisms 4,300; total membership 24,689. Amount contributed by these converts $77,872.05.

Sunday Schools—No. schools 227; No. scholars 6,156; No. medical missionaries 13; No. hospitals and dispensaries 19; No. of patients treated 51,796.

Respectfully submitted,
G. T. LUMPKIN,
T. C. KEATON,
Committee.

On motion to adopt this report, Bro. Lumpkin made a splendid address on Foreign Missions. Pledges were taken and the report was adopted.

Brother Lumpkin offered the following resolution which was adopted:

Resolved, That the Chairman of the Committee appointed each year on Home Missions and Foreign Missions be suggested to the respective Boards as Vice-Presidents to co-operate with them in the Association.

The Association adjourned with the benediction.

SATURDAY—MORNING SESSION.

A presbytery of the ordained ministers of the Association ordained Bro. E. F. Hilliard to the full work of the Gospel Ministry. This ordination took the place of the regular devotional exercises.

The Association was called to order and the Minutes of the preceding day were read and approved.

The Finance Committee submitted their report which appears in the Minutes.

The report on Ministerial Education was made by Bro. P. Oliver as follows:

MINISTERIAL EDUCATION.

While there is no certain standard to be reached, as set by Baptists, yet our people have long believed in and worked as best they could in favor of ministerial improvement. To this end, the Baptist State Convention was in part organized. In part, for this purpose Wake Forest College was established. No man can tell what a blessing this institution has been to the State, and especially to the Baptist denomination in the State and in the world. Every thoughtful man must realize the importance of keeping pace with the progress of the age. The pulpit is higher than the pines.

For some cause, the Lord seems, as a rule, to choose his ministers from among the poor of this world. The young ministers, as a rule, need our sympathy and material help. In this department of our denominational work all can find some work to do.

P. OLIVER.

On motion to adopt the report, Bro. Oliver made a very thoughtful address on Ministerial Education. The report was adopted.

It was announced by Bro. Wrenn that Bro. J. F. Slate gave $100 to be divided among our Mission Boards.

The following resolution was offered by Bro. Oliver:

Resolved, That the thanks of this body are due and are hereby extended to the brethren and friends of this town and community for the kind hospitality during the session of this Association.

Bro. Lumpkin read the following obituary:

The Committee on Obituaries beg to report that our Heavenly Father, in His wisdom and love, has taken from us Brother A. L. Betts, one of our most faithful and best loved pastors and workers.

Brother Betts gave the larger part of his life to the work of this Association. He taught in Madison and Leaksville; was pastor of the church at Mount Airy, Waughtown, Southside and Kernersville.

No man among us has given more unselfish service to his Lord and the churches he shepherded than he.

He was self-sacrificing, sympathetic and faithful in season and out of season.

He always met the calls of his field and the Association with enthusiasm and hopeful earnestness. He loved his Lord, his brethren and the cause and was active in furthering every department of the work.

In his last days he was field representative of the Biblical Recorder and his untiring efforts has placed our Baptist paper in a large number of homes all over the State.

His humble, impressioning disposition, in a measure hid the real sympathies and devotion of our brother and one had to know him to appreciate his real worth. He was called to his reward in the prime of his life and his going leaves a new call to his brethren to fresher consecration and renewed efforts for our Lord.

G. T. LUMPKIN,
T. C. KEATON,
Committee.

It was ordered that the obituary be incorporated in the Minutes.

Owing to the lateness of the hour, few delegates being present, no pledges were taken for Ministerial Education, but a motion was made and carried that the churches be requested to increase their contributions to this object.

The Association adjourned with prayer.

FRED N. DAY, Moderator.

T. H. KING, Clerk.

Rev. C. C. Haymore read the following report on the Biblical Recorder:

REPORT ON RECORDER .

If my memory serves me right, the report on periodicals has been published at several of our Associations. It struck me that this was done to get the report on periodicals out of the way. If there is any one report that ought to be held back until all the brethren get in, and under the inspiration of the meeting, it is the report on the Recorder.

The Recorder is the organ of our Baptist State Convention, and ought to be the organ of every Baptist church. If the Recorder is published for the enlightenment and struggling of the church, then the church should see to it that each individual member have an opportunity of reading it. Our churches and the individual members need to be enlightened and strengthened doctrinally and spiritually. The Recorder can do this work if the church will do its part. We have two thousand and thirty-five churches in the State, and perhaps one-third of the number never see the Recorder. We have almost seventy-five thousand Baptist homes in the State. A membership of two hundred and forty thousand.

The circulation of the Recorder is not quite up to fifteen thousand. We see at once from this statement that less than half of them take the Recorder. These are the facts as near as we can give them. Now the question for all Baptists to settle is, is the Recorder worthy of our support, and should it be read by our people?

In the first place, it should be read, because it is strictly a religious paper. Secondly, it aims to be thoroughly Biblical. Thirdly, it is the only paper covering its field, representing the Baptist people in every part of the State.

Hence, the Biblical Recorder may truly claim what it ardently desires—a place by every Baptist fireside in North Carolina.

C. C. HAYMORE,
P. OLIVER.

The report was spoken to by Brethren C. C. Haymore, H. A. Brown, Horner Roberson and A. M. Green. On motion the report was adopted.

On motion of Bro. D. F. King, a committee was appointed to take under consideration the matter of holding a pastors' institute within the bounds of this Association annually, the expenses of which are to be paid by a gen-

erous Baptist of Winston-Salem. Brethren G. T. Lumpkin, D. F. King, Gilbert Stephenson and T. H. King constitute this committee.

Bro. L. Johnson spoke feelingly of the accident which befell Bro. F. P. Hobgood, who was accidentally hurt on leaving the train as he came to this Association.

The matter of the Ministers' Beneficent Association was mentioned by F. H. King and briefly discussed by G. T. Lumpkin.

Bro. C. D. Slate presented a request from Bro. P. Oliver for as many of the brethren to visit him as possible, he being prevented from attending the Association on account of serious affliction.

Friday—Morning Session.

The Association convened at 9:30. Devotional exercises were conducted by Bro. Homer Roberson.

The Clerk read the Constitution and By-Laws of the Association.

The minutes of the previous sessions were read and approved.

Rev. W. N. Johnson, of Wake Forest College, was recognized and welcomed.

On motion of Bro. Lumpkin, the Clerk was instructed to extend the sympathy and love of the Association to Bro. P. Oliver in his affliction.

The motion was amended that the love and sympathy of the Association be also extended to Bro. T. C. Keyton, who is prevented from attending the Association on ac-

count of the death of his mother, and to Prof. F. P. Hobgood, because of his injuries yesterday. The motion prevailed.

Bro. R. E. White was recognized and welcomed as a new pastor.

Bro. Lumpkin read the report from the Woman's Missionary Union, which follows:

WOMAN'S MISSIONARY SOCIETIES.

The Woman's Missionary Union of the Pilot Mountain Association sends its annual greetings to the Association and begs to make the following report:

The year just closing has been one of progress in many lines of our work. We have not accomplished all we desired at the beginning of our Association year, yet we have made some advancement, for which we feel deeply grateful. While the interest is not what we hoped for, we have reached our financial aim, which was $1,350.00.

Ten new societies have been enlisted in the work, giving us a new membership of nearly two hundred women and children interested in missions, with an additional subscription of over forty mission journals.

With an earnest desire to accomplish greater things in the name of the Master and looking to Him for guidance and strength for extended usefulness, we beg to recommend:

That the pastors and laymen of the Pilot Mountain Association cooperate with us in the organization and development of missionary societies in our churches.

That we may diffuse not only a wider interest in missions, but may develop our women into more active Christian workers, undertaking greater things for the Master.

That this year may mark a new era in missions in our Association.

That we may give ourselves heartily to the raising of our part of the Judson Centennial Fund; and,

That we may strive to increase the interest and enlist more workers in carrying out our Saviour's last command.

Respectfully submitted,

MRS. J. J. RODDICK,

Vice-President of Pilot Mountain Association.

Amended to the effect that the Moderator appoint a standing committee on Woman's Work, and that it be discussed at each session of the Association.

Woman's Work was discussed briefly by Bro. Lumpkin, and the report adopted.

The report on Foreign Missions was read by Bro. Swaim. The report follows:

REPORT ON FOREIGN MISSIONS.

As followers of Christ, our supreme business is to preach the gospel to all the world. Whatever we do must be done with the view of filling the whole earth with the knowledge of the Lord. In our day there are multiplied signs that all men shall have an opportunity to receive this knowledge. In all the dark lands there are some streaks of light. Men are talking seriously of evangelizing the world in this generation. The conditions at home and abroad have never been so assuring as now that—

> "Jesus shall reign where'er the sun
> Does his successive journeys run."

A large number of our best young men and young women are offering themselves for service in the earth's most needy places. This year under our own Foreign Mission Board 17 new missionaries were sent out, and four more stand approved ready to be sent. Many others are waiting to be appointed.

The people in the heathen lands are growing more willing each year to hear the message of life. Wherever our missionaries go with the gospel, multitudes are believing and receiving it. God is putting His seal of approval on all our work.

A brief contract between the statistics of our work twenty years ago and those of today show marked signs of progress. Then we had no medical missionaries—only a native physician on the field. This year we have thirteen medical missionaries, seven hospitals, nine dispensaries and our workers report 65,333 people treated. Then we had 16 schools, with 598 scholars. This year we report 266 schools, with 7,481 scholars. These include ten theological seminaries with 222 students and eight woman's training schools, with 191 scholars. In 1893 we had no regular publishing houses; now we have publishing plants that are turning out millions of pages of books, tracts, Bibles, etc. Then we had 177 missionaries and native workers on the field; now we have 849. That year there were reported 383 baptisms and a total membership in our churches on the foreign fields of 2,923. This year 4,532 are reported and a membership of 27,545. That year the missionaries reported 5,368.42 as contributed on the foreign fields; this year the missionaries report $89,483.70. All this goes to show that we have left the day of small things and must come up to the great opportunities and responsibilities which God has placed upon us.

We recommend that this Association try to raise the full amount, $2,500, which the apportionment committee thought our equitable part of the $52,000 asked of this State.

That vigorous campaigns be conducted in our Association for the enlightenment and enlistment of our people.

That all our churches appoint missionary committees to make a personal canvass, and that the duplex envelope system be used as a means to raise funds.

That the Foreign Mission Journal be taken and read in every home. And that earnest prayers be made for the cause of missions.

Submitted by the committee.

T. C. KEATON,
V. M. SWAIM.

This report was amended to the effect that the Association undertake to raise $3,000 instead of $2,500 next year for foreign missions.

Pending a motion to adopt this report, the subject of Foreign Missions was discussed by Bro. Lumpkin, of the Foreign Mission Board, after which the report was adopted.

Dr. Brown read the report on State Missions, as follows:

REPORT ON STATE MISSIONS.

No subject will be considered by this Association of more vital and far-reaching importance than the work of State missions. No student of our denominational history can fail to see that our State would have been largely unoccupied territory, so far as we are concerned, but for this agency. It would be well if each church in this Association could make a special study of State missions as manifested in its own origin, growth and efficiency. There is not a single church in this Association that has not been materially aided by the State Mission Board at some time in its history. And this is very largely true of many other portions of our State. More has been done for North Carolina in civilizing and evangelizing her people through her toiling and self-denying missionaries than has ever been done through all the political harangues and legislative enactments that have ever been made.

But the time has not yet come when we can relax our energies along this line. Our population is increasing at a rapid rate. Many are coming who are ignorant of our history and strangers to our cherished traditions. Our cities are filling up with multitudes when central thought is their own material advancement. The gospel of Christ is the only antidote for dangerous conditions such as these.

Our cities and towns need more houses of worship and better equipped houses to take care of and train the increasing numbers that flock into them. Our country churches need to be formed into compact fields, that they may have more preaching and be enabled to have their pastors within easy reach. Our secretaries have done a great work during

the year in visiting our Associations, instructing and inspiring our people, holding missionary institutes and in multiplying and increasing the efficiency of our Sunday schools. During the past year ten thousand one hundred and fifty sermons were preached by our missionaries and three hundred and thirty-five churches and outstations supplied. There were more than 1,000 baptisms on our mission fields. Much financial aid was given to Home and Foreign missions, the Orphanage and all the objects of our Convention through the efforts of our State missionaries.

But the sad fact remains that no more than one-fourth of all our members in the State gave anything to missions during the year. This should be a trumpet call to all our pastors and missionaries to instruct and arouse their people in reference to their duty along this line. A church that does not do anything to spread the gospel in the world is recreant in its loyalty and duty to Jesus Christ and must await a speedy extinction. Only the fittest can survive in the onward march of human progress. With the approval of our Master on our work and the witness of the spirit in our hearts, we may confidently hope to do larger things for Him with each passing year.

H. A. BROWN.
G. T. LUMPKIN.

A motion was made to adopt this report and the subject of State Missions was discussed by Dr. Brown and Bro. Livingston Johnson.

Pledges were taken on State Missions.

The report of the Executive Committee was submitted by the chairman, Bro. Lumpkin.

REPORT OF EXECUTIVE COMMITTEE.

The Executive Committee recommended the following amounts for the mission points mentioned below for the year ending December, 1913:

To W. H. Beamer, for Brim's Grove	$ 25.00
To. J. W. Simmons, for Sulphur Springs	35.00
To J. W. Simmons, for Draper	100.00
To. J. T. Byrum, for Oak Ridge	35.00
To S. F. Morton, for Mayodan	65.00
To. S. F. Morton, for Banner Town	35.00
To. S. F. Morton, Stoneville, for Kellums	15.00
To J. E. Simmons, for Olive Grove	25.00
Total	$335.00

The Executive Committee suffers a very great embarrassment in undertaking to make a report of the work of the year. Only two mis-

sionaries, Brethren S. F. Morton and J. T. Byrum, have sent in any report at all of their work.

Brother Morton reports as following: See enclosed report.

Brother Byrum reports. See enclosed report.

The committee happens to know that splendid work has been done at many points.

A church has been organized at Draper with 142 members. Brother Haymore has organized the Second Church at Mt. Airy with 44 members, and there are now 171 members, and Brother Byrum has organized the Union Ridge church, near Oak Ridge, with 26 members. There has also been organized at Hanes' Grove a church with 41 members.

The committee regrets very much that these reports were not sent. The State Board requires that all missionaries shall send in reports of their work and at the last meeting of the Association a resolution was passed that all churches receiving help from the Board must report contributions to all the objects of the convention. We would earnestly request that this oversight shall not occur again, and we trust that all points now receiving help will make every effort to reduce the amounts given or, if possible, discontinue the appropriations. Other points are being developed and they must be nurtured.

The committee finds a great deal to be thankful for in the developments in the Association and begs you to join heart and hand for a mighty conquest next year.

The Association adjourned with prayer by Bro. J. M. Haymore.

Friday—Afternoon Session.

The Association convened according to appointment. The Moderator appointed the following committee on Time, Place and Preacher: S. F. Morton, A. E. Tilley, R. D. Clark.

Bro. J. T. Byrum read the report on Home Missions, as follows:

REPORT ON HOME MISSIONS.

The divine program of missions, as set forth by our Lord after His resurrection and before His ascension included every creature in the entire world. This grand world vision of our Lord included the lost in the home land as well as those in foreign lands. Jesus said to His disciples, and He also says to us, "That repentance and remission of sin should be preached in his name among all nations, beginning at Jerusalem." (Luke 24:47.) Again He says, "And ye shall be witnesses unto me both in Jerusalem and in all Judea, and in Samaria, and unto the uttermost part of the earth." (Acts 1:8.) Our Jerusalem and Judea and Samaria are these United States, and more especially and particularly the territory embraced by the Southern Baptist Convention, in which the home board is now operating according to the program and great command given by our Lord Jesus Christ.

The Lord has wonderfully blessed the work of the home board during the past year. The results in some parts of the work have been gratifying. The home board at the St. Louis convention reported larger receipts than ever before, the amount being $369,592, exclusive of supplemental receipts. The home board has been able to meet all its obligations and closd its year's work with a small balance of less than $1,000 to its credit.

The 1,601 missionaries of the board who are maintained wholly or in part through this agency, reported for last year 26,935 baptisms and a total of $49,039 additions to the churches. The number of churches constituted was 222, and 418 houses of worship were built or improved. There are now 24 evangelists employed by the Home Board, who go wherever the need is greatest in city, town, country districts, mountains and mining camps. A feature of the evangelistic work full of promise and hope is the 1,202 volunteers for the ministry and mission workers secured by the efforts of this department during last year.

The Home Board lays much stress upon the mountain school department. There are 33 mountain schools with 150 teachers and 5,118 students. We may expect large results from this department of the work in brighter homes, more trained preachers and stronger laymen for the glory of God and the advancement of His kingdom. There are about 75 in these schools every year preparing for the ministry.

The board is laying great stress on the church building loan fund, and is insisting that Southern Baptists must do greater work in helping to erect houses of worship in needy communities. There are 2,500,000 Southern Baptists with an invested property of $3,500,000,000, and yet we have over 3,000 churches without houses of worship in the bounds of the Southern Baptist Convention. We lead all the other denominations of the South in members and in wealth, and also lead all denominations of the South in homeless churches. Our aim is a permanent church building fund of $1,000,000.

In Cuba and Panama the work is prospering. In Cuba at the beginning of last year there were 24 churches and 20 other regular stations for preaching with 24 missionary pastors. In Panama there are five missionaries and 11 church and preaching places.

We have 18 missionaries now laboring among the Indians, and the Lord is blessing them.

The apportionment for Southern Baptist Home Mission work for the year ending April 30, 1914, is $431,750. North Carolina's share in this program is 35,000. It is left to the Pilot Mountain Baptist Association to determine its share in this glorious struggle to reach the $35,000 goal.

Last year the Pilot Mountain Baptist Association, with 6,106 members, gave only $981.60, which was less than 17 cents per member. It is not difficult to account for a part of this when we consider that 24

churches out of 52 composing this Association reported nothing last year to Home Missions, and many members of the churches that did report gave nothing. Our Home Board, in all its departments of work, deserve and should receive the hearty cooperation of all our churches. Let us lend our support unreservedly and enthusiastically to the Home Board as never before, with our sympathy, with our prayers and with out money.

Your committee recommend:

1. That all our pastors laboring in this Association be urged to make an earnest effort to lay the needs and claims of the Home Board before their people once, at least, during the year.

2. That each church in our Association try to secure a contribution from every member and make one liberal contribution, at least, to the work of the Home Board during the year.

3. That the pastors and people take the Home Field, the neat, illuminating monthly magazine of the Home Board, and make a large use of informing tracts that may be had free for the asking.

Respectfully submitted,

T. H. KING,
J. T. BYRUM.

The report was discussed by Bro. J. G. Byrum and Bro. J. M. Haymore, after which it was adopted.

The following report on College and Schools was read by Bro. W. F. Staley:

REPORT ON COLLEGES AND SCHOOLS.

Winston-Salem, N. C., July 24, 1913.

Baptists stand in the front ranks as educators. Among their assets are found three colleges, fifteen secondary schools, and five private institutions, which are loyal to our denomination. Like lighthouses, they send forth bright rays of intellectual and spiritual light. A Christian atmosphere pervades these schools, making them wholesome and uplifting. The faculties are composed of Godly men and women, and frequently a minister fills the office of principal. Their aim is threefold. (1) Literary training, (2) soul saving and character building, (3) teaching the Bible and emphasizing our distinctive principles. The policy of the State is inadequate, because of a lack of spiritual training. Hence. the importance of our mission. Roman Cathorics rejoice whenever they succeed in banishing the Bible from our public schools; but experience has taught us the safeguard of Home, Church and State is in disseminating the Word of God. Dr. Mullins says: "Education is a Bible doctrine, because it is taught in the Old Testament in its many forms, and in the New by the example of Jesus." Our schools

are well equipped and render effectual service in symetrical training. New schools are being organized to meet local needs. Mt. View Institute, located near Wilkesboro, N. C., makes her first formal appearance to the Baptists this fall, and Mt. Park School, Surry county. We feel grateful for the progress that has been made. Our property, including endowment, is valued at $1,340,424.

Other items of interest: Last year we had 214 teachers, 3,671 pupils besides 17 institutions, 5 private, but considered Baptist property, had 40 teachers and 1,200 in their classes. There were 57 ministerial students, 9 expecting to be missionaries, 274 converts, 250 students took the normal course in the Sunday School. The work is well organized in order to stimulate the lives of the young people. Bible and missionary training classes, B. Y. P. U. and personal workers' bands have proven a great blessing. Recently the Home Mission Board appointed Rev. J. C. Owens to give his entire time to evangelism in the mountain schools. Our greatest need is the clearing of debt which overshadows some of our institutions. Last year $13,900 was raised for this purpose, but we still have a debt of $51,400, of which $16,612 is secured by notes and subscriptions. Wake Forest and Meredith were never more prosperous than at the present.

On the college ground there is a model church edifice now under erection at a cost of $40,000. This is going to be a great blessing to the denomination. We feel that the Baptists throughout the State should participate in this great enterprise.

Your committee desires to present the following resolution to the Association, and also recommend that we encourage a more liberal support to our institutions; that every church place on its contribution budget colleges and school, for if the preparatory schools are neglected Wake Forest and Meredith must suffer.

Respectfully submitted,

W. F. STALEY.

Whereas, the need of a house of worship is imperative for our young men in college at Wake Forest.

Whereas, at its last session at Goldsboro in December, 1912, the Baptist State Convention of North Carolina unanimously obligated to put $25,000 into this building and urged that work on it be begun at once; and,

Whereas, work on the building is progressing so finely; and,

Whereas, the church building will deterriorate thousands of dollars if not roofed in before the winter; be it resolved by this Association:

1. That this Association ask the churches composing it to raise for this urgent cause at least $1,000.

2. That a committee of three be appointed at once to suggest what part of this amount may be raised by each church and to make a report

before this session of the Association adjourns.

3. That each church in the Association be asked to raise within 60 days, and to forward to the Wake Forest Baptist church, at least the amount suggested by the committee.

4. That the name of each contributor in each church and the amount contributed by each person and by each church, be procured as far as possible, and a list of same of the same sent with each contribution to Walter N. Johnson, pastor, Wake Forest, N. C., to be preserved in the building.

5. That each pastor in the Association be requested to see that every member in every church he shepherds shall have a chance to help in the erection of this house of God at Wake Forest College, and to see that a full record of what each does, be his gift large or small, is forwarded for preservation in the walls of this church building.

Pending a motion to adopt this report, Brethren Cheek, of the Wallburg school, and Williams, of Mountain Park school, spoke of their respective schools.

Bro. Staley spoke of the new church at Wake Forest, and presented Bro. W. N. Johnson, who spoke of building the Wake Forest church.

On motion of Bro. C. C. Haymore, the following committee was appointed to recommend to the churches the several amounts which the churches are requested to give to the Wake Forest building: W. F. Staley, T. H. King and M. D. Phillips.

Dr. Brown reported as follows for the committee to recommend the Executive Committee: G. T. Lumpkin, chairman; D. F. King, D. V. Carroll, C. C. Haymore and V. M. Swaim.

The committee to recommend time, place and preacher made the following report: That the Association meet with Flat Rock church Thursday before the first Sunday in August, 1914, at 11 o'clock, T. H. King to preach the sermon, Dr. N. A. Brown alternate, J. T. Byrum and R. E. White to preach on Sunday. The report was adopted.

On motion T. H. King was requested to furnish the introductory sermon to the Biblical Recorder.

The Association adjourned. Benediction by Bro. C. C. Haymore.

Friday—Night Session.

The Association met at 8 o'clock. After devotional exercises the program was changed on account of the small crowd present, and the subject of Temperance was taken up. The report was not at hand, but the Association proceeded with the discussion. Short addresses were made by Brethren T. B. Lindsay, J. D. Clark, W. D. Flynn, J. E. Simmons, S. F. Morton, W. H. Wilson, etc.

The report on Sunday Schools was read as follows:

REPORT ON SUNDAY SCHOOLS.

The big problem facing our church today for solution is how to interest the young in religious work. They seem to have a zeal, but it is not fortified by the right sort of knowledge. What we want to do is to divert this bouyancy and youthful energy into proper channels. Surely this would go a long way in solving a perplexity that is giving our pastors no little concern. The summit of power and influence will never be scaled until the boy and girl are shown and made to feel their right relation to the church of Christ.

The Sunday School is distinctly an organization for the young. Its ideals and purposes find their origin, impetus and end in the growing boy and girl. The Sunday School is an education in itself. There we learn the Bible in its freshness and pristine power. How easy to make it, then, a base for church love and allegiance. When we reflect that 80 per cent. of our church membership are brought to Christ before their sixteenth year.

It is encouraging to note the progress of the Sunday School work in an Association all of the churches are awake to the needs of a live school. The fifty-four churches reported in our Association last year, only six failed to make a Sunday School report. This year conditions are more favorable. There are fifty-eight churches reporting this year, and only four fail to report a Sunday School.

We recommend that our superintendents and pastors urge the teachers to take advantage of the teachers' training course. An institute is conducted every year in some nearby town, one is available to every association. If you find it inconvenient to attend, write for the texts. They are easily understood and can be studied at home to advantage. A well prepared and consecrated teacher is an asset whose influence is beyond human calculation.

Another thing we want to especially commend is our orphanage work. Take Charity and Children, distribute it among the members and thus create a live interest in giving to the work. No work in our denomination makes such a strong and heartfelt appeal to the young of our

church. They know something of the work, and as a general thing their information is first hand.

May we suggest that systematic giving in our schools be stressed more. The children sometimes ask the question, "Where does our money go?" They don't understand why their money is wanted. Tell them it is for the orphanage or for missions, or for Sunday School expenses, and be sure you take advantage of the opportunity to educate your hearers in denominational work. What a harvest of good works will be reaped in after years if we educate our Sunday School pupils along these lines. J. S. TURNER.

Pending a motion to adopt this report, remarks were made by Bro. F. B. Hamrick and Bro. L. W. Burrus.

The report was adopted.

The Association adjourned. Benediction by J. W. Summers.

Saturday—Morning Session.

The Association convened at 9:30. Devotional exercises were conducted by Bro. R. D. Clark.

The minutes of Friday were read and approved.

The clerk reported for the committee to recommend amounts which the Association requests the churches to give the Wake Forest church. The report appears in the minutes.

The moderator appointed Bro. T. C. Keyton as delegate to the Southern Baptist Convention, and Dr. J. T. Smith alternate; to the Baptist State Convention, W. H. Wilson, S. F. Morton and R. F. Joyce.

The report on the Orphanage was read by Bro. W. N. Wilson.

REPORT ON ORPHANAGE.

The Orphanage has now the largest enrollment in the history of the institution. There are now present 411, with an average of 399 during the year.

The total enrollment from the beginning is 1,420. During the year 41 have been baptized. There has not been a death among the orphans from any disease during the last two years. The cost of maintaining an average of 399 for the year has been $40,662.78. The cost percapita is $8.53 the month.

Charity and Children, the Orphanage paper, is doing a great work. It is one of our very best periodicals, and cannot be too strongly recommended. The paper has a circulation of 17,000, but it ought to

have double that amount. During the year it has turned into the Orphanage treasury $5,000. The receipts from subscriptions exceed those of last year by $1,350.72.

THE KENNEDY HOME.

One of the most magnanimous gifts that has been donated to any institution in the State has been given by Mr. and Mrs. W. L. Kennedy, of Kinston. It consists of their magnificent residence and 1,200 acres of exceedingly fertile land, well equipped for farming operations.

This means room for more children and necessity for larger gifts. The more we help the little ones the higher we stand in our Christ's estimation. The higher the plane we live on here and the greater our reward in heaven.

A valuable gift has been made to the Orphanage consisting of 375 acres of land in Transylvania County by Miss Mary and Victoria Galloway. This place is estimated to be worth $25,000, but is not available during the lifetime of Miss Mary Galloway. Another notable gift was the bequest in the will of Dr. S. W. Little, of Davie County, which it is believed will turn into the Orphanage treasury some $25,000. These two great contributions in addition to a small sum left by the late John Pullen, have all come since the beginning of the year 1913.

While we are grateful to record these noble gifts to the Orphanage, its constant enlargement requires a steadily increasing current fund. Bequests are usually put in some permanent memorial to the giver, and are never used to buy meat and bread for the children. That part of the work has always devolved on our churches and Sunday schools and, please God, it may ever be so!

Our churches are magnifying Thanksgiving Day as a time to make a liberal contribution to the Orphanage. We hope all our churches will duly observe this day. We would suggest that in many churches it is best to select a Sunday nearest Thanksgiving Day to hold this special service. This can be done to advantage on country fields. Do not neglect this offering. It gives the extra shove as we enter upon the winter months.

The work of picking up the dropped stitches of vanquished hands and weaving them into the loom of love and making them into garments of usefulness here and for heaven hereafter, is second to none. May the blessings of God continue to rest upon the work.

Respectfully submitted,

W. H. WILSON.

On motion to adopt this report, Brethren W. H. Wilson and F. B. Hamrick addressed the Association on the Orphanage.

The Finance Committee reported. The report appears in the minutes.

It was moved and seconded that the Clerk be allowed to secure advertisements to supplement the minute fund. The motion was lost. On motion, a collection was taken to supplement the minute fund, amounting to $7.53.

Bro. R. E. White read the report on Ministerial Education.

REPORT ON MINISTERIAL EDUCATION.

It is evidently God's plan for the propagation of the kingdom of God through the preaching of the word. It pleased God by the foolishness of preaching to save those that believe."

Although we believe that God inspires, by the Holy Spirit, those whom he calls, yet we believe that he imposes upon them the obligation of preparing themselves for the discharge of their duty. The vast majority of our ministers come from small churches and from families not blessed with abundant means, and are, therefore, dependant upon means other than those which they can provide for themselves. The purpose of the Board of Education is to meet those needs.

The number of ministers entering Wake Forest are continually increasing. The past year there were 94 young men there preparing for the gospel ministry. This included those preparing for medical missions. This growth increases our expense, and consequently our responsibility.

Although the Board has some endowment, the burden of responsibility falls on the voluntary contributors.

The Board gives the money necessary for the partial support of needy students. This is not a charity or loan fund, but a denominational investment in ministerial efficiency.

The Convention has requested the Pilot Mountain Association to raise at least $350.00 next year.

We desire to make the following recommendations:

1. That we unite in earnest prayer to the Lord for the harvest that He will send forth laborers into His harvest.

2. That each church be requested to take a collection during the year for the work of the Board of Education.

D. F. KING
W. E. WEST,
Committee.

Bro. White spoke to the report. Addresses were also made by Bro. Horner Roberson and T. H. King.

It was moved and carried that as very few delegates were present, that no pledges be taken for ministerial education.

The report was adopted.

Bro. S. F. Morton submitted the following report on Old Ministers' Relief:

REPORT ON OLD MINISTERS' RELIEF.

The Baptist Ministers' Relief Board was established 23 years ago, and up to last year it has brought relief and joy to one hundred and three (103) worthy beneficiaries—ministers and widows of ministers. There were thirty-six (36) on the board last year. That was the largest number ever receiving aid at one time, and there were several applications asking for aid, showing that we may get ready to help a larger number of beneficiaries in the future. The beneficiaries receive from twenty-five to two hundred dollars per year, and no doubt many of these dear brethren need much more on account of the high cost of living. Some of these have no other means of support. The taking care of our declining ministers ought to lie very near the heart of every true child of God. Our Saviour said while here among men: "It is more blessed to give than to receive, and as oft as ye do it to one of the least of these ye do it unto me." The ministers is God's chosen vessel to bear his name to a lost world. We are able to take care of these dear ones, so let us rise in our might like men of God with faith in Him who said: "I will be with you unto the end."

Respectfully submitted,

E. W. TURNER,
S. F. MORTON,
Committee.

On motion to adopt this report the subject was discussed by Bro. Morton.

T. H. King offered the following resolution, which was adopted: "Resolved, That this Association express its gratitude for and appreciation of the bountiful entertainment provided for the Association; that we pray God's blessing upon the churches and pastor in all their work. Resolved further, that the sympathies of this Association be extended to Mrs. ————, whose husband was killed by lightning last night."

The Clerk was instructed to return the thanks of the body to the chief dispatcher of this division of the Southern Railway for their kindness in stopping the trains at the church.

The Association adjourned with prayer by Dr. Brown.

FRED N. DAY, Moderator.

T. H. KING, Clerk.

Green of the Biblical Recorder; F. B. Hamrick of the Orphanage.

Bro. C. H. Durham and Bro. T. M. Green were welcomed as new pastors.

The Recorder being the first order of business, the report was presented by Bro. V. M. Swaim, as follows:

THE BIBLICAL RECORDER.

The Biblical Recorder is the organ of our Baptist State Convention. It should be the organ of every missionary Baptist church in the State.

The Biblical Recorder is one of the greatest factors in creating and maintaining denominational unity. The splendid spirit of harmony and unity which prevails among us as Baptists throughout the entire State,

should be the occasion of profound gratitude and sincere rejoiicng. In our humble opinion these splendid conditions prevail largely because of the existence of the Biblical Recorder. The Biblical Recorder is one of the strongest and most powerful factors among us in indoctrinating our people; one of the things greatly needed among us. The Recorder helps to supply this prevailing need. If our denominational paper is sound in faith and doctrine, our people who read it will be sound in faith and doctrine also. Or in other words, if our denominational paper is orthodox, our people who read it will be orthodox also.

Hence the imperative need of just such a paper as we have in the Biblical Recorder. No individual can read the Recorder continuously for six months without becoming a stronger and firmer believer in the fundamental doctrines of God's book and in the faith and practice of his church. One of the great needs of our people is a lack of interest in our denominational paper. So few of our people take and read the Recorder. If our people would take and read the Biblical Recorder they would have no time nor use for the trashy, worthless, and worse than worthless, literature that is flooding this country, demoralizing our homes, undermining our faith and misleading so many of our people. One of the dangers which confronts us today, is the damaging effect of the impure literature that is finding its way into the homes of so many of our people, at the hands of men and women who do not fear God nor regard man.

The best way in all the world to overcome this is to place the Recorder in every Baptist home in our State. Therefore let us all, pastors and laymen, make this a matter of earnest prayer and then increase our efforts to enlarge the circulation of the Biblical Recorder. We feel like perhaps that never in the history of North Carolina Baptists, was the need of such a paper more imperative, and we feel quite sure that never in its history was the Biblical Recorder better equipped and edited than now. We call your attention to what the Baptist State Convention in session at Shelby last December, said about our present editor: "It is a cause for congratulation that we have such a wise, scholarly and versatile man in the editorial chair. To the strength of a stalwart he adds the gentleness of a saint; to the wisdom of a serpent, the harmlessness of a dove; to Pauline orthodoxy, the love of a John. With the wisdom of a seer he beholds the mighty march of Christian progress, and with the skill of a genius he condenses it all into brief paragraphs so simple that the wise may run and read and the simple can easily master." Let us stand by our noble editor as he endeavors to give to us the best denominational paper in the south.

V. M. Swaim.

The Recorder was discussed by Brethren Green, Robeson, Lumpkin and White.

On motion the report was adopted.

Bro. Morton presented the following report on Ministerial Relief:

REPORT ON MINISTERIAL RELIEF.

Thirty-eight old ministers received aid from this Board during the greater part of 1913, which was the largest number the Board has ever aided. Seven of these have gone to the land where there is no want; but, as death breaks the ranks of these old soldiers of the Cross, new applications come in and we may expect greater demands upon this Board each year.

Tne contributions for 1913 were the largest in the history of our organized relief work. Our love for our aged and worn out brethren in the ministry should inspire us to make ample provision for them.

We recommend that every church in our Association contribute to this Board and that each church take a special offering for this object on the Sunday nearest to Christmas.

Respectfully submitted,

S. F. MORTON.

On motion to adopt this report, Bro. S. F. Morton, Dr. Vann and Bro. Lumpkin spoke to the report. The report was adopted.

Bro. White submitted the report of the Committee on Order of Business, which was adopted.

The Association adjourned with prayer by Bro. White.

EVENING SESSION.

The Association met at 8 P. M.

The Introductory Sermon was preached by T. H. King. Subject: "The Doctrine of Regeneration as Taught by Baptists, a Call to Baptists to Live the Regenerate Life.

FRIDAY—MORNING SESSION.

The Association convened at 9:30. Devotional exercises were conducted by Bro. W. N. Johnson.

Brethren Archibald Johnson and W. H. Beamer were recognized.

The report on Colleges and Schools was presented by Bro. W. H. Wilson as follows:

REPORT ON COLLEGES AND SCHOOLS.

The following is a list of our Baptist schools in the State: Wake Forest, Meredith and Chowan Colleges, and eighteen high schools as follows: Boiling Springs, Dell, Fruitland Institute, Haywood Institute, Liberty-Piedmont Institute, Mars Hill, Mitchell Collegiate, Murphy Institute, Mountain Park, Mountain View, Round Hill Academy, Sylva Collegiate Institute, Wingate, Winterville, Yancey Collegiate Institute, Buie's Creek Academy, Leaksville-Spray Institute and Pineland School for Girls.

The last three named are owned and controlled by private individuals. The approximate value of the school property is $1,500,000, and the number of students is near 4,500. Of this number 65 are ministerial students. During the past year seven were enrolled who expect to be missionaries. During the year ninety-two teachers were employed. This

number does not include those in the schools controlled by private individuals. We wish especially to mention the religious influences which surround these schools. Last year there were 181 students converted, 136 of these joined the churches at the schools, and many others at their homes. All of these schools, except one, has a Bible course. They have all adopted the Normal Sunday School Course and Missionary Study classes.

A few of these schools are burdened with debts, and many in need of larger buildings and more equipment. Our people are beginning more and more to realize the value of an education for the practical duties of life. This is an age in which the uneducated stand a poor chance. An education is in easy reach of any boy or girl who has an ambition to make something of himself or herself. The young people are to become pillars in our churches and State, hence the importance of trained men and women.

There is no better way to interest our people in all the departments of the Lord's work than to educate them. The Wake Forest church building is going on to completion, but it needs our gifts, or it will not be ready for dedication at the Convention in the Fall. We would urge all the churches which have not paid their apportionment to the building fund, to send it in at once.

Respectfully submitted,

W. H. WILSON.

On motion to adopt this report, the Association was addressed by Dr. Vann, Bro. W. N. Johnson, Bro. C. M. Beach, and Bro. R. E. White. The report was adopted.

Bro. White offered the following resolution which was adopted:

Whereas an effort is being made to incorporate the Leaksville-Spray Institute in the system of secondary schools under the control of the Baptist State Convention.

Resolved that we commend to the sympathy and support of our churches the effort now being made to raise the indebtedness on this institution and that we urge upon the members of all our churches who have boys and girls to educate to patronize this school.

R. E. WHITE.

The report on State Missions was submitted by Dr. Brown, which follows:

REPORT ON STATE MISSIONS.

Your committee would reaffirm and emphasize once more the statement often made that the work of State Missions lies at the very foundation of all denominational progress. Any church that does not line up with its sister churches in helping on the State Mission work writes its own obituary. A church that makes no contribution to State Missions may have a name to live while it is dead. As well think of building a house in mid-air as to think of denominational expansion that does not have its basis in State Mission work. It is gratifying to report that an

increasing number of our churches are taking an increasing interest in this department of our denominational growth. The enlarged contributions made from year to year for the spread of the kingdom on earth fill our hearts with gratitude. During the year past several mission Conferences were held and much enthusiasm was generated. We would recommend that three or four missionary institutes be held in this Association during the coming year at central points for the instruction and encouragement of our people.

It must not be forgotten that our population is increasing at a rapid rate and many are moving in among us who are not interested in the spiritual uplift of the communities in which they live. There are many diversions which tend to drift the people away from religious privileges. It requires strenuous effort to maintain the cause when it is already planted as well as to plant it in new territory. One hundred and fifty five missionaries labored in mission fields during the year now past. More than ten thousands sermons were preached by these men of God and more than two thousand persons were baptized by them. A larger number of church buildings were erected on mission fields than in many years. Many of our mission churches are being led to give to Home and Foreign Missions and to contribute systematically for the support of the Baptist Orphanage. So far as possible our churches should combine to form compact fields and build homes for their pastors to save expense and exhaustion from long travel.

Our pastors and missionaries should equip themselves with suitable literature for the instruction of their people along all the lines of aggressive work being done by our denomination. We must not allow ourselves to think that when we are preaching to extend the Kingdom of God on the earth we are not preaching the glorious gospel of the blessed God. Let us be up and doing for the harvest is whitening on many a field and we must cast in the sickle to gather in the golden grain. Let us give the most hearty co-operation to our secretaries and missionaries in their arduous duties and continually bear them on our petitions at a "throne of grace."

H. A. BROWN.

Bro. Swaim read the report of the Executive Committee, as follows:

Report of Missionaries.

J. T. Byrum reports from Union Grove as follows: Sermons preached 14; visits made 32; received by statement 1; received by baptism 22; enrolled in Sunday school 117; received for Pastor's Salary $23.80. House of worship completed.

S. F. Morton reports from Mayodan as follows: Sermons preached 36; visits made 477; received by baptism 6.

Bro. Morton reports from Banner Town as follows: Sermons preached 30; visits made 459.

J. E. Simmons has preached regularly in the vicinity of Vade Mecum Springs. A nice lot has been obtained on which a good house of worship has been erected and paid for. A Baptist church has been organized with 16 members. The church will be known as the Stony Ridge Baptist church and will apply for admission into our Association at this session. A protracted meeting will be held after the 3rd Sunday in August. We regard this a very promising point, and should be looked after for a few years.

J. B. Johnson reports from Comer's Chapel as follows: Sermons preached 31; visits made 82; baptized 2; by letter 1.

J. W. Simmons reports from Peter's Creek as follows: Sermons preached 24; visits made 76.

We have not heard whether anyone has preached at Gammon's School House during the year and consequently can give no statistics. Sermons preached 6; visits made 10.

With gratitude to God for blessings on our mission work during the year past and hoping for larger things in the years to come,

We are respectfully yours,

V. M. SWAIM,
D. F. KING,
D. V. CARROLL,
C. C. HAYMORE.

On motion to adopt these reports, the Association was addressed by Dr. Livingston Johnson. Bro. Wilson and Bro. Morton made remarks also. The report was adopted.

The following resolution was offered by T. H. King and adopted:

Resolved, That instead of taking pledges for State Missions, as has been our custom, the Association increase its offerings to State Missions 25 per cent.

FRIDAY—AFTERNOON SESSION.

The Association was called to order by the Moderator.

Dr. Brown, Chairman of the Committee to recommend the Executive Committee, reported, making the following nominations for the Executive Committee: C. H. Durham, D. F. King, C. C. Hay-

more, W. A. Sullivan and V. M. Swaim. The recommendations were adopted.

On motion of Bro. Morton, it was ordered that the Executive Committee pay to Bro. J. W. Simmons for work done at Sulphur Springs the sum of thirty-five dollars.

The committee on new churches reported that four new churches, Greenwood Ave., Winston, with 211 members, Chatham with 38 members, Stony Ridge with 16 members and a building paid for that cost $1000, and Woodville with 43 members, have applied for membership in this Association. These churches were regularly organized and are found to be orthodox. On motion, the Association received these churches into full fellowship and the Moderator extended to the delegates the right hand of fellowship.

Bro. C. C. Haymore submitted the report on Ministerial Education. The report follows:

REPORT ON MINISTERIAL EDUCATION

To the Pilot Mountain Association.

Your committee on Ministerial Education submits the following report.

The education of the masses has always been a matter of great concern to us as Baptists. We have always been found in the front ranks with those who are seeking for the intellectual advancement of the people without regard to rank or distinction.

In regard to ministerial education, there is no work, which has paid us so well as the education of young men called of God to preach the Gospel. The Lord has seen fit to call to the work of the Gospel ministery largely poor men. It has ever been his plan. Even when he was upon the earth this was his plan. As our people grow in inteiligence, so grows the need of educating the preacher who is to go in and out before them. In order that this may be done, the Baptists of our State, through their Board of Education, provided for the education of Wake Forest such young men as are called of God and yet are without means. This expense is met by voluntary contributions of the churches. We have now at Wake Forest about one hundred young men. They have been selected with more than usual care. Our Board is greatly in need of funds now. If this work is to go on, our churches and pastors must see to it, that the money is furnished: As a denomination we cannot afford to let this work be neglected. We need men, young men in our own State today to preach the gospel of Christ, and we must have them. We do therefore recommend that our pastors press more earnestly this work up on the churches, and that an immediate effort be put forth to help on this department of our work which is in so much need.

C. C. HAYMORE
W. A. SIMMONS
Committee.

Bro. Haymore and Bro. W. N. Johnson spoke to report. The report was adopted.

Bro. W. J. Byrum submitted the report on the Orphanage:

REPORT ON ORPHANAGE

The Thomasville Baptist Orphanage under the guiding hand of God has reached its twenty-ninth year of steady progress and glorious achievements.

The Orphanage was founded and has been fostered to care for and train the fatherless children committed to its care. In this capacity it has well fulfiled its mission to its fullest. During the twenty-nine years of excellent service, there have been enrolled in this institution 1469. There are now 423 children on roll. This is the highest enrollment in all the years of the Orphanage. The average of the past years has been 418 These children are under the care of 43 trained workers. The actual cost of one orphan is $100 per year.

The general health of the children has been good during the year: no death; no epidemic, no serious sickness of any kind This no doubt is due to the excellent sanitary condition of the Orphanage.

The Orphanage work at the Kennedy Memorial Home is progressing nicely. Two buildings the best the Orphanage has erected have been completed and equipped. The first children received were four boys and girls on June 5, 1914. It is well assured that there will be at least 50 children there by August 15. Charity and Children, the Orphanage paper, is one of the best of its kind in the world. It has now a circulation of 18,000 and should have double that number; for those who take and read the paper will surely keep in touch with the Orphanage life. The money received from this paper except the actual cost of publishing is turned to the support of this institution. The Orphanage desires and should have a warm place in our hearts and in our denominational life. We are sorry to note tuat there were eight churches in the Pilot Mountain Baptist association that reported no financial aid to the Orphanage last year. The church that stops her ear at the cry of the poor finds herself out of touch with God. He that stoppeth his ear at the cry of the poor, he himself shall cry and not be heard. It has been said "that the individual church or denomination that has lost interest in the young is already winding up its affairs for service in a world like this."

The great donations that have been committed to us recently, and our great reputation, indicate that much more will be expected of us, and the great number of helpless, promising children, knocking at our door demands more of us, for it is the call of God to greater usefulness in His Kingdom.

Respectfully submitted,

W. J. Byrum.

On motion to adopt this report, the Association was addressed by Bro. Hamrick, the Orphanage representative. The report was adopted.

The report on Temperance was read:

REPORT ON TEMPERANCE

It is gratifying to note the rapidly rising tide of sentiment in favor of temperance and prohibition. One by one the States are submitting this quesstion to the vote of the people and the probability is that in a few years we shall have the saloon outlawed in all our states.

The time was when it was difficutt to secure the passage of a resolution in fawor of temperance in any of our great religious bodies but now every great religious organization is out spoken in denunciation of intemperance.

The great railroads and the great commercial and industrial corporations have outlawed the business. The medical profession has declared unqualifiedly against the use of alcohol as a medicine. The whole business is being rapidly outlawed. And yet the men who are engaged in this traffic are making a tremendrous fight for their life and are spending vast sums of money to perpetuate the business. So we can truly say that in spite of the progress that has been made the fight is not won and if we would gain a complete victory over the hosts of intemperance we must not relax our efforts but must press the conflict at every point until this iniquitous traffic is driven from its last strong hold.

Respectfully submitted,
D. F. King,
Committee.

On motion to adopt the report, remarks were made by Bro. R. E. White, T. M. Green, S. F. Morton, etc. The report was adopted.

The Clerk was directed to write a letter to the churches of the Association urging a Thanksgiving offering for the Orphanage.

Report of Committee on Time, Place and Preacher, made the following recommendations: That the next Association meet at Union Hill and that the Introductory Sermon be preached by Bro. C. H. Durham. On motion of Bro. W. H. Wilson, the Association will meet next year on Tuesday after the First Sunday in August at 11 A. M.

The following resolution was adopted:

This resolution was offered and adopted ananimously at the Sunday School Union Meeting in session at Stoneville Baptist Church, May 29, 1914;

Whereas, The game of foot-ball as practiced to-day is dangerous and brutal, and has a demoralizing effect on those who participate in it, (upon the community and upon Society)

Resolved, That the churches of the Pilot Mountain Association be requested to take some action on this matter and instruct their delegates to vote for a resolution at the next meeting af the Association memorializing the Trustees and Faculty of Wake Forest College to eliminate foot-ball from the college.

Rev. R. E. White.

The committee of last year to arrange a pastor's Institute in the Association was continued with Bro. C. H. Durham as chairman.

The Association adjourned with prayer by Bro. J. E. Simmons.

FRIDAY—NIGHT SESSION.

After devotional exercises the Association was called to order.

Bro. R. E. White submitted the report on Woman's Work, which follows:

REPORT ON WOMAN'S WORK

The history of the church would not be complete without a record of the splendid contribution which Christian women have made to the work of building up the Kingdom.

We are sometimes inclined to think of woman's work as a modern innovation but as we trace the history of the church we find that from the very beginning she has been an important factor in the work.

The early disciples numbered among them a noble band of faithful, devoted, consecrated women who ministered of their substance for the support of the work.

The records of Christian achievement would be seriously deficient without the names of Mary and Martha and Dorcas and Lydia and Joanna and Phoebe and those other women who labored with the apostles whose names are written in the book of life.

And when the future historian comes to make up the annuals of our Baptist history one of the brightest pages of that record will be the account of the splendid work which has been accomplished by our Baptist women. We have just celebrated a quarter of a century of our organized Woman's Work and it was exceedingly appropriate that it should have been observed as a "Jubilate" since in reviewing the splendid achievements of the past twenty five years we have cause for profound gratitude and praise to God who has enabled our women to accomplish such splendid results.

This organization consists of 12098 societies with a membership of 225,000 and a constituency of over a million Baptist women of the South.

They gave last year $310,749.54 an increase of $10,000 over 1913 and since their organization twenty five years ago have turned into the treasury of our denomination the magnificent sum or $3,275,000. But to my mind, great as this sum is, this is comparatively insignificant part of the great work which is being done by them. We cannot estimate the far-reaching significance of the educational and inspirational influence of this work upon the life of our churches nor can we know to what extent the increased interest in the question of missions on the part of the membership of our churches may be attributed to the influence of our organized woman's work.

Their monthly meetings with the systematic prayerful study of the

subject of missions and the distribution of literature giving interesting information about our mission fields in the woman's missionary societies the Young Woman's Auxiliaries the Royal Ambassadors and the Sunbeams is doing more to train up an intelligent, consecrated, constituency for the support of all our mission work than perhaps any or all other agencies combined. And if all our membership were as thoroughly developed along the line of missions as our women are the results would be astounding.

Each of these women's societies contributed last year an average of $25. 68 and the contribution per capita was $1. 38. On this basis the contributions for missions from the Baptist churches of North Carolina would be more than doubled.

The work in our own association under the efficient leadership Mrs. J. J. Rodrick our vice President has been most encouraging during the past year. Six new societies and five new Sunbeam Bands have been organized and the total contributions for the year including $183. 00 which was raised for the Judson Centennial Fund amounted to $1,932. which exceeded by $200.00 the amount which they set as their aim. In conclusion we would urge in the words of the apostle Paul upon all our pastors and brethren that we "help those women which labor with us in the Gospel."

Pending a motion to adopt this report, remarks were made by Brethren White and W. D- Flynn. The report was adopted.

The report on Foreign Missions was read by Bro. Keaton:

REPORT ON FOREIGN MISSIONS

The Foreign Mission Board is located at Richmond, Va., and is composed of nineteen local members at large, representing each state in cooperation with the Southern Baptist Convention.

The Board conducts work in Italy, Brazil, Mexico, Argentina, Japan, China and Africa.

In these countries we have 380 churches with 833 outstations, 30,000 church members and 542 Sunday Schools with 22,000 scholars enrolled. We have also 9,376 students in mission schools, 420 of whom are in the theological seminaries and training schools seeking specific preparation for Christian work.

The present force of workers embraces just 300, of which number 20 are under appointment, but have not yet sailed for their respective fields of labor. In addition to these home-sent missionaries we have on the combined fields 635 native workers.

The work prospered on nearly all the fields; 5,252 converts were baptized last year, the largest number ever reported for a single year. Conditions at this hour give promise of still more abundant fruits, if we take advantage of the opportunities opening to us everywhere.

But our success and our opportunities have laid responsibilities upon us and make insistent demands of us which we cannot ignore without turning much of our success into failure, and throwing away our God-

given opportunity for still larger achievements. Multitudes have been made ready for the Word of Life; thousands are waiting training in the Christian life and for Christian service; our schools are overflowing; a score of consecrated young men and women are offering themselevs to the Board for the needed work; and untouched fields invite us to harvest Need and opportunity never combined in such a challenge to Southern Baptists. Nothing less than immediate and immense enlargement can answer this challenge, and set us in a place of great honor, usefulness, and advantage for our gospel.

Shall we prove ourselves worthy of so signal a favor as God is ready to bestow upon us? We are sufficient in numbers, capable in talents and leadership and able in material resources. We can meet the challenge of a great opportunity if we will.

Gifts to the work advanced $44,000 last year over the previous year. But one-half of our people had no part in this advance, and consequently had no part in the blessed results accomplished, and will have no part in the glorious rewards to be bestowed.

Our task for the present year includes (1) The completion of the Judson Fund; (2) The enlistment of more than one-half of our church members who have not yet given anything for foreign missions; (3) The development of present givers into larger giving: (4) The inuaguration in each church of a plan of systematic monthly giving and remitting for this cause, so that this work may be taken care of and debt and interest payments may be avoided. We commend these four objects to the thoughtful consideration of our pastors and churches.

In order to increase intelligence concerning this great work of the denomination, and to enable all our people to work together harmoniously toward the same end, we recommend and urge that the Foreign Miss sion Journal be taken and read by every Baptist family within our bounds; and to secure so desirable an end, we suggest that each pastor in the Association appoint a Committee in each church of which he is pastor, to canvass the membership with this object in view. All our people ought to be informed about a work so great as this of giving the gospel to the lost nations, and the Journal is the publication which the denomination uses to give this information.

T. C. KEATON,
J. THOS. SMITH,

On motion to adopt the report, addresses on Foreign Missions were made by Brethren T. C. Keaton, C. H. Durham, T. M. Green, and C. H. Robeson. The report was adopted.

The Association adjourned with prayer.

SATURDAY—MORNING SESSION.

After devotional exercises the Association was called to order.

The following delegates were appointed to the Southern Baptist Convention: Rev. W. H. Wilson; Rev. T. C. Keaton, alternate.

To the Baptist State Convention the following delegates were

appointed: Rev. S. F. Morton, J. H. Brunt and Rev. W. J. Byrum.

The following report on Sunday schools was read by Bro. J. B. Johnson:

REPORT ON SUNDAY SCHOOLS

The Sunday School represents the church teaching the word of God Therefore the work constitutes the basis of christian operations. It is fundamentally the beginners point, from which we enlarge. It is here, that children are taught the way of salvation, and study the example of our Lord. The religious impressions they imbibe lay the foundation for character building. The mission of the Sunday school is found in the commission of Jesus.

1. To make disciples:

It has been wisely stated that the Sunday school is the feede of the church. 85 percent of the membership is gathered from the class room of the Sunday school. This clearly proves that the mission of the Sunday school is to evangelize. We should never allow this spirit to be absent in our work. Soul winning enlarges our vision, increases our joy and stimulates our growth.

2. To indoctrimate.

Jesus commanded that we should observe his teaching. Baptism and church membership will be the final outcome of careful presentation of the truth. Our great denominational leaders recognize that there is a growing laxity in doctrinal teaching. There can be no solidity to our work without doctrine. We lament the fact that we are bringing up a generation largely upon superficial knowledge of the word of God. The period for memorizing Scripture is passed. Lesson helps have supplanted the use of the Bible in the Sunday school and weakness of Christian character is the result. Back to the book is the need of the hour.

3. To give to the various objects of the convention. Missions in the Sunday school calls for gifts for missions. The first Sunday in each month is usually Orphanage day and this is vitally important. But to encourage symmetrical giving we must neglect the other object, unless we enforce the spirit of the commission we shall never reach the masses. Our State Secretary calls attention to the startling facts about our work. There are 245,000 church members. 85,000 are in the Sunday school. 160,000 are not enlisted in the Sunday school.

There are 190,000 Sunday school members, 85,000 of whom are church members, and 105,000 not church members. What can be done to reach this host and enlist the others? Modern Sunday school equipment is a great aid. But machinery can not take the place of enthusiastic effort. Our forces must be aroused or we shall never reach this multitude.

Your committee desires to call attention to a growing evil. The spirit of independence is creeping into the Sunday school among the larger classes, and a chasm has been formed between the school and the church When adjournment arrives the majority go home, and are neglecting the hour for worship. A united effort must be made to secure the presence of

the pupils for church services. Teachers and parents must co-operate, and constantly insist on pupils attending church or the love for the Bride of Christ will be lost. We would commend the new denominational classes adopted by the field workers association of the S. B. Convention: Berean for young men; Fidelis for young women; T. E. L. C., Timothy, Eunice and Lois, for mothers and Convention Bible Class for men. Baptist stand for distinctive principles. They ought to welcome class organization.

In closing your committee would recommend that we co-operate with the Sunday School Board in making use of the normal course for teachers, and that a vigorous campaign be waged throughout this Association to increase our attendance and enlarge our gifts for the maintenance of the State Sunday School department.

W. F. STALEY,
J. B. JOHNSON.

On motion to adopt this report, Sunday Schools was discussed by Brethren J. B. Johnson, R. E. White, W. H. Wilson, C. C. Haymore and T. H. King. The report was adopted.

Bro. E. J. Matthews, chairman of the Finance Committee, made the report for that Committee, which appears in the minutes. The report was accepted.

The report on Home Missions was read by T. H. King:

REPORT ON HOME MISSIONS.

The work of the Home Mission Board for the past year has been gratifying. The Lord has wonderfuily blessed our efforts and through His help we are able to produce the best report we ever made. There have been 30,861 baptisms, and 56,747 additions to our churches. This number is far larger than any other Home Mission Board report in America.

We have had twenty-five evangelists employed in the Evangelistic Department during the year. Through the help of God they have made a glorious record. The report from this department shows 8,414 baptisms and 12,248 additions to the churches. They have conducted several city campaigns and a State campaign in Louisiana with marked success.

The Home Board at the Nashville Convention reported $397,589.12 received for current expenses. This left a small debt of $6,249.33. Notwithstanding the small debt, we are pleased to report a substantial increase in contributions over last year of $27,996.74.

Much stress is laid upon the mountain school work. During the past year there were thirty-four schools in operation employing 156 teachers and training 5,218 students. Among this number there were seventy-eight young men preparing for the Gospel ministry. These schools reported 300 conversions among the students. We may expect large results from this department of the work in brighter

homes, better trained preachers who are so much needed, and stronger laymen for the glory of God and the advancement of His kingdom.

The Board emphasizes the necessity of a church building loan fund and insists that Southern Baptists must put forth greater effort in answering the call of homeless churches in erecting houses of worship in needy communities. A careful survey of Home Mission territory has shown that there are 8,689 homeless churches. Our aim is a permanent church building fund of $1,000,000 to meet this great need. Toward this amount we have cash and subscriptions to the sum of $413,000.

One of the greatest problems that confronts the Home Board today and calls for our heroic efforts is the Foreigner. In Southern Baptist territory there are between 3,000,000 and 4,000,000 foreigners and the number is increasing yearly. During the past year we have had thirty missionaries laboring among the foreigners, exclusive of the twenty-five Mexican missionaries in Texas.

We have had eighteen missionaries engaged in mission work among the Indians. They have done excellent work.

The work in Cuba has gone forward with gratifying success. We have in Cuba thirty missionaries who have maintained preaching service regularly at twenty-seven churches and twenty-six stations. There have been 186 baptisms and 48 others by letter and restoration. The work shows steady progress from our beginning in Cuba.

There are five missionaries in the Canal Zone who report this year 209 baptisms.

We are pleased to note that our interest in and our contributions for Home Missions in the Association grow from year to year, but the standard of excellence has not yet been reached. There were fifteen in our Association that made no financial report for Home Missions last year. Brethren, this ought not so to be! Our Home Board, in all its departments of work deserves and should receive the hearty co-operation of all our churches. Let us therefore loyally support the work with our sympathy, with our prayers and with our money.

Your committee recommends:

1. That all our pastors lay the need and claims of the Home Board before their people at least once a year.

2. That each church try to enlist the interest and support of each member in Home Missions.

3. That pastors and people be urged to take the Home Field.

Respectfully submitted,

J. T. BYRUM.

On motion to adopt this report Home Missions was discussed by T. H. King, C. W. Williams and R. E. White. The Moderator, Bro. Day, made some fitting remarks on our School work. The

report was adopted.

The following resolution was offered by Bro. White:

Resolved that we extend to the members of the Flat Rock church and the citizens of the community our grateful appreciation of the generous and unbounded hospitality so graciously extended to the Association.

The resolution was adopted by a rising vote.

The Association adjourned with the Doxology and prayer by Bro. Haymore.

FRED N. DAY, Moderator.
T. H. KING, Clerk.

After dinner the congregation re-assembled and Dr. W. L. Poteat and Rev. C. A. Upchurch, who arrived on the noon train, made telling addresses.

Proceedings of The Meeting of The Pilot Mountain Association of The Woman's Missionary Union of North Carolina.

The associational meeting of the Pilot Mt. Association, met with the Flat Rock church on July the 30, 1914.

Mrs. J. J. Roddick of Winston-Salem the Vice-President of the association, presided at the opening services Friday morning at 10 o'clock. Hymn "Stand up Stand up for Jesus" was sung after which Mrs. N. E. Leak read the 96 Psalm as scripture lesson and offered a very fervent prayer. Minutes of last meeting were read and approved. Appointing of Committees was next in order Executive Committee Mdameses H. Montague, S. W. Morrisett and D. Rich.

Committee on Time and Place: Mesdames C. C. Haymore, W. W. Cornelius and J. M. Haynes.

Nominating Committee: Mesdames D. Rich, C. C. Haymore and Mrs. Moore.

Committee on obituaries: Mesdames N. E. Leak, W. W. Cornelias and T. O. Hart.

Echoes of our Associational work, "Its past, its future," Mrs. D. Rich. Report of churches of which twenty answered to the roll call. The reports from all societies showed increase in giving and interest. A number of churches pledged themselves to organize societies during the coming year. Just at this point Mrs. Roddick asked that we bow our heads in prayer asking God's blessings and guidance in the work.

The Association then heard the splendid address of the Vice-President, "A Survey of our Associational Work."

Mrs. J. W. Bunn brought greetings from the central committee. Mrs. Rich gave a very helpful talk on, Our Duties to our Association.

A collection was taken for the expenses of the Association.

WHEREAS, In His infinite wisdom and unbounded goodness it pleased our loving Heavenly Father on the evening of July 13, 1914, to call from our midst our dear sister, Julia Cain Brown, wife of our beloved Dr. H. A. Brown, therefore, be it

RESOLVED: That we, the ladies of Pilot Mountain Baptist Association, recognize the hand of God in this sad affliction; that

we bow in humble submission to an all wise providence, and say in our hearts, "He doeth all things well, Thy will, dear Lord, not ours."

RESOLVED: That we strive to emulate her patient, cheerful, happy christian character, and her life of deep devotion, both to her church and family; that while we weep with those who weep at the death of our departed sister, we realize that her lingering with us meant great pain and suffering for her, and to know that she was ready and willing to go when the summons came, is a comfort for us in this our hour of sorrow.

RESOLVED: That we extend to the devoted husband and children our tenderest sympathy and prayers that God may help, bless and give that peace which passeth all understanding, and that they may be reunited in the home where there will be no separation.

RESOLVED: That a copy of these resolutions be spread upon our minutes, a copy sent to the family, and a copy sent to the Biblical Recorder.

REPORT ON BIBLICAL RECORDER

For more than eighty years the Biblical Recorder has been the organ of our denomination and through its columns only we believe we can keep ourselves posted and in touch with the great strides of our denomination, in all our growth the Recorder has played no small part of the spiritual power and inspiration. It is and rightly shou'd be our paper; we direct its policy and by the Recorder our mission work and our educational institutions are thus kept before our people. It also stands by and defends the cause we hold so dear to our hearts; it also enlightens and is an educater to our people in all the phases of our work; it keeps us sound in doctrine; it ought to be in every Baptist home, with near 265,000 white Baptist in North Carolina, at least 100,000 ought to take this great paper. Every ordained minister, every Sunday School superintendent, every church clerk and every deacon ought to take the Recorder and in order to keep abreast with the great work so near the heart of our Lord Jesus Christ we, your committee, recommend most heartily the Biblical Recorder.

S. F. Morton,
V. M. Swaim,
Committee.

Pending a motion to adopt this report, the Association was addressed by Dr. Hight C. Moore. The report was adopted. Bro. R. E. White read the following report on Sunday Schools:

REPORT ON SUNDAY SCHOOL.

As we review the history of the Sunday School it should be a matter of profound gratitude to God that we as Baptists have had so large a share in building up this great agency which places the emphasis upon the teaching function of the Church which we are coming to recognize as an integral part of the mission of the church as contemplated in the Great Commission.

He who command us to preach the gospel to every creature and to make disciples of all the nations also commanded us to teach them to

observe all things whatsoever He had commanded and the promise of His presence even unto the end of the age, which is an indispensable condition of success in our work, is made contingent upon our hearty and implicit instruction, not only in the matter of evangelizing the world, but in the matter of instructing them in all the doctrines and duties of the Christian life. Indeed the command to make disciples of all the nations is merely a command to enroll students in the school of Christ, which has no vacations, but remains in continious session and which confers upon its graduates the degree of good and faithful servant, and offers as a reward eternal life, a crown of glory that fadeth not away and an incorruptible inheritance

In view of the fact that the teaching function of the church is equally as important as that of preaching the gospel, and that the one text book of the Sunday School is the Bible, it is not surprising that we, as Baptists, have always marched in the vanguard of the great and growing Sunday School Army which now girdles the world.

We have occupied a commanding position in the forefront of every forward movement in Sunday School work and this work has met with phenomenal success in our Southern Baptist Convention. The Sunday School Board located at Nasheville, Tenn., has built up a business in twenty three years which is the marvel of the commercial world as a business enterprise and one of our most effective missionary agencies. In twenty-three years they have accumulated property valued at $556,-277 20, including the handsome building completed about two years ago at a cost of $220,000 00, and during the same period of time, have appropriated out of their earning to the missionary work of the denomination, $582,486 52.

From the latest available statistics we have in the bounds of the Southern Baptist Convention: Churches, 24,171; Membership, 2,522,633; Sunday Schools, 16,298; Membership, 1,491,426. From this we see that we have at least 7,873 Churches which are utterly neglecting to exercise the teaching function and 1,031,207 members of our Churches who are not enlisted in the Sunday School. A Baptist Church without a Sunday School is to say the least a case of arrested denominational development, if indeed, it is not a religious monstrosity. And a member of a Baptist Church who is opposed to Sunday Schools or who habitually absents himself or herself from the Sunday School, unless providentially prevented from attending, needs to be taught again the first principles of the oracles of God.

We rejoice to note the progress which is being made toward the realization of the idea that the SundaySchool is a school. In the earlier days it was anything but a school, but we are gradually introducing better methods of work and we trustthat the time is not far distant when our Sunday Schools will be so thoroughly organized and systematized and manned by competent teachers as that all who are connected with them, even for a few years, will have a reasonably thorough knowledge of the teachings of the Bible. There are two agencies which will contribute largely to this end, viz: the introduction either of an effective series of

graded lessons or a more effective series of graded lessons or a more effective adaptation of the uniform lesson to the various grades in the Sunday School, and a more thorough emphasis of teacher training. If our children received no better training in the public schools than they receive in the average Sunday School by the average Sunday School teacher, we would make an awful row about it. We demand trained teachers for our secular schools, but when it comes to their moral and spiritual instruction we frequently put our children under the care of those who are thoroughly incompetent. This is the loose joint in the armor of our Sunday School work today, the imperattve need for thoroughly equipped and trained teachers and I trust that the day is not far distant when no Sunday School will permit a man or woman to teach who has not taken a course in teacher training. I am glad to see that we are emphasizing this work in our own state and that we have a man in charge of our Sunday School work who is in every way fitted for his position and is rapidly bringing the work up to a high standard of efficiency.

We have in North Carolina: Churches 2,093; Membership, 256,599; Sunday Schools, 2,052, Membership, 201,224. Thus we have apparently on 41 churches which do not maintain Sunday School, but in reality we have 152 such churches, as there are 111 branch schools. And apparentently we have in our Churches at least 55,375 members who are not identified with the Sunday School In reality we have more than this, as many of those who are in our Sunday Schools are not members of the Church.

Our Sunday Shcools contributed last year to all objects of benevolence over and above their local expenses, over $40,000 00. We desire to make the following recommendations:

1. That we set as the goal of our efforts for the next year a Sunday School in every Church and so far as possible every member of the Church enlisted in the Sunday School.

2. The organization of all adult classes and their registration in the "Convention Adult Bible Class Department."

3. The organization of a teachers meeting or teacher training class of normal class in every school.

4. The emphasis o f Sunday School evangelism by setting apart at least one day in each year for a special evangelistic service in the Sunday School.

5. The better grading of our schools, at least according to age, and the introducton of the graded series of lessons, where practicable.

6. That our Sunday Schools be urged to contribute to Sunday School missions and that we recommend that each school take a monthly collection for the Orphanage and an annual collection for foreign missions in March, for Home Missions in April, and for State Missions in October.

Respectfully submitted,

R. E. WHITE,
Committee.

Pending a motion to adopt this report, Secretary

Middleton addressed the Association.

The report was adopted.

Bro. S. L. Naff read the report on Ministerial Relief, which follows:

REPORT ON MINISTERIAL RELIEF.

It seems to me that there is no subject before the Baptists which gets less attention and deserves more than that of providing for aged ministers. However, not having been in the State more than two months I am not prepared to say what the Baptists of North Carolina have done and are doing for this cause. For this reason I shall have to ask the members of this association to pardon the absence of fact and figures and content themselves with a few reasons for our supporting the brethren who have passed beyond the years of activity.

1. They should be supported because of their inability with the small salary which they were paid, to accumulate sufficient amount to support them in their old age.

2. Because of the work which they have done. In the force of persecution they laid the foundation for the work that is being done today.

3. Because the honor of our denomination is at stake. Shame on every organization that would let its aged ministers who have borne the burden in the heat of the day suffer for the want of the necessities of life.

Bro. Naff and Bro. T. C. Keaton spoke on the report. The Association recognized and welcomed Bro. Keaton.

Bro. J. I. Kendrick made an earnest appeal in behalf of the Wake Forest church. On motion the association agreed to undertake to raise $300 in addition to the amount already paid. T. H. King, T. S. Guy and W. T. Baucom were requested to apportion this amount among the churches.

The association was dismissed with Prayer.

Wednesday Morning Service

Devotional Exercises were conducted by Bro. C. C. Haymore.

Prof. Hobgood made an interesting talk on Oxford College.

Rev. T. C. Keaton made remarks on Chowan College.

The Association was called to order by the Moderator. The minutes of yesterday's sessions were read and

approved. The constitution and rules of order were read. The following committee was appointed on Place and Preacher: J. M. Hill, E. L. Smoke and George Poe. Bro. V. M. Swaim read the report of the Executive Committee as follows:

There followed an interesting discussion of our local mission work by the missionaries.

Dr. Brown read the following report on State Missions:

REPORT ON STATE MISSIONS.

The year that has passed has been one of anxiety on the part of our Secretaries, Missionaries and Pastors. The public mind has been on a state of excitement and unrest. Many churches have been tempted to curtail their contributions to State Missions without sufficiently good reasons for such reductions We are a highly found people, at peace among ourselves and with the nations of the earth, our national wealth has never been so great and our crops as abundant. These conditions call for larger rather than smaller gifts to state missions. Nearly twenty five hundred Baptisms were reported on our mission fields in this srate last year, three hundred and seventy new stations were occupied and forty church buildings were erected. Many missionary institutes have been held at many of our associations and usually they have been satisfactory.

Imformation has been imported, prejudices have been removed, systematic work has been encouraged, and inspiration for the future has been given. Gratifying work was done along the line of co-operation and efficiency in our State during last year. Many churches have been opened into compact field, and pastors are now serving them without so much waste of time and energy. Some visible result of this line of work are to be seen in our own association. More system in taking collections for pastoral support and missionary enlargement is seen in many of our churches. Our greatest need is for information on the subject of State Misssons. Let our pastors inform themselves and preach at least one time during the year and place special emphasis on this work. Our women should be encouraged to study State Mission work as earnestly as they study Home and Foreign mission work since State missions lie at the foundation of all advancement along missionary line.

It must not be forgotten that we shall need $42,000 before our next Convention in December and every member of every church ought to have the opportunity and the priviledge of helping to raising this amount for the glory of God and the advancemeot of his kingdom in our own states. All our Sunday Schools are asked to observe the first Sunday in October as "State Mission Day." We must not think our state is wholly evangelized. Then on many fields now calling for help. New centers of population are forming and many changes are taking place in our older fields which make new adjustments necessary. We shall be flooded, in a few years, with emigrants from many lands bringing all sorts of notions of morality and religion along with them and it will be necessary that we could be well established in every place. Let us stand by our State missions and Sunday School secretaries in their effort to reach all our people and train them in the best methods of effiiciency in all our churches and mission stations.

With faith in God, and in ourselves as instruments in his hands, we will strengthen our stakes and lengthen our cords and break out on every side until the wilderness and the the solitary place shall be glad and the desert shall blossom as the rose.

H. A. Brown,
C. H. Durham, Committee.

On motion to adopt this report, Dr. Johnson, Secretary of the State Board of Missions, made a stirring address on State Missions, after which the report was adopted.

The report on the Orphanage was read by Bro. W. T. Baucom, as follows:

REPORT ON ORPHANAGE

The Orphanage work of our Baptist brotherhood is so great and so important that it ought to have the moral and financial support of every Baptist in N. C. Its importance is too well known to need emphasizing

in this report. The presence of a helpless, fatherless and motherless child in our midst ought to cause every Baptist in our state to be a liberal supporter of our Orph nage work. If it were your child left to the cold Charity of the World what value would you place on that institution which would give it an opportunity to make of itself a noble man or woman?

For thirty years Thomasville Orphanage has been doing this great work for your neighbors children. All these years the number of chilren has steadily increased. The yearly average has been 420. There are now 450 children at Thomasville and 50 at the Kennedy home. A total of 500 the highest in the history of the Orphanage. The current fund necessary for the yearly support of the institution is $55,000.00. the amount received last year was $46,000 00. Last year $20,000 00 were expended on equipment and an enlargement. On account of this outlay, a shortage in crops on the Orphanage farm and increased cost of living, a heavy debt now hangs over the Orphanage. How is this expense to be met? Last year the monthly contributions from the Sunday schools paid nearly one-half of the current fund, and Charity and Children contributed a little more than $5,000 00. For the rest of this the Orphanage must look to the churches within the North Carolina State Convention.

Are the churches in the Pilot Mountain association doing what they should for this worthy cause? Lets see—last year the 59 churches in this association contributed $2,096.88, an average of $33.82 per church. Ten of our churches paid nothing at all to the orphanage work. Ten less than $5.00 each, and eleven more, less than $10.00 each. This year 51 churches contributed $2,234 an increase of $137.

In view of these unsatisfactory conditions within our association, and in view of the increased expense of running the Orphanage work as it enlarges and develops, your committee desire to recommend:

1. That an earnest effort be made to induce every church in the association to contribute to the support of the Orphanage.

2. That every Sunday school superintendent in the association be asked to do all he can to induce his school to make a monthly contribution to the Orphanage.

3. That every church in the association hold a Thanksgiving service some time in November and take a collection for the Orphanage.

4. That every member of every church in the association set aside the proceeds of at least one days work to contribute at this Thanksgiving offering.

5 That every Baptist in the association remember the Orphanage work in his daily prayers.

Respectfull submitted,

W. T. Baucom,

Committee.

Brother Archibald Johnson addressed the Association

on the Orphanage. Brethren W. A. Cooper of Raleigh, Mr. Phillips and G. W. Gurley also made remarks on the Orphanage.

Brethren Brown, Haymore and Simmons were appointed a Committee on Obituaries.

Brother McLendon made the following report on the Reception of New churches:

COMMITTEE ON CHURCH ADMISSION

We your committee on Church admission recommend that Slate Mountain and Simmons Grove be admitted to membership in the Pilot Mountain Association and commend them in their efforts to advance the cause of Christ to the support and help of the pastors of this association.

A. L. McCLENDON,
J. E. PATTERSON,
R. F. HAMRICK,
Committee.

These churches were received and the hand of fellowship was extended to the delegates.

Wednesday Afternoon Session

The association was called to order by the moderator. Prayer by Bro. White. Special prayer was offered by Bro. Staley for Bro. George Poe, who was taken ill at the close of the morning session.

The report on Woman's Work was submitted by Bro. W. F. Staley. The report follows:

REPORT ON WOMAN'S WORK

Woman's work supplies a long felt need in our denominational life. The teaching forces of our churches consist largely of women and when trained for service they cannot be excelled. 27 years of practical work has demonstrated their influence and efficiency, many of our churches rely upon the missionary societies to stimulate missionary activity. One fourth of our mission funds are raised by the women. In addition to their regular gifts, they have already given $100,677.62 for Judson Memorial fund. Mrs. J. S. Carroll of Alabama alone gave $30,000. The question is asked what man among us has done as much or more? $15,288,56 has been contributed for church building fund of the Home Mission Board. These consecrated workers have recognized more keenly than we imagine the importance of the great commission. W. D. Powell, says when our Saviour wanted the last coin sought diligently, He put a woman after it. And when He wanted the story of his resurrection delivered promptly to the troubled desciples, He wisely committed it to a woman, and if you want the work of missions to be kept alive, give the women their share, and the task will be accomplished. They gladly accept the appoint-

ments from the Boards and always raise the amounts. Where can you find a more beautiful spirit of co-operation? We deplore the fact that the laymen's missionary movement is losing its religious ardor. While we rejoice that the missionary zeal of W, M. U. is steadily increasing, they supposed all other agencies of organized church work, for system, regular Bible and Missions study, special prayer, systematic giving, and Personal service. We feel indebted to the women for the fundamental work they are doing in developing the young people, It is said the Y. W. A's. Sunbeams and R. Ambassadors of to day will be our missionaries of tomorrow. The following new socities have been organized during the past year: 121 W, M. Socities, 43 Young Woman's Auxiliaries, 83 Sunbeams bands, 9 Royal Ambassador, chapters, 1162 present enrollment of active Societies, they have 45 Mission Libraries, 125 Mission Study classes, 450 Tithers, 500 Societies observing special seasons of prayer. and 1600 subscribers to the Royal service, 3000 subscribers to Home and Foreign Mission Journals, 1500 new members have been enrolled, a special cause for rejoicing is that the gifts to Louisville Training School exceeded their appointment, and two scholarships have been given by Piedmont and Chowan associations Financial statistics places Woman's Work in this association the eighth in the state. Five new societies have been formed during this associational year, namely three W. M. Societies; two Y, W. A. and one Sunbeam Society.

It is interesting to note that the women of the state have for their financial aim this year $45,000, to be divided as follows:

Foreign Missions	$ 18,000
Home Missions	12,800
State Missions	11,000
Louisville Training School	2,500
S. S Board	100
Expense fund	500
Total	$ 45,000

Realizing the effectual service the women are rendering for the kingdom, we recommend:

1. That more loyal support be given them by pastors and churches. Woman's work is not an independant movement standing aloof from the church, but a co-operative agency working for the salvation of the world through the church. Paul says: Help these women who labor with me in the gospel,

2. That each church in this association endeavor to organize new societies and enlist our people in missoin study.

3. That we co-operate more heartily with Mrs. J. J Riddick our esteemed Vice-President, who has labored so faithfully in extending this work.

4. That an appropiation of $25,000 for expense fund for extension work be made by our association.

Respectfully Submitted,

W. F. STALEY.

Brethren Staley and White spoke to the report. The report was adopted.

Bro. Beach submitted the report on Education as follows:

REPORT ON BAPTIST EDUCATION

The importance of diligent study and careful training for effective efforts in the promotion of the Lord's Kingdom is repeatedly emphasized in the Teachings of God's Word. The history of the Church through all the ages is proof of the fact that with equal consecration God has always used most effectively those who had most thorough equipment.

North Carolina Baptists have been slow to recognize the importance of this phase of the Lord's Misslonary program. Close observation of the most successful Mission operations on the Foreign fields has about convinced us that Jesus really meant the Teaching as well as the Preaching side of the Great Commission. We have learned that the Christian School, along with the preaching of the Gospel, enables us most easily and effectively to secure, to hold, and to enlarge our work on the Foreign Field; and that our chief work is to send from the Home land trained leaders, to train leaders in the Foreign Field who shall evangelize their own people.

We are also coming to realize, as we have not hitherto, the fact that in our own land the loyalty and efficiency of our pastors and laymen depend very largely upon the atmosphere in which their education is received; all of which declares that we cannot hope for the needed growth and development in the Home land, nor for the greatest success in World wide evangelization unless we own, equip, and maintain our own schools, both for secondary and collegiate training of our young men and women.

All down through our history as North Carolina Baptists there have been those who saw the importance of this work and dreamed of a day when we as people should give the right emphasis to Christian Education. All our Baptist Schools and Colleges stand as monuments to those far-sighted individuals, groups, or convention leaders who thus dreamed Not, however, until the establishment and development of our State High School System began seriously to threaten the very life of these schools did we recognize our obligation to maintain, further equip and patronize our own schools as a vital part of the Bible Missionary program.

The last Baptist State Convention took the most decided and the most imp rtant step in our history, in regard to this part of our work, when by unanimous vote Christian Education was placed on the budget of the churches on equal plane with other mission objects. and a strong Board was elected to have oversight of all our Baptist Educational work

We most heartily commend this action of the Convention. We further most heartily commend the Board for the election of Dr. R. T, Vann as Field Secretary of this work.

We recommend:

1, That our churches during the coming year endeavor to carry out in full the suggestions of the Convention.

2. That each pastor preach one sermon during the year on this phase of our work, seeking to create a deeper and more general sentiment in favor of Christian Education, and urging the importance of our people's patronizing our own schools.

3. That we urge the new Board to enroll our own school, the Leaksville-Spray Institute, as a regular member of the Convention System.

4. That we invite Dr. Vann to visit our churches as often as he can so arrange.

C. M. BEACH,
D. T. KING,
Committee.

The following resolution was offered by Bro. Green.

Whereas the Leaksville-Spray Institute, located at Leaksville N. C. is owned and controlled by members of the Leaksville Baptist chnrch and was established for the purpose of affording the members of the churches of this association the opportunily of giving their children the best opportunities to obtain an education under Christian influences and it is the purpose of the founders of the school that this property shall remain perpetually under the control of the denomination and Whereas the buildings have recently been repaired and renovated and the school is now in successful operation under the management of Prof. C. M. Beach who has associated with himself a strong faculty and offers all the advantages in the way of a course of study to be obtained in any standard high school upon exceedingly liberal terms,

Resolved, that we most heartily commend this school to the sympathy and support of the members of all the churches of this association and urge upon all who have children to educate to consider the claims of this school upon their patronage.

Pending a motion to adopt the report and resolution, Bro. C. M. Beach and Dr. Vann addressed the Association on our Denominational Educational System.

Bro White made a motion that the churches take a collection for Colleges and Schools before the meeting of the Convention. The motion was carried.

The following report on Foreign Missions was submitted by Bro. J. T. Byrum:

REPORT ON FOREIGN MISSIONS

Our foreign mission work is the effort on our part to carry out the last command of our Lord and Master to go into all the world and make disciples of all nations. The challenge of the hour to all our churches is the present call of our foreign mission work. The conditions of the

world today are giving tremendous emphasis to the fact that all men need a simple New Testament religion. The non-Christian nations are awakening in a wonderful way and enquiring for the path of peace and the way of life. The doors are wide open. The people are more accessible than ever before. The harvest fields are ripe and we should now thrust in the sickle and reap on a scale that will far transcend anything in the past.

The Foreign Mission Board, located at Richmond, Virginia, composed of eighteen local members and eighteen state members representing each state in co-operation with the Southern Baptist Convention, is conducting work in Italy, Brazil, Mexico, Argentina, China, Japan and Africa. In these fields missionaries reported last year 382 churches with 819 out-stations, 33,584 church members 442 Sunday schools with 23,959 scholars and 8,833 students in mission schools, 384 of whom are in theological seminaries and training schools preparing to preach the gospel to their own people. There are 300 missionaries on the field, 20 of whom were sent out during the past year, and a total of 651 native workers, Notwithstanding difficult conditions on many of the fields caused by the European war and the injury to the work in Mexico from chaotic political conditions in that country, 5,190 baptisms were reported during the year.

The distressing financial conditions throughout the South created by the war in Europe caused a falling off in contributions to foreign missions last year. Many of the churches made heroic and sacrificial efforts but some of them were not able to keep up their usual contributions This will make it more difficult for us to maintain the work this year unless God's people meet the situation in a still more heroic spirit. The Convention in Houston asked for an apportionment of $624,000 for foreign missions last year. Every dollar of it will be needed to carry on the work successfully. Our supreme task now should be the raising of the apportionment as a minimum in every assciation and every state. We should not for a moment think of anything less and we must do more than this if possible.

We therefore recommend:

1. That we as an association undertake to raise for foreign missions our full proportion of the above sum; that this amount be divided among the churches on an equitable basis; that we earnestly urge the churches to contribute the amount asked of them, that each church inaugurate a plan of systematic weekly or monthly giving and remitting for this cause so that the work may be taken care of and debt and interest payments may be avoided.

2. That each pastor in the association appoint a Committee in each church of which he is pastor to canvass the membership with a view to securing a subscription to the Foreign Mission Journal in every Baptist family within our bounds, so that our people may be more fully informed as to our world wide work.

Respectfully submitted,

W. H. WILSON,

J. T. BYRUM.

On motion to adopt this report, Rev. D. W. Herring, of China, made an address on Foreign Missions. The report was then adopted.

The moderator announced the Standing Committees. The committees appear in the Minutes.

Bro. Hill reported for the committee on time, place and preacher for the next session of the association, recommending Madison as the place and Bro. S. L. Naff as the preacher; time Tuesday after the 1st Sunday in August The recommendation was amended substituting, Spray instead of Madison. The amendment was lost. A motion was made and carried to adopt the report of the committee. Bro. W. T. Baucom was elected alternate to preach the associational sermon.

T. H. King reported for the committee to apportion the extra $300 which the association voted to undertake to raise for the Wake Forest church. The report was adopted and the clerk requested to write the various churches urging a response.

On motion the Association adjourned. Benediction by Dr. Vann.

Thursday Morning Session

Religious exercises were conducted by Bro. White. The minutes of yesterday's sessions were read and approved.

The report on Ministerial Education was read by Bro. White as follows:

REPORT ON MINISTERIAL EDUCATION

It is an undeniable Scriptural fact that God distinctly calls men into the ministry of His word. His call is not determined by their scholastic educational qualification. He does, however, want clean men, willing men, and men with trained minds. Not only God, but the time demands this of the ministers of Jesus Christ. The advancement that is being made in general education calls for trained leaders in the ministry. The fact that Jesus Christ called men from their vocations and humble walks of life to follow him that he might give them about a three years course in training them for the affairs of the Kingdom has forever indorsed and put His stamp of approval upon Ministerial education.

God often calls men into the ministry who are unable. from a financial stand point. to prepare themselves for their great work, To meet the needs of clean, worthy, conscientious young men preparing for the ministry the Board of Education for many years has been doing a commendable part.

There were at Wake Forest last session eighty-nine young men preparing for the ministry. Of this number, seventy-seven received aid of the Board of Education. Of the forty-one young ministers of Louisville from North Carolina the Board aided twenty-five.

At the last session of the Baptist State Convention the Board of Education at Wake Forest College assisting young ministers was discontinued and included under the new Board. The new Board is expected not only to raise and distribute funds for the education of young ministers but to foster and promote all the educational agencies of the Convention.

Your committee recommend:

That the Pilot Mountain Baptist Association heartily indorse and vigorously support the new Board of Education with our beloved Dr. R. T. Vann as its Corresponding Secretary.

Respectfully submitted,

J. T. BYRUM, Committee.

It was moved that the report be adopted. The report was discussed by Bro. Durham and Bro. Green.

Bro. Haymore offered the following report on Temperance.

REPORT ON TEMPERANCE

There was a time when the temperance people were laughed at by the whisky people, when public opinion was against temperance legislation, but that day has past In our state no man can hope to be elected by any political party to office, if he is not strictly a temperance man. We thank God for this change in public opinion, and for the men that have helped in bringing in this glorious day. This same spirit spreading rapidly throughout our nation, and the blessed hope of nation-wide prohibition at any day, is the cheering out look for us.

Industrial enterprise are greatly helping this work by putting a premium on labor down by sober people. The time has come when a drinking man can't hold his job. The Medical Society of North Carolina and the ablest men in the profession have greatly helped along this line. by dealing death blows to the use of whiskey. Let us take courage that the whisky business is almost cut out Let us stand firm in the front rank of the fight and the victory will be ours.

Signed,

C. C. HAYMORE

W. A. SIMMONS,

Committee.

Remarks on Temperance were made by Bro. C. C. Haymore and Bro. W. H. Hagwood.

Bro. Green submitted the following report on Home Missions.

HOME MISSION REPORT

Man's Alloted Time; three score years and ten can be credited to the Home Mission Board. Seventy years ago its work began with the organization of the Southern Baptist Convention. A glorious history we had. The time embraces the most stirring period of human history, and the chief part of our country's progress. We meet at a time when the greatest war, a world war in its scope and influence, is raging on the continent of Europe. In these circumstances, we are profoundly grateful to God for the great work that has been accomplished during the year.

We entered most hopefully on the new year last July when the work was laid out. Our receipts up to that time justified the optimism that prevailed at our annual meeting, but a month later on the outburst of the European War, the world was thrown into consternation and our finances were immediately affected. A sudden drop in receipts came and continued for months.

On this account, it was deemed wise by the Board to economize and reduce at every point possible. Reductions were made, especially in gifts for church buildings. We undertook to maintain our Missionaries and Evangelists as far as possible, but decided to supply no vacancies caused by resignations of our working forces. But nothwithstanding the strenuousness of financial conditions, we are able to report a year of most glorious conquest Every field has seemed to have the special favor of God. Far beyond any previous year's record, our evangelists have had a harvest of souls truly inspiring. In city campaigns, in the smaller towns, in the country side our force has gone under the guidance of the spirit, and great Pentecostal showers have come upon our people. Surely the Lord is leading us in the great work.

Our enlistment work, likewise has been pressed with increasing wisdom gained from experience, and unabated zeal on the part of our workers. Many a languishing church almost lifeless has been lifted up and inspirited with new purpose and given a vision of its task. Many rural surveys have been made, and a great body of information gained which will be of incalculable value in prosecuting this work in the future. A most gratifying feature of this work is the increasing approval given it by our brethren as they become better acquainted with its great aim.

In Church Extension Work, we have made gratifying progress during the year. In view of the serious financial condition that has confronted us during the year, the Board in the early fall diverted a part of the Church Extension Secretary's time, in assisting the Corresponding Secretary, to general field work. In view of the fact that the Judson Centennial of the Foreign Board was to be rounded out this year, we have not increased, our force of canvassers. This will be done with the new year, and we have every indication from the pledges already given, that this greatly needed work will be given the heartiest support of the brotherhood.

Among the foreigners, Indians and Negroes we have continued to press the work on the lines hitherto prosecuted. Our Mission Schools, among the Foreigners in El Paso and Tampa have been doing a better work than ever before. Permanency here is especially a characteristic.

Among the Indians most gratifying progress has attended the work of our Missionaries in the Government Indian Schools. Scores of Baptist boys and girls have been given wholesome instruction and we look with great favor upon that feature of the work. Our Pawnee Mission has been in a state of revival for months and the influence has gone out to the neighboring tribe of the Otoes. We are devoutly thankful to God for the work being done among these men of the plains.

Among the negroes we continue our co-operation with the Home Mission Board of the National Baptist Convention, some lingering New Era work and special institute and teacher's work

In this latter work we are gratified especially with the solid good being accomplished in the teaching of our colored preachers This, we consider the great foundation work that must be done if we would build the superstructure wisely.

Our Mountain School work has been doubly blessed during the year. The work of our evangelist in these schools has been peculiarly helpful.

The spiritual atmosphere has been of finest type. As for several years past, morever the character of the teaching done in the schools has been more and more thorough. The effect of such work is being manifest in the high ideals of life and culture in the school communities.

In Cuba the work is more solid and fuller of encouragement than at any time in the history of that mission. The idea of self-support has been pressed and appreciated by our Cuban brethren A year or two of such equipment as we have been placing there will put us on a good foundation in that respect. Their annual convention recently held in the city of Matanzas surpassed any similar meeting they have ever held, in the spirit and power of the meeting and in their plans of future work. That great, rich, populous island must have the darkness of superstition that has enveloped it for centuries, dissipated by the light of the Gospel.

This year the great Panama Canal has been completed and thousands of workers have retired. There are still some twenty-five or thirty thousand workmen there and a permanent population of considerable dimensions will be necessary lor the protection and maintenance of the Canal. We have missions at the important points along the Canal, and especially at the Termini at Colon and Balboa Heights.

At this strategic point we must have a permanent and strong work, for from this center of Western and world commerce influence will radiate in all directions, especially in Central and South America.

Our Co-operative Missions in connection with various State Mission Boards have gone steadily forward, helping continually to bind our agencies together, and to make of Southern Baptists a great, unified, massive people.

This is the underlying principle of our Home Mission endeavor, and on its successful prosecution depends our unity and progress.

We have done more during this year in the way of Publicity than any time previously. More and more our people are learning the power of the printed page, and the necessity laid upon us of using it in our work. Our magazine, "The Home Field," our tracts and Home Mission books, have combined to put the great "Home Mission" task upon our people and we look for large harvest as the result of this seed sowing.

Committee,
T. M. GREEN.

On motion to adopt this report, Bro. Green made an earnest address on Home Missions.

Dr. Brown made the report on Obituaries, calling attention to the fact that sixty-two members of the churches of this Association, one a beloved minister of the Gospel, Bro. P. Oliver, had passed into the great beyond. Also, Rev. W. H. Beamer, not a member of our association but pastor of one of our churches, recently passed away. Dr. Brown and Bro. Haymore spoke tenderly of our departed dead.

A motion was made and carried that the churches be requested to send their state mission funds to the treasurer of the Association, and that all funds be forwarded to the Treasurer of the Convention. The following resolution was offered by Bro. Beach and adopted:

Whereas, the tendency seems to grow stronger for our associational brethren to yield the entire time to the visiting brethren in the discussion of the various objects and whereas, this practice seems to lessen the effectiveness of our associational gatherings. Therefore, be it resolved that the order of business be arranged and published before each meeting of the association and that at least one half the time allowed to each subject be used in miscellaneous discussion by the local brethren.

The following resolutions were introduced by T. H. King:

Resolved, 1. That the thanks of this association be returned to Union Hill Baptist church and to the good people of this community for the cordial hospitality with which they have entertained this association.

2. That the thanks of this association be returned, also, to Bro. Horace and Bro. W. F. Snoddy for their splendid services in furnishing music for the association.

On motion a Committee on Order of Business was appointed to prepare a progrom for the next association, Brothers Durham, Naff and Swaim were appointed on that Committee.

The association adjourned with prayer by Bro. Haymore.

FRED N. DAY, Moderator.
T. H. KING, Clerk.

AFTERNOON SESSION.

After prayer by Bro. Redwine, the report of the Recorder was read by Bro. C. C. Haymore. Bro. W. R. Beach was present in the interest of The Recorder and addressed the Association. Remarks were made also by Bro. Haymore. The report follows:

REPORT ON BIBLICAL RECORDER.

The Recorder belongs to the Baptists of the State, and in a practical way, one member ought to be as much interested in the circulation of the paper as another. The one object in publishing the paper is to help to instruct and develop the church, and the individual member: Hence every church and individual member should have the greatest interest in its circulation. We are only sorry that many of our Baptist churches, and their entire memberships, do not realize this truth.

It is said that actions speak louder than words. It is presumed that every Baptist church, with the pastor to help, will see to it that some of the members of each individual church take the Recorder. It is sad to know that this is not true. There are two hundred Baptist churches in this State that do not get a single copy of the Recorder. There are sixy-nine thousand Baptist homes that do not get the Recorder. There are six hundred Baptist preachers in the State that do not take the Recorder.

There are not many homes in the State today that are without a newspaper, but many of the papers taken by Baptists are not what they need. Our people need to be informed along Baptist lines; they need to be endoctrinated; made to know what a New Testament Church is, and what it is worth to the world.

There are many of our Baptist people who believe, and contend, that one church is just as good as another, and many of our people are saying: "We let our children join the church of their choice."

Brethren, take the Recorder, and stop talking such nonsense.

C. C. HAYMORE,
E. L. SMOAK,
Committee.

The following report on Ministerial Education was read by Bro. Redwine:

REPORT ON MINISTERIAL EDUCATION.

Education is a process of development by which we are fitted for efficient and effective service. It is not creative in its nature, but is a means to an end. Its office is to develop what there is in us, thus making its own end and our life's highest aim one and the same thing. Viewed in this light, it becomes a very necessary adjunct to the work of the ministry, and is thoroughly in harmony with the apostle's injunction to "stir up the gift of God which is in thee."

It is indeed gratifying to note the change in the attitude of the great masses of our people towards this thing that is proving itself so vital to the work of our denomination. Our people have not only ceased to regard with feelings of misgiving and bold suspicion the work of an educated ministry, but have come to demand that their leaders shall be well-trained and well-equipped for efficient and effective leadership. This standard has been raised and extended until it has become well nigh universal, so that not only our city churches but those most remote in the rural sections are demanding this type of man to serve them.

In answer to these demands North Carolina Baptists have built and equipped thirteen High Schools and four Colleges at a cost of more than $1,500,000. Besides these, we have in the south two splendid Theological Seminaries, where our young ministers can complete their training. But these institutions are not endowed sufficiently to enable them to meet successfully the competition that has been thrust upon them by richly endowed institutions in other parts of the country. So that our paramount need today is means with which to enable our young ministers to take their training at home, and thus keep intact those principles and ideals which have made Southern Baptists great.

But why seek to have our young ministers take their training in our own institutions? Mr. Spurgeon gave expression to the sentiment that "unsanctified wisdom is the devil's greatest tool," and with most of us it has become a firm conviction that not all culture is good culture. In fact, we have come to agree with with Mr. Gordon that "culture is good only when it is good culture." In the South, more than anywhere else, we have come to realize that the key to the life is the heart, and that the proper approach to the mind is through the heart. What our young ministers need, and what they get in the South as in no other section, is heart culture in connection with mind-training, and this is necessary in order to develop a well-rounded, symmetrical ministry, and to keep intact those ideals and principles which have been handed down to us by our ancestors as a precious heritage.

In conclusion, and for the aid of young ministers, your committee would recommend three things as follows:

1. That we do not forget to pray earnestly for them during their period of training. The period of training is a very critical one for the young minister, and he needs the prayers of those who are stronger and more experienced. Ample precedent is given for this in the Bible.

2. That we interest ourselves in providing supply work for them during their vacations, and arrange fields for them when they have completed their courses.

3. That we urge our churches to put Christian education on their budgets, and ask them to raise, if possible, an amount equal to two fifths of the amount they raise for State Missions for educational pur-

poses, so that they may receive proper aid in making preparation for answering present day demands for an educated ministry.

T. SLOANE GUY,
For Committee.

The report was discussed by Brethren R. K. Redwine, W. H. Hagwood and C. H. Durham. The report was adopted.

The following report on Woman's Work was submitted by Bro. C. M. Beach.

REPORT ON WOMAN'S WORK

The Baptists of the South owe a debt of gratitude to the noble women of our churches for the splendid work which they have accomplished, especially since the organization of the Woman's Missionary Uunion twenty-eight years ago, which words are inadequate to express. The work was begun under many discouragements and with many misgivings on the part of those who did not have the faith and the visions to realize the vast possibilites of organized woman's work, but it is safe to say that the results have amply justified the wisdom and foresight of those who, in spite of opposition, advocated the definite enlistment of our women in the work of the kingdom. And it is also but just to say that the opposition has completely melted away and given place to most cordial endorsement and cooperation on the part of all intelligently informed Baptists. Indeed, as we review the phenomenal success which has crowned the efforts of our women during these years we realize what a valuable asset of the kingdom we had allowed to remain unutilized. We are indebted to the women for more than one-third of all the money which flows into our treasury. But valuable as their work in this direction is, and much as we appreciate it, so that we scarcely see how the various enterprises of our denominational life could be financed without their valuable assistance and cooperation, to my mind this is the least significant part of their work. In my judgment the most valuable contribution of our women to the work of the kingdom is the fact that they are almost the only agency, certainly the most effective agency, which we have for the dissemination of missionary information, the creation of missionary sentiment, the generation of missionary impulse. They have a definite organized, systematic scheme of missionary education, adapted to all ages from the youngest to the oldest, appealing to all classes, from the most illiterate to the most cultured, and sufficienly comprehensive in is scope to cover every phase of missions, and I believe if they could only realize their ideal of enlising all the children and young people and women of our churches in some one of the various societies under their management, that the day would not be be far distant when all the members of our churches would be intelligently informed

on the subject, and would be liberal supporters of all our missionary enterprises. They have also given to our churches a valuable object lesson in systematic beneficence. They have their definite times and seasons for raising money for all the various objects of benevolence and they adhere strictly to this schedule. This explains the fact that they never fail to reach the goal of their endeavors and frequently exceed the amount which they set as their aim. And in addition they always respond readily to any emergency demands made upon them as in the case of the Judson Centennial and the Church Building Loan Fund. And they do not have to employ costly experts to raise their money. This explains the fact that the expenses of the work have been only three and three quarters per cent. There are now in the bounds of the Southern Baptist Convention 15,186 societies, 3,204 new societies having been organized last year. We have in North Carolina 1,162 societies, 259 new organizations having been formed during the past year. The total contributions for last year were as follows:

Foreign Missions	$181,849.00	
Home Missions	111,327.00	
Sunday School Board	1,258.01	
Margaret Fund	787.89	
Training School	22,878.24	
Scholarship Fund	6,126.08	
		$324,226.92
Jubilate Offering to Foreign Mission	$ 71,732.27	
Jubilate Offering to Home Missions	9,974.67	
		$ 81,706.94
Cash Total		$405,933.86
Missionary Boxes		10,909.91
Total		$416,843.77

North Carolina contributed as follows:

Foreign Missions	$16,094.81
Home Missions	11,657.43
State Missions	11,437.57
Training School	2,676.53
Sunday School Board	140.05
Expense Fund	534.77
Total	$42,541.16

Judson Centennial	$6,071.28	
Home Church Building Fund	212.39	
		$6,283.67
Total		$48,824.83

During the past year our women have distributed 591,290 leaflets and pamphlets besides the publication of the splendid periodical "Royal Service" which has a subscription list of 27,000.

The recent effort to raise the indebtedness of $180,000.00 on the Foreign Mission Board would not have been so successful but for the heroic self-sacrificing generosity of our women who raised over $17,000.00 in one day at their meeting in Asheville. They have before them now two great undertakings, viz., the raising of $150,000.00 to build and equip the Louisville Training School, of which amount they have already secured $52,000 and the securing of $325,000.00 of the proposed Church Building Loan Fund of one million dollars.

We most earnestly commend this work to the cordial and prayerful sympathy and support of our pastors and churches urging upon them the importance of utilizing this valuable asset in the work of building up the kingdom. We cannot close this report without paying tribue to the memory of that superb Christian woman who has recently passed to her reward and who laid her life with all its superb qualities of leadership upon God's altar, Miss Fannie Heck. May a double portion of her spirit rest upon her successor, Mrs. W. C. James, of Richmond, Va.

Respectfully submitted,

R. E. WHITE.

After an interesting discussion by Brethren C. H. Durham, W. F. Staley, S. F. Morton and H. A. Brown, the report was adopted.

The following committees were appointed by the Moderator:

Finance—T. O. Hauser, E. L. Smoak and J. M. Hill.

New Churches—T. B. Lindsay, Geo. Hemrick and J. C. Wright.

Time, Place and Preacher—T. C. McCuiston, W. H. Gwynn, S. W. Morrisette.

The Association adjourned with prayer.

EVENING SESSION.

The Association met at 7.30. Bannertown Baptist Church, through a letter, asked for the ordination of Bro. H. R. Stanley. Dr. H. A. Brown was made chairman of the Presbytery and Bro. J. T. Byrum, Secretary. After examination, Bro. Stanley was formally set apart to the full work of the ministry. The ordination prayer was offered by Bro. Morton; the charge was delivered by Bro. Durham, and the Bible was presented by Bro. Staley.

The report on Foreign Missions was read by Bro. Naff, as follows:

REPORT ON FOREIGN MISSIONS

The work of the Foreign Mission Board during the past year in many respects, has been singularly successful. During the year there have been 6,471 converts baptized and 77 churches instituted. We now have on the field 315 missionaries and 459 churches with a total membership of 42,632. There are 453 mission schools with 13,531 students, six of these schools being Woman's Bible Training Schools with 200 students; ten Theological Training Schools with 191 students. We have 19 medical missionaries, 9 hospitals and 10 dispensaries. There were 74,866 persons treated last year. Twenty-two new missionaries, well trained, have gone out under the commision of the Board. Total amount received by the Board last year was $806,729.51, including the amount received on debt and Judson Centennial Fund.

The above figures are to some extent encouraging, but when we consider the needs connected with this great enterprise we begin to feel that we have merely touched the border of this work. We are face to face with the great need of more schools and hospitals in various parts of our mission fields. At the time the Judson Centennial Movement was launched the very urgent requests that came from those fields amounted to $400,000.00 more than the $1,250,000 that we started out to raise. The amount of money expended last year, exclusive of what has been paid on the debt and the Judson Centennial Fund exceeded the amount received by $93,163.28. Many of our missionaries are breaking down at their posts because of the discharge of double duty on account of the lack of much needed help. Our schools are greatly in need of more teachers and from every quarter of our mission fields we hear the Macedonian cry, "Come over and help us." Not only are the workers on the field apealing to us for help but there are numbers of well equipped young men and women pleading to be sent.

When we consider the above facts and figures and that North Carolina contributed only a little over $51,000.00 and that the women gave over $18,000.00 of that we ought to rise up in our might and prove ourselves worthy of the work that has been committed to our hands.

In closing this report I desire to make the following recommendations:

First: That each church of our Association organize a Mission Study Class, which shall meet at least once per month for the purpose of studying missions.

Second: That each pastor encourage his people to give regularly to this cause.

Third: That the missionary societies and organized classes undertake some specific work, such as the supporting of a Bible Woman or Native Misionary.

Respectfully submitted,

S. L. NAFF.

REV. J. B. JOHNSON

Born December 23rd, 1839

Died November 19th, 1915

A faithful Minister of the Gospel for 35 years.

Earnest addresses were delivered by Brethren W. H. Wilson and S. L. Naff.

The Committee on Time and Place recommended that the next Association meet at Kernersville and that the date of meeting be changed from Tuesday after the first Sunday in August to Tuesday before the first Sunday in August. An amendment was offered by Bro. D. F. King, that the Association meet on Thursday and include Sunday. The amendment was lost. The report of the committee was adopted. The Association adjourned with prayer by Bro. Stanley.

WEDNESDAY MORNING SESSION.

Devotinonal exercises were conducted by Bro. Lawrence and Bro. Easom. The Association was called to order by the Moderator. The attention of the Association was called to the sad intelligence of the death of Bro. J. W. Simmons' child. On motion of Bro. McLindon, the sympathy of this Association was extended to Bro. Simmons and his family in their bereavement.

The minutes of Tuesday's session were read and approved. The clerk then read the Constitution and Rules of Order. Visiting brethren were recognized. Brethren F. B. Hamrick, representing the Orphanage; W. N. Johnson, State Secretary of Mission, and W. F. Cheek, representing Liberty-Piedmont Institute, responded and were welcomed.

The Committee on New Churches submitted a report, stating that they had examined the Rules of Faith and Order and Church Covenant of Center Grove Baptist Church and unanimously recommended the reception of that church into this Association. The report was adopted and the hand of fellowship was given to the delegates.

The Committee on Time, Place and Preacher recommended that Bro. R. K. Redwine preach the sermon, with Dr. H. A. Brown, alternate.

The report on Sunday Schools was submitted by Bro. Fred S. Lawrence, as follows:

REPORT ON SUNDAY SCHOOLS.

The progress of the Sunday School work during the past decade has surpassed the most sanguine expectations of our people. That which has contributed most largely to its achievement is the policy carried out by the Sunday School Board at Nashville. Every intricate problem has been carefully studied. Not only has there been a solution

discovered, but our methods of work and theories of teaching have actually been revolutionized. Our Sunday School literature with Normal Training Course can not be excelled—"North Carolina has sustained the honor of being the pioneer state in Sunday School work. All the other states followed her in this policy"; therefore much depends upon the alertness and aggressiveness of our denomination to keep in the front rank. Our past was fought with difficulties; but victory came through loyalty to the Word of God. With all of our modern equipment the greatest task at the present is indoctrination. We have grown numerically but doctrinally our people are becoming lax. Missions in the Sunday School is no longer an experiment. Over $40,000 is contributed annually to the convention. Three-fourths of the membership of the churches is received from the Sunday School. The word "efficiency" has found its way into the Baptist usage today. Efficiency programme covers five departments of work, namely:

(1) Bible Study.
(2) Mission Study.
(3) Soul Saving.
(5) Systematic Giving.
(4) Normal Training Course.

Last year there were 2,052 schools, with 2,120 this year, a gain of 68. The membership has grown from 201,259 to 214,972, a gain of 13,785. Number of branch schools, 122, sixty new schools being organized this year. In 694 churches the Sunday school membership is larger than church membership. This is true of six entire associations. Yet we are only touching the border of the garment, Field Work. Prof. E. L. Middleton has been actively engaged in holding institutes, forming training classes, and teaching the Normal Training. His office work has greatly increased during the year, 4,500 more envelopes than during any former year—over 14,000—used during the year. He tries to reach each superintendent three times a year, and as many of the pastors and teachers.

We desire to call attention to the reading course which our secretary has selected for Worker's Libraries:

11 Volumes for $5.05.
17 Volumes for $7.45.
22 Volumes for $9.95.

These books have been selected to cover every department of the work of the Sunday School and are endorsed by the Educational Department of the Board. Certificates are given for this course. We urge the use of our denominational class names: "Bearean" for young men, "Fidelis" for young women, "Timothy," "Eunice," and "Lois" for mothers, "Adult Bible Class" matured men, and of mixed classes.

Your committee desire to submit the following recommendations:

(1) That our Association conduct a vigorous campaign for Sunday

School education this ensuing year, consisting especially of institutes and rallies.

(2) That we adopt the plan of the convention in observing Mission Days in the Sunday School, thus fostering the spirit of missions.

(3) That we use the Normal course as far as practicable in our Sunday Schools, together with free distribution of denominational tracts.

(4) That we endeavor to enlist more of the church membership in the Sunday School work.

(5) That we enlarge our gifts to Sunday School Missions.

Submitted by

W. F. STALEY.

Pending a motion to adopt this report, Brethren W. F. Staley and D. F. King spoke on "Our Sunday School Work."

The report on State Missions was read by Dr. Brown as follows:

REPORT ON STATE MISSIONS.

The spirit of hopefulness should animate our hearts as we look out on the work of our Board of Missions for the State. For awhile before the meeting of our last convention there was widespread fear lest we would face a distressing debt, but under the inspiring leadership of our late secretary and with the hearty cooperation of our pastors and churches this dreaded calamity was happily averted. We began our conventional year with practcially no financial embarrassment. Rev. W. N. Johnson has been elected our new secretary. He should have our confidence, our sympathy, our prayers and our full and free cooperation. He has made a thorough study of the problems that confront us in our growing civilization. Some changes of method are inevitable if we reach the higher ground on which we are entitled to stand as the redeemed people of God, undertaking and doing the tasks assigned us by our divine Master.

There were a thousand baptisms last year more than the year before. The total number of baptisms last year reached 3,687 in our mission fields in the state. Four hundred and forty-one churches and outstations were supplied, 19 church houses were completed and 15 churches organized. The contributions to the objects of the convention increased nearly $2,000, while there was a material increase in the support given to pastors. Thirteen thousand five hundred and fifty-one sermons were preached by our missionaries during the year.

On the whole this is an encouraging statement. Hitherto we have laid the stress on getting members into our churches and this must not be neglected in the future; but the time has come when there must be an additional emphasis placed on the development and training of those already in our churches. Large ingatherings with no material increase along the line of our benevolences make our churches an incubus

rather than an inspiration in carrying on our denominational work in the state. We need to adopt, in all our churches, a more systematic method in collecting and forwarding funds for State Missions. To put this matter off until just before the meeting of the Association or the Convention, and then depend upon a special collection under pressure, is fraught with great danger to the success of the cause. A great battle must be planned for before the day of final action or victory will not perch on our banners. The habit of frequent giving to this object through the year will do away with the paroxysms of fear which almost paralyze our people just before the convention. If our pastors and leading church members would read Bro. Walter Johnson's tract on "Stewardship and Baptist Finance" they would get a new vision of their obligations and possibilities.

We would again call attention to the desirability of encouraging our churches to form themselves into compact fields so as to lessen the travel of their pastors and secure from them a more satisfactory service. Our women should be encouraged to study our State Mission work as carefully as they study Home and Foreign Mission work, since State Missions lie at the foundation of all advancement on missionary lines. Our weak churches must be helped to the point of self support and they should be encouraged to undertake this at the earliest date possible. The destitute regions must be supplied and we must not forget that these are multiplying rapidly with our growing population. The future will be pregnant with wonderful opportunities for enlarged effort in giving this gospel to those who do not have it. We must not fail to remember that our work is laid out on a basis of $55,000 for this year. Already $18,000 have been borrowed to meet the expenses. This condition calls for action, systematic aggressive effort to meet the demands and come to the convention free of debt. With our faces to the front and our loins girded about with trust let us address ourselves to the things that make for the progress of our Redeemer's kingdom on the earth.

C. H. DURHAM,
H. A. BROWN,
Committee.

On motion to adopt this report, the Association was addressed by Secretary Johnson and Dr. Brown.

The report of the Executive Committee was made by Bro. V. M. Swaim, Treasurer, who received $681.30 and paid out $420.70, leaving a balance on hand of $260.65, as per his report in the hands of the Executive Committee. Specail prayer was made by Dr. Brown for Bro. Simmons, one of the missionaries of the Association.

The Moderator appointed the Standing Committees, as they appear in the minutes.

On motion of Bro. Staley, the Executive Committee was authorized to employ a colporteur for the Association.

The Association adjourned with prayer by Bro. Byrum.

AFTERNOON SESSION

The Association was called to order by the Moderator. The following report on the Orphanage was read by Bro. J. Calvin Tuttle:

REPORT ON ORPHANAGE.

The Thomasville Baptist Orphanage has been accomplishing a great work in our Master's Kingdom for thirty-one (31) years, and has increased in efficiency, as well as in attendance, each year.

In many departments of its work it has enjoyed the best year in its history.

During the life of the Orphanage there have been 1,662 children enrolled. Number received during the year is 65. The average attending being 491. The present enrollment is 500—450 at Thomasville and 50 at the Kennedy Home. The health of the children has been exceptionally good the past year—there being only one death. Ten men and 32 women are employed to carry on the work of the Orphanage.

The annual cost for the support of one child is $109.08.

Daily cost for the support of 500 children, $150.00.

Yearly cost for the support of 500 children, $54.545.00.

Farm and dairy products consumed, $10.385.61.

The Orphanage must have an income to meet current expenses, per week, of $1,050.00.

Our paper, Charity and Children, has had a good year, financially, and is the best publication of its kind in the State. It is doing its best work in keeping our people in close touch with the Orphanage work and it should be read carefully and prayerfully in every Baptist home in the State.

The educational work of the institution is rapidly advancing and is inspiring the children to a high and noble life. Many of them desire to attend, and some are attending, higher schools of learning. There are 29 children finishing the tenth grade.

Every department of the Orphanage is in a prosperous condition and the plant as a whole is a valuable asset to our denomination.

The children of this instiution, whom we, as a denomination, hold in trust to their parents and relatives, and to our God are yearning for a warm place in our hearts and they richly deserve an unflinching support from each one of us.

We recommend:

(1) That all Sunday Schools take a monthly offering for the Orphanage.

(2) That, adult, organized Sunday School classes, assume the support of one child.

(3) That, at the Thanksgiving time, every man, woman and child give the price of one day's work or income, as an iffering to the orphanage.

(4) That we heartily recommend Charity and Children to our people and ask that Superintendents of the Sunday Schools increase the number of copies for distribution in their schools, and urge their young pupils to read the paper and learn more about the work of the Orphanage.

Seven thousand three hundred and forty dollars ($7,340.00) in bequests have been made to the institution during the year, very little of which is available at present.

The treasurer reports that $54,822.77 has come into the treasury during the year for the current fund—which is the fund for maintenance. This is considerably more than has ever been received before.

This money comes from churches, Sunday Schools and individuals, and is acknowledged each week in the columns of the Charity and Children.

From other sources, and for other purposes, the sum of $49,504.29 is reported as received, making a grand total of receipts for the year, from all sources, $104.327.06.

Respectfully submitted,

J. CALVIN TUTTLE.

On motion to adopt this report, remarks on the Orphanage were made by Brethren Tuttle, F. B. Hamrick and T. H. King. The report was adopted and the clerk was requested to send out letters to the churches urging every member of our Association to give in their Thanksgiving offering the value of a day's labor.

Bro. Morton read the following report on Home Missions:

REPORT ON HOME MISSIONS

The Home Mission Board, located at Atlanta, Ga., is the agency through which Southern Baptists, as a single body, address themselves to the task of saving the lost and building up the churches in the whole South.

The task of Home Missions is immense. The territory served by the Home Board embraces 1,000,000 square miles and has in it about 36,000,000 people. After counting out 4,000,000 as infants or other irresponsible persons, 18,000,000 persons in the South make no profes- blessed with such large success or such marked evidences of the favor minutes of our body, also that the matter be pressed upon the churches and for its work, and that at least one sermon yearly be preached in every church on Home Missions.

3. That this Association take proper steps to apportion its Home

Mission apportionment among the churches and publish the list in the sion of religion.

To meet this immense need last year our Board maintained wholly or in part 1,409 missionaires. These reported 43,792 baptisms and brought into the churches 71,386 persons. They organized 167 Baptist Churches and 321 Sunday Sihools. They held up before the eyes and hearts of men in more than 5,000 communities the Light of the World, the Saviour of mankind. No Mission Board in America was ever of God on its workers.

In the highlands and on the plains, in the cities and the countryside, among white and black, natives and foreigners, in Cuba and the Canal Zone, messengers of Christ have brought light for darkness, and driven out sin with divine love.

This year the convention has apportioned $438,750 for Home Missions, to be raised by Baptist Churches in seventeen States. This is less than $18 for each church. Nearly every one of the smaller and weaker churches are able to raise this amount for so great cause, and thousands of stronger ones should do far more than that.

We recommend:

1. That our churches be encouraged to order and use the instructive free tracts of the Board, which tell of each phase of its work, and that classes be formed to study its admirable book "Baptist Missions in the South," and its other Mission Study books.

2. That earnest prayer be made in all the churches for the Board throughout the year.

Fraternally submitted,

J. F. BYRUM.
S. F. MORTON.

On motion to adopt this report, Home Missions was ably discussed by Bro. Byrum. The report was adopted.

The report on Ministerial Relief was read by Bro. Swaim. The report follows:

OLD MINISTER'S RELIEF.

Since we have a Ministers' Relief Board is an evidence of its necessity. It is necessary because:

First. Of the small salaries paid ministers. Perhaps there is no class of men living of whom so much is expected and who receive such meager salaries for their services, and have to make out of it so much.

Second. Large giving out of the small salaries paid them. As a rule the pastor must lead his congregation in the work of benevolence. It may not be generally known, but he does it.

Third. A willingness to work in the remote corners of the Kingdom, where so many pass by on the other side, and allow men to die and go into eternity without a knowledge of Him who loved them and gave himself for them.

Fourth. But the chief reason why the work of the board is necessary is because the ministers as a class have not allowed themselves to become commercialized. Other men may but the minister must not. If the minister descends to trade or sells out for gain he not only gravely weakens himself, but surely deadens himself. He must not be greedy after filthy lucre for the love of that is the root of all evil. The minister that preaches for money is not fit to preach. "They that preach the Gospel shall live of the Gospel," so God hath ordained. The object of the Ministers' Relief Board, located at Durham, N. C., is to extend aid to every worn-out, aged and afflicted minister who is in want and who came to want as the result of a life given to the preaching of the Gospel. The last annual report of this board, at the Baptist State Convention, held in Charlotte in December, 1915, showed that this board was aiding thirty-five ministers and widows of ministers, with several new applications then pending.

Brethren, let's see to it that our contributions to this object are increased as the demands and needs increase, for this is one of our most worthy objects.

Respectfully submitted,
V. M. SWAIM,
A. L. McCLENDON,
Committee.

Pending a motion to adopt this report, Ministerial Relief was discussed very tenderly by Bro. Swaim. Further remarks were made by Bro. G. T. Baker. The report was adopted.

The report on Schools and Colleges was read by Bro. C. M. Beach as follows:

REPORT OF DENOMINATIONAL SCHOOLS AND COLLEGES

In no department of our denominational work is there greater need for real consecrated thought than in the department of Christian Education. Our people as a rule seem to be more unsettled and more indifferent in regard to this particular phase of our work than any other general denominational undertaking. The system itself is not at all clearly understood by our brethren at large, and a great many of our leading North Carolina pastors seem to have no well defined conviction in regard to the system as a whole.

The point where our brethren, both preachers and people, grow particularly weak is in regard to our Baptist secondary schools—their need and importance to general denominational progress, the number to be fostered and how to eliminate to the proper number with suitable locations, in what particular this denominational secondary school should differ from the best secondary state school and finally how this system can best be maintained.

As helps toward a more general understanding and a more success-

ful operation of the system, your committee would make the following suggestions:

First. That through the columns of the Biblical Recorder and by means of addresses at associations and other Baptist gatherings more definite and detailed information be given our people in regard to the system itself.

Second. That our pastors preach at least one sermon each year on the subject of denominational education, giving this necessary information to the people at large and urging loyalty to the entire system as a means to all forms of permanent denominational progress.

Recommendations.

First: Since we have decided that it is unwise to ask that the Leaksville-Spray Institute be enrolled in the system, we recommend that the Liberty-Piedmont School be endorsed as the special school of this Association.

Second. That we pledge our loyalty to Wake Forest College, Meredith and Chowan Colleges, to Dr. Vann as our Educational Secretary, and to the system as a whole.

C. M. BEACH,
C. M. ROBERSON.

On motion to adopt this report, remarks were made by Brethren C. M. Beach, G. G. Wall, T. H. King, R. E. White. The report was amended and adopted as it appears above.

The following report was offered by Bro. Gurley:

REPORT ON TEMPERANCE.

The temperance cause is steadily gaining ground in our State and nation. At no time in our history was the temperance question agitated as it is today. Not only individuals, and religious organizations are agitating it, but our largest corporations have barred from their employment those that drink liquor, and we ought to thank God for these conditions, and stand more loyally by our officers in running down blockaders and stamping out blind tigers, thereby protecting our boys from the evil we are trying to drive from our land.

Another great evil among us is the cigarette, slaying as it does, its thousands each year. Aside from alcohol, this is the devil's greatest agency for destroying and debauching the youth of our land. The time has come for the Church of God to take up arms and march against this deadly foe and banish it from our shores.

Your committee recommend that this Association go on record as an enemy of the drink and cigarette evils, pledging itself to fight both until they are banished from our shores.

Respectfully submitted,
G. W. GURLEY,
Committee.

On motion to adopt this report, Bro. Gurley spoke to the report. The report was adopted.

The Finance Committee submitted their report, which was adopted.

The following resolution was unanimously adopted: Resolved, That the Pilot Mountain Association extend to the Madison Baptist Church and the good people of the town and community its sincere thanks for their kind and generous hospitality in entertaining this session of the Association; also that we extend our thanks to Mr. Horace Eason for conducting the song services during the Association.

On motion of Bro. Durham, the Clerk was directed to use his discretion as to printing the report of the Finance Committee.

The Association adjourned to meet at Kernersville in 1917. T. H. King preached at 8 p. m.

FRED N. DAY, Moderator.

T. H. KING, Clerk.

AFTERNOON SESSION.

The Association was called to order by the moderator. Bro. Swaim led the Association in prayer.

The report on the Biblical Recorder was read by Bro. V. M. Swaim, as follows:

REPORT ON BIBLICAL RECORDER

In 1833 the conviction of a deep felt need for a Baptist newspaper in North Carolina, seized one of our pioneer editors, and Thomas Meredith, founded at Edenton, a monthly paper and called it the Baptist Interpreter. Two years later removing to New Bern, he changed the paper to a weekly and named it the Biblical Recorder, later moving to Raleigh which has been the home of the paper ever since. Those of us living to day can see the wisdom of the founding of such a religious periodical as the Biblical Recorder. More than eighty years of faithful service as organ of Baptist work, life, and thought in North Carolina. The Recorder has had an almost marvelous growth. Each faithful editor has had his part in its wonderful growth and development.

Think of its editors: Thomas Meredith its founder, J. J. James, J. D. Hufham, J. H. Mills, C. T. Baily, C. W. Blanchard. J. W. Bailey, and our present editor Hight C. Moore, who is just now retiring to enter upon a work of larger usefuluess to the Baptist denomination throughout the bounds of the Southern Baptist Convention.

Meredith, James, Mills and C. T. Bailey have gone from us and have entered upon their great reward. The others, Hufham, Blanchard, J. W. Bailey and the present editor have lived to see the day when the Recorder is recognized as one of the potential agencies in Southern Baptist denominational life. The Biblical Recorder with its inexhaustible supply of useful information, belongs to the Baptists of North Carolina. Therefore, the Baptists ought to use it. It ought to go into every Baptist home in our beloved State. Statistics show that there are now 277,000 white Baptists in North Carolina. It is estimated that perhaps there are 200,000 of them who do not take and read the Recorder. Approximately there are 75,000 white Baptist homes in North Carolina. Into at least 60,000 of these the Recorder does not enter. Some pastors, many Sunday School superintendents church clerks, and perhaps hundreds of deacons do not read the Recorder. These facts are, or at least should be, just cause for alarm. Perhaps in these 60,000 homes into which the Recorder does not go and is not read, there is spent annually for that which is not meat and for that which satisfieth not enough hard earned money to pay for the Recorder for a term of ten years. What can be done to turn this useless expenditure of hard earned money into channels which

will make it a blessing to the people and to prosper the Kingdom of Christ in the earth?

Just now Hight C. Moore, D.D., is retiring as editor of the Recorder. He has shown himself worthy in every way of the mantle which fell on him eight years ago when he became editor of the Biblical Recorder. These eight years he has led and the Baptists of the state have followed. With a great heart, and a strong brain, and a tender disposition, he has thus led us. We regret to see him go, but as he goes we shall hope and pray that he may bring larger blessings to the entire Brotherhood of the Southern Baptist Convention and of the whole world. He leaves with the benediction of the entire Baptist Brotherhood of the state upon his life.

But we rejoice at the coming of the new editor of the Recorder. After August the first we shall extend the hand of hearty welcome to Dr. Livingston Johnson as he takes up this arduous task when another leaves it off. This change is not an experiment. Since the resignation of Dr. Moore the expected has simply happened.

The new editor, Dr. Livingston Johnson is known, and loved, and trusted, not only in his own state but all over the Southern Baptist Convention.

Let us stand nobly by our new editor and as he leads let us follow and we shall yet see still greater achievements than have hitherto been wrought.

Respectfully Submitted,
V. M. Swaim.

Pending a motion to adopt this report the moderator recognized Dr. C. J. Thompson who spoke on the Recorder. After Dr. Thompson's splendid addresse, there was an interesting general discussion by a number of brethren. The report was adopted.

The following report on Ministerial Relief was read by Bro. S. F. Morton:

OLD MINISTER'S RELIEF

If it were not for the work of the Minister's Relief Board, the last days of many a faithful minister of the Gospal would be helpless indeed. For many of them work on very small salaries and some of them give a large part of their income and these brethren are the ones who are willing to work for the master in the corners of God's Kingdom almost unheard of. A true preacher will not allow his life to be commercialized, and since they dare not become entangled with financial ventures or thoughts of worldly gain, we may expect the demands upon this board to increase and every church in all of our

associations ought to give to this worthy cause. Last year there were 36 beneficiaries wno were in need of our help. There are twelve associations that do not give to this fund, and some that give almost nothing. Every church and association ought to make a contribution to this work and have some part in brightening the lives and last days of those who for many years have carried the fallen in their hearts and have preached the cross of the Son of God in almost unheard of places.

Respectfully Submitted,
S. F. Morton
E. F. Hellard } Committee

On motion to adopt this report, remarks were made by brethren Morton, White, Green, etc. The report was adopted.

The following report was made on Sunday Schools by Bro. W. F. Staley:

SUNDAY SCHOOL REPORT

Our Sunday School work has been greatly blessed from its inception. Remarkable progress has been made along various lines until at present we have 2,123 schools with a membership of 221,148. From the year 1896 the secretaryship has been filled by brethren B. W. Spilman, T. N. Johnson, H. C. Moore and E. L. Middleton.

The teachers training idea was presented in 1901, and has made such fine progress that during the past year our state received 617 diplomas, 112 Red Seals, 45 Blue Seals. Since September 1st., 1207 names were received by our secretary for books of the Normal Course.

The work among colleges and schools has been very gratifying. Last year in the Southern Baptist Convention 69 Institutes cooperated in this enterprise. North Carolina furnished 20 of these. Awards aggregating 3,467 were given in these institutions; North Carolina received 1,129 of these.

Organized classes have increased. We now have registered in the Convention's Adult Bible class department at Nashville, 2,107 classes with enrollment of 56,997. Of these 525 classes and 16,499 members are from our State. This will enable us to form an idea of the work.

Let us now look at our Associational acheivement. Last year the Pilot Mountain reported 60 schools with a membership of 7,311, contributions amounting to $5,078. During the month of June our state secretary made a survey and presents the following interesting data. Out of 47 churches reporting in our Association, the church membership is 6,643, Sunday School enrollment 6,285, church members in Sunday School 2,159, Sunday School pupils not church members 4,126. The largest Sunday School enrollment is accredited to Chowan Association, being 7,416. Pilot Mountain Association has third largest.

In regard to church members in the Sunday school we stand fourth. Pilot Mountain surpasses every association in the state for having more Sunday school pupils not church members (namely 4,126). Here is an opportunity for evangelism. If our members could be equally divided our Association would have a representative church membership of 181 members in each church, an average of 138 S. S. enrollment with 45 church members at work in each church and 85 pupils not church members. This will give thought for reflection.

A new and lasting experience came to us when we adopted Mission-day in the Sunday school. The schedule is as follows:

One Sunday each month for the Orphanage.
The fourth Sunday in March for Home and Foreign Missions.
May and October for S, S. Missions.
Children's day in May.
Fourth Sunday in June for Christian education.
Fourth Sunday in September for state Missions.
One Sunday near Christmas for Minister's relief, using special programs prepared for these occassions.

We recommend that as far as possible the practicability of the Standard of Excellence for our schools, whose ideal is as follows:

(1) Schools open every Sunday,
(2) Baptist literature being used,
(3) Church control—school under control of the church.
(4) Bibles used above the Primary Departments.
(5) Either teachers meetings or a workers conference.
(6) Normal diplomas.
(7) Departments separated.
(8) School graded.
(9) Teachers' training or Normal course.
(10) Evangelism—Personal work—Classroom and public appeals.

We further recommend that groups of churches hold quarterly S. S. conventions or rallies. Again, that membership campaigns be conducted once or twice a year. And lastly that we heartly co-operate with our S. S. secretary, E. L. Middleton in his work.

Submitted by
W. F. Staley
Fred S. Lawerence.

On motion to adopt this report, the Association was addressed by Sec. E. L. Middleton, and W. F. Staley. The report was adopted.

Bro. R. E. White submitted the report on Temperance as follows:

REPORT ON TEMPERANCE.

It is a matter of rejoicing that we are living in a day when this great question of temperance and prohibition is receiving more attention than ever before in the history of the world. It is a question of such vast and far reaching import that it is engaging the attention of our legislators both state and national so that it is rapidly becoming the dominant issue in American politics.

The time was when the man who espoused the cause of temperance and prohibition was regarded as a harmless fanatic but there has been such rapid growth in public sentiment on this question in recent years that it is now recognized as a force to be reckoned with.

And yet in spite of the agitation of this question and in spite of the wonderful growth of public sentiment it is still the gigantic evil of the day.

Considered merely from an economic point of view the liquor business stands indicted at the bar of public opinion. We are spending over Two Billion dollars annually for drink for which we receive no return whatever.

On the contrary instead of contributing to our economic wealth it lays upon us a heavy burden of expense since nine tenths of the crime, pauperism and insanity can be traced to this business.

There are over 300 000 persons engaged in the business and it is argued that to throw these people out of employment would entail great loss, but if the money spent for liquor could be turned into the legitmate channels of trade and commerce and manufacture it would give employment to 600 000 more laborers and increase wages by over $500 000 000.

There are 2 000 000 drinkers in this country whose earning capacity would be greatly increased if the saloon were abolished. At least 66 000 of these die every year.

There are 7 000 000 school children in the U. S. who are mentally deficient and it is estimated that only 67 000 of these are entirely free from alcoholic taint.

Dr. MacMichael Vice Pres. Amer. Med. Soc. says "We must settle this question in the next ten years or some more virile nation will write our epitaph."

But we are glad to note that great progress is being made in the fight against this great evil.

About 2 500 000 square miles or 86 percent of the territory of the U.S. is now under prohibition. 2 543 counties in the U.S. Only 305 are wet.

The days of King Alcohol are numbered if all the forces arrayed against him will only rally for the final attack upon his stronghold.

It has been demonstrated beyond all question that prohibition can never be finally effective without government action and there is no

longer any question as to the right and the duty of the government to take action in this matter.

We therefore urge upon the members of all our churches:

1. The duty of total abstinence from all intoxicating drinks as being the only attitude consistent with our profession as Christians.
2. That they withhold their support from any candidate or office local state or national who is not an avowed opponent of this business.
3. That we urge upon Congress the passage of legislation prohibiting the use of 100,000,000 bushels of grain and 180,0000,00 gallons of molasses in the manufacture of intoxicants.
4. That we urge upon Congress the passage of the bill submitting to the States for ratification a constitutional amendment providing for national prohibition.

R. E. White.

On motion to adopt this report, it was discussed by brethren R. E. White, S. F. Conrad and C. H. Roberson. The report was adopted.

Editor Archibald Johnson was recognized and welcomed. Principal G. C. Kirksey of Liberty-Piedmont Institute was recognized and made some remarks on the school he represents.

The Association adjourned with prayer.

At six o'clock Tuesday evening there was a meeting of the alumni of Wake Forest College in the Pilot Mountain Association on the lawn of Kernersville Baptist Church. There were twenty-three present. A delightful luncheon was served by the young ladies of the church. T. H. King was elected Toast Master. There were a number of interesting talks by President Poteat, President Lineberry, Dr. Brown, Rev. C. C. Haymore, Hon. Gilbert Stephenson and others. It was moved and carried that the alumni enter into a permanent organization, to meet in connection with the Association each year. C. H. Durham was elected president and T. H. King clerk. A hearty vote of thanks was given to the ladies of the Kernersville Church for the splendid luncheon. It was a delightful and helpful meeting.

EVENING SESSION.

The evening session was opened with devotional exercises. The report on the Orphanage was submitted by Bro. J. Calvin Tuttle, as follows:

The Thomasville Baptist Orphanage is an institution supported by the Baptist people of the State, and which accepts the responsibility for the moral, as well as the physical, life of every child entrusted to its care. On November 11th., 1885, the first child was received and for the past thirty-two years it has been a great "TRAINING CAMP" for the fatherless boys and girls of the State, for the express purpose of helping them to attain a noble and efficient life among christian men and women.

The Health of the children has been excellent: there being, no death, one case of typhoid fever, epidemic of measles (18) cases confied to one building.

There are thirty-three women and eleven men who devote all their time to the institution and the management is based upon principles of the country and city life. As you well know, by experience in your own home, the little ones prattle around the nurse's feet from morn till night. After six years old they go to school half the day and work the other half. The boys work in the printing office, shoe factory, on the farm and dairy, the girls in the sewing room, laundry, kitchen and dining room, canning department, nursery, infirmary, and as teachers.

The printing office furnishes employment for fifteen boys who print and mail out to the Baptist people of the State nearly 18,000 copies of the Charity and Children each week.

The shoe shop turns out about 600 pairs of shoes each year. It is estimated that each shoe goes back to the factory for repairs three times before it is discarded.

The canning club, which is under the department of Domestic Science is a feature of importance and is doing a fine work for members.

The sewing room keeps about twenty girls busy in the morning and a like number in the afternoon. They learn to make their own clothes.

The dining room and kitchen are managed by two ladies and about forty-five girls.

The laundry consists of about forty girls and some 8000 pieces are handled each week.

The dairy consists of a fine herd of Holstein cattle with a daily milking capacity of one hundred gallons. They are tested regularly for diseases.

One hundred and seventy five acres of the farm are in cultivation. A large part of it is devoted to trucking and raising feed for the cattle.

We are glad to say, after making up the following statistics, that the whole institution is being lifted to higher levels by the diligent, intelligent, and sacrificial efforts of the devout men and women who are here fulfilling a most useful ministry. The Orphanage has climbed a long hill to get ready for the work it is doing now, and now will do, with increasing efficiency in the days to come.

The attendance for the year is as follows:

Present now, 505-57 at Kennedy Home.
Received during the year, 93.
Average attendance, 495.
Number enrolled from beginning, 1759.
Returned to relatives, 39.
To higher schools, 15.
Ran away, 13.
Taking nurses course, 7.
Taking positions, 4
Expelled, 4.
Failed to return from visits, 2.
Joined the Army, 1.
Total leaving, 85.

Our paper, CHARITY AND CHILDREN, has had a successful year. It is able to report that the income from the three sources of revenue it has received $157].49 more than ever before, namely: subscriptions, $434.40: advertising, $608.41: job work, $528.65. This surplus was consumed in the enormous advance in the price of paper and other material. Therefore, the net profit from the printing office is about the same as last year.

We recommend:—

First_____That all Sunday-schools take a monthly offering for the Orphanage.

Second____That at the Thanksgiving time, every man, woman and child give the price of one day's work or income, as an offering to the Orphanage.

Third _____We heartily recommend Charity and Children to our people and ask that Superintendents of the Sunday Schools increase the number of copies for distribution and urge their young people to read the paper and learn about the work of the Orphanage.

Respectfully submitted:

On motion to adopt this report, the Association had the pleasure of hearing Editor Archibald Johnson speak on the Orphanage. The report was adopted. After a quartette, which was greatly enjoyed, Bro. Redwine read the

following report on Christian Education:

North Carolina Baptists are just begining to realize that, in the field of education, we are confronted with a great task that calls for an aroused, a united and an enlarged interest. In fact we face a crisis in our denominational life and development, a crisis that calls for the very best there is in the great Baptist host of North Carolina.

In the past we have been committed to the policy of providing advantages for young men who are called of God to preach the gospel and who are desirous of an education to better equip them for the work of the Gospel Ministry. Our forefathers who founded our older institutions of higher learning had in view an educated ministry. They believed that religious zeal should be accompanied by a trained mind—that inspiration is made a greater power, more efficient and more commanding of self-respect by education.

Iu launching new educational programs, we should never lessen our zeal one whit for the primary object which led us into the field of education, but rather we should become more zealous for an educated ministry. There is need today for a revival of interest in Ministerial Education. This interest should be directed toward three things:

1. The school with adequate equipment for proper advantages in training.
2. An open way to the school, an opportunity for an education placed within the reach of every God-called man.
3. Encouragement, insistence, and all but compulsion brought to bear upon every uneducated candidate for the ministry to bring them into the schools and properly train them for their great work.

While the education of the ministry is still of prime importance, yet the demand for laymen who shall possess the finest culture, consecrated to the Kingdom, is so urgent that we are forced to enlarge our field of educational work.

The denominational school has been the pioneer in higher education in this country. One hundred and four of the first one hundred and nineteen colleges in the United States were Christian colleges. When our colleges numbered four hundred and fifteen there were fewer than one hundred that were not denominational. These colleges have grown until three of the leading denominations in the South now have school property amounting to more than $34,000,000 and endowment amounting to nearly $15,000,000. There are in these schools over 64,000 young men and young women. These schools have furnished a far larger number of leaders in the industrial, political and religious life of our country than any other class of schools in proportion to enrollment.

Southern Baptists have invested in school property about $13,000,000. These schools have $6 385,000 of endowment. In them are 1,430 teachers and 23,514 students. These schools report actual need

of at least $6,000,000. Seventeen of these schools are in North Carolina, three colleges and fourteen high schools, with a teaching force of nearly 200 and an enrollment of 4000 students. These schools have done and are still doing a great work, making a general contribution to the life of the denomination and the life of the state. The attendance has been on the inc rease from year to year.

What of their future?

From various quarters the attacks come thick and fast against the denominational school. The tendency of the age is to forget that man has a soul and body, both of which should be taken into account in the educational process. There is very much sentiment in favor of education of the purely secular type. This often leads to open antagonism of the denominational school. We are seriously handicapped by being unable to compete, financially, with highly endowed secular schools.

Is the denominational school needed? We contend that it is, for these reasons:

1. It is the only school that can have a definite and positive Christian aim.
2. The only school where the Bible is exalted to a commanding place in the curriculum.
3. The only school that can insist that every member of its faculty is a pronounced and active Christian.
4. The school where persistent effort is made to bring every non-Christian to accept Christ.

Taking into consideration our time-honored tradition of strict separation of church and state the denominational school is the only school that can teach the doctrines of the Bible and the principles of religious truth.

After more than thirty years of work on the mission field, Judson said that if he had money he would give it to Christian education. He believed that money given to this work would do more in building up the cause of the Kingdom than money given to any other work.

Be it resolved:

1. That we commit ourselves to the task of equipping our schools, both colleges and high schools, for doing the most efficient work possible, even to the extent of enthusiastically "doing our bit" in the campaign to raise a $1,000,000 endowment for our schools.
2. That we give our hearty support to Ministerial education, both by providing opportunities for all students for the ministry and by insisting that all prospective candidates for the ministry avail themselves of these opportunities.
3. That in the present great war crisis we do what we can to relieve unnecessary alarm on the part of prospective students and urge a full

and increased attendance at all of our denominational schools.

Respectfully submitted;

The report of the Executive Committee was made by Bro. Swaim. The total amount received was $1015.35. The total amount disbursed was $625.67. The amount on hand is $389.68. A vote of thanks was given Bro. Swaim for his efficient service as Associational treasurer.

T. H. King made a report on the digest of church let-

ters. It was moved and carried that the clerk be instructed to have printing done to best advantage, and that any deficit be made up by the Associational treasurer.

The report on State Missions was read by Dr. Brown as follows:

REPORT ON STATE MISSIONS.

Our State mission Board is in a most hopeful and promising condition when we consider the peculiar difficulties it has had to face within the last few months. Floods and flames, political campaigns and all kinds of excitement incident to the war situation have frightened some of our people and diverted their minds from the one great question or making the Kingdom of God first in our thoughts and plans. It is a good time to remember what David says, "Though an host should encamp against me my heart shall not fear, though war should arise in this will I be confident." "Truth is always on the scaffold and wrong is ever on the throne but behind the shadows, in the dim unknown, standeth God, keeping watch over his own." Eleven thousand five hundred and sixty-eight sermons have been preached by our missionaries, 319 churches and 116 outstations have been served.

There have been two thousand two hundred and eleven baptisms and one thousand five hundred and eighty-three have been added by letter on our mission fields in this state. Forty one church buildings are in process of erection and 7 churches have been organized. Encouraging amounts have been raised for the various departments of our denominational work—such as the Orphanage, Christian Education, Home and Foreign Missions. Our mission churches are receiving an all-round development. $54,855.50 was raised last year for State Missions. Owing to the high cost of living many of our missionaries have had to make great sacrifices to continue the work of the Lord on their respective fields of labor. Enlistment work has been supported in the Eastern and Western parts of our State. Evangelistic campaigns have been conducted, Missionary Institutes and pastors' conferences have been held, contributions to benevolent objects have been increased, denominational schools have been maintained and patronized and the spirit of the forward movement has been inculcated among all the people. We shall need to bear in mind that we will be expected to raise $47,500 for State Missions this year not including $2,750 for Sunday school and Associational mission work.

It is the earnest desire of our corresponding secretary that all our churches begin to raise all their mission collections immediately after the State Convention, and press these collections until the meeting of the Southern Baptist Convention in May. This arrangement, he thinks, will help to solve some of our denominational problems. It will give some of the best months in the year for collections for State Missions and make way for the cause of Christian Education to get

the ear of the people when no other object is being stressed. This will necessitate a change in the time for the meeting of our State Convention. He also desires that all applications for aid from the State Board of Missions be sent forward six or seven days before the meeting of the State Convention so that the Board can know, at the Convention, how much money will be necesssry to take care of our state work

There are several things which need special emphasis. One of these is systematic giving to all the objects of our convention. Noth ing can be done well without system. Any system poorly worked is better than no system at all. Let the pastor have a conference with his brethren and decide on something definite and do it. The spas. modic, haphazard method of taking collections is doomed to inevitable failure. Your committee would call attention again to the desirability of compact fields for our pastors. This will save time, expense and waste of energy.

Our pastors should be better paid that they may give themselves wholly to the work of the ministry. Much of the failure of the past has grown out of the fact that the pastors were not sufficiently paid to enable them to give the time and attention necessary to the best development of their fields. The wise pastor is the man who knows how to harness all the available forces, in his church, for the growth of the kingdom of God in the community where they work. It may be well to have occasional conferences among the pastors of a given district to compare plans and decide on. definite lines of action to be taken. We should never lose sight of the destitution within our bounds. Our supreme business here is to give the gospel to those who do not have it, whether in the home land or "the regions beyond." With a fixed and steady purpose to do these thinge let us hasten to our undertaking in our Master's name.

H. A. Brown,
C. H. Durham.

On motion to adopt this report, Secretary Walter N. Johnson addressed the Association on State Missions.

The Moderator appointed the standing committees as they appear in the minutes.

Th Association adjourned with prayer.

WEDNESDAY AFTERNOON SESSION.

The Associatlon was opened with prayer.

The Committee on Time, Place and Preacher recommended that the next session of the Association meet with the First Baptist Church in Mt. Airy Wednesday before the first Sunday in August 1918; that the associational

sermon be preached by Rev. V. H. Harrill, alternate, Rev. R. E. White. Bro. D. F. King moved to amend the report so that the Association will meet on Friday and include Sunday. The amendment was lost. Another amendment was offered that the Association meet each year on Tuesday before the first Sunday in August. The amendment was adopted; and the report as amended was adopted.

The report on Home Missions was read as follows:

REPORT ON HOME MISSIONS

Total receipts of Home Board last year were $344,348. Of this amount North Carolina gave $29,824. The Pilot Mountain Association giving to this amount $1459.35.

The task of the Home Board is immense. The territory served by the Home Board embraces 100,000 square miles, and has in it about 36,000,000 people.

A large part of the work of the Home Board is done co-operatively with the state boards of mission through out the the Southern Baptist Convention. One department of this work is church extension. There are four thousand homeless churches that need help in building. The Home Board is going to raise $1,000,000 for this purpose The women of the South are proposing to give one-third of it, very nearly half of the amount is in hand. All of our Baptist churches ought to stand by the Home Mission Board, because of this one help, for it comes to our people in a time of need.

Evangelism: 20,709 baptisms were reported last year by this department, and twenty-eight evangelists, at work in the different states. This part of the work is growing in interest, and is going to be felt all through the South.

Mountain Schools: There are thirty four schools, one hundred and seventy seven teachers, 5,319 students, 94 ministerial students. In North Carolina are located nine of these schools, which have fifty-five teachers and 1610 students.

The Board has organized in Cuba 43 churches, with a membership of 1876. This work needs close attention. Panama has 9 churches, Their work is reaching the foreigners, negroes and Indians.

Your committee would recommend that every church, in the Pilot Mountain Association, have a special collection for Home Missions during the coming year, and that the report given out through the minutes of the association on Home Missions be, read by the pastor of each Church, before the collection, so that the people can have some idea of what the Home Board is doing and the importance of the work.

Fraternally submitted
C. C. HAYMORE
J. W. SIMMONS.

Bro. C. J. Thompson addressed the Association on Home Missions.

Bro. W. N. Johnson made an interesting talk on Woman's work. A motion was carried to defer the printing of the minutes so that a record of the Woman's Missionary Union of this Association could be included in the minutes.

The Association adjourned with prayer.

WEDNESDAY EVENING SESSION

The Association opened with prayer by Bro. T. O. Hauser.

Bro. Durham made a statement to the effect that Brethren C. M. and G. W. Wall have donated the property of Liberty-Piedmont Institute to the Baptist denomination. It was moved and carried that the Executive Committee give due attention to the recommendation in the report on Sunday Schools relative to grouping the schools for institutes. The report on Foreign Missions was read by Bro. S. F. Naff, as follows:

FOREIGN MISSIONS REPORT.

The work of the Foreign Misson Board has in many respects surpassed that of any previous year. The Baptists of the South came to the help of the Board in great numbers and with fine enthusiasm.

Total receipts for the year amounted to $751,356.57. Including the work of the Judson Centennial Fund the total was $964,186.96. The Board handled last year, not including the amount raised for the debt, or the amount collected on the Judson Centennial notes $56,767.52. Of this amount $529,405.03 actually reached the Foreign Field. There was a saving in expense over the previous year of $9,940.94. 90-6 10 cents of every dollar given to Foreign Missions actually reached the Foreign Field, leaving 9-3 10 to meet all home expenditures.

The number of our churches now total 458, with a membership of 47,161. The native contributions during the year amounted to $132,371.00 There were 6,347 baptisms. We have 307 missionaries and 809 native workers, who conducted 474 schools of grades, which had an enrollment of 12,930 students. Our 15 Medical Missionaries treated 57,526 patients.

Some of these figures are to some extent encouraging but when we turn our eyes upon the great field and its tremendous needs we begin to feel that we have hardly begun the work that ought to be

done. We are vow spending $25.00 for christian work among thirty-six million people where christanity is strongest, to one dollar that we are putting into the work among a Thousand Million people on the Foreign Field who represent incomparable need. There is immediate need for 29 evangelistic families, 7 women evangelists, 9 doctors 6 trained nurses, 20 school men 15 school women, 3 kindergartners, 1 Sunday School training worker, 1 building supervisor, 1 business manager,

Let us lift up our eyes and look again upon the great white field and try to get a new vision of the supreme importance of the work to which God has called us.

Respectfully sugmitted.

S. L. NAFF.

On motion to adopt this report. the Association was addressed by Missionary Leonard, of China, who is supported by Oxford Baptist Church. It was moved and carried that the Treasurer be authorized to pay the Clerk $25 in consequence of the shortage in the minute fund this and previous years.

On motion of Bro. Staley, the Association endorsed the movement to raise in the Association the amount necessary to put the roof on the Kernersville Church. The following resolution was adopted:

Resolved: That the thanks of the Association be extended to the members of the Kernersville Baptist church and the citizens of Kernersville and vicinity for the generous hospitality extended to the delegates and visitors to this Association. The resolution was heartily adopted. On motion the Association adjourned with prayer by Dr. Brown.

PROCEEDINGS

The thirty third annual session of the Pilot Mountain Baptist Association met with the First Baptist Church, Mount Airy, July 30 at 10 o'clock. Devotional exercises were conducted by Rev. S. L. Naff.

On motion,the Association proceeded to organize. Rev. Fred N. Day was unanimously we elected Moderator and Rev. V. M. Swaim,Treasurer.

Rev. C. H. Durham made a report on order of Business, which was adopted.

The report of the Biblical Recorder was read by Rev. S. L. Naff as follows:

REPORT ON BIBLICAL RECORDER

This is the day when information is disseminated by the printed page. Tons of printed matter is being scattered over the country by the government each week to awaken interest in the war. In addition to what the government sends out, a vast amount is being circulated by benevolent organizations, such as the Y. M. C. A. and the Red Cross.

Newspapers are in great demand now, and are read with great avidity. Many of our citizens would do without breakfast sooner than fail to read the morning paper. Not only do these papers bring to our doors the news from the battle front, but they also stir the patriotism of our people, and enlist them in war measures which the government is undertaking.

All this is important, but we must not neglect the duty of informing ourselves about the things of Christ's Kingdom because the world is wrapped in the smoke of battle. On the contrary, it behooves us now, as never before, to put Christ and His Kingdom first. This we cannot do unless we become informed as to these things of vital importance.

No North Carolina Baptist can be intelligent about the work of the denomination in this state unless he reads the Biblical Recorder. This paper is the medium of communication among the Baptists of the state. It carries information about every department of the work, and this information can be had nowhere else except in its columns.

But aside from the information it contains in regard to our denominational work, the Recorder is needed in the home to counteract the the influence of the pernicious literature which is being scattered

without money and without price. Russellism, Mormonism, and the Christian Science cult are all actively engaged in propagating their dangerous doctrines by the distribution of their literature. No Baptist home should be without some literature that will stand for the truth as it is given to us in the Word of God.

It is the opinion of your committee that no family can invest two dollars more wisely than by mailing a check for that amount to Mr. J. S. Farmer, Business Manager of the Biblical Recorder, in order that it may become a weekly visitor to the home.

As much as the Recorder may need you, you need it far more. For the sake of the Kingdom of our Lord, for the sake of your family, and for the enrichment of your life, you should subscribe for and read the Biblical Recorder.

Ressectfully submitted:

J. CALVIN TUTTLE
B. R. MARTIN } Your Committeee.

On motion to adopt this report, Brethren Naff, Haymore and Durham spoke on the Recorder.

On motion of Rev. C. H. Durham, the associational year will close the last day of June and the Clerk is instructed to make his report from such information as he may have in hand before the Association meets.

Rev. V. M. Swaim read the following report on Old Ministers Relief:

OLD MINISTERS RELIEF

Perhaps the most neglected phase of our benevolent work as a denomination, is that of caring for our aged and worn out Ministers. Perhaps, too, one of the most important phases of our benevolent work a denomination, that of caring for our aged and worn out preachers of the Gospel. They are the servants of the most high God, as which show unto us the way of salvation. The aged ministers of to-day are the men who defended the cause of our blessed Lord and Master from the mountains to the sea. When the cause of our Lord needed men for its defence, the aged Ministers who are living among us to-day are the men who could and did defend it. They built well and securely upon the only foundation that can be laid, and that is Jesus Christ.

We sometimes boast of our numerical and our financial strength, but I fear that we sometimes forget the men who made this possible. Let us not forget, dear brethren, that we are building upon the foundation of other men. We have simply entered into their labors. They did the sowing we are reaping the glorious harvest.

T he Lord declares in His Word that the very feet of them that preach the gospel of peace and bring glad tidings of good things are beautiful. The true preacher of the gospel is one who brings us good tidings, that publisheth peace, if he has to go on foot and climb the steeps to perform his great mission. The bringing of good tidings, and the publishing of peace. bring to the hearts of men joy unspeakable. Even so hath the Lord ordained that they that preach the gospel shoul dlive of the gospel. What is the gospel? The gospel is a revelation of the grace of God to fellow men through Jesus Christ His Son. It is the application of that grace in the accomplishment of mens redemption. No wonder, then, when the preachers heart is filled and thrilled with the vital importance or the message he is to carry forth that he becomes ready and willing to make any sacrifice on his part to carry it forth to the children of men. Should thev not be well cared for and amply supported?

As a nation, we are spending countless millions for the equipment of war implements and the protection of our army—our boys in the camps and at the front, and I, for one, am proud of it. I thank God for it. But our boys at the front—your boys and mine, are only defending the cause which was dear to our aged ministers for which many of them would have sacrificed their own lives—Religious liberty and freedom.

Last year we had 36 on the Board. The Baptists of the whole State gave for their support only $5,700, which was $158.33 1-3 for each man. We ought to feel ashamed. The Methodists raised $26,000 for this cause and they are ashamed of that and are determined to raise vastly a greater amount. What shall we do?

At the last Baptist State Convention held in Durham it was recommended that the Convention urge each church to give to this object an amount equivalent to five per cent. paid to its pastor. We can do that in this Association, and we should do vastly more than we have been doing so that the last days of our aged and worn out ministers may be spent in comfort and ease.

Respectfully submitted,

V. M. SWAIM.

Following a motion to adopt this report, remarks were made by Brethren Swaim and Taylor. The report was adopted.

The following report was submitted by Bro. R. E. White and Mrs. Roddick on Woman's work:

REPORT ON WOMANS WORK.

Grateful to our Heavenly Father for the blessings of the past and

for the enlarged opportunity of service today, we realize that we stand at the beginning of a new era in mission history.

There has come to us all, a realization that only the gospel of Christ can meet the great problem of reconstruction that will follow the close of the war.

In our home land as well as in other countries there is a feeling that we must meet the immediate demands for relief of the physical needs of those suffering from war conditions and while it is in our hearts to render our government our fullest loyalty, yet this must not be done at the expense of the Kingdom of Christ.

In view of these facts we trust this year that we, as an association, may enter into a larger service for the King. The Woman's Missionary Union of the Pilot Mountain association would emphasize the importance of enlisting and informing the women and children of this association, along all lines of mission work, and that we endeavor to secure systematic contributions from every woman and child in our churches. That a monthly offering be made and a special offering for Foreign missions in January, Home missions in April, and state missions in September, as a means of spiritual, as well as, financial developement of our Christian forces in the church.

It is with gratification we review the past years work. which has manifested the growing interest of our women of this association in all departments of our mission work.

In some societies practically every form of service helpful to a community is rendered. So a report in figures can only give a part of the work accomplished.

This year marks the thirtieth anniversary of the organization of our women, and in these thirty yerrs they have contributed to our general work the sum of $,5085,877.87.

Contributions for the past year were as follows: Foreign Missions $232,996.68, Home Missions $148,831.18, Home Mission boxes $11,088.99, Louisville Training School $67,579.97, Margaret Educational Fund $1,919,54, Sunday School Board $1,671.15, Jubilate funds, Home and Foreign $51,824.22. Total $515,721.73.

Over 2,500 new societies were organized during this year about three-fifths of them among the young people, which is a healthy sign, as it shows that our young people are being enlisted in mission work.

There are now 16,000 societies in our churches. The splendid home of the Louisville training school costing $15,000 was dedicated last May during the session of the Southern Baptist Convention. This will provide the same splendid training for our women that is provided by our seminary at Louisville for preachers and will furnish in the years to come, a corps of trained women as workers, both at home and abroad.

There was distributed during tbe year a vast quantity of literature. The grand total of leaflets, pamphlets etc, being 1,182,835.

The personal service committee reports that during the year 160 societies helped in the 32 good will centers, 211 helped in mission Sunday schools, 44 in Home makers clubs, 829 in cottage prayer meetings, 33 in cheer-all clubs, 36 in boys clubs, 46 in industrial schools, 400 in rescue work, 412 in sewing for the poor, 197 in Americanization work, 193 among prisoners, 488 among negroes and 584 through the Red Cross and other war relief agencies.

Our union during the past year not only reached but passed its financial aim. $500.00 was given to the church building and Loan fund as a memorial to our beloved, Julia Brown. We have 24 active womans missionary societies, 4 Y. W. A's, 14 Sunbeams, 2 Royal Ambassadors, with a total membership of 1,321 enlisted in mission work. The Supt. held 25 meetings during the year, traveled 400 miles in the interest of missions. Sent out 200 letters and 200 report blanks to the leaders of the various societies, 5 new societies were organized and the contributions. They made over 249,000 visits, held over 8,000 religious serviers with over 1,300 conversions, distributed over 14,000 bibles and 261,000 pieces of literature, made 31,000 garments and distributed over 14,000 baskets of food.

This prodigious amount of work is reported by only 1,845 societies What would be the figures if all the societies who are doing this kind of work should make full reports?

If we would measure up to our responsibilities we must set our hearts to the great high-way that leads to the 40 unenlisted churches of our association. The history of our past acheivements in missions is the history of what God has wrought through the foundations laid by the pastors of this association and to them I would earnestly and prayerfully commend the work. With a faith that by their united efforts we may see the woman forces of our churches enlisted united, consecrated in a spiritual warfare against sin, that knows no discharge but one that has an abiding faith in the coming of the Kingdom and the over ruling providence of God.

Respectfully submitted,
Mrs. J.J. Roddick
Supt. of asso.

Pending a motion to adopt this report, Brethren R. E. White and J. B. Weatherspoon spoke on Woman's Work. The report was adopted. Bro. Smoak spoke of beginning a church at Rural Hall. Remarks were made also by Brethren Haymore and Day. Brethren Haynes and Hall spoke of the work at Peters Creek, Brethren Taylor and Day

spoke of our work in South Leaksville. Bro. Smoak spoke of his work in Germanton.

The association gladly heard Dr. Hobgood on Oxford College. The association adjourned with prayer by Bro. Fox.

TUESDAY EVENING SESSION

The associational Sermon was preached by Dr. J. B. Weatherspoon from Eph. 2:10. It was an able, helpful, inspiring sermon.

The following report on the Orphanage was read by Bro. J. B. Stanley:—

REPORT ON THE ORPHANAGE.

There is no organization of the Kingdom that touches our hearts like the Orphanage.

The work of this great institution sustains the same relation to our denomination as the home does to our social and religious life.

(1st) **The Physical.**

We fully realize that the children must be fed, clothed, and kept in a good state of health. Therefore, both physician and nurse give their bodies constant attention, and we feel profoundly grateful to our Heavenly Father for the excellent care these children receive. Health conditions were never better. Naturally children are susceptible to the usual diseases. Last winter there were 132 cases of measles, but there were no complications. One of the large girls is at the State Sanitorium. Her improvement is not encouraging. Let us remember her needs in our prayers.

In our two homes there are 497 children.

51 of these are at the Kennedy Home.

64 were received during the year.

41 were returned to relatives.

4 ran away.

2 expelled.

12 went to High School.

10 took positions.

Along side the Physical stands the Mental. This must keep pace with the physical development. During the past year good work has been done in the school. A Business Course has been added which contributes much to the practical needs of the boys. The addition to the school building of two class rooms and a large basement furnish splendid school equipment.

The Spiritual Side is also an essential feature. Dr. Mercer the splendid pastor does his best to keep the standard of Christ before them by his timely messages and visits. Over 40 were added to the church by the meeting of Dr. Dew.

The B. Y. P. U. Work continues to grow. Prayer and meditation create a spiritual atmosphere at the Orphanage.

The war with its sorrows and burdens has brought privations to the inmates: but they are borne with cheerfulness.

In passing we must take a view of the **Material Side.**

Plans have been made for the enlargment of the Miles Durham Nursery, of which Mr. J. A. Durham is the donor. A generous gift from Mr. C. E. Wilkins of Greensboro, for a play ground outfit has furnished pleasure for the little folks.

The supervision of the farm is in the hands of Mr. J. R. Black, who is in sympathy with the education of the farmer boys as well as the best methods of farm development.

The sewing room and shoe shop have rendered good service.

The Kennedy Memorial Home is superintended by Bro. Theo. B. Davis who is filling the office creditably.

The Hardee Building erected by Mrs. Kennedy has been completed and when furnished will be ready for the boys.

The chapel in process of erection is hampered by lack of funds and labor. School rooms are badly needed here. The farm has been yielding a handsome profit, stock raising is becoming one of the principal features of the farm life.

We are sorry to record the death of Mrs. Kennedy, after a long and painful illness, she departed to be with her Lord. She left her Cadillac car and beautiful boat at Morehead City to be sold, and the proceeds to be used for a library to be placed in the Hardee Cottage. Mr. Kennedy will carry out her wishes at once.

Your committee recommends that:

(1) Orphanage Day be observed in each of our schools during the months of October or November, and our people urged to give at least the amount of one day's work or income.

(2) That we encourage our people to visit the Orphanage once during the year, and to pray daily for the little ones.

(3) That we plan to increase our subscription lists to Charity and Children.

(4) That all Sunday schools of our Association that are not already doing so be urged to give one Sunday's collection each month to the Orphanage.

Respectfully submitted,

J. B. STANLEY, Committee

On motion to adopt this report, the Association gladly

heard Editor Archibald Johnson of Charity and Children. The report was adopted, and after announcements, the association adjourned with prayer.

WEDNESDAY MORNING SESSION.

Devotional Exercises were conducted by Bro. C. M. Beach, after which the association was called to order by the moderator.

The following resolution was offered by Bro. Durham:— That the Pilot Mountain Association be divided into three or four sections for Fifth Sunday meeetings and that a plan be worked out for some kind of Teacher Training at each fifth Sunday meeting. After discussion by Brethren Durham, Weatherspoon, Wall, Beach and D. F. King, the resolution was adoped. A committee consisting of C. H. Durham, J. B. Weatherspoon, C. C. Haymore and C. M. Beach was appointed to carry out the plan.

Dr. Cullom addressed the Association on "Following the Heavenly Vision."

The Rules of Order and Constitution were read.

The report on Sunday Schools was not in hand. C. H. Durham, T. H. King, C. M. Beach etc made speeches on Sunday Schools.

The Report on State Missions was read by T. H. King, as follows:

REPORT ON STATE MISSIONS.

The year through which we have just passed was memorable in our denominational history. The last session of our Baptist State Convention and and our Southern Baptist Convention revealed a large advance in amounts given in benevolent objects and in plans adopted for a greater work in the future. The money appeals made by the government for money to help carry on the war and the hearty response given to these appeals have opened the eyes of our people to the fact that we have been playing with the work of advancing our Redeemer's Kingdom in the world. The work for the present year has been projected on a much larger scale. We are being waked up to a realization of our larger possibilities in this crisis when sacrifice and self denial have become watchwords.

The State mission report at our last Convention shows that 283 churches were served by 101 missionaries—that 1,764 persons were baptised, and 2,215 were received by letters in these churches. There were 11 houses of worship completed while 37 houses are in process of erection. Fourteen new churches were organized. It is interesting to mention that there were 178 "Every member canvasses" and 133 meetings in which the churches of a pastorate came together for inspiration, Conference and cooperation. More than 45000 dollars were expended in our State mission work last year. The evangelization of all our people should be the slogan of every pastor, missionary and church member within our bounds. We need such a consuming passion for souls as will enable every one to say "The zeal of thine house hath eaten me up."

One of the most important questions that can engage our attention is "How we can enlist a larger number of our people in the work of our denomination." Gratifying progress has been made but this is only a fortaste of what still remains to be accomplished. Many of our people need to be aroused to a realization of their possibilities and their obligations. They are like a sleeping giant who does not know his reserve strength which might be utilized for large advantage. Comparisons are often odious but it might be well for us to know that some other denominations with fewer members than we have and with less financial ability are doing more than we are for the spread of the gospel in the world. An every member canvass in every church would reveal conditions which few of the members ever thought could have existed in the church.

Mission training classes have done much in the development of many of our women and if some similar agency could be made effective among our men it would do much to wake them up to a sense of their responsibility in the Kingdom of God. During the past year a number of training schools have been held in different parts of the State for the benefit of our pastors and ladies. They have been well attended and much good has been accomplished. It is hoped that other schools will be held and that many more of the pastors will avail themselves of the benefit to be derived. Pastors sometimes perish for lack of knowledge. We must not say they do not want to develop their churches, for they do, but they do not know how to do it. They need to come in contact with men who do know how and with new and up-to-date methods of doing church work.

Old truths must be dressed up in new clothes if we would make them attractive to a new generation of men and women. New wine must not be put in old bottles. It has been suggested by some thoughtful men that a change is desirable in the conduct of our fifth Sunday meetings. If these meetings could be made training places for pastors and people and they could be brought in touch with new

lines of thought and new methods of doing things, the attendance would be increased and the good done multiplied many fold. It is worth while to think along this line. The work of grouping our churches into compact fields needs to go on until all the churches come to see the great benefit to be derived from such an arrangement. Time and labor will be saved and more effective work will be done.

It is pleasing to note that many of our churches have increased the salaries of their pastors. This is as it ought to be. Church members have no right to expect that their pastors should come for the same they received five years ago unless they are willing to take the same for their products that they received at that time. To require them to do it is, in many instances, to subject them to great privation.

The board of missions is undertaking to do some Colportage work in some of the Associations. There is need for something of this kind in many places. One of the best forms of Colportage work is to increase the circulation of the Biblical Recorder among our people and get it in every family. With our loins girded and our faces front we address ourselves to the work set before us.

H. A. Brown
W. H. Wilson } Committee

Pending a motion to adopt this report, remarks were made by Bro. Arrington with regard to his work at Simmons Grove.

On motion of Bro. Haymore; the treasurer was ordered to pay Bro. Arrington thirty-five dollars for his work there the past year.

A resolution was read before the Association as to the steps taken by Wake Forest College to introduce military training in the College. At the request of Dr. Weatherspoon, Dr. Cullom was asked to state the position of the college, which he did with great satisfaction to the association.

The Association adjourned with prayer.

WEDNESDAY AFTERNOON SESSION.

The Association was opened with prayer. A motion was made to change the time of meeting. The motion was lost.

The discussion of State Missions was continued by Sec. W. N. Johnson.

Bro. W. N. Johnson offered the following resolution which was adopted.

RESOLVED

(1) That the Pilot Mountain Association join heartily with our Board of Missions in the effort to add 12,000 new subscribers to the list of the Biblical Recorder; that this Association undertake to secure 400 of these and that this number of new Recorder subscribers be apportioned to the churches of this Association at the rate of one new subscriber to every twenty members; that the number of new subscribers apportioned to each church be sent by the delegates directly from this session of the Association to the churches with the request that each church take this vital matter up at its first conference after the Association and pass on it and arrange to secure its portion of these new subscribers at once.

(2) That, in order to get more of our people to reading about our great Baptist work, and as an aid in getting these 12,000 new subscribers for the Recorder we urge the churches to take clubs of the Monthly Bulletin printed by the Board of Missions, each copy each month enclosing also a great Tract, at the rate of one dollar (1.00) per dozen per year and to distribute same among their members.

(3) That this Association co-operate with the Board of Missions in the conduct of uniform simultaneous Schools of Pastors and Workers throughout North Carolina each year and that we seek to locate and operate at least one of these schools within the bounds of this Association this year.

Dr. Cullom spoke on "The Church in the Present Crisis." A hearty vote of thanks of the Association was extended to Dr. Collum for his splendid address.

W. S. Reece Esq. Moderator of The Surry Association, was recongnized and welcomed.

A collection was taken for Peter's Creek church which amounted to $25.55.

Bro. Naff read the report on Home Missions, as follows:

HOME MISSION REPORT

While the Home Board has been making wonderful progress during the past year, the changes incident to our participation in the

World War have made the work doubly important and the demands thrice as great.

Contributions made to the Board last year amounted to $583,996 which was nearly $200,000 in excess of the preceding year. There were 31,000 baptisms reported last year, showing an increase of more than 400 per cent in the last fifteen years. The Board began the year with a debt of $38,185.03 and came to its close with no debt and a small balance in the treasury. Thirty-six mountain Schools with an enrollment of 209 workers and 5,190 students, 110 of whom are Ministerial have been maintained. We have kept in the field 1.154 White and 43 Negro missionaries during the year. There has been received for Church Building Loan Fund in cash and subscriptions $310,000.83 and there have been 505 churches built and repaired.

The work that deserves special note and needs great emphasis at this time is the work at the various camps. In these Camps we have 57 workers who have delivered 1,875 sermons and addresses, made 12,076 religious visits, distributed 34,670 Bibles and Testaments and baptized 1,258 persons. It is impossible to estimate the value of this work. Many mothers who have traveled long distances to see their sons will not forget the aid given them by the Camp Pastor and many a son will go to France prepared to meet God who was led into that state by some Camp Pastor.

The above figures may be encouraging to us but if we will look out on the Field and get a vision of the work that will forever go undone because of the lack of necessary funds, I am sure we will want to do more than double our contributions and give the best that is in us to this great cause.

To every church house that has been built and repaired there are ten that are needed to be built and to every dollar received for this purpose there have been five asked for.

While we have 57 workers in the Army Camps we ought to have 500 and to every boy who is led to Christ by these workers, scores of them go through Camp life and on to France without receiving a word of comfort or admonition from these brethren whose help they so much need. There are over 1,500,000 men in France today from America. How many of them do you suppose our 57 workers have been able to get in touch with? There doubtless never was a time in the history of our Country when the hearts and minds of our young men were more ready to receive the message of Life, than while passing through the Camps.

"O, the good we all may do, while the days are going by"

and

O, the opportunities that are passing, while the days are going by.

Respectfully submitted,

S. L. NAFF,

Pending a motion to adopt this report. Bro. Naff spoke on Home Missions, after which the report was adopted.

The Report on Foreign Missions was read by Bro. Redwine.

REPORT ON FOREIGN MISSIONS

Go ye into all the world and preach the gospel," is God's command to the churches. The answer of the churches, the literal fulfillment of that commission, is missions.—ALL MISSIONS.

Foreign missions is administered by the Foreign Mission Board, of Richmond, Va., with Dr. J. F. Love as Corresponding Secretary. Our board is doing work in seven great fields, Africa, Argentina, Brazil, China, Japan, Italy and Mexico.

God is signally blessing the work of the Foreign Mission Board both at home and on the fields. Even the war seems not to be hindering this great work. For this we should be profoundly grateful to God.

The receipts for current support for the past year have been $852,923.73. This is a gain over last year of $294,362.26. At the last convention, for the first time in ten years, the board was able to report no debt, and for the first time in the 73 years of its history, it reported gifts of more than a million dollars for its work. A very gratifying fact is that $152,374,16 of this amount was raised on the foreign field. Virginia and Texas set worthy examples by giving over $100,000.00 each.

On foreign fields there were 6,200 baptisms last year. We have now 454 churches on all the fields, of which 141 have assumed self support. We have a church membership above 53,000, with 715 Sunday Schools, enrolling more than 34,000 scholars.

In other schools we have enrolled nearly 9.000 scholars.

Theological schools on all our fields are rendering a great service in training the natives for Christian work.

We have but few Doctors, and yet these gave over. 100,000 treatments last year. That meant the treatment on an average of over 15 patients per day by each physician. Gods blessing upon the work is his challenge to us to enlarge it.

Eighteen new missionaries were appointed in June, and many others are greatly needed. Doors of opportunity are open every where.

As never before the cry is: "Come over and help us."

A heartbroken and bleeding world is holding out its hands, groping in the dark, seeking for "an unknown God."

The Southern Baptist Convention in session at Hot Springs in

May decided that in order to take care of our foreign mission work, Southern Baptists should be requested to give ONE AND A HALF MILLION DOLLARS to the cause before the next meeting of the convention. Compared with what we have been doing, this is a big iucrease. But compared with Southern Baptist numbers and wealth, and what we are doing for other objects, it is small.

The foreign mission fields represent a thousand million of the most needy and destitute people on earth. For them, foreign missions includes education, social sevice, church building, current expenses and in fact every thing that is carried on in our home land under the head of Christian work.

It is urged that every pastor and church in the association shall lay this work upon the hearts of the people calling attention to the goal that is set by the Southern Baptist convention a 75 per cent increase in foreign missions this year.

It is recommended that the churches of this association make a definite increase in their contributions to foreign missions, and that we earnestly undertake to raise a worthy part of the MILLION AND A HALF DOLLARS.

It is further recommended that every church undertake some educational work on the subject of missions. The HOME AND FOREIGN FEILDS, price 50 cents per year should be read by more of our church membership. The foreign mission board furnishes some of the very best mission literature free of charge. Classes might be organized for the study of special books on missions.

Let us unite our teaching forces, our giving powers and our prayers to God for the enlightening of our minds, the strengthening of this work and the deepening of our spiritual lives.

Respectfully submitted for the Committee,
RICHARD K. REDWINE.

On motion to adopt this report, remarks were made by Dr. Taylor. The report was adopted.

The Association requested Bro. W. N. Johnson to speak on Education at the night session. The Association excused the moderator for the night session. The Committee on time place and preacher recommended that the next session meet with the Salem Baptist church Tuesday before the First Sunday in August, 1919: the sermon to be preached by Dr. J. J. Taylor, alternate, S. F. Morton The report was adopted, after which the Association adjourned with prayer.

WEDNESDAY EVENING SESSION

After devotional exercises the Association was called to order. A digest of the church letters was read by the clerk.

The report on Christian Education was read by Bro. C. M. Beach:

REPORT ON CHRISTIAN EDUCATION.

What is Cbristian Education? A very good definition of Christian Education is given by Dr. J. W. Gillon in his recent tract on "The Battle of Christian Education." Says he: "Christian Education is that education which magnifies christian invironment, christian atmosphere, christian teachers, christian effort, christian character, and christian truth while imparting instruction in any department of a college or university education. To furnish this education the institution must be denominational and furnish denominational education, for there can be no such thing as Christian Education apart from denominational schools, if we are to credit the testimony of history. History records the deeds of no school except those under denominational control that has ever produced Christian Education."

In our own country, colleges under denominational control have played a larger part in the field of education. Statistics show that of the first 119 Colleges I04 of them were christian colleges. When the number of christian colleges reached 415, there were fewer than 100 that were not under denominational control.

"Eight of the nine justices of the United States Supreme Court are college men; of these eight are from christian colleges."

It is said that 19 of the 27 presidents of the United States were college men, and 17 of them were trained in Christians colleges.

Sixty-nine per cent of the men of prominence in "Who's Who in America" came from denominational colleges.

Statistics taken from the Baptist Student show that 98½ per cent of all students for the Baptist ministry in America are preparing themselves in Baptist schools, and the others 1½ per cent are in State schools.

Again the Baptist Student says that 93 4-5 per cent of all Baptist volunteers for Foreign Missions came from Baptist schools, and 6 4 5 per cent from State schools, 97½ per cent of the volunteers for Home Missions are preparing for this work in Baptist schools, and 2½ per cent in State schools.

In view of these facts, it seems that we must look to the denomi-

national schools for an adeqate supply of preachers, missionaries, and trained workers.

As a denomination, Baptists have always recognized Christians Education in the Master's Program for the conquering conquest of the world, laying special stress upon an educated minsitry, but in no wise forgetting the needs of all, which is attested by the institutions which they have founded and fostered for both male and female Baptists recognize that every thing comes to its best by training; so man, blessed witha body, mind, and soul must be trained in view of his varied capacity if he comes to his best in the field of service, for he serves God best, who serves humanity best and he serves humanity best who is trained best.

Our people, as a whole, have been a little slow to recognize this need and this ability along the line of education. But we are now at the dawning of a new day with larger visions and greater determination to meet our obligation and rise to the highest of our possibilities in the field of Christian Education.

In the Annual report of the Education commission of the Southern Baptist Convention is set forth and recommended a worthy program for Southern Baptists for the next five years. The seven items provided for in the totals sought are (1) ministerial education, (2) Current support, (3) payment of debts now outstanding, (4) New buildings and equipment actually needed, (5) urgently needed endowment, (6) total student enrollment, and (7) ministerial student-enrolled. The totals on the program are; 33.850 boys and girls enrolled in our schools 3,050 preparing for the ministry, and $15,260.000.

North Carolina Baptists hold a worthy place on the program in Christian Education. We have three colleges and fourteen high schools. We have a property valuation at or near $1.200,000 and endowment for the three colleges of about $700,000. Plant equipment at or near $500.000. In our three colleges we have 49 men and 38 women teachers. In our high schools a total of 94 teachers. In our high schools and colleges there were enrolled last year 3423 students as compared with 3681 the previous year. The fact of war accounts for the small drop in total enrollment. At Wake Forest the past session, there was only a 25 per cent drop in attendance, but owing to the special call for men this was a remarkable showing.

The present total indebtedness is $157.000. After a year's consideration, the Baptist State Convention assembled at Durham in Dercmber 1917 unanimously adopted the report of a special committee, recommending the launching of a million-dollar campaign for our Baptist schools in the State. This amount has been apportioned as follows: $300,000 to Wake Forest; $300,000 to Meredith; $150,000 to Chowan, and $250,000 to the fourteen High schools. To secure the amount the State has been divided into 20 divisions with several

associations grouped together, and committees chosen for each to lay special plans, with the assistance of Dr. R. T. Vann, Educational Secretary and Dr. W. R. Cullom, General Manager for the faithful prosecution of the canvass to secure bonifide subscriptions covering a period of four years. Your Committee earnestly desires to recommend:

1. That we as an Association heartily indorse the action of the Convention in launching a campaign for $1,000,000, at this tine to meet the urgent needs of our Colleges and High schools. Present opportunities and necessities forbid our waiting.

2. That we inform our people, and that we stand unitedly in pushing our special canvass to a glorious consummation.

3. That we make large use of the free literature and give a conspicuous place to Christian Education in our Sunday schools.

4. That we as pastors and people earnestly seek to encourage our young men and young women, seeking higher education, to attend our denominational schools.

Respectfully submitted:
J, T. Byrum

On motion to adopt this report addresses were made by Sec. Walter N. Johnson and Dr. Cullom. The report was adopted.

Those representing our work at Rural Hall returned thanks for the contribution for the work there. A rising vote of thanks was given for the hospitality and generous entertainment given to those who attended the Association by the people of Mount Airy.

The association adjourned to meet with Salem Baptist church, Tuesday before the first Sunday in August, 1919. The closing prayer was offered by Rev. C. H. Durham.

Proceedings of the Annual Meeting of the

Womans Missionary Society

OF PILOT MOUNTAIN ASSOCIATION

Grateful to our Heavenly Father for the Blessings of the past and for the enlarged opportunity of service to-day, we realize that we stand at the beginning of a new era in Mission History. There has come to us all a realization that only the gospel of Christ can meet the great problem of reconstruction that will follow the close of the war.

In our home land, as well as, other countries, there is a feeling that we must meet the immediate demands for relief of the physical needs of those suffering from war conditions, and while it is in our hearts to render our Government our fullest loyalty, yet this must not de done at the expense of the kingdom of Christ.

In viewing these facts, trusting this year that, we, as an Association, may enter into a large Service for the King, the Womans Missionary Union of the Pilot Mountain Association would emphasize the importance of enlisting and informing the women and children of this Association in all lines of Mission work, and that, we endeavor to attain systematic contributions from every woman and child in our churches. That a monthly offering be made, and a special offering for Foreign Missions in January, Home Missions in April and State Missions in September, as a means of spiritual, as well as financial development of our christian forces in the Church.

It is with gratification, we review the past years work, which has manifested the growing interest of our women of this Association in all departments of our Mission work.

In some societies, practically every form of service helpful to a community is rendered. So a report in figures can only give a part of the work accomplished.

Our Unión Mission during the past year, not only reached, but passed its financial aim. $500.00 was given to the Church Building Loan Fund as a Memorial to our beloved Julia Brown. We have 24 active womans Missionary societies, 4 Y. W. A s, 14 Sunbeams, 2 Royal Ambassadors, with a total membership of 2,321 enlisted in Mission work. The Supt. held 25 meetings during the year, traveled four hundred miles in the interest of Missions, sent out 200 letters to the various societies. Four new societies were organized, and the contributions to the various objects of the Convention amounted $3,750.00. Yet we realize that our task is just begun.

If we should measure up to our responsibilities, we must set our hearts to the Great Highway, that leads to the 40 unenlisted churches of our Association. The History of our past achievements in Missions is the History of what God has wrought through the foundations laid by the pastors of this Association, and to them, I would earnestly and prayerfully commend the work. With a faith, that by their united efforts, we may see the womans forces of our churches. enlisted, united, consecrated, in a spiritual warefare against sin, that knows no discharge but one that has an abiding faith in the coming of the Kingdom, and the over ruling Providence of God.

Respectfully submitted,

Mrs. J. J. Roddick

Suprentendent Pilot Mt. Union.

Report on Biblical Recorder

We are living in a day when information is disseminated by the printed page more than ever before.

During the years recently passed our people have eagerly read the newspapers and other literature circulated by the government and benevolent societies, that they might obtain information from our leaders at the battle front, and learn the needs of our government.

And as our people became informed they responded liberally with their means and thus helped our boys to win the greatest victory in all history for democracy.

Today the church of our Lord Jesus Christ is engaged in a great world war against sin, ignorance, superstition, idolatry and false teaching.

Hence the need for trained men, women and money is greater than ever before in the history of the Church.

But of these great needs a large per cent of our people know but little, because they do not read the Biblical Recorder, the medium through which the needs of the Church, the army of our

Lord, is communicated by our secretaries, missionaries, pastors and aggressive laymen.

It is the opinion of your committee that if our people could be induced to read the Recorder and digest its contents, that they would respond more willingly, cheerfully and liberally to the needs of the Church than they did to the support of the government in the world war.

Besides telling of the needs of the Church in this great world war that she is in today, the Recorder warns against certain heresies that are abroad in the land, and teaches clearly the great fundamental doctrines of the Bible.

Through the recorder alone do we learn what all the different agencies of the church are doing toward the advancement of the kingdom of our Lord.

And there is the young people's page, which alone, where there are children in the home, is worth more to the children than the price asked for the paper.

Therefore, that our Baptist people be informed, indoctrinated, aroused to a sense of duty, and that all may have a chance to taste and see for themselves that the Recorder is good; it is the opinion of your committee that it would be money well invested for every Baptist church in North Carolina to take of the church funds, if necessary, a sufficient amount to place the Biblical Recorder in every Baptist home where it is not.

Respectfully submitted,

J. T.KIRK.

Dr. Livingston Johnson, Editor of The Biblical Recorder addressed the Association.

The report on Religious Literature was adopted.

The Associational Sermon was preached by Rev. J. J. Taylor, D. D., on "The Stability of the Divine Word." Text, Mark 13:31.

TUESDAY AFTERNOON SESSION

Devotional exercises were conducted by Bro. L. W. Burrus.

The report on Home Missions was read by Bro. W. H. Wilson, as follows:

REPORT ON HOME MISSIONS.

During the past year the Lord has in a wonderful way manfested his goodness, mercy and power to home missions. God's favor has been bestowed upon the home mission work this year as never before. We have had near 40,000 baptisms and 59,000 have been added to our churches through this agency.

There have arisen may difficulties to overcome, but God has graciously opened up the way for larger things. The war department prohibited us from going to the battle front with our boys, but the greatest opportunity after all for work among the soldiers was in the home and during the period of training rather than over the seas. Under that special department we had some 40,000 conversions and 10,000 baptisms.

Two departments of our work are closely united—evangelism and enlistment have made most gratifying progress.

Dr. W. W. Hamilton is leading the evangelistic forces. He entered upon this work October 1, 1918, and under his leadership great citywide campaigns have been held in Nashville, Charleston, Houston and other places. He hopes in the near future to have one hundred evangelists with a result of more than 100,000 converts each year.

Our progress at home and abroad hangs on the measure of our enlistment and training.

The great task before the American people when we were brought into the war was preparedness. The government spent millions of dollars before our boys were prepared to drive back the Huns. So it is in this time of reconstruction. Our religious problems are greater than they were before the war. Reconstruction is vastly more difficult than war. Our country in this war has emerged from isolation and separateness with a world power. America stands at a crucial period in her life and that of the world. Our government, in many ways, made preparation during the war for after-war problems of reconstruction.

The whole forces of Christendom are astir on these questions that concern the life and growth of our nation. Shall we embrace the opportunities?

The return of 4,000,000 of soldiers to civil life, with the untold numbers of people from other countries confront us in our Home Mission task. If we do not build here for Christian civilization our own country will be doomed and the lost world beyond the seas will wait in vain for the evangels of light and salvation. It behooves us to lay the foundation deep and to build thereon wisely.

A Christianized world waits on Christianized America. The south is America's best hope. The wonderful success of our mountain school work has created increased demands and opened up a larger field which must have greatly increased support if we conserve what we have, and win the victories that wait on our fidelity among the people of the hills.

Then the matter of suitable church plans for effective work constitutes one of the imperative calls upon the Home Board. If within the next five years while we are raising the $75,000,000 for all objects we could spend a million dollars a year on "church building" we could evoke the expenditure of four dollars for every dollar given by the board, which would make a total of twenty millions for church building and each would become a mighty factor in the kingdom at home and abroad.

Two of the most popular things fostered by the Home Board are the Baptist Bible Institute and the Tuberculosis Sanatorium. We recommend these to the hearty support of our brotherhood. The most stupendous task before our Home Board now is to raise $12,000,000 for missions in the next five years. But by God's help and the united help of our people we will do it.

Let prayers go up to God from all hearts until we hear the sound of the going in the tops of the mulberry trees and then bestir ourselves until the victory shall be ours.

Respectfully submitted,

W. H. WILSON.

On motion to adopt this report, Bro. Wilson, Dr. Johnson and Dr. Weatherspoon spoke to the report.

The report was adopted.

Report on Woman's Work

As one year succeeds another, we are more forcibly reminded that "Earth is the Lord's and the fullness thereof." At the close of another year of unusual experiences of both sorrow and joy the Woman's Missionary Union of the Pilot Mountain Association has cause for gratitude and rejoicing. Our growth in figures and organized work shows some of the things accomplished during the past year. One of the outstanding achievements was the spirit of optimism and co-operation in unusual conditions. During the fall months, when our societies were settling down to work for the State and annual meetings, the influenza epidemic broke out. The ban forbade our missionary gatherings. Many of our members fell victim to the dreadful plague. The Personal Service report alone can tell of the faithful service rendered by our loyal women

in this time of sorrow, and yet while the shadows hung heavy over many homes our collections not only kept up but exceeded those of the preceding year, emphasizing not only the zeal and loyalty of our workers but the realization of a larger vision of the work that confronts the Christian forces of today. One of the newest and largest fields of activity before our Union today is that of Christian Education. We realize that after the war the world must be reorganized. Not from a military standpoint or a national standpoint, but for the establishing of the Kingdom of God on earth in which a brotherhood as broad as humanity reigns. There must be no man master, no men and supermen but only brothers. To train men for this high and holy task is the task of the Christian school. Are we ready to meet our part of this great spiritual need? And by our response to the call show that the things of the Kingdom are dominant in our hearts.

During the past year we not only reached the aim but doubled it. During the past two years our Union has paid $1,000 to the C. B. L. fund as memorial to our beloved sisters, Julia Brown and Carrie Rich. We have 25 active Women Missionary Societies, 6 Y. W. A.'s, 15 Sunbeams, with a total membership of 2,425 women and children enlisted in mission work. The Superintendent held 30 meetings during the year, traveled 1,000 miles in interest of missions, sent 300 letters and 50 post cards to the different societies. Five new societies were organized, while $11,344.00 were contributed to the various objects of the Convention. And yet we realize we have only made a small beginning. We hear the voice say, "Behold the fields are white unto the harvest and the new year; let us recognize that there is a divine call for each to share in the labors of the harvest."

The report on Woman's Work was written by Mrs. Roddick and read by Bro. Byrum. The very interesting report was discussed by Bro. Byrum. The report was adopted.

A statement was made by Dr. Weatherspoon relative to The Pilot Mountain Messenger. After some general discussion, the following committee was appointed to report on The Messenger, to report tomorrow: J. B. Weatherspoon, T. M. Green, R. K. Redwine.

Committee on Place and Preacher: E. W. Culler, T. B. Lindsay, M. D. Phillips.

S. W. Hall submitted the following report on Temperance:

Report on Temperance

Since our last Association we are glad to report nation-wide constitutional prohibition. For a number of years this has been the dream and prayer of Christian people all over the land, and now we thank God and rejoice that it has become a reality.

A good law is of no avail if not executed. Moonshine distilleries and bootleggers, which seem to be prevalent in many towns and sections of our country, are now the greatest enemies to law, order and righteousness.

The dignity of the law must be respected and the law rigidly executed if we are to have the desired results.

We should elect good, clean men to make and execute our laws and then see that the laws are carried out. Violence is a curse to any people and it is the duty of every Christian and good citizen to aid and assist the officers in the performance of their duties.

Respectfully submitted,

S. W. HALL.

TUESDAY EVENING SESSION

A delightful devotional exercise was conducted by the pastor, Bro. Naff. The report on B. Y. P. U. was submitted by Bro. Spinx. The report follows:

Report on B. Y. P. U.

The Baptist Young Peoples Union stands for the training of our Baptist young people for the service of the Master, and as such unquestionably forms a very important phase of our church life, and one, we fear is often not given due consideration. An untrained membership means a membership uninformed, and unequipped for the discharge of the solemn obligations He has placed upon us.

Wide observation has led us to believe that in many of our churches in which Young People's Unions have been organized, it is only by much effort, and often amid much discouragement that the Union is kept alive at all, to say nothing of its failure to enjoy such proportionate growth and usefulness as should characterize it. This often is due to the failure of the church as a body to realize the importance of the wor kthe Union is striving, or should strive to do. There are some who consider a Young People's Union as something "added on" instead of the training department of the church, and therefore an essential phase of its life; so that while they sometimes are tolerated, and may even in a measure be encouraged, they do not receive the enthusiastic support they should have and must have if they are to succeed.

We would recommend, therefore, that every church in the Association see to it that the young people are organized for systematic training; and that all our churches awaken to the great

importance of this work; that men and women of mature judgment, and wisdom of years, encourage our young people by striving to guide them, and by counselling them in their effort to train themselves for the service of Christ, that they be not left to themselves, and such time as a busy pastor can afford them.

Respectfully submitted for Committee,

W. D. SPINX.

Bro. Spinx spoke to the report. The report was discussed also by Dr. Weatherspoon, after which it was adopted.

Dr. Weatherspoon read the report on Foreign Missions:

Report on Foreign Missions.

The progress of Southern Baptist interest in Foreign Missions during the period of the war is hinted at in the following figures: May, 1916-May 1917 our contributions reached a little more than $550,000, around which figure we had stood for several years. The year ending May, 1918, the contributions reached $852,000, a gain of around $300,000; while at the last Convention (in Atlanta) the Foreign Board reported $1,383,000 plus a further gain of nearly as much as the total report three years before. That was during the war period. And we may well wonder at the task that peace and a new day would suggest.

It appeared in the enthusiastic adoption by the Southern Baptist Convention of the $75,000,000 objective for the next five years, $20,000,000 of which, or an average of four million per annum, will be spent in the advancement of Foreign Missions. Southern Baptists have stopped arguing about the extent of the Christian responsibility. We have begun finally to prove our faith by our works. But it is only a beginning, for the sixth year from now will not see a work done, but a work projected, foundations laid, information grasped, spirits kindled, lives consecrated, possibilities discovered, fruits appearing that will lead on to still greater campaigns and enlarging visions of personal stewardship.

What has been happening and what will happen in the South concern this Association for North Carolina's portion, $6,000,000, in the great campaign is third in size following Texas with its $16,000,000 and Virginia with its $7,000,000. And this is one of the largest and strongest associations in the whole State. Last year, ending November, 1918, of the $69,000 reported for Foreign Missions in our State this Association gave $3,275, or a little less than 5 per cent. If we hold our place in the proposed campaign for the next five years we must average more than $16,000 per year. We must multiply our gifts for Foreign Missions this year by four.

That is no small task, but it is no impossible task. It is a challenge to every pastor, to every layman, to every woman to pray, to study and to sacrifice as never before. Without earnest prayer and much thought and genuine sacrifice out of fully surrendered hearts it cannot be done. And the call of this report is that we go upon our knees and find God's will for ourselves, and then to go

out with courage to do the worthiest missionary work that Baptists have yet undertaken. Let us accept the challenge proposed and confidently undertake that part of the task that falls on us.

Respectfully submitted,

J. B. WEATHERSPOON.

On motion to adopt this report, Dr. Weatherspoon delivered a great address on Foreign Missions. Remarks were made also by Bro. Wilson, after which the report was adopted.

The Association adjourned with prayer.

WEDNESDAY MORNING SESSION

The Association was called to order by the Moderator, after devotional exercises.

Bro. J. D. Spinx, the new pastor of Brown Memorial was recognized. Brethren J. T. Black and C. J. Hamrick were recognized as visiting brethren.

It was moved and carried that the matter of continuing the publication of The Pilot Mountain Messenger be left entirely with the Executive Committee.

It was moved and carried that hereafter all of our Mission work be done through the State Mission Board.

On motion the Clerk was instructed to delay the printing of the minutes until after the meeting of the Woman's Missionary Union in September.

The report on Christian Education was submitted by Bro. R. A. Sullivan as follows:

Report on Christian Education.

The Baptists of North Carolina have come to the realization that the hope of trained leadership is in Christian Education. Never before have so great efforts been made in behalf of our schools and colleges as has been made during the last few years. The first great step toward the greater efficiency in education was the launching of the Million Dollar Campaign by the Baptist State Convention about a year ago. This million dollars was to be divided among the colleges and schools as follows:

To Wake Forest College, $300,000; to Meredith College, $300,000; to Chowan College, $150,000; to the fourteen High Schools, $250,000.

At the Southern Baptist Convention this campaign was merged into the larger Campaign of Seventy-five Million Dollars for all benevolent objects of the South.

This step, taken by the Baptists of the South, assures the success of our schools and colleges and our denomination a trained leadership.

In view of these facts we make the following recommendations:

First: That we as Baptists stand firmly behind the campaign now on, giving our moral as well as financial support, seeing it through to its completion.

Second: That we keep a close eye upon our denominational

schools, seeing that the teaching force is of the highest Christian type and that the schools employ teachers of our denomination in all cases possible. This recommendation is made in lieu of the fact that Christianity in practice on the part of those in authority is our strongest bulwark in the great work of world reconstruction.

Third: That this Association encourage our boys and girls to attend our denominational schools and colleges, thus making effective the high purpose of our denomination.

Fourth: That this Association recommend to the Board of Education that at least a part of the funds raised for education in this Association go to our own school, Liberty-Piedmont Institute at Wallburg.

Respectfully submitted,

R. A. SULLIVAN.

A resolution relative to our Christian colleges was offered by Bro. D. F. King. After discussion by Dr. Johnson, D. F. King, R. K. Redwine, and T. C. Keaton, the resolution was lost. Bro. King demanded his resolution and it does not appear in the minutes.

On motion of Bro. Swaim, the report on the Orphanage was taken up. The report follows:

Report on the Orphanage.

Perhaps no object to which we, as a denomination contribute, has so little need of a report as the Orphanage. Our Baptist Orphanage at Thomasville is well and permanently established in the hearts of the Baptist people of the whole State. In our State Convention, in our Associations and in our churches, to merely mention the Orphanage is enough and the appeal is made, and, too, the strongest appeal which comes to us. An individual whose heart remains untouched by the cry of innocent and helpless little children, and more than that, the cry of fatherless and motherless children, is well nigh hopeless. I defy any Christian man or woman, boy or girl, to go to Thomasville and stand on the Orphanage grounds, and look into the faces of those little dependent children, and see the working of that institution as it is carried on by the Godly men and women placed there by the Baptist people of the State, and not feel like he is standing on holy ground, and not have his heart warmed. As Christian men and women, we ought to fall down on our faces in the very dust of humility, and thank God for our Orphanage, the great work it has done, and is now doing in our midst for His glory, and for our good, and for the development, morally, mentally and spiritually for the uplift of the childhood of the whole State.

Perhaps we, as a denomination, have greater cause today for gratitude to our Heavenly Father than we have ever had before. So far as we are able to know of all the one thousand eight hundred and ninety children received at the Orphanage since November 15, 1885, thirty-four years ago, not a single one has ever gone to bed hungry or slept cold. The demands upon us have increased with the years, and they have not only been greater this year but

more insistent than ever before. Hundreds of urgent applications have been turned down within the last few months for lack of room. What shall we do? In the name of our merciful Heavenly Father, with His hand to lead and guide—let us go forward until there shall be ample room and abundant provision made for every helpless, dependent orphan child in the whole State.

We have just passed through the most trying year of our orphanage life. The world war with all its pressing and urgent demands, which seemingly had to be met; the many and varied disadvantages and reverses which have come to us as a people and which always follow wars, these and many other things have been upon us and have tried us. But in the midst of it all our blessings have so far outnumbered our reverses that we came to the close of the year with the most gratifying report in the life of the institution. The report of our General Manager to the Board of Trustees at the close of the thirty-fourth year of our orphanage life ending June 1, 1919, shows that we then had five hundred and thirty-one children; four hundred and forty-five at Thomasville and eighty-six at the Kennedy home, and still others are knocking for entrance.

The blessings of God have been upon the institution all these years and in a special way this past year. We have had a good year financially. The health record has been remarkable both for the amount of sickness and the absence of serious results therefrom. We had at our Orphanage four hundred and eighty-one cases of influenza and not a single death. A large part of the time the situation was handled without a doctor, for our physician was a victim of the same malady.

Our workers at the Orphanage without a single exception, and with a devotion that was beautiful gave themselves day and night to the care of the sick. Most of them in turn fell at their post of duty with the same disease, then as they would and could rally took their places again. We have had only two deaths the whole year and both these by accident. One, a charming boy at the Kennedy home, met his death by drowning while in bathing. The other was that of a boy who was killed by a train near Lexington while in the act of running away. Out of the ranks of the boys who have been with us at the Orphanage, perhaps seventy-five went forth with the American armies to help make an end of the late world tragedy. Many of them were commissioned as officers and performed distinguished service. Out of that number only four paid the supreme sacrifice, who are now sleeping in a foreign soil. Peace be to their silent dust! As we take this backward glance of the work of the year just closed, we can see unmistakably nothing but the guiding hand of a loving merciful Heavenly Father. Therefore, let us thank God, take courage and go forward.

Respectfully submitted,

V. M. SWAIM, For Committee.

On motion to adopt this report, Dr. Kesler was introduced and made a great address on the Orphanage, after which the Association adjourned.

WEDNESDAY AFTERNOON SESSION.

The Association was called to order by the Moderator.

The report on Ministerial Relief was submitted by Bro. Morton. The report follows:

Report on Old Ministers' Relief

Men say no more beautiful things about any class of their fellows than uttered when thinking of aged ministers. It is said the day after Lee's signing the declaration of surrender at Appomattox the troops marched down in front of the Federal columns and stacked their guns. The Federal officer ordered his men to carry arms as a mark of respect to the Confederates. When the guns were stacked each color bearer walked up and laid his folded colors on the arms and wept. Each bearer felt the thrill of sympathy for he knew how well each color bearer loved the colors he had borne aloft through many hard fought battles.

These aged ministers whom our Board aids have been the color bearers of our denomination and we know they loved their colors, but age compels them to fold them and lay them aside with sad hearts. Two of the great works we have to do as a denomination surely is to care for our aged ministers and our orphan work and what we do should be done quickly. Almost daily some are dropping from our ranks.

The appeal for aid for aged and infirm ministers has been in a large measure based upon sympathy, but there is another appeal, that of justice. The American people have realized that when a man has spent his best years in the service of an organization he has the right to receive support therefrom. When his fruitful years are passed should our churches fall behind a corporation or railroad or government? There are thirty-seven or thirty-eight of these dear old Soldiers of the Cross who need our help and we must not, we cannot, fail them.

Respectfully submitted,

S. F. MORTON, Committee.

On motion to adopt this report, Bro. Morton spoke to the report. Remarks were made also by J. H. Hall and T. H. King.

An offering was taken for Bro. C. C. Arrington, amounting to $35.27.

The Clerk made a digest of church letters. Again, a motion was passed requesting the churches to send their letters to the Clerk at least 10 days before the Association meets.

The report on Sunday Schools was submitted by Bro. Redwine, which follows:

Report on Sunday Schools.

A Baptist Sunday School has been defined as the teaching work of a Baptist Church. This teaching should be based on an intelligent conception of the Great Commission. If we fail to make disciples, we fail utterly; if we fail to teach the "all things" we lose a great opportunity in the Sunday School.

One of the most serious handicaps to our Sunday School work

is lack of trained workers, hence one of our greatest needs is teachers and workers who are trained. Realiping the great need for training;

1. Be it resolved, That we earnestly urge all the churches in our Association to make a special effort to get a class to take a course in the Sunday School Normal Manual during the next year.

2. Since they are a great means of disseminating knowledge of our work, we recommend to our churches a more general use of the special days, emphasizing special objects of our denomination, as State Missions, Home and Foreign Mission and Christian Education and recommend that the programs sent out by our boards be carried out in our Sunday Schools.

3. Be it resolved, That a general campaign be made in all the churches of our Association this year to enlist church members in the Sunday Schools.

4. Be it resolved, That we in our Sunday Schools lay a greater emphasis upon evangelism and complete enlistment in the Lord's army. RICHARD K. REDWINE.

On motion to adopt this report, remarks were made by Bro. Redwine and Bro. Naff. The report was adopted.

Report of Committee on Place and Preacher recommending Spray as the place of meeting, and Rev. W. D. Spinx is to preach the Associational Sermon; Rev. J. L. Shinn, alternate.

The following resolution was offered by Bro. G. T. Baker:

Resolution

Resolved, That we the delegates and visitors to this Association extend to the pastor and membership of the Salem Baptist Church our heartfealt appreciation and thanks for their very thoughtful and abundant hospitality to us during this session of the Association. G. T. BAKER.

The following report was submitted by brethren H. A. Brown and C. H. Durham on State Missions.

REPORT ON STATE MISSIONS.

Since the last session of our Asociation wonderful changes have taken place in the history of the nations of the earth. The world has had a new birth of liberty and opportunity. We have been born again to a larger vision of our ability, our possibilities our opportunities and our duties with reference to our fellow men. The great sacrifice we were required to make in giving up our sons and daughters and the large demands made upon us for our time and money in carrying on a struggle to make the future safe for the children have opened our eyes to the importance and need of greater undertakings for the spread of our Master's kingdom on the earth. We have learned that we can do great things if we will. What we have done in the past for missions has been pitifully small compared with what we might have done. If what we have suffered has opened our eyes to our ability to do greater things for the spread of the gospel through the earth we may not have suffered in vain.

During our last convention year 261 churches were served by the missionaries of our State Mission Board. One hundred and fifty-nine missionaries rendered good service in supplying the institution in our state. More than one thousand baptisms were reported from our mission fields. Forty-one houses of worship are in process of erection. Eight new churches were organized. The total Sunday School enrollment reached 14,159. Our wonderful numerical growth in this state, in the past, has depended largely upon the evangelistic efforts put forth by our pastors and missionaries. No amount of increased emphasis on other phases of our work must be allowed to diminish our zeal in this field of effort. The poor must have the gospel preached to them, and men and women and children must be gathered into our churches if we would do the work that lies nearest to our Savior's heart. But it is not enough to see people converted, baptised and connected with our churches, we must teach them and train for effective service in the ongoing of the kingodm of God on the earth. Through our colportage system recently organized, we may obtain books, tracts and leaflets needful for giving the information for the instruction of our people. By the circulation of the Biblical Recorder through our churches and Sunday Schools we may do a fine missionary work in all our communities. No pastor or missionary or Sunday School superintendent should feel that his duty has been discharged until he has made himself a captain in increasing the circulation of the Biblical Recorder among all the people. A system of night schools has been inagurated and is now in successful operation.

Many of these schools have been held at strategic points in our state. It is hoped through this means to reach and train a large number of our members to do successful work in our churches and Sunday schools. There seems to be a need for more missionary work here in our own association. Our towns and cities are growing rapidly and since peace is here once more, there will be a swelling tide of population flowing into our territory, and while we must do all we can and send the gospel to the ends of the earth we must remember that our instructions are to begin at home. Let us bear in mind that our association is a link in a great chain of co-operative agencies set for sending the gospel to all the nations of the earth. And since the Southern Baptist Convention has recommended a great forward movement all along the line let us gird our loins for the task with full faith in God to give us the victory.

H. A. BROWN,
C. H. DURHAM,
Committee.

The report was discussed by Dr. H. A. Brown after which was adopted.

The Moderator announced the Standing Committees as they appear in the minutes.

After remarks by the Moderator and Bro. Naff, the Associa-

tion adjourned with prayer.

REPORT ON STATE MISSIONS

As in every part of our denominational work the 75 million campaign has had a marked effect upon state missions. The report from the churches indicate a remarkable increase in contributions, and we may expect a corresponding progress in the future work of the board. So we may say, a large part of this work will be of a nature that cannot be tabulated statistically. The member of churches aided may not be radically changed, but much will be done in improving the work of the churches, in the training of church workers, the employment of more efficient pastors and missionaries, in securing better houses of worship, in the promotion of evangelism, Sunday Schools and B. Y. P. U. Work, etc.

This expectation we base upon the forward looking program of our State Mission Board. In addition to the Sunday School, W. M. U., B. Y. P. U. work, and work among the negroes, the last annual report of the board emphasized Evangelism, Church building, Colportage, and Mobile Schools, and the following program was projected on the basis of an annual expenditure of $122,500.00. (1) Missionaries' salaries $50,000.00; (2) Educational centres $7,500.00; (3) Industrial centres $5,000.00; (4)

Enlistment and Evangelism $10,000.00; (5) Colportage and Publicity $10,000.00; (6) Training (such as Sunday Schools, B. Y. P. U., Mobile schools, Assemblies, etc.) $20,000.00; (7) Church Building $20,000.00. This was not meant be to an absolutely fixed program, and is not being wholly carried out this year, but it reveals the comprehensive view of the work, and is encouraging in its outlook. It is a program of making disciples, baptizing and teaching to which all our people can heartily subscribe.

The attention of our churches should be called to the fact that, according to the action of our association last year, tho appropriations to the mission churches of our association will in the future be made directly by the state board, and application for same should be made to that board, through the executive committee of the association. During the last year there has been more or less confusion, but our churches ought to know that it was not through any disposition of the Board or the local Executive committee to slight any church, but due to the failure of the churches to make out their applications before the regular meeting of the committee. The churches which desire aid from the board next year are urged therefore to secure forms and make their applications out before the meeting of the executive committee. And the committee is urged to give the churches due notice of its meeting.

The work of state missions has been termed the hub in the wheel of our denominational work, since the strength of our message to the whole world depends in great measure upon the character and efficiency of the churches at home. All our churches, therefore, are urged to contribute as largely as possible to the support of this cause, and consume its funds as sparingly as is consistent with pressing needs.

Respectfully submitted,

J. B. Weatherspoon,
R. A. Sullivan.

REPORT ON BIBLICAL RECORDER

The Recorder was established by Thomas Meridith, in the year 1833, and became the organ of the Baptist State Convention the same year and has remained so until now.

It is necessary that we be informed about the work of the Convention, in order that we may co-operate together in the spread of our Master's Kingdom.

Therefore be it resolved: That a mighty effort be made to put the Recorder in every home throughout the entire country.

Humbly submitted,

Signed: C. W. Glidewell.

REPORT ON ORPHANAGE

The Thomasville Baptist Orphanage was born in the midst of opposition and difficulty, but it has made friends and out lived its enemies. No institution in North Carolina has a larger and a warmer place in the hearts of Baptists. No appeal goes unheard. A property value of $535,467.84, and thirty five years of unbroken progress and loyal service places it in the front ranks among the institution of its kind. Since November 15th, 1885, 1970 children have been enrolled.

The past year was a very good year. Number present 527, 237 boys and 290 girls, of these 87 are at the Kennedy home. Number of applica-

tions for entrance during the year 667, received during the year 68, average attendance 512, returned to relatives 33, ran away 1, died 1, expelled 3, entered high school 16, taking nurse's course 2, and taken positions 14.

The cost per child for year $197.14, per month $16.43, per day 55c. Daily cost for the support of 527 children is $289.85, this includes their meals, clothing, shoes, house furnishings, school supplies, light, power, fuel, insurance, medicine, medical attention, laundry, etc.

Farm products made and consumed $9,457.95. Dairy products made and consumed $21,565.59. One of the finest Holstein herd in all the land turning into the Orphanage 47,532 gallons of sweet milk valued at $19,012, goes a long way in supplying the orphanage with milk.

Charity and Children had a good year and turned in a profit of $7,910.01.

Profit from the Kennedy home farm $5,065.63.

There were several bequests during the year:

Col. M. V. Mage	$ 1,882.58
G. W. Coffege	1,000.00
H. N. Bizzell	398.25
T. J. Gulleage	200.00
C. L. Goodson	4,000.00

Since the orphanage year closed, Rev. James H. Hutchinson, a retired Baptist minister of Six Fork, has given $25,000.00 to be used for the erection of a girls' building at the orphanage in memory of his wife.

The orphanage plant is a great asset to our denomination and every department of the work is in a properous condition.

Respectfully submitted,

J. T. Byrum.

OLD MINISTER'S RELIEF

It is written: "How beautiful are the feet of them that preach the gospel of peace, and bring glad tidings of good things." During our last conventional year, it was found that, 42 of our old Ministers had been helped by our board. These brethern have gone up and down the earth, through cold and heat, and through sunshine and rain preaching Jesus Christ to dying men and women. Thirty years ago the Baptist state convention was confronted with the question: Shall not provision be made for the old ministers, who have worn themselves out preaching the unsearchable riches of Christ? This question,was answered by the establishment of the old Minister's Relief Board. Another question will soon face us, namely: Shall not more adaquate provision be made for those who have put their all into the kingdom of God? As the churches multiply and as more preachers give their full time to the gospel ministry and as few ministers are ever in position to lay up much in store for the future, the call of this board will be greater with the coming years.

We recommend that all pastors preach occasionally on this subject and that all our churches respond in a most liberal way to this worthy cause.

Respectfully submitted,

J. H. Hall, Committee.

WOMAN'S MISSIONARY WORK

Report not submitted.

REPORT ON B. Y. P. U.

There are several phases of progress in our B. Y. P. U. work. First, is the awakening among the young people themselves. They are realizing their place and worth in matters of the kingdom. The spirit of loyalty and consecration is gratifying. During the past year many of the volunteers for the ministry and for mission work have come from the B. Y. P. U. organizations. Another encouraging sign, is a greater interest being taken by more of the pastors in the young people's work. Pastors are realizing more keenly that greater efficiency in the churches depends on trained leaders.

We recommend, therefore, that every church in the association see to it that the young people are organized for systematic training; that the pastors teach the B. Y. P. U. manual in the churches, and that men and women of mature years and judgment, encourage our young people in every way possible by way of counsel and sympathy in their important work.

Respectfully submitted for the Committee,

T. C. Keaton.

HOME MISSIONS

Had all the lands that have had the gospel retained it, Asia Minor, North Africa, all Europe and most of the other lands, would be christian today. If today it were possible to stand in Jerusalem, Antioch, Ephesus, Philippi, Corinth, Rome and preach to churches respectively that had had consecutive life from the days of the apostles, there would come an inspiration that would be invincible. No army can ever win, unless it can hold the territory it takes. This is the work contemplated in Home Missions, and it commends itself to Christian judgment everywhere.

J. J. Taylor,

S. W. Hall.

CHRISTIAN EDUCATION

In the light of our Lord's commission, we believe it to be our christian duty to teach as well as to evangelize. In order that each generation of men and women should have proper training for the discharge of the duties and responsibilities of life. Our Baptist fore-fathers founded christian schools, these we are seeking to adequately endow.

Practically all of the leaders and efficient workers in any denomination come out of that denomination's Schools.

In preparing men and women as christian leaders, the state does not function. It is of supreme importance that the young men and women shall be taught in schools where the ideals are christian and where the challenge of Christ's gospel can be and is, freely made. The education of the state tends to outward manifestations, the education of the Christian Denominational school manifests itself in heart power.

As in the past, so in the future, our secondary schools and colleges will create our ideals and furnish our leaders. Therefore, they must be made and kept efficient by endowment and moral support.

Signed: A. C. Hamby.

REPORT ON SUNDAY SCHOOLS

One of the most important phases of our denominational work is the Sunday School. More emphasis has been placed on this work from year to year, with gratifying results. Very few intelligent people now antagonize Sunday Schools. To say that a church has no Sunday School is damaging to its reputation.

The Sunday School has a cultural value and on that account is a blessing to any community. It is an evangelizing agency. Most of the accessions to our churches come through the Sunday School. As its chief function is to teach the word of God, it is an exceedingly important factor in the development and growth of christians. The moral and social life of many a community has been transformed through the Sunday School. Thousands of Sunday School scholars are added to our churches annually and christians become stronger, more enthusiastic and more liberal. There are no large possibilities for any church without a good Sunday School.

You may be surprised to know that the minutes of the Southern Baptist Convention gives the largest number of Sunday Schools in the Southern Baptist Convention to North Carolian. It is a matter of pride that the first convention Normal graduate and the first one who received a blue seal were from North Carolina.

Your committee recommends that each church in the association place new emphasis on the Sunday School, making the school larger and the teaching better. Special emphasis should be given to organize class work and institute work. Normal classes should be conducted in every Sunday School every year. During this year especially, emphasis should be placed on Evangelism in the Sunday School. May we hope that every young person in all our Sunday Schools, old enough to be accountable will be approached personally this year on the matter of thier relation to God

Respectfully submitted,

Willie Green King.

PROCEEDINGS

The thirty sixth annual session of The Pilot Mountain Baptist Association met with the Quaker Gap Baptist church August 2nd 1921. The session was opened by the singing of "What a Friend We Have in Jesus."

The devotional service was conducted by Rev. W. D. Spinx of Winston-Salem, after which the Association was called to order by the Moderator, Rev. Fred N. Day. The Moderator being without an order of business, new pastors were welcomed into the Association. The following pastors were cordially received: Rev. J. Mason Richardson, Rev. H. W. Baucomb, Rev. E. I. Olive, Rev. J. E. Murray, Rev. L. U. Weston, and Rev. W. D. Pool. The following visitors were recognized: Rev. R. K. Redwine of Kentucky, Rev. A. R. Phillips of South Carolina, Rev. A. J. York of Florida and Revs. S. F. Conrad, M. E. Cotton and Bro. Archibald Johnson of North carolina.

Rev. W. D. Spinx, pastor of the Brown Memorial Church, was elected Vice-Moderator of the Association. Rev. S. F. Conrad was recognized as the Representative for the Biblical Recorder.

The enrollment of delegates showed 150 present.

The report of the Biblical Recorder was read by Rev. J. Mason Richardson,. Rev. S. F. Conrad spoke to the report, after which the report was adopted.

REPORT ON BIBLICAL RECORDER

The Recorder was established by Thomas Meridith, in the year 1833 and has been since then the organ of the Baptist State Convention.

The Recorder should commend itself to every loyal and wide awake Baptist in the State.

First—Because of it's unswerving loyalty to Baptist doctrine Never has anyone been able to charge this paper with giving forth 'an uncertain sound' but on the contrary it has always challenged any attempt on the part of the enemies of Christ who would attack or attempt to set at naught those New Testament doctrines and practices so dear to the heart of every Baptist of the great Southland.

Second—The Recorder commends itself to us because through it's pages we are kept informed as to what is transpiring in the ranks of our own denomination, along all lines; Sunday School,

W. M. U., B. Y. P. U., etc. There is not a kingdom movement contemplated but what the columns of this worthy paper herald the facts to it's readers. The report of the Southern Baptist Convention, of various associational meetings, of the evangelistic efforts of our brethren, anyone of these, is worth the entire year's subscription.

Then too, the Recorder commends itself to one because of it's educational value. Surely the reader cannot fail to gain both inspiration and instruction from the editorials and from the articles that appear from time to time by such men as E. Y. Mullins, Scarborough, Weatherspoon, McDaniel, H. A. Brown, Dr. White and many other gifted writers.

Just now is the time when the Recorder especially needs the loyal support of every Baptist in the State. Owing to the printers strike at Raleigh the Recorder has been, and is being, published under very difficult circumstances and the editor has been compelled to cut the size of the paper and to eliminate many worthy articles. Every loyal subscriber should stand by the paper in it's hour of need.

The nominal price of the paper places it within reach of all and yet for some reason or other there are always those who cannot or will not subscribe to their denominational paper.

Therefore be it resolved: That every pastor make an earnest effort to place the Recorder in evry home until such a time as the ideal can be reached and the denominational paper be included in the church budget.

Respectfully submitted,
J. Mason Richardson.

The report on Ministerial Relief was read and discussd by Rev. J. H. Hall, after which it was adopted.

REPORT ON OLD MINISTER'S RELIEF

We are glad to report that many of our ministers are receiving help from our Relief Board. We urge that our people as a whole take more interest in this worthy cause. We should feel grateful that there is a way provided by which these worthy servants of God, who have made so many sacrifices, can receive help at a time when it is so much needed. We urge that every church extend its sympathy and give of its means to help in this good work.

Respectfully submitted,
J. H. Hall.

Rev. J. F. Carter, pastor of Waughtown Baptist church preached the annual sermon. He read from the 1st Chapter of John's Gospel and took for his subject "Every One Win One." His sermon was strong and very effective.

The benediction was pronounced by Dr. J. J. Taylor.

AFTERNOON SESSION

The devotional exercises were conducted by Bro. F. L. Fiddler, pastor of th 8th St. Church, Winston-Salem. The following articles of Faith introduced by Bro. D. F. King were read and adopted by the Association.

CONFESSION OF FAITH

Whereas, We are living in a day of doubt and disbelief and irreligion, we feel that it is time for Baptists to re-affirm their faith in the fundamental doctrines of the Christian system. These we conceive to be the historic doctrines contained in the Philadelphia Confession and other formal statements, which may be simply set forth as follows:

1. We believe that the Bible is the Word of God; that it was written by Holy men who spoke as they were moved by the Holy Ghost, and that it has supreme authority in all matters of faith and conduct.

2. We believe in God the Father, perfect in holiness, infinite in wisdom, measureless in power. We rejoice that he concerns himself mercifully in the affairs of men, that he hears and answers prayer, and that he saves from sin and death those who come to Him through Jesus Christ.

3. We believe in Jesus Christ, the only begotten Son of God, miraculous in his birth, sinless in his life, and making atonement for sin by his vicarious death. We believe in his bodily resurrection, in his ascension in to Heaven, in his perpetual intercession for his people, and in his personal and visible return to the earth according to his promise.

4. We believe in the Holy Spirit, who came forth from God to convince the world of sin, and of righteousness, and of judgment, and to regenerate, sanctify and comfort those who believe in Jesus the Christ.

5. We believe that all the race are by nature and by choice sinners before God, and that God so loved the world that he gave his only begotten Son, that whosoever believeth on him should not perish, but have everlasting life; and we therefore believe that those who accept Jesus as Saviour and Lord are saved and will at last be admitted to his presence with exceeding joy, while those who reject the Saviour will be turned into darkness forever and ever.

6. We believe in the church of the living God, the ground and pillar of the truth, as the institution of which Christ is the head, and through which he works his righteous will in preaching the gospel in all the world and in teaching his people to observe all things whatsoever he has commanded. We further believe that each church, which is composed of believers baptized on a credible profession of faith and voluntarily associated together for worship and work, is independent and autonomous and essentially free

from any outside authority, whether ecclesiastical or political, and that therefore church and state, as having different functions, must be kept separate, each fulfllling its duties free from the dictation or patronage of the other.

The report on the Orphanage was read by Bro. V. M. Swaim. After being discussed by Bro. Archibald Johnson, Dr. J. J. Taylor and Rev. W. D. Spinx, the report was adopted.

ORPHANAGE REPORT

The Orphanage year closed on the 1st of June with all debts paid. The record for the year was a good one in every respect. However, we are now confronted by a condition and not a theory. Thefinancial depression especially in Eastern North Carolina, where the largest part of the Orphanage fund comes from, will lesson the contribution throughout that great section of our State. Our Piedmont and Western churches and Sunday schools must rally to the Orphanage and make up for the deficiency. In the time of famine the brethren of Antioch remembered the poor saints of Jerusalem. So we must help bear the load that has been so cheerfully and generously carried by our brethren of the East.

The per capita cost of maintaing a child has increased to $17.85 per month. Organized classes responsible for the support of one or more children should take notice and govern themselves accordingly. Much depends on the Thanksgiving collection this year. We urge every one of our 66 churches to bear it's part in the great service. 531 children look to the Baptists of North Carolina for home, bread and training; we must not disappoint them.

Respectfully,
V. M. Swaim.

Brethren W. D. Spinx, A. R. Phillips, E. I. Olive, and R. A. Sullivan favored the Association with a quartette. The following resolutions on Prohibition and Law enforcement were read and discussed by Rev. M. E. Cotton, representative of the Anti-Saloon League of North Carolina.

RESOLUTIONS ADOPTED BY THE PILOT MOUNTAIN ASSOCIATION AUGUST 2, 1921

We, the Pilot Mountain Association assembled with the Quaker Gap Baptist Church August 2, 1921, realizing that the worst menance in the bounds of our Association is the manufacture and sale of liquor in violation of law, are determined to do our part to put an end to it.

We stand for fearless and faithful officers in every place where enforcement is concerned, and to such we give our full support.

We favor road sentences and not fines for liquor violators and are glad to note that in most cases now the judges are administering such.

We do not believe extracts and patent medicines should be manufactured and sold to take the place of intoxocating liquor and we favor making our state law prohibiting the same so plain that judges cannot differ in their interpretations.

We have faith in the Anti-Saloon League, its methods and its work and advise our churches to use its speakers whenever they can. By following its council, the Christian citizenship of this Nation has exterminated the saloons and we believe that the same leadership will soon lead us to victory in our fight against the out-lawed traffic.

The liquor laws of the state and Nation ought to harmonize. At present they do not. Therefore, we petition the General Assembly at its next session to amend the State law so that it shall be as strict as the Volstead Act.

The Resolutions without amendments were adopted. The song, "Amazing Grace" was sung.

Bro. J. F. Carter read the report on the Women's Missionary Work. After being discussed by J. F. Carter, S. F. Conrad, and C. C. Haymore the report was adopted.

REPORT OF WOMANS WORK

As the years come and go the work of the women goes on forever. Regardless of the odds that they had to encounter this year, they have made a wonderful advance over last year's work. The success of their work is due, in a large measure, to the leadership of Mrs. J. J. Roddick, Vice-President of the W. M. U., of The Pilot Mountain Association. She traveled 300 miles, and wrote 400 letters in the interest of Missions last year.

There are 66 churches in the Association, 46 of these have active Missionary Societies. Within the last two years they have grown from 25 to 46 organizations. They had last year 15 Mission Study Classes, 25 societies doing personal service work, and 25 observing weeks of Prayer. In the various socities they have 150 subscribers to the "Royal Service, 100 to "The Home and Foreign Fields," and 400 to "The Biblical Recorder." They have contributed to the various objects of the Convention during this year sum of $17,204.90, which is an increase of nearly $6,000.00 in two years.

They do not only reach their aim but many times go beyond it. They seem to hear the voice say: "Behold the fields are white unto Harvest," and recognizing it as divine, say: "Lord here am I, send me."

Respectfully submitted,
J. F. Carter.

The afternoon session closed with benediction by Rev. C. C. Haymore.

TUESDAY NIGHT SESSION

The report on Home Missions was read by Rev. J. T. Byrum, Bro. Byrum spoke on the report. The report was adopted. The report on Foreign Missions was not prepared. However, the Moderator ruled that the subject of Foreign Missions be discussed without the report. Bro. S. F. Conrad led the discussion, who was followed by Bro. T. C. Keaton.

ASSOCIATIONAL REPORT ON HOME MISSIONS

The Home Mission Board is the only great inter-state missionary organization of Southern Baptists. Its work is largely co-operative in connection with various State Mission agencies. It thus forms a bond of union and has probably been the greatest force among Southern Baptists for the unification of our denomination.

Through this agency Southern Baptists in the largest way make it possible for the strong to help the weak. The principle work of the Board is, therefore, in the weaker States of the Mississippi Valley and the Western States of our territory. Yet the changes in our industrial and business life, and in the cities and country-side of the older States are so great that increasing attention must be given to the needs in the older sections.

The problem in the cities of the South is growing acute in many places like Birmingham, St. Louis, New Orleans and Memphis. The Home Mission Board is helping to solve this problem and to meet the demands as rapidly as funds will justify.

Evangelistic campaigns by the Evangelistic Department of the Home Mission Board are proving to be mighty factors in the evangelization of the cities.

An opposite problem is presented in the changing conditions of country life, where we must go with greater forces of men and money. In the country lies the greatest numerical strength of Baptists and yet there is found our greatest weakness in point of efficiency.

Through the missionary and enlistment forces of the Home Mission Board much is being done to conserve our vast host of country Baptists and to enlist them in our denominational work.

The Board has just closed the most remarkable year of its history, both in the amount of funds received and in the results accomplished, as was shown in the Board's erport to the Southern Baptist Convention in Chattanooga in May.

At an annual meeting of the Board in June 1920, the work was laid out on a basis of 100 per cent greater than that of any

previous year. The calls were so numerous and compelling, fields so white unto haverst, and the spirit of the brotherhood so optimistic in view of our great success in the 75 Million Campaign, that the Board, by the urgent advice of the various State Mission Secretaires, was emboldened to project its work on a new and vastly enlarged scale.

At that time cotton was forty cents a pound. The prices dropped so suddenly and drastically that during half the year cotton was only about ten cents. This brought a serious financial situation with the Board. Heavy obligations had been assumed which could not be cast off. The Board retrenched where it was possible, but in spite of this had to report a debt of $727,622. Consequently for the new year they have had to retrench very materially in order to take care of the indebtness as well as the current expenses.

The Board needs immediate help in order to maintain its credit at the banks, to meet the current expense and lesson the burdtnsome debt.

Let us conclude this report with a brief statement of results of the year's work which are truly inspiring.

In the EVANGELISTIC DEPARTMENT there were 15,567 Baptisms, 22,689 additions to the churches. Since the Department of Evangelism was organized in 1907 there have been baptized 124,103 converts, with a total of additions to the churches of 169,102 members; and 17,611 volunteers for the ministry and mission work. A great record, indeed.

Among the FOREIGNERS, INDIANS AND NEGROES there were 2,157 baptisms and 3,208 additions to the churches; in CUBA AND PANAMA 178 additions to the churches, the contributions of the native churches $11,849.

In COOPERATIVE MISSIONS there were 25,532 baptisms, additions 50,307. We had eighty Enlistment workers who rendered 5,336 weeks of service; in our SANATORIUM for the sufferers of the great White Plague there were 298 patients treated and we have a property worth $400,000.00; in the work among the SOLDIERS AND SEAMEN there were 3,331 professions of faith and at our Seamen's Institute Jacksonville, Florida, the boys from the seas wrote home 6,049 letters; in thirty-seven MOUNTAIN SCHOOLS 6,183 conversions and we have property valued at $1,688,000.00; in CHURCH EXTENSION the Board aided 824 churches with loans or gifts and there were 1,084 others asking aid which could not be helped; in the PUBLICITY DEPARTMENT the Board distrubuted 5,641,000 tracts and sent forth thousands of copies of various books.

The above sets forth briefly some of the inspiring accomplishments of our Home Mission Board and attests the efficiency of this great agency in helping to make the South Christian and Baptistic and through it to bring the same blessing to the whole world.

We recommend that earnest prayer be offered constantly for our great Home Mission work and that the churches immediately

come to the help of the Board with contributions in order that the glorious work may be carried forward and the Board may soon be relieved from its burdensome debt.

Respectfully submitted,
J. T. Byrum.

On motion to adjourn the Association was dismissed with prayer by Rev. J. Mason Richardson.

WEDNESDAY MORNING—AUGUST 3rd

The session was opened by singing: "Revive Us Again." Bro. J. O. Belton of Mt. Airy conducted the devotional service, reading and talking from the 3rd chapter of 1st Peter. Bro. E. L. Smoak lead the Association in prayer.

The report on State Missions was read by Bro. H. W. Baucomb. After being discussed by Brother Baucomb and brother D. F. King, the report was adopted.

REPORT ON STATE MISSIONS

Significant in the work of our State Mission Board during the past year was the coming to the Secretary-ship of Dr. Charles E. Maddrey. At the time of his coming the Board was embarrassed with debt and a shortage of funds for carrying out a forward looking program. But it is confidently hoped that our churches will soon remove this difficulty by meeting their pledges to the 75 Million Campaign. In spite of the general financial depression the churches haye been paying their pledges in a remarkable way. Many have fallen behind, but a united effort should find all pledges more than paid by the close of the five year period.

In addition to the work which our State Mission Board has been fostering for several years, some full time evangelists and an enlistment worker have been added to the forces. These workers are to be paid out of the State Mission appropriations and stand ready to serve wherever they are needed in so far as they may be able.

Special attention should be called to the evangelistic program which our Board is recommending to the churches. It is the purpose of the Board to encourage and aid every church needing it to have a special evangelistic campaign before the summer shall have closed. Every church is also urged to put on a "One Win One" campaign during the month of September 10th to October 10th. It is suggested that the month following this campaign be devoted to stewardship. Such a forward looking program cannot but be fraught with great good to all our churches, and it is most

heartily recommended by your committee that the churches of our Association cooperate with plans suggested by our State Mission Board.

The Board purposes to continue its work of assisting weak churches, wherever the need may require, to the extent of its ability. All applications for aid should be made direct to the State Mission Board, and not to the Associational Board. Blank forms for making such application will be furnished upon request made to the Secretary.

The work of Baptists throughout the State has never been more encouraging. In many places the fires of evangelism are burning brightly. Within our own Association reports indicate that the fields are white unto harvest. It seems that this is the time of all times for our people to stress evangelism, enlistment and education. To emphasize any one of these to the neglect of the others is to become lop-sided. In obedience to the great commission, let us "make disciples" and "teach them to observe all things."

Respectfully submitted,
Eugene Olive.

The report on Christian Education was read and discussed by brother A. R. Phillips. The report was adopted.

CHRISTIAN EDUCATION

The hope of any people or denomination has it's basis in education. When Jesus began to put on a world-wide schedule, he picked the best educated man of all the apostles. We rejoice that our schools are being enlarged, and that more students are being enrolled than ever before. We are glad to know that more adequate support is being given our educational institutions, in view of the vast enlargement of State institutions and as Christians it behooves us to supply for our State that which it cannot do for itself; namely to give to the people religion. It would seem advisable that our schools (denominational) would include in the required hours for graduation a course of Bible study and Sunday School methods, that our young men and women may be better equipped to do direct Christian service.

We want to feel our own relation to our denominational schools, and give full support to these God-given institutions.

A. R. Phillips.

Brother D. F. King introduced resolutions on Orthordoxy, which read as follows

RESOLUTIONS ON ORTHODOXY

Whereas we Baptists are contributing liberally further to endow and strengthen our institutions of learning; and whereas much of our denominational prosperity depends on the soundness of these institutions, therefore be it

Resolved 1st: That we deem it of the highest importance for our schools to be kept free from all suspicion of departure from any of the fundamentals of our faith, as set forth in our credal statements. We mention especially the Bible account of the direct creation of the heavens and the earth and all things threin by the power of God; and we deplore the report that in some of our schools the doctrine of an evolution continuing through ages is being substituted for the Scripture record, and thus the faith of our young people is being weakened or destroyed.

Resolved 2nd: That we regard Baptists as entirely capable of managing the affairs that God has committed to them without outside control, and we regret that there is cause to believe that some of our Southern Baptist schools have yielded to seductive influence of the Rockefeller funds in one form or another, those who administer these funds being inclined to obliterate all things distinctive in Christian life, as shown by recent large contributions to a Catholic institution controlled by priests, and by operations of the Christian Education Association which is evolutional and rationalistic in its tendencies. We believe Baptists ought to keep clear of entangling alliances with these organizations.

Resolved 3rd: That, as in case of professors in our Seminaries and ministers and missionaries, all teachers in our denominational schools ought to give a clear and complete statement of what they believe touching the fundamentals of the faith, and no one ought to be employed or retained in any of our schools, who departs from the standards set forth in the Bible plainly interpreted.

The Resolutions were adopted.

The Association made an offering to the Simmons Grove Baptist Church for improvements on its house of worship. The collection amounted to $18.23.

MISCELLANEOUS BUSINESS

On motion of Brother W. T. Stewart of Winston-Salem, the Association voted to pay the associational clerk $50.00 per year for his service. On motion of Brother J. Mason Richardson the Association voted to have the clerk write the churches of the Association, which had not contributed to the minute fund to come up with their proportionate part.

Brother J. B. Stanley made the report on Union Meetings. On motion of Brother J. Mason Richardson the Association voted to give the Executive Committee power to employ Associational Missionary for full time.

Miss Vera Blaylock, City Missionary of the Greenwood Ave. Baptist Church was recognized.

The clerk read the Digest of church letters, which showed good progress for the year's work.

The Moderator read the appointment of standing Committees. The Association endorsed the appointments. The morning session closed with prayer by Brother J. O. Belton.

WEDNESDAY P. M.—August 3rd

After a short song service, the Ordination of Bro. J. O. Belton was conducted. The prayer was offered by Rev. S. F. Morton. Rev. Fred N. Day delivered the charge. Rev. H. W. Baucomb presented Brother Belton a Bible in behalf of the ministers of the Association. A warm welcome was extended to Brother Belton.

Rev. Frank Hair, principal of the Liberty Piedmont institute of Wallburg, made a talk setting forth the new policies of the school.

The Sunday School report written by Rev. W. D. Spinx was read by Rev. J. Mason Richardson. Brother Richardson then spoke to the report. The report was adopted.

SUNDAY SCHOOLS

The Sunday School is the teaching element of the church life and as such carries out that phase of the great commission which exhorts us to minister to disciples—"teaching them to observe all things whatsoever I have commanded you."

The Sunday School ought ever to be considered as the church at work, fulfilling this phase of the commission and not as something extra or added on to the regular program of the church, and certainly not as an institution conflicting with the same. The failure to rightly conceive of the Sunday School as the Church itself at work has wrought incalculable harm, as well as hinder the true growth of church life.

Fortunately the Sunday School has not failed to keep pace with the rapid march of our enlightened day. But on every hand opportunities have been provided for Sunday School workers to become fully equipt and thoroughly furnished unto every good work.

Teaching Training Courses, Sunday School Institutes and Conventions abound, and all who will, may at very small cost procure the best that brains and genius can supply.

We would urge that all the churches in the Association keep ever before them the importance of the work. That our teachers and officers be encouraged to avail themselves of the various courses of study offered by the State Convention. That adaquate Sunday School equipment be introduced in every Sunday School and that each church have regularly in force a teacher training class.

Respectfully submitted,
W. D. Spinx.

The report on B. Y. P. U. work was read by Bro. R. A. Sullivan. After being discussed by Bro. Sullivan, Miss Vera Blalock, and Rev. J. T. Byrum, it was adopted.

B. Y. P. U. REPORT

The B. Y. P. U. work of our association is growing very rapidly. In the churches where this work is being carried forward we find the young people taking more interest in the affairs of the Kingdom. They learn to do by doing. Their knowledge of religious work strengthens them and enables them to stand firmer in their faith.

Realizing that so many of the mature men and women in our churches to-day are hampered by a lack of early training in church activities. We recommend that every pastor in the Pilot Mountain Association emphasize the importance of the great work of the B. Y. P. U. in their several churches and strive to inform the young people who are being born into the Kingdom as to how they may become channels of blessing in their churches and stronger forces for the advancement of the Kingdom in an age of restlessness and confusion.

Respectfully,
R. A. Sulivan,

The following resolutions of thanks offered by R. A. Sullivan was unanimously adopted by the Association.

RESOLUTION OF THANKS

We, the Delegates and Visitors of the Pilot Mountain Association desire to express our appreciation of the cordial way in which the members of the Quaker Gap church have entertained us. This season will be a bright spot in our lives and will long linger in our memories.

R. A. Suulivan.

There being no further business the Association adjourned, to meet with the Rural Hall Baptist Church Tuesday before the 1st Sunday in August 1922.

T. C. Keaton, Clerk,
R. A. Sullivan, Ass't Clerk.

GROWING OLD

By M. K. D., Relayed by R. F. S., Conn.

A man, forsooth, Doc Osler said,
At sixty might as well be dead;
And if it chanced that he was not—
'Twas his belief he should be shot.

If joys were only for the young,
As bards of old have often sung,
Then indeed would life be dark
For those who've passed the sixty mark.

But as for me, I think it's plain
Someone should check the doctor's brain
For middle-agers have some joys
Not in their grasp when they were boys.

No longer do I fret and stew
At all the chores I had to do
For now from all this work I'm barred
You see—my arteries are hard.

I used to have a head of hair
On which I spent much time and care
No hours I waste now on my dome
Because there's no hair there to comb.

There was a time when I was sure
No further life could I endure
If creaky joints debarred my way
From playing golf 'most every day.

But now I get a greater thrill
In watching others sock the pill.
My peace of mind's reward enough
'Gainst always being in the rough.

At middle age why stew and fret,
And joys of youth in vain regret,
When other blessings take their place—
If we but go a slower pace.

An evening by the radio,
A book—a friend—the firelight glow—
A walk along a country lane—
And happiness is ours again.

On Osler's theory I'm not sold
Of shooting those who may grow old.
What finer sight is there to see
Than folks who grow old gracefully.

DR. PEPYS' DIARY

Nov. 23.—By the Century to New York and read Margaret Fishback's clever poems about her baby, "Look Who's a Mother," and Susan Glaspell's "Judd Rankin's Daughter," which is the most involved conversational story that I have ever seen, being difficult to follow and yet somehow alive. So played at gin with Mistress Pepys, which seems to be the official game of the Century.

Nov. 24.—Conferring with Spanish and Portuguese translators and editors, and in the afternoon to see played "The Day Before Spring," which is a musical comedy with a college background—most cleverly performed and danced. Then at night to dine with the Mayeses at the Barbary Room and thereafter to see a lively and somewhat lewd comedy called "Are You With it?", meaning "are you with a carnival?", that glorifies mathematics and what happens on Pullman trains.

Nov. 25.—To breakfast with Ed Cary and the family and late in the afternoon to try our luck with Steigen and Hoffman and Gerard, and they were quicker than we were.

Nov. 26.—To hear a report on the public's views on the trend in medical practice, one arguing that prepayment plans of the insurance companies were preferable and another that prepayment plans of the medical societies were best suited to the American scene. Then to present to the National Physicians Committee a statement of the views that Old Pepys holds concerning the Presidential message on a national health program.

After dinner to a meeting of the "Thanatopsis Inside Straight and Literary Society," where come the literati and the geniuses of New York to participate in the American game of chance. And played with Franklin P. Adams of "Information, Please" and George Kaufman, the playwright and producer, and Bernie Hart, who is brother to Moss Hart, and Russel Crouse, who did "Life with Father" and "The State of the Nation," and Wallach, who produces plays, and Captain Butcher, who was aide to Eisenhower and has written of him for the *Saturday Evening Post,* and also Harold Ross, who edits the *New Yorker,* and Herbert Mayes, who edits *Good Housekeeping,* with Dan Golenpaul and Moriarty as kibitzers. And Hart told of a play he wants to do to be called "Uncle Atomic's Cabin" and another about "Café Neurosis Uptown," in which Edipus Rex is the head waiter and a strange variety of psychoanalytic dishes are served. And discovered that among the literati and geniuses the remarks made when three of a kind defeat two pair or somebody fills a flush are just about the same as occur among medicos, drug manufacturers, book salesmen and others of the lesser intelli-

Welcome Home, Do

Warriors Without Weapons . . . Soldiers in White . . . Marsha

The medical men in the war will be the subject of novels, plays, and movies for years to come. But words, pictures . . . statistics, revealing as they are . . . won't begin to tell the whole story of the magnificent work you did. Nor will words be adequate to express fully the appreciation and thanks of your fellow men.

The makers of Camel cigarettes join with millions of others in saying, "Well done, Doctor" and "Welcome home!"

. . . That the starches in dried chicory root yield as high as 50% invert sugars when roasted.

This is one of the reasons why chicory has a definite mellowing influence when blended with coffee—why it helps smooth out the harsher and less enjoyable elements that have characterized so much of the coffee imported in past months. Try it yourself and see. A box of 40 tablets—enough for 200 cups—costs only a dime. At your grocers or write us.

Famous breast-shaped nipple has three holes to insure normal flow of milk.
Cap keeps nipple and formula sterile for storing and out-of-home feeding.
Nipple has patented air-vent to permit steady flow of formula and prevent "wind-sucking."
Wide mouth makes bottle easy to clean and sterilize.
Exclusive sanitary tab keeps fingers from touching sterilized surfaces of the nipple.
Improved tapered shape makes bottle easier for baby—helps to prevent tipping.
Rounded interior corners leave no crevices where dirt and germs can hide.
Measuring scale applied in red makes it easy to pour in correct amount of formula.

Nipples, bottles, and caps should be assembled immediately after sterilizing — and not handled again until feeding time

Mollo-pedic Shoes are also exceptionally helpful in general recuperative cases, when the patient is relearning to walk and hesitant of gait.

Soles of Mollo-pedic Shoes are of thick, resilient sponge rubber. Uppers are fashioned of soft, strong, pliant, genuine Osnaburg fabric. Patented lacing method permits adjustment to any shaped dressing or cast to avoid pressure on tender spots.

Here is a *new* book by one of the pioneer investigators with antibiotics which will enable you to apply *penicillin, streptomycin, streptothricin, tyrothricin* and others of these agents with greatest assurance of correct choice, dosage and administration. Admittedly, the diagnosis and treatment of endocrinopathies are among the most difficult problems any physician must face. Because Dr. Hoffman's book has done so very much to clarify them, identify them, and to show how conservative therapy and management can effectively solve problems, it has attained widespread favor among practitioners and ologists alike. Principal emphasis is on the female, with complete ns on the male. The author rides no hobbies, unless adhering to a vative approach may be so considered. He writes from first-hand edge out of an unique *clinical and laboratory experience.* He has ularly stressed *pitfalls* and *danger signals* and gives marked attention place and importance of *non-endocrine therapy* in successfully treating rine disturbances. He has given the profession a guide that is an wledged authority — and will continue to be for years to come.
